## ADRODDIAD Y CADEIRYDD

### 1. PWRPAS YR ADRODDIAD

Pwrpas yr adroddiad hwn yw rhoi'r wybodaeth ddiweddaraf i'r Bwrdd am y gweithgareddau a'r cyfarfodydd amrywiol y mae Cadeirydd AaGIC, yr Is-gadeirydd a Chadeiryddion y Pwyllgor Archwilio a Sicrwydd a'r Pwyllgor Addysg, Comisiynu ac Ansawdd wedi ymgymryd â nhw ers cyfarfod diwethaf y Bwrdd.

### 2. ADRODDIAD Y CADEIRYDD

Croeso i gyfarfod Bwrdd Gorffennaf 2022. Yn dilyn ymlaen o'n cyfarfod, byddwn yn cynnal ein Cyfarfod Cyffredinol Blynnyddol (AGM) a'r digwyddiad Uwchleuo.

Mae'r GIG a Gwasanaethau Gofal Cymdeithasol yn parhau i wynebu pwysau ar draws gofal brys, ac sydd wedi'i gynllunio, wrth i ni symud i adfer o effeithiau'r pandemig. Mae ceisio rheoli'r endemig Covid-19 endemig yn parhau. Mae effeithiau'r heriau economaidd gyda chostau byw cynyddol, chwyddiant a chyfraddau llog cynyddol, yn cael eu teimlo ar draws ein cymunedau a'n staff. Mae yna heriau sylweddol yn y farchnad lafur. Rydym wedi profi cyfnod o wres eithafol dros yr wythnosau diwethaf. Gyda'u gilydd, mae'r gwasanaethau iechyd a gofal yn wynebu heriau digynsail sy'n debygol o fod gyda ni am gryn amser, ac fe fydd yr hydref a'r gaeaf sydd i ddod yn rhoi pwysau pellach ar y system.

Bu Mehefin a Gorffennaf yn gyfnod prysur iawn i'r sefydliad. Mae AaGIC yn parhau i gefnogi'r system ar draws ystod o flaenoriaethau uniongyrchol o ran hyfforddi a chynllunio'r gweithlu, yn ogystal â chanolbwyntio go iawn ar gynllunio strategol fel cyfrwng effeithiol i gynllunio tymor hir. Gwnaethom gyflwyno ein Cynllun Tymor Canolig Integredig (IMTP) i Lywodraeth Cymru ym mis Mawrth 2022. Mae'n bleser gennyf adrodd bod yr IMTP bellach wedi cael ei gymeradwyo gan Lywodraeth Cymru. Mae agenda Bwrdd Gorffennaf yn cynnwys y Cynllun Addysg a Hyfforddiant Blynnyddol. Mae ein Cynllun Gweithlu Iechyd Meddwl ar y cyd gyda Llywodraeth Cymru i'w ystyried. Blociau adeiladu sylfaenol yw'r rhain i gefnogi adferiad y GIG a'r system gofal, gan gyrraedd blaenoriaethau gweinidogion a chefnogi Cymru lachach.

Ar y 6ed Mehefin cadeiriais y Grŵp Cyfeirio Rhanddeiliaid Allanol, a oedd yn ystyried cyflwyniadau ac yna trafodaeth ar y Cynllun Addysg a Hyfforddiant drafft, Cynllun y Gweithlu Iechyd Meddwl, ac Arweinyddiaeth ac Olyniaeth. Mae'r cyfarfodydd hyn yn profi i fod yn fformat defnyddiol iawn ar gyfer rhannu gwybodaeth a chyfnewid safbwyntiau o sbectrwm eang o randdeiliaid. Yn benodol, mae'r cymryd rhan mewn datblygu'r Cynllun Addysg a Hyfforddiant blynnyddol wedi bod yn gynhyrchol iawn. Rydym wedi

derbyn adborth llafar ac ysgrifenedig defnyddiol ar draws yr agendâu. Y bwriad yw cynnal y cyfarfod nesaf ar 6ed Hydref.

Cyfarfu Cadeiryddion GIG Cymru gyfan ar y 7 Mehefin. Cawsom ddiweddariad gan Judith Paget, Cyfarwyddwr Cyffredinol. Rhoddodd Albert Heaney ddiweddariad ar Ofal Cymdeithasol, a chawsom gyflwyniad gan y Comisiynydd Plant newydd, Rocio Cifuentes. Cawsom drafodaeth eang ar faterion Aelodau Annibynnol, olyniaeth arweinyddiaeth a phwysau'r GIG. Cyfarfu Cadeiryddion y GIG a'r Prif Weithredwyr â'r Gweinidog, Eluned Morgan a'r Dirprwy Weinidog ar 23 Mehefin. Fe wnaethon ni drafod blaenoriaethau gweinidogion, perfformiad y GIG, meithrin capasiti cymunedol, gofal brys, gofal wedi ei gynllunio, a gwasanaethau mamolaeth. Yn ystod mis Mehefin, cwblheais fy arfarniad gyda'r Gweinidog hefyd.

Fel rhan o'n cylch o gyfarfodydd gyda'n partneriaid Addysg Uwch, mae Alex a minnau wedi cwrdd ag Is-Ganghellor Prifysgol Aberystwyth, Elizabeth Treasure. Roedd yn ddefnyddiol iawn clywed am waith a dyheadau'r Brifysgol. Edrychwn ymlaen yn fawr at y garfan gyntaf sy'n dechrau astudiaethau gradd nyrsio yn yr Hydref. Cefais gyfle hefyd i gyfarfod â Dafydd Trystan, Coleg Cymraeg gyda Lisa Llewelyn – cawsom drafodaethau eang am hybu'r Gymraeg mewn hyfforddiant clinigol, addysg a'r gweithlu.

Ynghyd â chydweithwyr, es i i Gynhadledd Conffederasiwn y GIG ym Manceinion. Roedd yn arbennig o ddiddorol clywed cyflwyniadau ar yr agenda iechyd gwyrdd, arweinyddiaeth ac olyniaeth, diwylliant, gan gynnwys adroddiad y negesydd, a datblygiadau yn Lloegr wrth integreiddio iechyd a gofal cymdeithasol.

Mynychais Gynhadledd Iechyd Gwyrdd Cymru hefyd gan ymgymryd â diwrnod hyfforddi diddorol ac addysgiadol iawn ar Nodweddion Gwarchodedig a Bias Anymwybodol. Mynychais Gynhadledd Gofal Sylfaenol Brys Cymru Gyfan a Rhwydwaith Ddigidol Aelodau Annibynnol Cymru Gyfan.

Mae Llywodraeth Cymru wedi bod yn cynnal adolygiad o'r cyrff sydd wedi'u sefydlu ers cyflwyno Deddf Cenhedlaethau'r Dyfodol, a'r bwriad yw mynd allan i ymgynghori ar gynigion i ddod ag AaGIC a sefydliadau eraill o dan y Ddeddf. Byddai AaGIC fel sefydliad yn croesawu hyn yn fawr gan ein bod eisoes wedi ymgorffori'r Ddeddf yn ein IMTP a'n prosesau cynllunio.

Hoffwn ddiolch yn fawr i staff AaGIC am eu hymroddiad parhaus a chanolbwyntio ar y gwaith sy'n sail i agenda HEIW. Bydd darparu ar y Cynllun IMTP ac Addysg a Hyfforddiant yn allweddol i adferiad y GIG a gwasanaethau cefnogi ar draws Cymru. Hoffwn ddiolch hefyd i'r Aelodau Annibynnol am eu cefnogaeth dros y misoedd diwethaf. Rwyf wedi dechrau'r broses o benodi Aelod Annibynnol newydd ac edrychaf ymlaen yn fawr at groesawu'r Athro John Gammon i'r Bwrdd ym mis Awst.

## 2.1 Adroddiad yr Is-Gadeirydd

Cymerodd Ruth Hall ran yn y ddau ddigwyddiad cyntaf Strategaeth Gydweithredu â Rhanddeiliaid a gynhaliwyd gan AaGIC yn Venue Cymru, Llandudno ar 20 Mehefin. Mynychwyd y digwyddiadau, a oedd ar fformat gweithdy, ac fe gynhyrchwyd ystod o ymatebion cadarnhaol, defnyddiol.

Ar 6 Gorffennaf cynhaliodd T4CYP (Law yn Llaw at Blant a Phobl Ifanc) ddigwyddiad arbennig, ac aeth Ruth i'r digwyddiad rhithwir i ddathlu gyda theuluoedd a gofalmwr eu bod wedi cwblhau eu strategaeth niwroamrywiaeth newydd. Yn gynharach y diwrnod hwnnw, roedd y Dirprwy Weinidogion wedi cyhoeddi arian i gefnogi gweithredu'r strategaeth, ac fe wnaethon nhw fynegi eu cefnogaeth lawn yn y digwyddiad.

Cyfarfu'r Is-Gadeiryddion â'r Gweinidog, Eluned Morgan, a Dirprwy Weinidogion ar 7 Gorffennaf; cafodd ystod eang o faterion eu trafod, gan gynnwys gwasanaethau iechyd meddwl, deintyddiaeth, a gwasanaethau ar gyfer plant sy'n derbyn gofal. Cydnabuwyd y lefel eithriadol bresennol o bwysau gwasanaeth, gyda phryder am yr hydref a'r gaeaf sydd i ddod.

Ar y 13 Gorffennaf, derbyniodd grŵp yr Is-gadeiryddion gyflwyniad yn pwysleisio pwysigrwydd hanfodol seiberddiogelwch o fewn GIG Cymru oherwydd y lefelau cynyddol o fygythiad yn fyd-eang ac anogodd Fyrddau GIG i ymateb yn rhagweithiol.

## **ADRODDIAD Y PRIF SWYDDOG GWEITHREDOL - GORFFENNAF 2022**

### **1. CYFLWYNIAD**

Mae Chwarter 2 wedi dechrau gyda mwy o heriau i'r system iechyd a gofal a achoswyd gan y tymheredd eithafol a gafwyd ddechrau mis Gorffennaf, felly roedd y seremoni i ddyfarnu Croes y Brenin Siôr i'r GIG wedi'i hamseru'n dda. Yng nghanol y tywydd poeth, mae heriau gweithredol yn parhau i greu pwysau sylweddol i'n cydweithwyr mewn sefydliadau cyflenwi, ac rydym bob amser yn chwilio am gyfleoedd i helpu a chefnogi. Y cyfraniad mwyaf effeithiol fydd drwy ein gwaith mwy strategol, ac felly mae'n bwysig ein bod yn parhau i wneud cynnydd ar amcanion nad ydynt efallai'n cyflawni yn ystod yr wythnosau nesaf, ond a fydd yn sicrhau mwy o fanteision yn y tymor canolig i'r tymor hwy. Mae effaith y cynnydd mewn costau byw hefyd wedi bod ar ein meddyliau, gan ystyried yr hyn y gallai hynny ei olygu i'n myfyrwyr a'n hyfforddeion yn ogystal â'n staff. Felly, rydym wedi gwrthdroi ein model gweithredu fel y gall staff weithio gartref dri diwrnod yr wythnos a dod i'r swyddfa am ddau ddiwrnod, gan leihau'r baich ar gostau teithio.

### **2. GWEITHGAREDDAU ALLWEDDOL**

- **Cyfarfod y Cydbwyllgor Gweithredol (JET)**

Cynhaliwyd cyfarfod diwedd blwyddyn gyda Llywodraeth Cymru ar 15 Gorffennaf. Yr oedd yn gyfarfod cadarnhaol iawn ac yr oedd yn gyfle da i drafod rhaglenni gwaith strategol yr ydym yn eu datblygu mewn meysydd polisi allweddol ac i ganolbwyntio ar y gwerth ychwanegol a ddarperir gan AaGIC i gefnogi addysg a hyfforddiant gweithlu'r GIG.

- **Bwrdd Talent a Chynllunio Olyniaeth Cenedlaethol**

Cyfarfu'r bwrdd cenedlaethol ddechrau mis Gorffennaf, dan gadeiryddiaeth Judith Paget, Cyfarwyddwr Cyffredinol/Prif Weithredwr GIG Cymru. Roedd yr agenda'n cynnwys adborth ar reoli talent mewn sefydliadau unigol ledled Cymru, trafodaeth am oblygiadau Adroddiad Messenger a gyhoeddwyd yn GIG Lloegr ac eitem ynghylch sut rydym yn ymgorffori cydraddoldeb, amrywiaeth a chynhwysiant yn ein dull o reoli talent yn y dyfodol. Gwnaethom hefyd brofi rhai cynigion newydd ar gyfer cefnogi darpar Brif Swyddogion Gweithredol, y byddwn yn eu cynnwys yn ein cynlluniau ar gyfer eleni.

- **Ymgysylltu â Rhanddeiliaid**

Cynhaliwyd ein trydydd Grŵp Cyfeirio Rhanddeiliaid ym mis Mehefin gan ganolbwyntio ar iechyd meddwl, y cynllun addysg a hyfforddiant ac arweinyddiaeth ac olyniaeth. Cynhaliwyd ein hail sesiwn frifio ar gyfer aelodau etholedig hefyd, ac roedd yn canolbwyntio ar y gweithlu deintyddol a'r cynllun gweithlu iechyd meddwl.

### **Cynllun Addysg a Hyfforddiant Blynnyddol 2023/24**

English, Catherine  
27/07/2022 10:07:49

Mae comisiynu addysg a hyfforddiant ar gyfer ystod eang o weithwyr ieuchyd proffesiynol yn un o swyddogaethau statudol allweddol AaGIC, a chyflawnir hyn drwy'r Cynllun Addysg, Comisiynu a Hyfforddi. Mae'r broses ar gyfer creu'r cynllun yn ystyried anghenion y gweithlu gan Fyrddau Iechyd ac Ymddiriedolaethau, y gallu i hyfforddi, a chynghor ar flaenoriaethau a datblygiadau yn y dyfodol. Bu ymgynghori a thrafod allanol helaeth ar y Cynllun a'i argymhellion. Mae hyn wedi cynnwys ymgynghori mewn perthynas â'r Cynllun drafft gyda'n Grŵp Cyfeirio Rhanddeiliaid, a thrafodwyd argymhellion hefyd gyda Grwpiau Cyfarwyddwyr Cymheiriaid allweddol ac arweinwyr proffesiynol a pholisi Llywodraeth Cymru.

Ers sefydlu AaGIC, rydym wedi cynllunio a gweithredu cynnydd sylweddol mewn lleoedd addysg a hyfforddiant. Argymhellwyd y dylai'r Bwrdd gymeradwyo'r Cynllun i'w gyflwyno i Lywodraeth Cymru gan y Pwyllgor Addysg, Comisiynu ac Ansawdd yn ei gyfarfod yn gynharach y mis hwn ar 15 Gorffennaf.

- **Trosolwg Cydraddoldeb, Amrywiaeth a Chynhwysiant AaGIC**

Mae'r papurau'n cynnwys diweddariad ar y gwaith a wnaed dros y 12 mis diwethaf i gyflawni yn erbyn yr amcanion yn ein Cynllun Cydraddoldeb Strategol (SEP) pedair blynedd 2020-2024.

Gwnaed cynnydd sylweddol dros y 6-9 mis diwethaf o ran sefydlu ein trefniadau llywodraethu Cydraddoldeb, Amrywiaeth a Chynhwysiant (CAC) diwygiedig sydd wedi cefnogi'r sefydliad i ymgorffori cydraddoldeb, cynhwysiant a dathlu amrywiaeth. Rydym wedi cyhoeddi'r Bwlch Cyflog rhwng y Rhywiau ac Adroddiadau Cydraddoldeb Blyneddol, sy'n tynnu sylw at gynnydd yn erbyn y SEP.

- **Digwyddiadau Rhanddeiliaid Strategaeth y Gweithlu**

Yn ystod mis Mehefin a mis Gorffennaf cynhaliwyd tri digwyddiad ymgysylltu â rhanddeiliaid wyneb yn wyneb yng Ngogledd (Llandudno), Gorllewin (Caerfyrddin) a De Cymru (Caerdydd) i ymgynghori ar y Cyd-strategaeth Gweithlu Iechyd a Gofal Cymdeithasol. Nod y digwyddiadau oedd gofyn i rhanddeiliaid ddarparu syniadau ac awgrymiadau i helpu i ddatblygu cyfres o gamau gweithredu ar gyfer gweithredu cam 2 y Strategaeth. Roedd ystod eang o rhanddeiliaid yn bresennol a gwnaed rhai cyfraniadau gwerthfawr. Cofrestrodd 405 o bobl ar gyfer y digwyddiadau, a bydd y camau nesaf yn gweld sifftio a phennu themâu i'r awgrymiadau a dderbyniwyd, a bydd uchafbwyntiau'r rhain yn cael eu rhannu yn ein sesiynau ymgysylltu rhithwir ar 7 a 27 Medi.

- **Ffrydio Cyfarfod y Bwrdd a'r Cyfarfod Cyffredinol Blyneddol yn fyw**

Bydd ein Cyfarfod Cyffredinol Blyneddol yn dilyn cyfarfod y Bwrdd heddiw. Mae'r Cyfarfod Cyffredinol Blyneddol yn gyfle i edrych yn ôl dros y flwyddyn ddiwethaf, gan y bydd yn derbyn Adroddiad Blyneddol 2021-22 yn ffurfiol. Bydd hefyd yn gyfle i edrych ymlaen drwy ragolygon y Tîm Gweithredol dros weddill y flwyddyn ariannol.

Rydym hefyd yn cynnal digwyddiad arddangos yn dilyn y Cyfarfod Cyffredinol Blyneddol sy'n cwmpasu:

- Cynllun Gweithlu Iechyd Meddwl
- Gofal Sylfaenol
- Lleoliad Clinigol
- Y diweddaraf am Addysg a Hyfforddiant Fferylliaeth

- **Cyllid**

Mae papur sy'n amlinellu sefyllfa mis un ar yr agenda. Mae sefyllfa ariannol AaGIC ar fis tri (Mehefin) yn danwariant o £260,407.

- **Risg**

Ystyrir y Gofrestr Risg Gorfforaethol yn y Bwrdd heddiw. Ar hyn o bryd mae 13 risg ar y Gofrestr Risg Gorfforaethol, ac asesir dwy ohonynt yn goch: Seiberddiogelwch a nawdd fisa ar gyfer hyfforddeion meddygon teulu sydd newydd gymhwyso.

## CYMERADWYO CYNLLUN ADDYSG A HYFFORDDIANT 2023-24

### 1. CYFLWYNIAD

Mae'r papur hwn yn cyflwyno drafft terfynol Cynllun Addysg a Hyfforddiant 2023-24 i Fwrdd AaGIC i'w gymeradwyo cyn ei gyflwyno i Lywodraeth Cymru ar 29 Gorffennaf 2022.

### 2. CEFNDIR

Dyma'r bedwaredd flwyddyn i AaGIC ddatblygu'r Cynllun Addysg a Hyfforddiant Cenedlaethol ar gyfer y gweithlu ieuchyd ac mae'r cynllun hwn yn cydnabod ei bwysigrwydd fel un o swyddogaethau statudol AaGIC a'i rôl wrth gefnogi'r gwaith o gyflawni'r *'Strategaeth Gweithlu ar gyfer Iechyd a Gofal Cymdeithasol'*.

Gwnaed yr argymhellion canlynol i'r dull cynllunio y cytunwyd arno ar gyfer eleni yn dilyn adolygiad mewnol o'r broses ar gyfer datblygu Cynllun Addysg a Hyfforddiant 2022/23. Roedd hyn yn cynnwys:

1. Cymorth rheoli prosiect pwrpasol gan y Tîm Cynllunio a Pherfformiad a'r datblygiad o grŵp llywio misol dan arweiniad y Bwrdd Gweithredol i ddarparu'r llywodraethu angenrheidiol
2. Cynllun Cyfathrebu ac Ymgysylltu gyda Rhanddeiliaid Cadarn wedi'i integreiddio o fewn y broses brif ffrwd. (Gweler Atodiad D)
2. Proses lywodraethu a chymeradwyo clir a sefydledig er mwyn rhoi'r wybodaeth ddiweddaraf i Dîm Gweithredol a Bwrdd AaGIC ar bob cam
3. Terfynau amser critigol wedi'u nodi'n glir ac unrhyw risgiau i gymeradwyo'r Cynllun Addysg a Hyfforddiant wedi'u rhannu â Llywodraeth Cymru
4. Casglu adborth i lywio aliniad cynlluniedig yr IMTP a'r cynllun addysg a hyfforddiant.

### 3. CYNNIG

Mae'r cynllun hwn yn gwneud argymhellion ynghylch niferoedd myfyrwyr a hyfforddeion a buddsoddi mewn addysg a hyfforddiant ar gyfer y gweithlu ieuchyd yng Nghymru.

Rydym yn cydnabod yr angen i gynyddu'r gweithlu mewn nifer o feysydd i fynd i'r afael â diffygion a oedd yn rhagflaenu'r pandemig, ac i ymateb i'r pwysau newydd yn y system. O ganlyniad, mae hwn yn gynllun sy'n adeiladu ar y lefelau uchaf erioed o dwf a gymeradwywyd yn ystod y blynyddoedd diwethaf, gydag argymhellion sydd naill ai'n cynnal y lefelau hynny o gomisiynu neu'n eu cynyddu. Bydd angen buddsoddiad ychwanegol ar gyfer hyn, ond mae hwn yn fuddsoddiad sy'n seiliedig ar werth, sy'n ystyried risgiau strategol seilwaith, gallu sefydliadol a chyflogaeth graddedigion i sicrhau cynaliadwyedd gweithlu GIG Cymru.

Er mwyn adlewyrchu rôl AaGIC fel arweinydd strategol y gweithlu a'n buddsoddiad sylweddol parhaus mewn addysg a hyfforddiant, mae'r cynllun eleni wedi cymryd newid sylweddol i alinio'r Cynllun Addysg a Hyfforddiant â'n gweledigaeth a'n uchelgeisiau fel y'u nodir yn y Cynllun Tymor Canolig Integredig (IMTP).

Mae'r cynllun uchelgeisiol hwn yn cynnwys gwybodaeth newydd i ddangos sut mae'r cynllun yn cefnogi'r gwaith o gyflawni ein rhaglenni strategol, strategaeth y gweithlu

ar gyfer iechyd a gofal cymdeithasol ac adferiad o effaith y pandemig. Mae Penodau 4 a 5 o'r cynllun yn manylu ar sut y mae'n cefnogi rhaglenni cenedlaethol allweddol a'r gwaith sydd ar y gweill i hyrwyddo galluogwyr addysgol allweddol.

Bu ymgynghori a thrafod allanol helaeth ar y cynllun a'i argymhellion. Rydym wedi ymgysylltu â'n staff, y GIG a'n rhanddeiliaid ehangach, gan gynnwys Llywodraeth Cymru. Gwnaethpwyd cyflwyniadau ar y Cynllun Addysg a Hyfforddiant i: aelodau Grŵp Cyfeirio Rhanddeiliaid (SRG) AaGIC, ein Pwyllgor Addysg, Comisiynu ac Ansawdd (ECQC), Bwrdd AaGIC, Grwpiau Cyfoedion Cyfarwyddwyr y GIG, arweinwyr Polisi Llywodraeth Cymru, Bwrdd Arweinyddiaeth y GIG a Fforwm Partneriaeth Cymru. Yn ogystal, rhannwyd drafft gweithiol y cynllun ag aelodau'r Grŵp Cyfeirio Rhanddeiliaid a Phwyllgor Addysg, comisiynu ac ansawdd ar 17 Mehefin er mwyn cael adborth.

Cawsom adborth cadarnhaol ar lefelau'r ymgysylltu ar y cynllun, y strwythur newydd a'r cyfle i weithio'n agosach gyda'n rhanddeiliaid ar ei ddatblygiad yn y dyfodol. Rydym hefyd wedi ymateb i'r sylwadau yr oedd angen eu gweithredu yn y fersiwn derfynol.

#### Camau Nesaf

- Bydd y cynllun cymeradwy yn cael ei gyflwyno i Lywodraeth Cymru ar 29 Gorffennaf.
- Tra'n aros i Lywodraeth Cymru ei gymeradwyo, bydd y cynllun terfynol yn cael ei gyfieithu i'r Gymraeg a'i gyhoeddi ar wefan AaGIC ym mis Medi.
- Bydd gwaith yn dechrau o fewn y Tîm Cynllunio a Pherfformiad dros yr haf i ddatblygu aliniad y Cynllun Addysg a Hyfforddiant a phrosesau IMTP.

#### 4. MATERION LLYWODRAETHU A RISG

Goruchwyliwyd y cynllun hwn gan Grŵp Llywio'r Cynllun Addysg a Hyfforddiant dan arweiniad y Weithrediaeth, a darparwyd adroddiadau rheolaidd i'r Tîm Gweithredol ar y cynnydd. Rydym wrthi'n cwblhau Asesiad o'r Effaith ar Gydraddoldeb a fydd yn cael ei gyhoeddi gyda'r cynllun ar ein gwefan yn dilyn cymeradwyaeth Llywodraeth Cymru.

Mae'r risgiau (Pennod 2 a 7) a'r goblygiadau ariannol (Pennod 7) wedi'u cynnwys yn y cynllun.

#### 5. GOBLYGIADAU ARIANNOL

Mae'r cynllun ariannol wedi'i gynnwys ym Mhennod 7. Mae hwn yn manylu ar gyfanswm y gofynion cyllido ar gyfer Comisiynu a Hyfforddiant Addysg ar gyfer 2023-24, gan gynnwys y buddsoddiad ychwanegol sydd ei angen.

#### 6. ARGYMHELLIAD

Gofynnir i'r Bwrdd weithredu fel a ganlyn:

- **Nodi** bod y cynllun hwn wedi'i argymhell i Fwrdd AaGIC i'w gymeradwyo gan y Pwyllgor Ansawdd a Chomisiynu Addysg ar 15 Gorffennaf a'i drafod gyda Bwrdd Gweithredol y GIG ar 19 Gorffennaf.
- **Cymeradwyo** Cynllun Addysg a Hyfforddiant 2023-24, gan gynnwys yr atodiadau, i'w gyflwyno i Lywodraeth Cymru.

Excellent Education and Learning  
Leadership and Succession  
Workforce Supply and Shape

## Executive Summary

Health Education and Improvement Wales (HEIW) is committed to delivering the vision of transforming the workforce for a healthier Wales. Through integrating and growing expertise and capabilities in the planning, developing, shaping, and supporting of the health workforce, this will ensure Wales has the right staff, with the right skills, to deliver world-class health and care to the people of Wales. Excellent education and training underpin the development of a sustainable workforce, which in turn provides the capacity and capability to lead and promote high quality, safe patient, person, and community centred care.

This is the fourth HEIW Annual Education and Training Plan (ETP) for Wales orchestrated to support the health and social care system in implementing 'A Healthier Wales'. The ambitious plan details the 2023/24 commissioning numbers for the education of the health professional workforce together with medical workforce planning information. This reshaping and development of the healthcare workforce is fundamental to the successful implementation of the Welsh Government's vision for the NHS in Wales.

We recommend that Welsh Government continues to invest in education and training which has seen an increase in recent years. This commitment to education and training is essential to support the implementation of [The Workforce Strategy for Health and Social Care](#), support the recovery and reset following the impact of the pandemic on health and care services, and deliver benefits to the foundational economy agenda.

The plan for 2023/24 retains the focused detail regarding individual professional groups with new sections that illustrate how the ETP aligns and supports the delivery of strategic programmes and government priorities, and HEIW's work to support the workplace infrastructure for learning. The intention is for these new sections to highlight the relationship of HEIW's education, training and workforce responsibilities to wider health and healthcare delivery initiatives. The plan details the impact of Strategic Review Phase 1 and Phase 2 on education transformation and increased local education to support the foundational economy as well as the education and training components of the Mental Health Workforce plan and the establishment of primary care academies.

We remain mindful of the workforce challenges that affect so many of the health and social care services across Wales and the risks they pose to the transformation required. The ETP incorporates several critical objectives that focus on addressing the key strategic challenges regarding the number of professionals in the system and its capacity to train the next generation of health and care professionals. These objectives will support improvements in the transformation of services and the quality of care for the people of Wales.

The growth of the NHS Wales workforce through education and training is essential but must be coupled with retention of the existing workforce. We will continue to work in partnership to support this, implementing strategic retention programmes such as continuing professional development, wellbeing and compassionate leadership.

The total funding requirement for Education Commissioning and Training for 2023/24 is calculated as £295m, increasing to £321.77m by 2025/26. This is a value-based investment which takes into account the strategic risks of infrastructure, organisational capacity and graduate employment to ensure the sustainability of the NHS Wales workforce.

We are pleased to be able to recommend this plan to you. Taking into account the local and regional requirements, the key challenges and risks to the plan, the following table gives a summary view of the planned growth outlined in detail within the main body of the plan:

## Chapter 1 – Purpose and Overview

This chapter sets out the purpose of the ETP and its statutory function. Furthermore, it outlines the overview of the education and commissioning process and the current shape of and context for the NHS Wales workforce

### 1.1 Purpose

Health Education and Improvement Wales (HEIW) is the strategic workforce and education body for NHS Wales. The purpose of the annual Education and Training Plan (ETP) is to address the requirements for workforce on behalf of the NHS Wales system; creation of the plan is a statutory requirement for HEIW. Engagement with NHS health boards, trusts and wider stakeholder groups including Social Care Wales is an integral part of creating and informing the plan. It is, however, ultimately HEIW's responsibility to produce a plan that is deliverable within the context of the education and training capacity available.

It builds on the growth in student<sup>1</sup> and trainee<sup>2</sup> numbers as set out in previous plans and recommends that there is investment in education commissions that maintains or builds on the growth in previous years. This is essential to support the implementation of the Workforce Strategy for Health and Social Care and address the impact of the pandemic on health and care services.

HEIW's unique contribution or "added value" is to:

- ✓ Address strategic workforce issues that require all Wales solutions – both demand and supply
- ✓ Make Wales a great place for our health and care staff to be educated, trained and employed
- ✓ Maximise the contribution of all professions and occupations

This plan:

- Builds on [‘The Workforce Strategy for Health and Social Care’](#) and [HEIW Integrated Medium Term Plan \(IMTP\) 2022-25](#)
- Maintains the growth in the training pipeline, with further increases in some areas
- Considers the workforce need and challenges and wider workforce intelligence including information from NHS Wales IMTP submissions
- Recognises strategic programmes and national priorities
- Reflects on the experiences of graduate recruitment in 2020 and 2021
- Considers the impact of Covid-19, the reset and recovery of services and training capacity both within the Higher Education Institutions (HEIs) and the NHS
- Considers the impact of changes to the provision of education due to Strategic Review 1 and 2 of Healthcare Professional Education
- Appreciates the need to create quality learning and service environments to accommodate new and agile ways of working, workforce upskilling, and service transformation
- Recognises the geographical, cultural, digital, leadership and language needs of the workforce, and of health and care providers.

<sup>1</sup> The term student refers to people in undergraduate education who will graduate and obtain professional registration

<sup>2</sup> The term trainee refers to people who are in post graduate training which, for most training programmes, follows professional registration

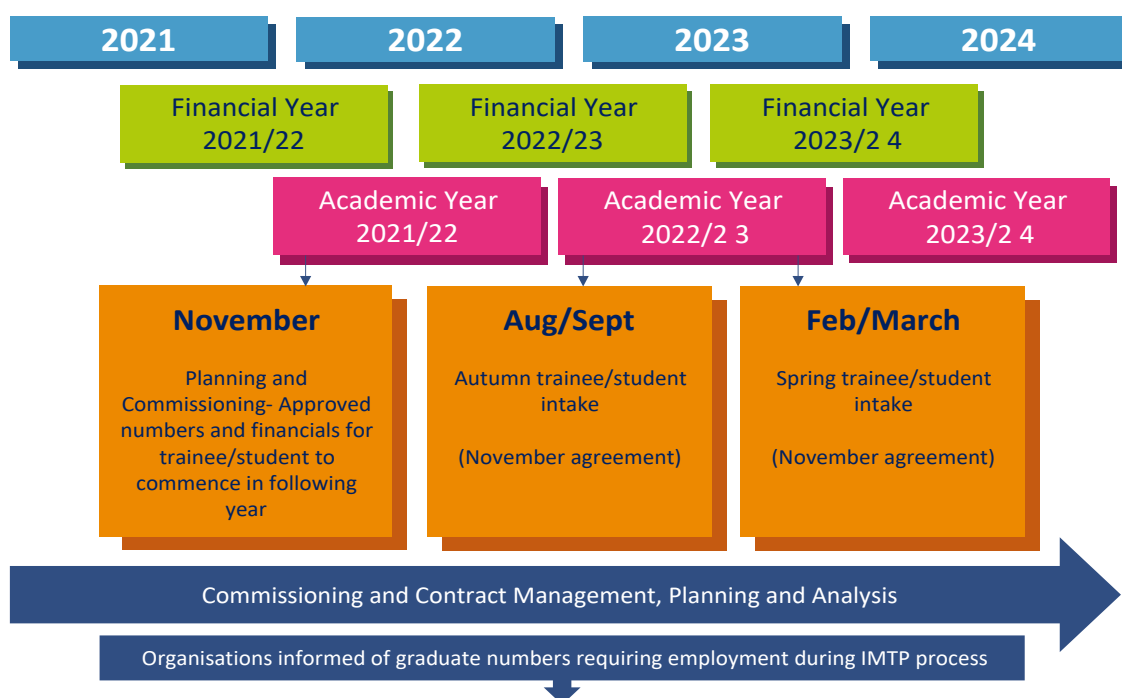

## 1.2 Education and Training Commissioning Overview

Commissioning of education and training places with HEIs<sup>3</sup> takes place on an annual basis. The education places that we commission in this 2023/4 plan will (with a longer lead in time for medical, pharmacy and dental trainees) be the registrant workforce of 2026 in turn approved by Welsh Government in summer 2022.

To inform the proposed recommendations, each NHS Wales Health Board and Trust provided their requirements in relation to the commissioning for Undergraduate Education, Post Graduate Education and Healthcare Support Workers. For medical, pharmacy and dental specialty training, we gather a wide range of intelligence to determine the recommendations including consideration of workforce needs and challenges identified through organisations' plan. The intelligence utilised to inform all education and training recommendations and requirements includes:

- Wider workforce intelligence
- Capacity within the system to support training/student/trainees
- The needs of several workforce priority areas and national work programmes
- Reflections on graduate recruitment in 2020 and 2021
- Review of education standards by professional regulatory bodies.

The recommendations contained within the ETP are sent for Ministerial approval and once approved are communicated to HEIs to ensure that an appropriate number of places are made available on their educational courses. The image below outlines how the flow of training works.

## 1.3 NHS Wales Workforce Context

The NHS Wales workforce is currently 91,429 full time equivalent (FTE) and has risen by 21.2% since 2016. More information on the shape of the workforce is contained within [NHS Wales Workforce Trends \(2021\)](#). **[DN2: Add Hyperlink]**.

<sup>3</sup> Higher Education Institutions (HEIs) and universities are used interchangeably as appropriate

We continue to regularly analyse key workforce trends with the main trends to note for the ETP being:

- Staffing numbers continue to increase across all staff groups. The overall workforce has grown by 26.3% over the past decade, from 72,460 to 91,492. The following graph shows the FTE growth across the staff groups as grouped in the Electronic Staff Record (ESR) over the last 6 years.

- The age profile of the workforce is changing as can be seen from the following graph. Whilst the workforce continues to have a large proportion of workers aged 50+, there has also been a recent increase in the workforce aged 34 and below, as can be seen in the graph below. The age profile of the workforce changed between 2016 and 2022. The workforce aged 55+ has increased by 7,073 in 2022 as compared to 2016. The proportion of staff in this age group has increased from 20% in 2016 to 23% in 2022.

- Over the last 6 years, agency and locum spend has increased by 65% from £164.4 million in 2016/17 to £271.1 million in 2021/22. Nursing and Midwifery has the largest agency spend at £133.4 million for 21/22, an increase of 41% on the previous financial year (despite an 9% increase in the workforce between 2016 and 2022). Locum spend for Medical and Dental was £66.5 million for 21/22, an increase of 13% on the previous financial year and a reduction of 14% since 2016/17. Some of the increase seen in 2021/22 will have been driven by the pandemic and mass vaccination programmes.
- The cost of the directly employed workforce in 2021/22 is circa £5.1 billion, a 6% increase from the previous year. This increase can be attributed to increasing agency spend, the increased size of the workforce and increases in employers pension contributions.

- In 2021/22 the twelve-month rolling sickness absence level peaked at 6.5%, as compared to 6% in the previous year. Over the last few years anxiety/stress and back and other musculoskeletal illnesses have been some of the most common reasons for sickness; however, between April 2020 and March 2022 there was an increase in sickness due to infectious diseases and chest & respiratory problems.
- Participation rates for the workforce have remained unchanged at 0.86 for the female workforce and 0.95 for males. The NHS Wales workforce is predominantly female, accounting for 76% of the total workforce; however, as the workforce ages, staff tend to reduce their hours, especially from age 55 onwards. The following graph illustrates how the gender participation rates change over the age bands of the workforce.

Further information on the Wales population estimates, labour market intelligence, changes to working behaviours and the analysis of the IMTPs are included in [\[DN3: Appendix Hyperlink\]](#)

Welsh Government has recently published [Our Programme for Transforming and Modernising Planned Care and Reducing Waiting Lists in Wales \(April 2022\)](#), which identifies that the pandemic response has left many people within the workforce exhausted and as a result, many are reflective about the next steps in their working life. The pandemic meant that many staff were redeployed into different roles which for some, will lead to the desire to move to new roles with new skills. The pandemic will have impacted on staff wellbeing and on staff having had different experiences across the workforce. Therefore, the importance of having both workplace wellbeing support and career frameworks to support the workforce has never been more relevant.

NHS Wales will need to address the backlog of people waiting for planned care and increased waiting lists across several specialties. It is recognised that workforce availability both in terms of numbers and skills will be a challenge over the forthcoming years. Training and developing the skills and competence of our existing workforce alongside training the next generation of NHS Wales workers will be key and are supported by the ETP. The contribution of education and training to national programmes such as Diagnostics, Planned Care, and Urgent and Emergency Care has been outlined in Chapter 4.

## Chapter 2 – Strategic Framework, Engagement and Planning approach

This chapter sets our strategic framework that informs this plan. We have ensured that our strategic framework supports the strategic direction of NHS Wales. We have summarised the findings of our engagement with our wide range of stakeholders. Finally, we have confirmed our planning approach and outlined risks to delivery.

### 2.1 Strategic Framework

In October 2020, [The Workforce Strategy for Health and Social Care \(WFS\)](#) was endorsed and published by Welsh Government. The strategy enables the delivery of *A Healthier Wales* and is part of the NHS Wales planning system alongside the *National Clinical Framework* and the *Quality Framework*. It forms the basis for our partnership work with Social Care Wales and others to make a difference to the health and social care workforce, including seamless workforce models in integrated care. The ETP is a key foundation to enable NHS Wales to deliver the commitments

set out in the WFS through education, learning, leadership and workforce supply.

As outlined in our [IMTP 2022-25](#) we have six strategic aims which form the strategic and operating framework of the organisation.

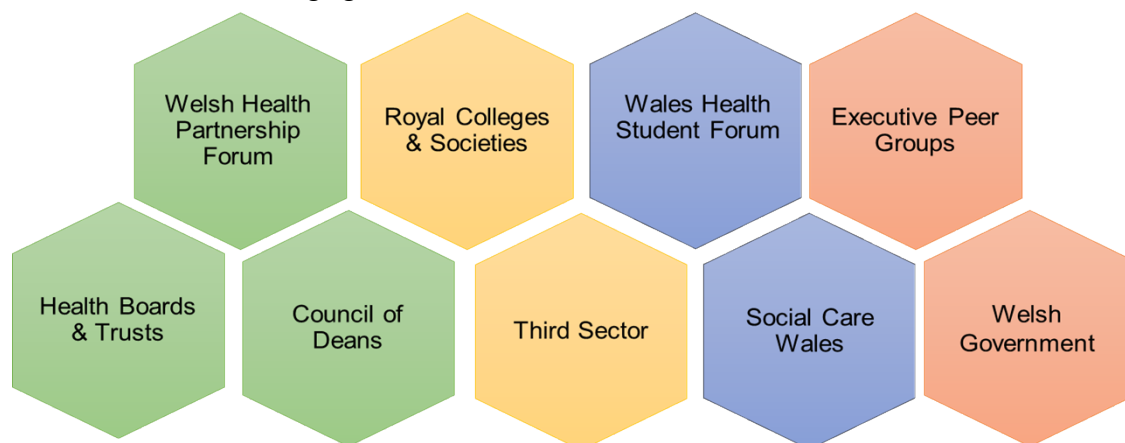

The ETP is critical to ensure we transform healthcare education and training to improve opportunity, access, and population health. Furthermore, this plan is a fundamental element of shaping the future workforce supply for NHS Wales to ensure Wales can reach the ambitions set in *A Healthier Wales* and deliver high quality patient care.

### 2.2 Stakeholder Engagement

Through the establishment of our Stakeholder Reference Group, we have engaged with over 40 different organisations on our draft ETP and requested written and verbal feedback. We presented to each of the NHS Wales Executive Peer Groups and held a dedicated

session with Welsh Government Policy leads. The below diagram summarises the stakeholders we have engaged with;

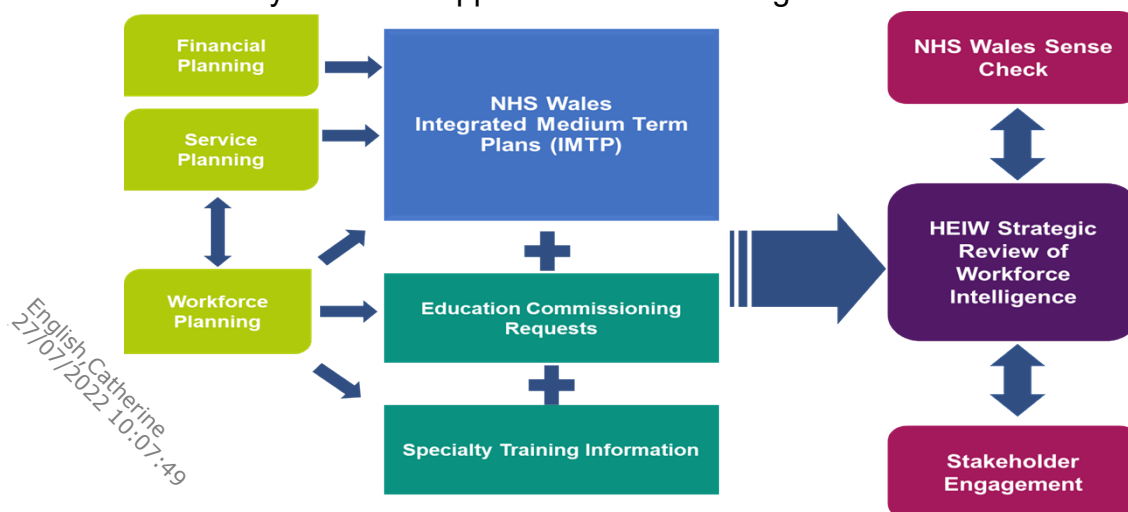

The evidence collected during the stakeholder and partner engagement provided the context for the foundations of the ETP and has been summarised in our appendices [\[DN6: insert hyperlink\]](#). It sets out how the system will deliver workforce transformation and new ways of working within the context of the education and training capacity available.

### 2.3 Planning Approach

The ETP is produced on an annual basis and linked to academic cycles. It provides the critical foundation for the IMTP and considers our financial profiles on at least a 5-year timescale, given the duration of the programmes we commission. This year we have taken a step change in our planning approach to develop the ETP as the companion plan to the IMTP.

As in previous years a blended bottom-up/top-down planning approach has been taken to develop the ETP. The bottom-up planning includes: workforce planning intelligence supplied by the health boards and trusts, service developments, workforce trends, training capacity, quality of training and training pipelines. We then undertook a review of the workforce planning intelligence through the lens of the strategic intent of workforce transformation outlined in the HEIW IMTP. Validation of the findings was undertaken with stakeholders, which was then formulated into the proposed education and training recommendations including consideration of how these will support the delivery of strategic programmes and national priorities. Workforce modelling is also factored in taking account of the supply pipeline, retirements, turnover, working patterns and proposed training numbers. Work by HEIW to support workforce training and education is outlined in Chapter

6.

## **2.4 Risks**

The 2023/24 plan is both ambitious yet achievable. Record numbers of students are in training in the NHS and wider health care sector in Wales. Even where numbers are recommended to be maintained at 2022 levels, the newly commissioned numbers are higher than the graduating cohorts. It is important to note that policy decisions will be made on bursary funding during the timeline of this plan, which could influence student recruitment.

### **2.4.1 Organisational Capacity**

The relevant organisational capacity for study leave release and their capacity to host the relevant training placements is a key risk to the successful delivery of the workforce plan. These considerations have been taken into account when consulting and evaluating the proposals for the plan. The recommendations reflect these considerations.

### **2.4.2 Infrastructure**

As HEIs continue to develop blended learning approaches to teach and support students and trainees, their physical infra-structure becomes less of a barrier to growth although the true impact of the pandemic on education delivery is uncertain. However, ensuring students and trainees receive a safe and quality practice experience remains vital.

We are working with key partners within Universities and the Health Boards, as well as regulators, to build on the clinical supervisory infra-structure in place across Wales. This involves developing further multi-disciplinary placement opportunities, particularly within Primary Care and Mental Health settings. The development of the Practice Education Facilitator roles, simulation, regional support roles and specific “deep dives” into Physiotherapy, Occupational Therapy, Cardiac Physiology and Diagnostic Radiography is key to building sustainable capacity. This will not only enable more students to undertake safe and quality clinical placements where they can acquire the necessary clinical proficiencies as defined by the regulators and professional bodies in 2023/24 but this investment and work now will build increased capacity for Wales in future years. Further information on simulated learning and clinical placements is included in Chapter 6.

### **2.4.3 Graduate Employment**

To ensure we are all championing Wales as the place to train, work and live there must be employment opportunities for our students on graduation. We will continue to work with all stakeholders to support graduate employment across Wales, particularly in the more rural and remote areas. Experience as a student or trainee is key in registrants making their employment decisions.

## Chapter 3 – Education and Training Recommendations

This chapter sets out our commissioning and training recommendations for 2023-24. Further information relating to these recommendations can be found within the Appendices.

In addition to the factors set out in Chapter 2 in determining and proposing the following Education and Training recommendations have been through a rigorous internal scrutiny process. The commissioning numbers are challenging but achievable. Trend analysis relating to the number of applicants and historic fill rates have been considered. We are working in partnership with HEI's in Wales and other key stakeholders to ensure that total applicants can be increased thus reducing this as a barrier to growth and building sustainable recruitment to pre-registration programmes in the future.

We are cognisant of graduates being able to gain employment in NHS Wales. Therefore, setting challenging but achievable commissioning targets where graduates will have the opportunities to work in Wales within their chosen profession is vital. So, whilst commissions in some professions remain static, others have moderate increases and others contain significant growth it is important to recognise that a whole range of factors have been considered and that we feel that the recommendations are the right level for Wales in 2023/24.

Throughout this chapter we will refer to the IMTP numbers. By this we mean the numbers submitted by Health Boards and Trusts as part of their IMTPs in March 2022.

### 3.1 Nursing

Our recommendation is to:

- Increase commissioning numbers for Adult, Child and Mental Health Nursing
- Maintain commissioning number for Learning Disabilities Nursing.

We continue to lead and develop a sustainable national workforce plan for nursing, to achieve a better match between demand and supply in Wales. The work to achieve this has been summarised in our appendices [\[DN4: Insert Hyperlink\]](#)

#### 3.1.1 Adult Nursing:

Recommendations	1892 (66% IMTP numbers)
Influences	Increases due to IMTPs, agency spend and shape of care. Constraints due to placement and supervisor capacity, HEI contract numbers.
Trend	↑ 14.6% on 2022/23
	Year on year growth into the workforce since 2016.

#### 3.1.2 Child Nursing:

Recommendations	192 (66.4% IMTP numbers)
Influences	The IMTP need is 289 (up by 24% from 22/23). The extension of 25B of the Nurse Staffing Levels (Wales) Act 2016 in October 2021 to paediatric in-patient settings

	<p>has resulted in health boards acknowledging the need for additional resources in staff on paediatric inpatient services.</p> <p>Commissioning numbers have not been increased in child nursing for 3 years so the 10% increase in commissions represents achievable and sustainable growth.</p>
Trend	<p>↑ 10% on 2022/23</p> <p>Growth into the workforce since 2016.</p>

### 3.1.3 Mental Health Nursing:

Recommendations	530 (82.6% IMTP numbers)
Influences	<p>The ambition is 580 Mental Health Nursing commissions by 25/26 (thus meeting current IMTP needs). Additional places of 47, 72 and 97 to be commissioned in 23/24, 24/25 and 25/26 academic years respectively. This growth is supported by the Mental Health Workforce Plan which recognised the need to grow this workforce. This will result in a 20% increase above 22/23 levels over 3 years and 75% above 2019 levels of commissioning.</p>
Trend	<p>↑ 9.7% on 2022/23</p> <p>This represents a 46% increase since 2019.</p> <p>Year on year growth into the workforce since 2016.</p>

### 3.1.4 Learning Disabilities Nursing

Recommendations	87 (50.9% IMTP numbers)
Influences	<p>The IMTPs request 171 to be trained. After increasing commissions to 87 last year only 55 applicants were successfully recruited to university places.</p> <p>Over the next year we will work in collaboration with universities to ensure that the current baseline of 87 can be fully recruited to. Once this is achieved, challenging but achievable commissioning targets can be set for future years.</p> <p>Through our engagement our partners have recognised the need to market this area as a rewarding career.</p>
Trend	<p>➔ Maintained on 2022/23</p> <p>Student recruitment targets have not been achieved. In recent years 77 places has been commissioned which rose to 87 in 2022.</p>

English Catherine  
27/07/2022 10:07:49

## 3.2 Midwifery

Our recommendation is to increase the commissioning numbers.

Recommendations	190 (Over IMTP numbers)
Influences	<p>Midwifery has the highest application rate of any course. We have introduced from March 2023 a second cohort in both North and South Wales. Health Education England (HEE) are looking at an 18-month transition course and this is something HEIW will consider in the future.</p> <p>Future Midwife Standards (NMC, 2019) and Maternity Care in Wales (2019) will require all women to have continuity of care starting at pregnancy and continuing post birth.</p> <p>The additional numbers commissioned over the last five years have now begun to graduate. Ensuring there are sufficient posts available at the right time to employ the graduates is required before further expansion.</p>
Trend	<p>↑ 2.7% increase on 2022/23 Over the past five years midwifery places have increased from 134 to the proposed 190, 42%.</p> <p>Year on year growth into the workforce over the past 5 years.</p>

## 3.3 Healthcare Professional Education

Our recommendations are to maintain commissioning levels or make small increases where needed in response to service demand.

In last year's plan we recommended maintaining commissions at their 2021/22 levels. This recognised the fact that, following a three-year period of sustained growth in commissioning of between 18% and 43%, availability of clinical placements to provide the required learning outcomes was becoming a limiting factor. This was further compounded by the impact of the pandemic and the availability of jobs for new graduates.

### 3.3.1 Dietetics

Recommendations	82 (90% IMTP numbers)
Influences	Increased need for workforce evident from request to increase from IMTP numbers (30%) due to service pressures. There has been a significant increase in the remit of dietitians and in the complexity of Service User needs.
Trend	<p>↑ 22% on 2022/23 There are two associated courses. The B.Sc. Dietetics programmes are proposed to increase from 40 in 2022/23 to 60 in 2023/24 and increase the PG Dietetics to 22 places.</p> <p>Year on year growth into the workforce since 2016.</p>

### 3.3.2 Occupational Therapy

Recommendations	197 (27 % over IMTP numbers)
Influences	<p>Workforce age profile shows that 25% are over 50 years old. There is a trend of a decreasing participation rate as the workforce get older.</p> <p>The 10% increase is proposed in line with the recommendations in the Mental Health Workforce Plan to increase capacity for OTs to work in Mental Health settings across Wales.</p>
Trend	<p>↑ 10% on 2022/23</p> <p>Year on year growth into the workforce since 2016.</p>

### 3.3.3 Physiotherapy

Recommendations	180 (90% IMTP numbers)
Influences	<p>Small increase reflective of increasing service demand. The age profile of this workforce is younger than other professions with a greater number under 55.</p> <p>Over the next six years there is potential to grow the workforce due to the increased numbers of graduates completing their studies.</p>
Trend	<p>↑ 3% on 2022/23</p> <p>Year on year growth into the workforce since 2016.</p>

### 3.3.4 Podiatry

Recommendations	27 (30% over IMTP numbers)
Influences	<p>We are working with universities to ensure that graduates are able to meet the demands of complex service developments within Health Boards requiring higher skills sets.</p> <p>We will work with Health Boards to achieve improved graduate employment and ensure there is a career framework that allows them to develop their skills following graduation so that they can become ready for these more advanced roles.</p> <p>Podiatry plays a big prevention role for keeping people out of hospital particularly with the rise of diabetes.</p>
Trend	<p>→ Maintained on 2022/23</p> <p>Historically there has been between 22-23 places due to incorporating private sector the numbers increased to 27 in 2021.</p>

### 3.3.5 Speech and Language Therapy

Recommendations	49 (Over IMTP numbers)
Influences	The age profile of this workforce is relatively young and there is a high proportion of part time working.

	There is a need to produce more speech and language therapists who can deliver care through the medium of Welsh.
Trend	➔ Maintained on 2022/23 Increase in the Welsh Language course from 9 to 13 for 2022/23.
	Historically commissioned 44 places since 2016 increased to 49 in 2020. Maintained at that level to match service demand.

### 3.3.6 Clinical Psychology

Recommendations	40 (30% IMTP numbers)
Influences	<p>Demand is increasing across the service including for mental health services, which has been exacerbated by the pandemic.</p> <p>The Mental Health Workforce plan identifies a need to grow the clinical psychology workforce.</p> <p>Workforce data also shows that there is an ageing workforce with the risk of a third retiring within the next 5 years.</p> <p>The number of trainees has been rising year on year in Wales but only by very small numbers, due to placement capacity. We have introduced clinical associates in applied psychology as a new role which is outlined later in the chapter.</p>
Trend	<p>↑ 11% on 2022/23 Commissions have increased from 27 in 2019 to 36 in 2022 as service demand continues to grow.</p>
	Year on year growth into the workforce since 2016.

### 3.3.7 Paramedics

Recommendations	120 (90% IMTP numbers)
Influences	<p>Commissions have been agreed with WAST and the Ambulance Commissioner to ensure the Service has the capacity to provide high quality placements whilst maintain the safety and quality of service to patients.</p> <p>Application rates for Paramedic courses are buoyant. Across the Paramedic workforce there is a high participation rate (above 95%) up to the age of 60.</p>
Trend	<p>↑ 3% on 2022/23 Growth has been added to the emergency medicine training (EMT) conversion route with a slight reduction in BSc. of Paramedicine places.</p>
	Year on year growth into the workforce since 2020 (first year of BSc Paramedicine).

### 3.3.8 Operating Department Practitioners

Recommendations	62 (70% IMTP numbers)
Influences	<p>The three regional ODP education providers enable additional training capacity. There are no identified limitations to providing safe and quality placements.</p> <p>Anaesthetic associates will be commissioned in future years and this provides a career path for ODP's Increases needed to assist high number of theatre vacancies.</p> <p>This year's recommendation represents significant increase in new providers of ODP education and when the courses are further embedded, we will look to increase to 100% of IMTP numbers.</p>
Trend	<p>↑ 27% on 2022/23</p> <p>Year on year growth into the workforce since 2016.</p>

### 3.4 Healthcare Sciences

Our recommendations for undergraduate education commissioning in Healthcare Science are to support the IMTP requests where these are for increase or no substantial decrease from previous years.

Our recommendations for postgraduate and consultant training are to support the IMTP requests to increase commissioning levels across the Scientist Training Programme and Higher Specialist Scientist Training Programme and increase the Equivalence Funding to support in service routes Healthcare Science registration.

#### 3.4.1 Clinical Scientist and Higher Specialist Scientist Training

Recommendations	<p>Scientist Training Programme (STP) 53 (100% IMTP numbers)</p> <p>Higher Specialist Scientist Training (HSST) 10 trainees for 2023 (100% IMTP numbers)</p> <p>Equivalence funding increase from £75k to £100k.</p>
Influences	<p>IMTPs show a large increase in requests for STP training from last year with 53 STP requested for 2022/23 compared to 39 trainees recruited in 21/22. IMTPs requested 10 trainees for HSST. Both these requests will have been influenced by planned care recovery, but there is a need to ensure service capacity to employ STP trainees on graduation and to develop consultant clinical scientist roles following HSST.</p> <p>Equivalence funding is an established and well used investment that enables registration/regulation via an alternative or equivalence route with services increasing in awareness and use of these routes to support retention and succession planning.</p>
Trend	<p>↑ 36% increase in STP on 2022/23, 25% increase in HSST and 33% increase in equivalence funding.</p>

### 3.4.2 Cardiac Physiology

Recommendations	23 (Over IMTP numbers)
Influences	Service pressures and identification of future need of this profession by NHS Collaborative indicate need to maintain minimum contract level. Placement issues limiting further growth currently, with work underway to support.
Trend	↑ 4.5% increase from 2022/23

### 3.4.3 Audiology

Recommendations	11 (100% IMTP numbers) for Audiologists 10 (100% IMTP numbers) for Assistant and Associate Practitioners.
Influences	We are maintaining the numbers to support service need due to aging population and ongoing development in primary care. We have future plans to develop an additional part time practitioner training programme for employee development commencing in 2024.
Trend	→ One place less than 2022/23 (Audiologists) → Maintained on 2022/23 (Assistant and associates)

### 3.4.4 Respiratory and Sleep Science

Recommendations	14 (100% IMTP numbers) This is above contractual numbers. HEI to confirm if able to support.
Influences	Increased service needs identified during covid pandemic with this profession and indicated in IMTPs regarding recovery. Recommend to support full IMTP request.
Trend	↑ 40% increase on 2022/23

### 3.4.5 Neurophysiology

Recommendations	4 (100% IMTP numbers)
Influences	Identified need to grow profession, however service pressures are such that we recommend support IMTP requests in 2023/24.
Trend	↓ One place less than 2022/23

### 3.4.6 Nuclear Medicine

Recommendations	6 (100% IMTP numbers) including additional place identified by Velindre
Influences	Increase in services identified to support planned care recovery across NHS Wales in relation to diagnostics and cancer services.
Trend	↑ 20% increase on 2022/23

### 3.4.7 Life Sciences (Biomedical Sciences)

Recommendations	26 (Over IMTP numbers)
Influences	Due to significant recovery service pressures and identification of future needs of this profession,

	<p>recommendation for numbers reduced only slightly. This figure is within 20% of the lowest range set in the contract.</p> <p>Future plans to develop additional part time practitioner training programme for employee development commencing in 2024.</p>
Trend	↓ Two places less than 2022/23

### 3.4.8 Clinical Engineering

Recommendations	6 (100% IMTP numbers)
Influences	Some issues with student recruitment balanced with commitment to support the IMTP number requested as a result of aging workforce and crucial role in supporting rehabilitation and keeping people out of hospital. Future plans to develop additional part time practitioner training programme for employee development commencing in 2024.
Trend	↓ Two places less than 2022/23

### 3.4.9 Radiotherapy Physics

Recommendations	2 (100% IMTP numbers with additional place for attrition)
Influences	Services required to support future plans in diagnostics and cancer services.
Trend	➔ Maintained on 2022/23

### 3.4.10 Diagnostic Radiography

Recommendations	150 (Over IMTP numbers, includes 10 Radiography Associate Practitioner)
Influences	<p>Reflective of future diagnostics need and current issues in relation to placement management and vacancy rates following streamlining in 2022.</p> <p>Future requirements for this profession in relation to diagnostics and recovery plan, with national Imaging workforce modelling in progress.</p> <p>Despite the decrease for this year this is the second highest number we have ever commissioned with only 2022/23 having higher commissions.</p>
Trend	↓ 11% decrease from 2022/23

### 3.4.11 Radiotherapy and Oncology

Recommendations	20 (Over IMTP numbers)
Influences	Services under significant pressure currently and required to support future plans in diagnostics and cancer services. Recommend only small decrease to reflect service pressures, take into account attrition and fall within 20% of the lowest of range set in the contract.
Trend	↓ Two places less than 2022/23

### 3.5 Healthcare Support Workers

Our recommendation is to maintain the budget for Healthcare Support Workers (HCSW) education annual funding at £2.5m for 2023/24.

HEIW has an annual budget from Welsh Government as part of the education and training budget to support the development of HCSWs. Organisations submit their costed HCSW education and training requirements annually to HEIW. These submissions are analysed by an internal team within HEIW, including primary care and finance colleagues. Each item requested is assigned one of the following decisions:

- Agreed for funding – examples include Work Based Learning (WBL) qualifications not included in Apprenticeship Frameworks, standalone units for clinical induction and staff development and infrastructure costs to support the delivery and assessment of WBL
- More information required before a decision can be made – e.g., numbers of learners and cost, further details on education programmes requested
- Rejected for funding – usually rejected if funding can be sourced from a different budget e.g., Apprenticeship funding.

These funding allocations are aligned to national priorities, development for support workers in Primary Care and joint working with Social Care colleagues. The HCSW budget also covers the costs of training assessors and verifiers for any WBL qualifications.

Both the IMTPs and the information from the health boards and trusts articulated a requirement for funding to develop HCSWs in the following areas:

- Primary Care
- Emergency Care
- Complex Care
- Theatres
- Therapies – including dietetics and podiatry
- Health and Social Care
- Facilities.

HEIW has agreed to fund HCSW development in all of these areas where Apprenticeship Frameworks do not exist. In addition, HEIW has agreed to fund for a year a number of posts to lead on the delivery of a joint induction programme for HCSW across health and social care. This budget currently also funds Nursing HCSWs to undertake the Level 4 Certificate in Higher Education Nursing Support Worker programme. This aligns to the first year of the undergraduate nursing programme meaning that HCSWs who attain this qualification can proceed straight to year 2 of a nursing programme. In future this programme will be commissioned by HEIW direct from education providers and the funding will sit within the commissioning budget. Further information about HCSW development is found in Chapter 5.

### 3.6 Post-registration Education

Post-registration education is crucial once all healthcare professionals join their professional registers, and essential in supporting the vision set out in *A Healthier Wales* in terms of transforming services for the Welsh population, care closer to home and echoes the core values that underpin the NHS in Wales. It is key to the development of specialist practice and beyond.

The post-registration budget has grown significantly from £500K in 2016 to £2m in 2021/22. Our recommendation is to continue to maintain the budget at £2m for 2023/24 as there remain challenges in the system with release for study leave and overall spend. Further details on how the spend is directed across NHS Wales can be found in the Advanced Practice section [\[DN7: hyperlink to section\]](#)

This budget includes the following funding streams:

- Advanced Clinical Practice
- Extended Scope of Practice
- Independent Prescribing (recommended budget of £500K to continue)
- Contract for the delivery of Genomic medicine modules for all professions (first learners January 2023)
- Reporting radiography education (funding to continue at 20 places per year for new starters)
- Ultrasound education (to continue 15 new PG Dip places per year to Jan 2023).

To support the creation of capacity within the system, future recommendations will support the promotion of top of the license working for the profession. There is an expectation that Primary Care Academies will be a key stakeholder in influencing the funding allocation for post graduate education in primary care to align with the national primary care priorities.

The recommendations in relation to the proposed commissioning arrangements for a number of these key areas listed above, and the related budget, are outlined overleaf.

### **3.6.1 Critical care**

All health boards have been provided with up to 30 places on the nationally recognised Critical Care PG Certificate, and HEIW have secured places in an agreement with HEE (current contract holders) at four English universities as an interim measure during 2022-2023.

A procurement exercise is underway as part of the Strategic Review of Health Profession Education (SRHPE) phase 2 to commission a PG Cert Critical care education to ensure future provision is accessible in Wales, following the transitional arrangements we have with Health Education England (HEE). To be able to fund this development a specific budget will need to be secured to fund this new contract from Sept 2023 onwards.

### **3.6.2 Independent Prescribing (IP) Education and Independent Authorisation of Blood Transfusion (IABT)**

Our recommendation is that the budget remains at £500k for 2023-24.

Investment in these programmes increased in 20/21 to £500k. However, there are a number of challenges within the system in relation to increasing numbers including, study leave capacity due to the pandemic, cohort capacity for IP in the universities, and availability of student support in the workplace, which is proving especially challenging within rural areas.

SRHPE phase 2 will be reviewing IP provision for nursing and Allied Health Professionals (AHP)'s during 2022. Although current university capacity is meeting the need, the review will need to consider what is required to support practice and nurses that will be prescriber ready from registration in 2023. The current capacity of supervisors and assessors, especially in rural communities, will need careful consideration so that it is not a barrier to community nurses developing as IP's. There is also the potential to consider Physician

Associates prescribing following regulation. Therefore, any increases in this budget will fall in line with the review and subsequent new contracts that are procured for 2024-25. Further detail on independent prescribing and its role in building career frameworks can be found in Chapter 5.

SRHPE phase 2 has been reviewed with an expert group including Welsh blood clinicians and Welsh Government the current provision of IABT. There has also been national work completed across the four countries to review the framework which has recently been approved. The Welsh programme is seen as gold standard, and recommendations of the expert group are that we continue to have available in Wales a university accredited programme with a more blended approach increasing online learning and reducing face to face learning. A project group has been established to develop the required procurement paperwork to go out to tender for a new contract, that aligns to the new UK framework, Welsh Government policy and key themes that will be included in all new post graduate education contracts. These include, distance learning, compassionate leadership, Interprofessional education, digitalisation and technology. For 2023-24, HEIW will continue to fund from the overall IP £500k budget. New contracts will be in place for academic year 24-25.

### 3.6.3 Genomic Medicine

In 2017, Welsh Government launched the *Genomics for Precision Medicine Strategy* which sets out the Welsh Government's plan to create a sustainable, internationally competitive environment for genetics and genomics to improve health and healthcare provision for the people of Wales.

SRHPE phase 2 has reviewed Genomic medicine provision during 2021 and 2022. Currently there are two programmes available in Wales which are designed to provide both standalone 10-20 credit modules and PG Cert, PG Dip and MSc, across all professions and across Wales. At present whilst there is funding for 20 MSc places each year, utilisation is limited and thus the national impact of the education is low. Therefore, following review in collaboration with the Genomics education partnership education and training group, it has been identified that the current provision falls short of service needs. We are currently out to tender for the commissioning of seven standalone 20 credit level 7 modules in Genomic medicine. Module content is to be aligned with the NHSE Genomic Medicine MSc framework and mirror the existing modules in the full MSc Genomic medicine currently commissioned.

As part of this review and to broaden access further we are also proposing to develop a free-to-access eLearning programme providing education in the "Fundamentals of Genomics". This would provide an accessible introduction to genomics to a wide range of healthcare professionals across NHS Wales. The eLearning would facilitate access across Wales, without need to travel to a specific location at a particular time and would be bilingual to facilitate education through Welsh language. This module is currently being written and aims to provide foundation genomics knowledge in order to:

- Improve genomics literacy of NHS workforce, leading to improved care for service users
- Inspire individuals to explore future genomics study at level 7.

### 3.6.4 Reporting Radiographers

Our recommendation is that the budget increases in 2023-24 to fund 20 places.

Consultant Radiologists as well as Radiographers remain on the occupational shortage list. Therefore, there is a need to develop more reporting Radiographers and expand other areas

of Advanced Practice in Radiography to better utilise and develop skills and support shortages across the profession. A new budget was established in 2020/21 to fund 10 places. Uptake to this programme has been good despite the challenges of the pandemic. It is recommended that the number of places is increased to take into consideration the recovery.

### 3.6.5 Medical Ultrasound/Sonography

Our recommendation is that the budget remains at the same level until the new programmes are in place.

There continues to be the need for the development of sonography skills amongst radiographers and midwives. The established GAP and GROW initiative and the planned recovery in relation to diagnostics and patient waits, has emphasised this even more so. HEIW currently has a contract in place that will only support 15 new starters per year. However, this contract will end July 2023, so the opportunity to increase provision is opportune.

SRHPE phase 2 in collaboration with the National Imaging Academy for Wales (NIAW) has reviewed ultrasound education and are proposing two education elements;

1. A contract in collaboration with a HEI and the NIAW to procure a Level 7 PG Dip in Ultrasound for Radiographers
2. Accredited work-based learning education programmes for focused scope of practice. The priority will be to develop this for midwives to support GAP and GROW, with a view to develop other areas in the future e.g., MSK.

The expectation is that learners on these new programmes will commence from Sept 2024.

### 3.6.6 Clinical Photography

Our recommendation is that:

	<b>Spend 23-24</b>
Delivery and implementation	£103,365
Clinical photography salary for trainees	£358,654 (9 trainees)
<b>Total</b>	<b>£462,019</b>

SRHPE phase 2 has reviewed provision for the training of clinical photographers during 2021-22. The final cohort will exit from Cardiff University in summer 2022 and the programme at Cardiff will close. Following extensive stakeholder engagement and consultation with the Institute of Medical Illustrators, an accredited work-based learning programme at level 7 is proposed. It has also been agreed to repurpose the existing recurrent funding to ensure that this new programme can be implemented and delivered for new learners in September 2023.

### 3.6.7 Community Education

Our recommendation is to maintain the same level of education provision as in 2022/23 until the Nursery and Midwifery Council (NMC) conclude their reform of standards for specialist community public health nurses (SCPHN) and community nurses specialist practice qualifications (SPQs) and universities have their new programmes in place.

**Community Nurses** are registered nurses who provide highly skilled, invaluable care to people in their own homes, care homes, or close to where they live, in clinics and GP practices. They also provide outreach services to those who may not have a secure home. Community nurses cover all four fields of nursing practice.

**District Nurses** also lead teams of community nurses and support workers, the role requires registered nurses to undertake an NMC approved specialist practitioner (SPQ DN) course.

**Specialist Community Public Health Nurses** are registered nurses or midwives who have undertaken an NMC approved Specialist Community Public Health (SCPHN) course. SCPHN nurses provide highly skilled, expert care for individuals within the communities.

**Health Visitors** provide a professional public health service based on best evidence of what works for individuals, families, groups and communities; enhancing health and reducing health inequalities through a proactive, universal service for all children 0-5 years and for vulnerable populations targeted according to need. Whilst **School Nurses** work across education and health, providing a link between school, home and the community, with the aim to improve the health and wellbeing of children and young people.

All existing university providers will need to have new programmes in place that align to these new standards by September 2024. Some areas in Wales, particularly more rural areas, have challenges with recruitment. SRHPE phase 2 starts its review of both SCPHN and SPQ in June 2022, to ensure that full stakeholder engagement is undertaken to inform the procurement of new contracts that align to the new standards.

There are two health visiting services within health boards, generic services funded by the health board and Flying Start services funded by Welsh Government, through the local authority with an element of funding from health boards. A recent announcement by Welsh Government details expansion of Flying Start services in each local authority in Wales and a further announcement is expected in Autumn 2022. The health visiting workforce in Wales will need to be in place to support this wider roll out, ensuring that children and families in Wales have the right support at the right time to meet their needs. We will continue to work closely with WG to ensure we are continually updated in relation to the expansion project, particularly in terms of health visiting workforce capacity.

We are working closely with the Strategic Programme for Primary Care on its Community Infrastructure programme, and we will need to ensure that education provision aligns with any changes proposed to service models going forward.

### 3.7 Pharmacy

Our recommendations are to:

- Increase training for the non-registrant workforce establishing career pathways
- Increase the number of Pharmacy Undergraduate Clinical Placements
- Maintain the Post-registration Foundation Programme for pharmacists
- Increase annual numbers of independent prescribing courses to the maximum
- Maintain current access to advanced and extended practice funding
- Increase the introduction and development of scientist roles into medicines manufacturing units in Wales.

Pharmacy current and worsening workforce issues mean that pharmacy services are reduced. Increasing temporary community pharmacy closures impact on patients' access to medicines in their communities. In our IMTP we have committed to lead a collaborative

programme of work to define and deliver short, medium and long-term solutions for a sustainable future workforce model to meet the needs of the service and population. This will relieve pressures in the system and provide stability for pharmacy services and ensuring we have a prudent integrated pharmacy workforce will support staff to optimise their skills to offer better patient services within a multi-disciplinary team.

For 2023-24, the four key strategic influences on pharmacy commissioning priorities continue to be:

- The pharmacy vision, '*Pharmacy: Delivering a Healthier Wales*' (PDaHW); which is the professions' response to 'A Healthier Wales', and was endorsed by Welsh Government
- Implementation of the new GPhC Initial Education and Training Standards (IETS) for pharmacists and pharmacy technicians
- "Community pharmacy contractual reforms, '[A New Prescription: The future of community pharmacy in Wales](#)'
- Transforming Access to Medicines (TrAMs), delivering medicines manufacturing hubs in Wales".

Pharmacy is approaching midway through a five year series of transformation projects, to deliver the new IETS. This will ultimately produce pharmacy professionals with enhanced medicines skills on 'day-one' of registration, including independent prescribing for pharmacists.

### 3.7.1 Pharmacy Support Staff

Recommendations	100 Level 2 units
Context	<p>To ensure we are able to develop and grow our own workforce from the communities we serve, the pathway from assistant to pharmacy professional was created and is recommended to expand for 2023.</p> <p>The 'Access to Pharmacy' offering, provides a route for individuals to fill any gaps in mathematics, English, science or digital literacy at Level 2 whilst they are in the workplace, so that they can meet the entry requirements for the pre-registration pharmacy technician programme.</p>
Trend	<p>↑ 67% on 2022/23</p> <p>The number of individual units available will increase from 60 to 100 units in 2023 which equates to support for an estimated 50 learners.</p>

### 3.7.2 Pre-registration Pharmacy Technicians

Recommendations	<p>NHS Employed 50 posts</p> <p>NHS contractor/community employed 50 bursaries</p>
Context	<p>The new Pre-registration Pharmacy Technician programme for Wales began enrolling in 2022. It will provide registrants with a broad base of skills that mean they can work in a range of healthcare settings. To best meet employers' needs, a pattern of two intakes a year is becoming established.</p>

	To transition to a more balanced position of training responsibilities across the pharmacy sectors the provision of 100 training programmes will be split 50:50 between hospital and community pharmacy in 2023-24.
Trend	<p>↑ 20% increase on 2022/23</p> <p>Overall increase in training posts from 83 to 100</p>

### 3.7.3 Pharmacy Technicians

Recommendations	<p>NHS contractor/community employed 50 x £1000 bursaries</p> <p>Maintain advanced and extended practice opportunities</p>
Context	<p>From 2024 new pharmacy technicians will be emerging from Wales' training programme with the knowledge and skills of a new Level 4 qualification. With existing pharmacy technicians in the workforce currently qualified to Level 3, we recommend increasing opportunities to upskill our current workforce.</p> <p>The number of community pharmacy technician training bursaries will increase from 30 to 50 to enable Agored Level 4 work-based learning opportunities.</p>
Trend	<p>↑ 67% on 2022/23</p> <p>The number of community pharmacy technician training bursaries will increase from 30 to 50.</p> <p>Maintain advanced and extended practice opportunities at 2022-23 levels.</p>

### 3.7.4 Pharmacy Undergraduates

Recommendations	MPharm placements in Wales, 7,560
Context	<p>To deliver the new IETS, pharmacy students undertaking the MPharm in Wales require clinical placements throughout the 4-year undergraduate course so that they can safely prescribe from the point of registration.</p> <p>HEIW secured additional funds for the first undergraduate pharmacy placements to commence in autumn 2022 through a business case to Welsh Government.</p> <p>For 2023-24 the number of funded clinical placements will increase in line with the business case.</p>
Trend	<p>↑ 59% on 2022/23</p> <p>3120 MPharm placements in Wales last year.</p>

### 3.7.5 Trainee Pharmacists

Recommendations	122 Trainee pharmacist posts already commissioned
Context	For 2023-24 the number of trainee pharmacist posts has been agreed with employers and submitted into Oriel as 122 multi-sector posts. This is within the financial envelope of the original 5-year business case.

	<p>For 2023-24 intake there is a 40% increase in training posts available across England, Scotland and Wales, with no increase in the number of pharmacy graduates, so this will be the most competitive year for recruiting trainee pharmacists in history.</p> <p>The Train Work Live campaign will be vitally important and will include images from all three sectors hospital, GP practice and community pharmacy.</p>
Trend	The commissioned numbers are lower than the 132 originally planned. Post numbers have been limited by Health Board training capacity and ongoing work to provide additional programme infrastructure.

### 3.7.6 Pharmacists

Recommendations	<p>Maintain 80 Post-registration Foundation Pharmacist programmes (40 NHS Employed and 40 NHS Contractor/community Employed).</p> <p>Increase to 300 Independent Prescribing courses (150 NHS Employed and 150 NHS Contractor/community Employed, with 3k backfill bursary).</p> <p>Sustain multi-sector advanced practice funding</p> <p>NHS Employed £242,000</p> <p>NHS contractor/community Employed £250,000</p>
Context	<p>The Post-registration Foundation Programme is the opportunity for new registrants to bridge a development gap to providing enhanced medicines care and prescribing, until the new IETS are fully implemented in 2026. The number of post-registration foundation training programmes will be 80 for the second year as employers aspire to retain as many trainee pharmacists as possible after registration. The opportunity to increase programme numbers to 90 for 2023 has been limited by Health Board training capacity.</p> <p>To reach PDaHW targets for prescribers and deliver the new community pharmacy contract, we will increase the commissioning of prescribing courses for pharmacists to the maximum which is 300 in 2023-24 (and 350 in 2024-25). This accounts for the constraints of university course provision, training capacity and Designated supervising Prescribing Practitioners (DPPs) available.</p> <p>We will maintain investment in minor illness and GP transition programmes, to provide for unmet demands during the pandemic.</p> <p>To deliver a truly flexible workforce, funding for advanced and extended practice will be sustained at 2022-23 levels and remains inclusive of professionals working in all sectors including locums.</p>

Trend	<ul style="list-style-type: none"> <li>↑ Independent Prescribing 50% increase on courses from 200 in 2022-23</li> <li>→ Maintain 80 Post-registration Foundation Pharmacist programmes</li> <li>→ Maintain multi-sector advanced practice funding on 2022/23.</li> </ul>

## 3.8 Dental

Our recommendations are to:

- Maintain Dental Foundation Training Places
- Increase Dental Specialty Training posts
- Increase Dental Therapy Foundation Training Posts.

In our IMTP we have committed to scope solutions for the dental workforce in Wales to ensure the workforce is identified, trained, supported and available to deliver dental services for the future to meet the oral health needs of the Welsh population. In order to achieve this, we will ensure the commissioning of dental education and training is based upon a robust evidence base, workforce needs and focused on improving services and the oral health needs of the population. We are working with key partners in HEIs and training providers to train and build the Welsh dental workforce and improve the continuum between undergraduate and postgraduate training to retain the workforce locally to create a sustainable supply of dental professionals. This will ensure that dental education and training is developed appropriately to ensure jobs are available in Wales for those undertaking training. This will include post-graduate training for dentists and Dental Care Professionals (DCPs) and the provision of specific enhanced skills training to meet patient needs.

At the heart of Welsh Government policy direction '*The Oral and Dental Services Response to A Healthier Wales*' is a whole-system change approach in dentistry to facilitate a step-up in needs-led preventive care to improve outcomes for patients. The dental contract offer encourages new ways of working including focussing on prevention and increasing access for patients. There are opportunities for primary care dental practices to develop new ways of working to increase the use of skill mix and the wider dental team in providing care to patients.

There are significant workforce shortages in all areas in dentistry which are impacting on patients being able to access oral health care in all areas of Wales. We are pleased to confirm that we will become a National Examining Board for Dental Nursing training centre and therefore able to offer pre and post registration dental nursing training. There are several existing routes for Dental nurse training in Wales and we are working with stakeholders to increase the provision of quality training through Welsh Government funded routes for Wales to ensure a sustainable supply of this essential workforce.

### 3.8.1 Dental Specialty Training

Recommendations	35 <b>[DN8: Hyperlink full table provided in appendices]</b>
Context	The specialist workforce in dentistry is complex and based on service and population need along with the need to succession plan and ensure sufficient provision and training capacity for the future.

	<p>We have worked closely with the dental specialties and leads in Wales to consider the workforce and population needs along with strategic direction e.g., Oral Surgery. Wales has only one dental school in Cardiff University that requires lecturers in specific specialties to enable comprehensive teaching and delivery of all the learning outcomes and standards prescribed by the General Dental Council (GDC). Ensuring sufficient academic staff in relevant specialties is essential to the dental school retaining Dental Authority status (awarded through the GDC) to continue providing dental undergraduate education and training.</p> <p>We have worked with the Dental School to develop plans for academic specialty trainees that will contribute to the training for these fragile specialties and ensure continuation of provision in education and training for the future.</p>
Trend	<p>↑ 50% increase on 2022/23</p> <p>Increased 12 training posts from 26 posts in 2022/23.</p>

### 3.8.2 Dental Foundation Training

Recommendations	74
Context	<p>The number of dental foundation training places is determined through the allocated funding. Dental Foundation training an essential requirement for all dental graduates who wish to work in primary care dentistry and provides a structured environment to ensure new graduates acquire the knowledge, skills and competencies to work safely in General Dental Practice. This training ensures that the majority of all dental graduates in the UK are eligible to enter NHS primary care dental practice and are able to see and treat patients safely and effectively.</p>
Trend	→ Maintained on 2022/23.

### 3.8.3 Dental Therapy Foundation Training

Recommendations	<p>20 (10 additional)</p> <p>Due to the increase training programme director and admin support will require investment.</p>
Context	<p>The dental therapy foundation training has been running since 2003 in Wales and places newly qualified dental therapists in General Dental Practice where they gain knowledge and skills of working in NHS primary care within a structured learning programme.</p> <p>The ambition to increase the availability of training places aligns with the system reform principles to further develop skill mix in dental practices.</p>
Trend	<p>↑ 100% increase on 2022/23</p> <p>10 posts were commissioned in 2022/23.</p>

### 3.8.4 Dental Hygienist and Dental Therapy (Undergraduate)

Recommendations	42
Context	Dental hygiene and dental therapy training has increased in recent years, expanding existing training provision in Cardiff university with training in North Wales via Bangor University. There are currently capacity challenges with the existing providers however we will look to increase existing contracts in year (up to 20%) if these issues can be resolved. We are working closely with providers to monitor and support this.
Trend	<p>➔ Maintained on 2022/23</p> <p>A new provider was commissioned in 2022 in Bangor and dental hygiene places were increased by 12.</p>

## 3.9 Medical Workforce

Our recommendations are to increase posts across a wide range of specialties/training programmes in Secondary Care/Specialty Training and Foundation Training.

The workforce shortages and consultant gaps in a number of priority areas is a limiting factor in the ability of the NHS in Wales to deliver key services and address the backlog in planned care following disruptions to services arising from the COVID pandemic. These recommendations aim to bridge this gap and increase the output of consultants over the next 5-10 years enabling NHS Wales to futureproof services and maintain current consultant levels against projected consultant retirements during this period. However, in the immediate term, the increased capacity afforded through these recommendations will support NHS Wales to provide regional treatment, healthcare closer to home and timely access to treatment and diagnostic procedures.

The increase in posts created through these recommendations will be distributed across NHS Wales according to education and training capacity. However in some instances, increases in North Wales have been stipulated within the recommendations to enable freestanding North Wales programmes or to address specific issues such as programme attractiveness, retention and delivery in that locality. For 2023/24 the approach to workforce planning for the medical workforce has focused on several key themes:

- Urgent and Emergency Care
- Cancer Care
- Planned Care
- Diagnostic Specialties/Health Promotion & Prevention
- Mental Health.

The medical workforce planning process and its recommendations is not undertaken in isolation from the process for other healthcare professionals. It is increasingly important to understand how new roles and new ways of working might support delivery of service in areas which were traditionally considered the remit of the doctor.

The growth in training on a Less Than Full Time (LTFT) basis has had implications for workforce planning. In July 2021, 452 Medical trainees across Secondary Care and General Practice training programmes were training on a LTFT basis. As of the end of March 2022 this has now risen to 653 with 22 trainees at Foundation level, 427 trainees in Secondary Care/Specialty Training and 204 trainees in General Practice. This accounts for 25% of the

total specialty trainee doctor workforce with percentages being much higher across specific programmes such as Paediatrics, General Practice, Emergency Medicine and Anaesthetics.

Training Programme Directors and findings from surveys such as the GMC National Training Survey, report high levels of self-reported trainee burn-out particularly amongst those in the frontline specialties (Medicine /A&E anaesthesia and ICM) exacerbated by the Covid pandemic. Furthermore, there is increasing evidence that the Doctors of today wish to work in a different way with greater emphasis on a 'better work life balance'. Flexible working hours and portfolio careers are much higher on their agenda. These issues need to be supported if we are to retain our medical workforce and are considered in our workforce planning. The 2024/25 workforce plan for medicine will therefore focus on measures to address this and explore options to build flexibility in our systems to enable us to better meet the future demands of the trainee workforce.

### 3.9.1 Secondary Care/Specialty Training

Recommendations	92 <b>[DN9: Hyperlink full table provided in appendices]</b>
Context	<p>Recommendations for Postgraduate Medical training post expansions align with policy on key priority areas supporting NHS Wales to build sustainable capacity including;</p> <ul style="list-style-type: none"> <li>• Urgent and Emergency Care which includes increases in emergency medicine, geriatric medicine and internal medicine</li> <li>• Cancer Care which includes increases in clinical oncology, medical oncology and palliative medicine.</li> <li>• Diagnostics, which includes infectious diseases, clinical radiology, clinical neurophysiology, public health medicine and clinical pharmacology and therapeutics</li> <li>• Planned care recovery which includes general surgery, trauma &amp; orthopaedics, anaesthetics, dermatology, rheumatology and neurology.</li> </ul>
Trend	<p>↑ 3% increase on new posts in 2022/23 89 new posts were created in 2022/23.</p> <p>The increase of 92 new posts will see our training post establishment (baseline from August 2022) rise by a further 4.8% in August 2023. Of note the increase was 4.8% in August 2022 and 4.1% in August 2021.</p>

### 3.9.2 Foundation Training

Recommendations	69
Context	To increase the number of Foundation Year 1 posts by 39 and Foundation Year 2 posts by 30 for August 2023 as detailed in the Foundation Expansion Business Case.
Trend	<p>↑ 15% increase on new posts in 2022/23. 60 new posts were created in 2022/23.</p> <p>The increase of 69 new posts will see our training post establishment (baseline from August 2022) rise by a</p>

further 8.7% in August 2023. Of note the increase was 8.2% in August 2022 and 6.1% in August 2021.

### 3.10 General Practice

Our recommendation for recruitment to General Practice (GP) Training Schemes for 2023/2024 remains at 160 to a maximum of 200.

In 2019 Welsh Government agreed that GP Training numbers should increase to better reflect population numbers in each Health Board area. At the same time as an expansion of training places, the 1+2 model was also introduced (two years in general practice and one year in hospital) initially in 5 Schemes and then rolled out to the other 6 Schemes from August 2020. The target now is to recruit 160 GP trainees per year with an agreement that we can recruit up to 200 trainees if there are sufficient numbers of eligible candidates.

Since that agreement, the number of GP trainees has steadily increased. However, with this increase has come a change in the profile of some of our trainees due to UK wide regulatory changes. The Home Office have now included doctors on the Shortage Occupation List which means that all overseas doctors can apply for GP training in Round 1 rather than waiting for Round 2 when fewer numbers of posts are available. Now high numbers of our trainees are International Medical Graduates (IMGs) some of whom have little or no experience of the NHS and/or familiarity with UK general practice. For example, of the August 2021 and February 2022 intake, of a total of 184 total trainees 54% were IMGs. Indications for the August 2022 and February 2023 intake is that the number of IMGs will be high.

UK wide research shows that GP trainees who score below 500 in the Multi-Specialty Recruitment Assessment (MSRA) which forms part of the selection process will be more likely to experience difficulty in passing the exams that make up the Membership of the Royal College of General Practitioners (MRCGP) licensing exam and consequently may need extensions to their training. Higher numbers of trainees in this group are being recruited across the UK and this results in a higher cost per trainee due to the longer duration of their training. To mitigate against these factors, we have introduced a package of enhanced support for these trainees including the 3 module sub-regional Wales Enhanced Support for Training (WEST) Programme. In 2023/24 we will further develop and embed this support and have a business case in preparation for additional funding to provide this support.

### 3.11 Eyecare

Since 2021, HEIW has held the budget to support the professional development for qualified non-medical eye care professionals. HEIW's Associate Director of Optometry Transformation works closely with Welsh Government and healthcare providers to deliver and support education that improves the eye health of the people of Wales.

In Wales there is very good access to optometry services, where optometrists help to detect, treat and manage eye diseases early and stop unnecessary referrals. Community optometry practices are seen as an integral part of the transformation of eye care services and the on-going development of care closer to home. Optometry has a key role in delivering the key aims of "A Healthier Wales" through provision of care. HEIW supports these aims through:

Aim	Benefit to NHS Wales
1. Ensure newly registered and newly qualified IP optometrists are	To build confidence and extend skills which should reduce unwarranted referrals into

offered support and mentorship by the end of 2023.	secondary care. The extended support should also improve recruitment and retention of practitioners in Wales.
2. Embed a programme of quality improvement training for all registered practitioners.	Improved clinical and operational outcomes to maximise value of services to our population.
3. Develop and commission education which is used to provide new patient services in community optometry practices.	Ensure continuity and equity of professional development to meet regulatory and government requirements leading to improvement in clinical and professional practice to positively impact patient services across the whole of Wales.
4. Develop an education and training plan for secondary care ophthalmology nursing workforce.	To facilitate career progression to advanced and consultant practice for the ophthalmology nursing workforce and increase access to extended skills. Promote increased collaboration across the patient eye care pathway.
5. Explore teach and learning clinics and a quality framework for undergraduate and postgraduate placements by mid 2023.	To ensure equity of access to community optometrists with the highest professional skills for all areas of Wales, particularly those with rural and older populations.

### 3.12 New Roles

#### 3.12.1 Physician Associates

Our recommendation is to increase the level of education provision.

Physician Associates (PAs) work across a wide range of medical specialties in secondary care and in a number of practices in primary care. HEIW are working collaboratively with Bangor University and Swansea University, the Health Boards and Primary Care leads to develop more placements for PAs.

Recommendations	57 (Over IMTP numbers requested of 42)
Context	The numbers in training have steadily increased, and since 2021 graduating physician associates have been recruited as part of the streamlining processes. We have worked with organisations to identify opportunities to employ physician associates across a broad range of specialty, including within primary care and this has led to an increase in the interest in employing physician associates. The Mental Health Workforce Plan identifies a need to grow this workforce.
Trend	↑ 5% increase on recommendations in 2022/23

#### 3.12.2 Anaesthesia Associates

Anaesthesia Associates (AAs) were originally introduced in 2004 and are now established within many NHS hospitals in England and within Hywel Dda Health Board in Wales, which has 8 AAs.

AAs are highly trained, skilled practitioners that work within an anaesthetic team under the direction and supervision of a Consultant Anaesthetist. All qualified AAs have successfully completed an Anaesthesia Associate Postgraduate Diploma and are encouraged to maintain their presence on the managed voluntary register held by the Royal College of Anaesthetists (RCoA). AAs can provide perioperative patient care in either a 1: 1 or 2:1 capacity depending on patient acuity, they can support services such as PIC line insertion and can provide pre-operative assessment.

AAs can come from a nursing, ODP background or can enter the training with a biomedical degree. Currently Birmingham University and UCL deliver the training. It is a 27-month work-based programme, while students are on the programme they are employed by an organisation with the majority of the training being delivered in-house. Following engagement, it was agreed that there will not be enough demand over a period of time to make a course delivered by a Welsh university sustainable and therefore felt commissioning places from Birmingham or UCL would be the best option.

AAs are currently unregulated although the GMC have announced that they will be regulating them. The AA task and finish group have developed an all-Wales governance framework in line with the Physician Associate Framework.

### **3.12.3 Clinical Associates in Applied Psychology**

Following the review of the psychological therapies in 2020 and the Together for Mental Health Delivery 2019-2022 plan<sup>[i]</sup>, a need has been identified to develop the psychological therapies across Wales. Clinical Associates in Applied Psychology (CAAPs) offer a unique solution to help address the psychology and wider mental health recruitment challenges. CAAPs fill an identified skills gap between assistant psychologist and psychologists and also open up a new career pathway for graduate psychologists. From extensive stakeholder engagement it is clear there is an appetite for the immediate development of CAAPs. A first cohort of CAAPs is being commissioned to start in the 2022/23 academic year. A business case will be submitted to Welsh Government for recurrent funding and annual intakes of CAAPs. CAAPs are key to the achievement of the Mental Health Workforce Plan.

CAAPs are psychology graduates who complete a one year programme at full MSc in order to become a skilled associate psychologist. They can be trained to work with a wide variety of clinical settings and have a full year of supervised clinical practice before they graduate to become a CAAP. CAAP duties include assessing, formulating, and treating clients within specified ranges of conditions and age, either in primary care/adult mental health settings or in a range of areas involving children, young people, and their families. They are able to practice autonomously with appropriate support, working within their scope of practice, under the supervision of an appropriately registered Health and Care Professional Council (HCPC) clinical psychologist.

Welsh Health Boards have highlighted a number of areas in which CAAPs can help to deliver on Matrics Cymru & Matrics Plan including:

- Low Intensity workforce
- High Intensity/CBT/Systemic Therapists (following further post qualification training)
- Psychologically Informed Practitioners
- Highly specialist assessment and formulation at earliest point in patient journey
- Psychologically informed/trained practitioners for inpatient services
- Increasing accessibility to EB psychological interventions
- Post-diagnostic support services (OA)

- Carer-focussed interventions
- Psychologically informed support during a crisis (LD).

CAAPs implementation can also have a positive impact on the transformation of psychological services including:

- Increase access to psychological interventions for neurodiversity and cognitive impairment
- Clinical Health Psychology
- Psychologically informed inpatient services
- Delivery of group interventions in inpatient environments
- Management of pain and long-term conditions
- Primary and secondary schools- supporting the Whole School Approach
- Learning Disabilities Services
- Working with partner organisations to develop embedded, psychologically informed and psychological skilled work.

## Chapter 4 – Supporting Multi-professional National Programmes

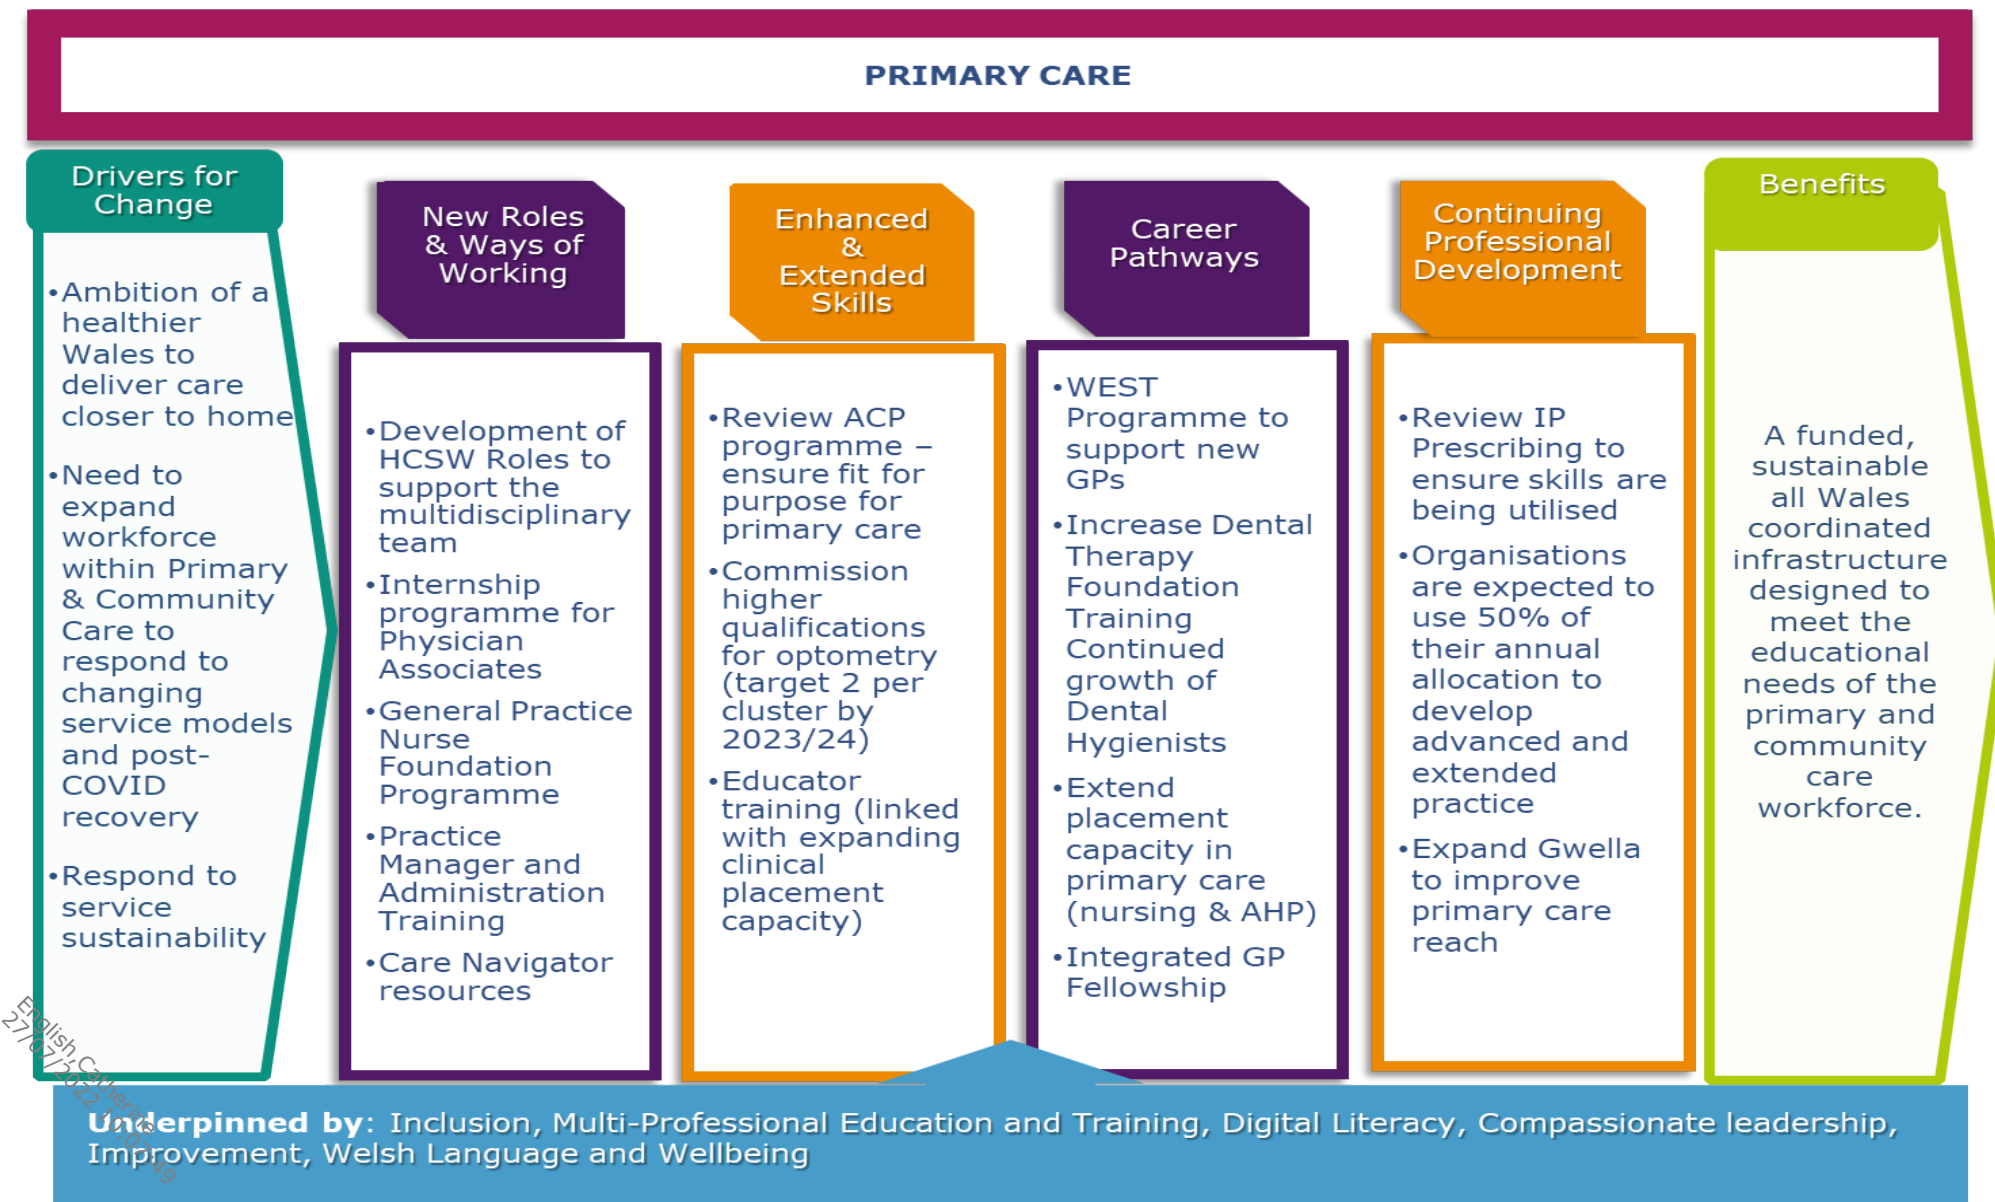

This chapter describes the contribution of Education and Training to supporting the delivery of national programmes.

In our IMTP 2022-2025 we set out the contribution we will make to supporting multi-professional national programmes as summarised below. The rest of this chapter outlines the contribution of the ETP to these national programmes;

## Chapter 5 – Addressing Diversity and Building Career Frameworks

### 5.1 Addressing Equality, Diversity and Inclusion in Education and Training

This chapter sets out the actions we are taking to address diversity, widen access and build career frameworks for NHS Wales. It includes information on how we are taking forward work-based learning, apprenticeships, and healthcare support worker development.

HEIW is committed to encouraging and supporting equality, diversity and inclusion within the healthcare workforce and promoting the 'widening access' agenda. We recognise our role to inform workforce policy and plans to ensure that we are developing a workforce that reflects the communities we serve.

The diversity of UK graduates regarding ethnicity and other protected characteristics continues to increase which is welcomed and supported. However, we understand there remains barriers and challenges faced by students and trainees with protected characteristics and acknowledge the impact on their training experience.

HEIW will introduce initiatives to address these barriers and challenges for NHS Wales, such as ensuring that our trainers are appropriately trained and skilled in understanding cultural diversity and unconscious bias to better support these individuals. Commencing in 2022, the new health professional contracts will require Universities to provide specialist advice and support for students regarding equality, diversity and inclusion and facilitate both the gathering of data and engagement with students with protected characteristics to identify variance in experience, perceptions, or attainment.

Recently, ethnicity and progression in postgraduate medical training has received a lot of attention in the UK with a focus on understanding and addressing the differential attainment gap identified between International Medical Graduates (IMG), UK BAME graduates and graduates from UK white backgrounds with the former two groups more likely to experience issues impacting their progression. Furthermore, the 2019 RCN Employment Relations survey found that nursing staff from an ethnic minority background were far less likely to be employed at higher Agenda for Change bands.

We recognise the importance of upskilling staff in this area and are developing a series of annual learning events for students and trainees that we support including a cultural competency programme. In our Strategic Equality Plan we have committed to develop and deliver procurement learning and development programmes which raise awareness of the importance of equality, inclusion, wellbeing and Welsh Language. Furthermore, following recent publication of Wales anti-racist action plan we will explore how best to drive this work through our Strategic Equality Plan.

HEIW will increase the understanding of such differences and introduce initiatives to address these for NHS Wales. We are committed to ensuring that equality, diversity and inclusion is embedded across the whole health and social care workforce at every stage of an individual's career, and that it is a fundamental component for a positive training experience in Wales.

## 5.2 Careers

We will continue to develop our one-stop all-age digital careers platform 'Careersville' as the primary resource for NHS Wales careers marketing, promotion and event management, taking the opportunity to also align with 'Train.Work.Live' and 'WeCare' marketing campaigns. 'Careersville' has been highly successful since the launch with our schools event in October 2021, and in particular the view rate has been very high on the Welsh Language version of the site 'Tregyfa.'

Over the next year we will enhance our approaches to supporting the wellbeing of our future workforce by providing age-appropriate career information and guidance to create meaningful work experience to better prepare our prospective students, learners and workers. We continue to support individuals and organisations who provide careers advice to schools, pupils and adults such as Careers Wales staff and teachers, ensuring they have access to robust and timely information about NHS Wales careers, as well as leading a thriving health and social care careers network, which helps to inform our offer and enables us to share good practice, as well as develop resources and information.

We will shortly commence engagement to develop our careers strategy. This strategy will encompass all ages and career stages and set our ambitions for future which include:

- Having a proactive approach to targeting specific shortages and in helping and supporting current staff who want a change in career and direction
- Reaching out to children and young people as well as adults, beyond our traditional paths to help shape their career choices
- Opening access to the many people in our communities that have valuable skills and experience currently under-represented in our workforce.

## 5.3 Advanced Practice

Multi-professional Advanced and Consultant Practice is critical to ensure we are developing a prudent in practice workforce maximising the opportunities of all professions to work to the top of their licence. In our IMTP we have committed to the development of an assurance framework. Currently there are inconsistencies across Wales in the development of advanced and consultant practice, resulting in a risk of inequitable practice or an inability to demonstrate parity in practice with potential risk of variable quality and safety for people using health services. A revised assurance framework will offer:

- Increased confidence that HEIW are commissioning Advanced Practice and Consultant training which is fit for purpose
- Improved understanding of career development routes and opportunities, including both academic and work-based learning routes

- Clearer expectation and articulation around quality of Advanced Practice and Consultant practice, building credibility around roles, enhancing consistency in development of non-medically led services and First Contact Practice roles
- Support the delivery of multi-professional practice providing care closer to home.

In order to support the development of advanced practice across NHS Wales an Advanced and Consultant Practice Development Manager has been appointed to lead on a review of the All Wales Advanced Practice Framework and undertake an exercise to create a data base of Advanced Practitioners in Wales. We will work with the Advanced and Consultant Practice networks to understand their needs going forward and introduce an advanced practice portfolio to the work of the Revalidation Support Unit in HEIW.

Our recommendation is to maintain the budget for Advanced and Extended Practice education annual funding at £2m for 2023/24, priority areas identified for health boards and trust to target their spend are:

- Community and Primary care/GP OOHs
  - All organisations are expected to use 50% of their annual allocation to develop advanced and extended practice within the community and primary care multidisciplinary workforce. This includes both managed and independent GP practices (SCPHN and SPQ are funded separately)
- Unscheduled care to include, emergency care, critical care
  - Ongoing work with WAST to increase the number of advanced paramedic practitioners (APP), provide funding for airway management and bridging modules to support aspiring APPs to meet the demands of the education
- Cancer services and diagnostic workforce to support planned care recovery work
- Endoscopy education to support workforce capability and capacity and national endoscopy plan
- Education for in Hospital Eye Health and Ophthalmology workforce
- Mental Health workforce education to support implementation of the mental health plan, which includes education for CAMHS, CBT, DBT etc.

## 5.4 Independent Prescribing

Independent prescribing (IP) education and training represents a significant area of expansion over the forthcoming years bringing direct benefit to the people of Wales.

Recently, regulatory changes have permitted a number of professions, such as nurses, pharmacists, physiotherapists, podiatrists, radiographers, optometrists and dietitians to play an increasing role in prescribing medicines for their patients. The first students to enter the Future Nurse programmes will enter the workforce in 2023 and carry the NMC expectation that they will be able to:

“4.17 apply knowledge of pharmacology to the care of people, demonstrating the ability to progress to a prescribing qualification following registration.”

This means that whilst ‘prescriber ready’ they will still need to undertake a post-registration prescribing programme to become a nurse prescriber and this will be linked to their employment role. In addition, Physician Associates will increasingly undertake IP courses as they integrate their roles further in primary care and 111 for example. This depends upon when they become a regulated course.

Changes in legislation means Advanced Paramedics are now able to undertake additional training to prescribe, bringing huge benefits to patients. Under current medicines legislation, registered paramedics already safely supply and administer a range of medicines for their patients. However, for those advanced paramedics mainly working within a GP practice, minor injuries unit, urgent care centre or in A&E this will enable a better use of their skills and improve patient experience by providing timely access to medicine and care closer to home.

Increasing access to prescribing for paramedics has huge potential to improve patient safety by reducing delays in care and creating clearer lines of responsibilities for the prescribing of medicines. For patients this means more timely access to medicines, care closer to home avoiding unnecessary trips to hospital or additional appointments with other health professionals.

In May 2022, GPhC made the long-anticipated announcement that pharmacists can begin independent prescriber courses whenever they have “the relevant experience and awareness”. This removes the previous minimum of 2 years ‘in practice’ and will increase (the rate of) engagement with IP training. All pharmacists on the new curricula will graduate – from 2026 – as prescribers. The plan is that the existing circa 1,200 patient facing pharmacists will become IP’s by 2026. We recognise that this causes some challenges in community settings.

Furthermore, we are commissioning new optometry education modules which can be directly used to provide new patient services in high street practice with the aim of having at least 2 optometrists in every cluster with higher qualifications in glaucoma, medical retina and independent prescribing. This will be aligned to new contract reform to facilitate delivery of new services in primary care optometry practice.

We recognise that it is vital that those who are upskilled to become independent prescribers require the infrastructure to support the use of these skills in practice. We commit to working with our health board partners to ensure that staff are able to use their skills and knowledge of prescribing and are supported to be prescribers.

There are also issues about increasing numbers across Wales as capacity is currently at limit. However, increases are being negotiated with Universities across Wales to help manage this shift in numbers. This work is ongoing and will continue to be developed. HEIW is reviewing the need for additional IPs and looking at a whole system solution rather than by individual professions. As highlighted in Chapter 3 this will require budgetary review for new contracts procured for 2024-25.

## **5.5 Work-Based Learning and Apprenticeships**

In 2021 Welsh Government agreed that HEIW would be their Development Partner for the Healthcare Apprenticeships. This role had previously been held by Skills for Health. A steering group has been established, led by HEIW and involving a wide range of stakeholders.

Over the last two years HEIW has been carrying out detailed reviews of the Healthcare Apprenticeship Frameworks currently offered. It is envisaged that this work will be completed by the end of March 2023. The suite of Healthcare Apprenticeships will then be fit for purpose for NHS Wales and associated healthcare partners. As a result of these reviews the number of work-based learning (WBL) qualifications contained within Apprenticeship Frameworks will increase, enabling a greater range of organisations to invest in apprentices and maximise their levy contribution.

Over the next three years we are committed to ensure WBL qualifications will be developed at education Levels 2 (GCSE equivalence) through to Level 7 (Masters equivalence) to support the development of the registered and non-registered workforce. Work is also being undertaken to identify education and training gaps in the progression routes and develop appropriate solutions, e.g., development of Level 4 WBL qualifications, procurement of part-time routes to health professional registration.

Over the next year we will;

- Develop and implement a new approach to support learning in practice for all students and trainees
- Embed the required quality control systems and processes for WBL across NHS Wales to include all aspects of the WBL Governance Framework
- Establish a process for the review of all Wales WBL resources to ensure that they are up to date
- Develop the Y Ty Dysgu learning platform to host WBL resources and other relevant information
- Undertake reviews of current work-based learning qualifications in line with their agreed review dates
- Deliver assessor and Internal Quality Assurance (IQA) training
- Take responsibility for the registration of all learners undertaking post registration WBL qualifications to support Phase 2 of the Strategic Review
- Work with the Education Workforce Council to ensure any NHS Wales staff who need to register are supported to do so.

We will measure our success in three years' time by being the main contractor to draw down Apprenticeship Funding from Welsh Government to offer a wide range of opportunities across NHS Wales.

## **5.6 Healthcare Support Worker Development**

Healthcare Support Workers (HCSWs) make up 41% of the NHS Wales workforce and make a valuable contribution to service delivery in all settings with over half of this 41% working in roles supporting Nurses and Allied Health Professionals (AHPs), others working across Healthcare Science, Facilities, Primary Care and more. Workforce profiling suggests that 80% of tomorrow's NHS workforce is in post today. Therefore, greater priority needs to be given to developing the skills and competences of the current workforce, to better meet the health and care needs of individuals today and tomorrow. Without building capacity and capability in the HCSW workforce, there is the risk of being perpetually out of step and continually training and developing a workforce to address yesterdays and not tomorrow's healthcare needs.

Since the introduction of the Apprenticeship Levy in 2016, organisations have sought to increase the numbers HCSWs undertaking apprenticeships, which are referenced within a number of the IMTPs. It is expected that organisations will continue to maximise the use of apprenticeship funding, which would increase the breadth of support that could be given to organisations from the HCSW budget.

There is an urgent need, however, to develop and invest in HCSWs working in primary, community and hospital services. In addition, many of the current HCSW workforce have the knowledge, skills, values and behaviours to undertake pre-registration programmes with minimal extra support. Evidence would suggest that these individuals would stay with their local Health Board/Trust employer.

There also needs to be equal opportunities for all HCSWs including those who work within Healthcare Science (commonly known as Assistant and Associate Practitioners in line with Modernising Scientific Careers) and Facilities Services and how HEIW supports the development of support workers within Primary Care. HEIW has continued to develop accredited work-based learning (WBL) qualifications to meet the development needs of the whole HCSW workforce. Areas where qualifications require development are identified:

- By the HCSW leads from across NHS Wales and their equivalents working within Primary Care
- By specialist workforce and education groups and service managers/clinical leads.
- Through the IMTP process where there is an opportunity to not only detail current requirements for support workers but also future qualification development
- As reviews of the healthcare apprenticeship frameworks take place
- HEIW will support WBL qualification development when there is an all-Wales need.

Further work needs to be done to illustrate not only the progression routes for a number of these qualifications but also where common units sit within a number of qualifications. This will allow learners to move more easily between settings/roles to continue their education journey. This workforce pipeline which starts with HCSWs needs to be underpinned by robust education and training programmes to ensure that individuals are competent to undertake their current role whilst also allowing for career progression.

## 5.7 Welsh Language

Language has always been paramount to enabling effective communication and person centred care. Receiving services through the medium of Welsh is a key component of care, especially when discussing sensitive and emotional concern.

This plan builds on the foundations of the workforce strategy for health and social care, in creating a workforce that is reflective of Wales' diverse population, Welsh language and cultural identity. The evidence of better clinical outcomes, and outcomes for people accessing care and support through the language of their choice is clear and highlights the vital importance we place on the delivery of health and social care in the language of Wales.

Professions such as Speech and Language Therapy now have specifically commissioned Welsh language courses to ensure the future workforce can deliver services in the chosen language of their patients.

We continue to work with Higher Education Institutions to ensure that all students have access to bi-lingual Welsh Language provision or provide opportunity for students to enhance their Welsh language skills in practice including opportunities for appropriate level Welsh Language lessons free of charge. We are aware through our new contract implementation meetings with education providers that some institutions plan to go above and beyond their contractual requirements.

The success of 'Tregyrfa.' has clearly demonstrated the need to support educational and career pathways through Welsh language.

## 5.8 Foundational Economy

We recognise our responsibilities to address the individual needs of each Health Board whilst, where appropriate, supporting a Once for Wales Approach regarding education and training and to ensure we are a major contributor to the foundational economy in Wales, both through direct funding into the education and training sector and by promoting access to high-quality employment and also supporting the 'Grow your own' workforce.

The implementation of Strategic Review Phase 1 has identified potential benefits of the new education contracts for health boards;

- Delivery of a more local / regional approach to healthcare professional education commissioning bringing the delivery of education closer to or in all health boards in Wales
- Dispersed and Distance Learning Nursing programmes enabling flexibility of learning and placements close to home
- For AHP's and Healthcare Science, all Wales and south east Wales provision has been diversified to, where appropriate, create part time education provision and develop additional programmes moving away from single providers for Wales where numbers allowed
- There will be a greater focus on closer partnership working and collaboration between the NHS Wales, HEI's and HEIW. By recruiting higher numbers of local students who understand the local population and community needs and are able to maximise undertaking their academic learning and placements more locally, it is envisioned there will be more opportunities for NHS Wales to fill vacancies from Welsh University graduates.

From 2022 we are meeting with all University and education partners individually on at least an annual basis. Here we will discuss how our organisations can work together on strategic healthcare education and training priorities addressing both country wide and local agendas.

Emphasis has also been given to recruit students from disadvantaged areas of Wales and from hard-to-reach communities, whereby a financial incentive is incorporated to enable greater support to those students from the lowest Welsh Index of Multiple Deprivation communities in Wales. One particular area requiring attention is the financial support available to students. We currently fund accommodation and travel costs for health professional students when this requires additional cost when referenced against their accommodation and travel to university. The Welsh Bursary provides much needed support to many students, and also attracts students to study in Wales. We are committed to working with our stakeholders to ensure appropriate and fair financial support to students.

From 2022 HEIW are commissioning two more Adult Nursing programmes in Wales that will help to attract people who previously may not have been able to access this training. There will be a full-time programme to service HDUHB North delivered by Aberystwyth University and a dispersed training programme in HDUHB and PTHB. The dispersed model will require HEIs to deliver training locally to people based in these Health Boards.

The work to address the needs of local areas, in particular those whose access to education and training is affected by rural or remote geography will continue during Strategic Review of Health Professional Education phase 2. Aspects of SRHPE phase 2 have been referred to throughout this ETP. A stakeholder event to address the next steps in SRHPE phase 2 is planned for later this year focused on advanced and extended practice together with newly identified areas of education and training need to support and respond to workforce need.

## Chapter 6 – Educational Enablers

This chapter sets out the strategic plans for the education enablers necessary to achieve optimal education and training and thus recruitment into the workforce.

### 6.1 Clinical Placements and Supervision

We are committed to supporting the development of placement availability and quality to underpin delivery of education and training across healthcare programmes. Placement learning constitutes a significant proportion of healthcare education and training with over 11,000 students undertaking pre-registration education programmes at any one time, and a significant number of trainees undertaking post-graduate education in Wales.

Increases in student and trainee numbers has placed a substantial premium on placement availability. New models for placement learning, inter-professional education and supervision are needed to ensure sufficient placement capacity for a wide range of students/trainees. In our IMTP we have committed to:

- Build on existing placement availability across nursing, midwifery, allied health profession, and healthcare science programmes
- Expand placement availability in targeted areas across primary, secondary, tertiary health and social care placement environments
- Establish stakeholder workstreams to develop new placement availability across priority settings including primary care
- Consolidate our role in medical, dental, pharmacy, and optometry placement management aligned to new programme implementation, service redesign, and strategic funding developments
- Ensure best-practice placement quality framework alignment across all healthcare professional programmes
- Develop quality benchmarks for placement excellence.

In three years' time we will have achieved the following outcomes for the population, staff and patients;

- Healthcare placements that offer students/trainees the breadth and variety of learning experiences necessary to meet programme learning outcomes, supported by committed, interprofessional placement supervisors, educators, and assessors
- Strategic, contractual, and financial plans that facilitate broader placement experiences to be achieved by education and placement providers, in collaboration with Regional Partnership Boards
- Placement learning experiences that prepare future registrants to provide service excellence in population health and wellbeing, respect personal experiences of care, ensure best value from resources, and be part of a sustainable and committed workforce
- Increased the number of pre-registration clinical placements for nurses within General Practices in Wales by rolling out a model tested in CTM across Wales using the new Primary & Community Care Academy infrastructure to facilitate this.

HEW funds approximately 60 Practice Education Facilitator (PEF) and equivalent roles across nursing, midwifery, allied health, and healthcare science professions. PEF roles are multi-layered and span the whole student journey including involvement in selection and recruitment, facilitation of placement capacity, delivery of supervisor and assessor training, quality assurance of practice learning environments, supporting registered staff with

students who are not meeting required levels of proficiency, through to the point of registration and support of new employees during their initial period of preceptorship.

HEIW has also recently introduced three Regional Care Home Education Facilitators (CHEFs) in Wales. A strategic thread of the CHEF role will be to work with key health and care partners and wider stakeholders to influence, promote and embed placement learning opportunities within the care home sector.

Responsibilities for PEF/CHEFs sit with the HEIW Head of Placement Experience and Improvement. A key objective for HEIW is to influence the future vision for PEF/CHEF posts in Wales, including a review of PEF role equity across fields of practice, healthcare professions, and regional geographies; widening the inter-professional remit of practice educator roles; and review of PEF core role elements. Business case proposals for new PEF and equivalent roles have been identified to support contemporary service developments for example in relation to primary and community care and mental health frameworks.

There are particular constraints on expanding clinical placements within primary care due to a combination of issues including lack of educator capacity; premises constraints and lack of specific funding that recognises the costs of releasing staff for educating and training due to the nature of independent contracts. Our ambition is to grow the availability of clinical placements within primary care to ensure that students have a rounded experience of clinical settings across the NHS, and to inspire a new generation of students to take up careers in primary care. We want to test the ability to extend the Cwm Taf Morgannwg Health Board hub and spoke model across Wales to expand clinical placements in General Practice settings from a very low baseline.

## **6.2 Simulation Based Education and Training**

The All-Wales Simulation-Based Education and Training Strategy for the Health and Care Workforce sets out our vision for excellent Interprofessional Simulation Based-Education and Training.

Our strategy recognises the importance of simulation as a learning and educational tool for the development of the workforce, as well as its role in quality improvement and enhancing patient and service user safety and experience. It sets out our mission to co-ordinate the delivery of exemplary, high quality, interprofessional simulation-based education and training (IPSBET) that is accessible to all across the health and care workforce in Wales, as well as our objectives for faculty development and promoting the use of key recognised simulation standards.

Since its establishment in 2020 HEIW's Simulation team has worked to add value to NHS Wales by putting in place key foundations to support the delivery of simulation-based education (SBE) and clinical skills delivery, promoting quality and consistency of approach. HEIW has undertaken extensive engagement with the simulation community in Wales, sharing information and best practice for SBE in Wales, underpinning future development and initiatives to support collaborative multi-professional practice and effective use of resources. The team has established a working group of key stakeholders to discuss the further development of simulation-based interprofessional education and training and developed a quality improvement-based framework to guide simulation interventions following key clinical events. The team has also completed a Delphi study to define 'Simulation-Based Education' and is collecting data around the

accessibility of faculty, facilities, equipment and other relevant resources to support the delivery of simulation-based education and training in Wales.

In our IMTP we have committed to:

- Implementation of key priorities within the All-Wales Simulation-Based Education and Training Strategy for the Health and Care Workforce, and particularly to:
  - Support and promote interprofessional simulation-based education and training.
  - Standardise the faculty approach for simulation-based education and training in Wales through faculty development
- Develop lines of accountability to facilitate strategy implementation, particularly regarding quality assurance, IPSBET and accessibility
- Work across HEIW to support the delivery of key resources, support structures and mechanisms needed for simulation-based education and training.
- Enhanced and quality-assured use of resources on appropriate virtual platforms
- Disseminate and promote simulation-based education and training developments in Wales.

We recognise that in order to support the sustainable development of simulation-based education and training it will be critical to understand how simulated placement hours will be measured in comparison to clinical placement hours in the longer term. We are committed to work with regulatory bodies and education providers to greater understand the impact and ensure quality whether through in person or simulated activity.

### 6.3 Leadership

[The Workforce Strategy for Health and Social Care](#) states that 'by 2030, leaders in the health and care system will display collective and compassionate leadership'. There is substantial evidence of improved delivery and performance and of better outcomes for patients, where compassionate leadership approaches have been applied. Compassionate leadership which encompasses a focus on the health and wellbeing of staff will be a key cornerstone in the recovery and reset of NHS Wales.

The new health professional contracts commencing in 2022 will ensure that students have an understanding of compassionate leadership from day one of their training. This will ensure we are growing the compassionate clinical leaders of the future. We have ensured that our HEI partners have access to Gwella the online leadership portal which includes resource bundles for the seven compassionate leadership principles and can further supplement their learning with the Compassionate Leadership book by Professor Michael West.

The leadership team have worked in partnership with Wrexham Glyndwr University and created a 20-credit Compassionate Leadership in Practice Module. The aim of the module is to introduce the behaviours of compassionate, collective, and inclusive leadership practices, through developing a critical understanding of the core concepts, facilitators, barriers and enablers to embedding compassionate leadership within a workplace culture.

HEIW is also working with Professor Michael West and in partnership with colleagues across health and care to develop a Compassionate and Collective Leadership Programme comprising a tutor led component and self-paced pathway aimed at embedding leadership principles and behaviours. In our IMTP we have committed to;

- Establish a network faculty of leadership associates who can support Executive and clinical development offerings
- Provide health and social care learning events to share best practice and create communities of compassionate and collective leaders
- Evaluate the impact and value chain of Gwella, leadership strategy and framework for action for NHS Wales
- Continue to enhance Gwella to reflect NHS Wales requirements through a series of pipeline developments
- Production of leadership resources for health and social care and continued publication and signposting to a wide range of leadership offerings.

The below diagram summarises how we are putting our compassionate and collective leadership strategy into action.

## 6.4 Wellbeing

[The Workforce Strategy for Health and Social Care](#) puts wellbeing front and centre of all that we do. Covid-19 provided us with huge focus on how we increased our support staff wellbeing. The [Pearson Report](#) into learners' mental wellbeing (Health Education England, 2019) highlighted areas for improvement in the way we prepare our future workforce, which includes work-experience prior to studying for health professional education programmes and how we support our students during their training.

We know that supporting both mental and physical wellbeing helps to attract new staff and retain existing staff, consequently improving patient care through an engaged, motivated, wellbeing focussed workforce. We will navigate wellbeing approaches, ensuring that they align with our compassionate leadership approach. We will curate resources, translate models and exemplar practice for use across Wales, to support the wellbeing of our NHS family in their current and future working lives.

Over the next year we will;

- Support our students by setting and monitoring standards for wellbeing support through our education contracting and commissioning
- Support our trainees/postgraduate (PG) students by reviewing our approach to wellbeing of trainees and PG students including our offer of the Professional support unit and how we hold joint responsibility with employers

- Support our NHS Family by providing system leadership and the curation and navigation of approaches and resources to improve retention by create conditions for staff to thrive.

Through providing system leadership in developing and embedding student training and workforce wellbeing, we are contributing to the ambition of an engaged, healthy and motivated workforce. Specifically, this means that:

- Information and resources including toolkits to support students, trainees, supervisors, managers and staff are widely available and utilised
- Robust diagnostic and evaluation tools have been developed and are providing evidence of improvement
- Wellbeing measures are being implemented and monitored to track progress
- Learner and workforce related policies and practices are being designed with a focus on wellbeing.

## 6.5 Continuous Professional Development

In the IMTP 2022-2025 we have committed to lead the development of a multi-professional Continuous Professional Development (CPD) strategy and drive improvements in current CPD activity to ensure that the existing NHS Wales workforce has the skills and capabilities required for the future. We have already been integral to the development of competency frameworks in Advanced Practice evidenced by roles such as Urgent Care Practitioners.

The CPD Strategy will provide direction and guidance for employers and employees when considering the range of CPD available to enhance both professional and personal development. It will allow HEIW to become a leader in the delivery, commissioning and signposting of appropriate, flexible, and accessible learning for the healthcare workforce in Wales. It will have an emphasis on Interprofessional Education and team training via digital and blended learning routes.

Having individuals who are able to access the most appropriate, good quality CPD at the right time, will ensure that the existing NHS Wales workforce has the skills and capabilities required for the future. This in turn will develop a competent, sustainable, and flexible workforce in line with [The Workforce Strategy for Health and Social Care](#).

Over the next year through extensive engagement and consultation we will develop, draft, refine and publish the CPD Strategy. Our plans for 2023 and beyond focus on the implementation and evaluation of the effectiveness of the CPD Strategy. By the end of 2025 our ambition is for staff across the professions to have access to high quality lifelong learning.

## 6.6 Digital

The Topol review concluded that 'Within 20 years, 90% of all jobs in the NHS will require some element of digital skills. Staff will need to be able to navigate a data-rich healthcare environment. All staff will need digital and genomics literacy'. In recognition of this we will improve digital skills and literacy through the Digital Capabilities Programme.

The pandemic has demonstrated the system's capacity for rapid digital transformation but this is not without challenges. Those unable to work, learn, or access critical services online tend to be already disadvantaged, and so the increased reliance on technology has had a compounding effect on inequality, health and wellness. This programme of work focusses on developing the digital capabilities of the 101,000 people employed in NHS Wales and will therefore also lead to increased digital participation and improving outcomes more broadly.

We will lead the development and implementation of a digital capability framework for the healthcare workforce (for staff who are not digital specialists). The approach makes developing digital capability accessible and actionable for individuals, mapping to a range of professions, resources, and tools. It builds consensus around skills and capabilities, whilst allowing for contextualisation within different professions. This programme includes a process or tool whereby individuals can understand digital skills and capabilities, self-evaluate, and be signposted to relevant support and development. By 2025 the digital capability framework will be well embedded in healthcare, providing individuals, and groups, with the opportunity, skills and resources to continue to develop digital capabilities as technologies evolve.

To ensure we are leading the way we will make use of current, emerging and future technologies to their fullest potential to develop and implement a digital learning platform. Y Ty Dysgu will enhance our reputation as a provider of high-level education and training to the NHS workforce in Wales. It will provide a standardised approach (quality and financial) for provision of course management and delivery of online learning activities and KPI reporting and will act as a vehicle for the operational delivery of HEIW's CPD strategy and digital capabilities work. Building on the accelerated transition to digital education and training in the early phases of the pandemic, Y Ty Dysgu will support the delivery of more than 25 of the Strategic Objectives in this year's IMTP.

The implementation of our single integrated data digital platform will offer:

- Information and services easily and safely accessed by those who need them, when and where they need them
- Barriers within and across organisations broken down, allowing for collaboration and integration
- Ability to join up data from multiple sources to create improved intelligence
- Processes that add value and support users
- Streamlining user experience with a focus on user first design principles
- Cloud first approach that allows agile deployment and development.

Over the next three years we are committed to establishing an improved digital first experience for staff and stakeholders, driving sustainable digital innovation through the M365 programme. We will embed being a data driven organisation, gaining insight and direction from business data. This will ensure an improved understanding of our workforce by developing analytical methods and sophisticated modelling techniques.

## **6.7 Multi-Professional Education & Training in Primary and Community Care**

In Autumn of 2020, we began engagement on a proposal to develop Multi-Professional Education and Training to support Primary and Community Care and the development of the Primary Care Model for Wales (PCMW). Over the last 10 years there has been a significant growth in the multi-professional workforce within primary care, yet with the exception of the GP training programme, there is no sustainable infrastructure to support multi-professional education in these settings. The engagement culminated in a proposal to invest in a sustainable infrastructure within HEIW and at a Health Board level and this has been supported by our Board. The aim is to establish an infrastructure during 2022/23 as set out within the IMTP. This will involve the creation of a small multi-professional education and training unit which will work alongside existing Deaneries and the creation of 7 Health Board Academies on a HB footprint.

The aim is to:

- Improve the quality and availability of multi professional training
- Improve access to clinical placements and work based learning
- Improve recruitment and retention
- Strengthen learning infrastructure and support for trainers
- Improve workforce planning in primary and community care at all levels (Practice, Professional Collaborative, Cluster and Health Board)
- Ensure that commissioning of all Wales training and education programmes is appropriate and fit for purpose.

In discussions with Health Boards, we have identified 5 pillars of educational support within primary and community care as shown below.

One of the early priorities for 2022/23 is to develop a national Foundation Programme for General Practice Nurses (GPN). GPNs are a key member of the multi-disciplinary team and provide a vital range of services. Investment in education and training for this group is patchy across Wales. We are working in partnership with Health Boards to develop and design a national GPN Foundation Programme which will be operational during 2022/23. In this first year, it will target 21 new training places for Practice Nurses at a cost of £0.275m HEIW costs) with a shared contribution from Health Boards and General Practices.

The infrastructure will improve the ability for NHS Wales to plan future workforce requirements including education and training need and we will work alongside Health Boards to systematically consider future need. It is likely that similar national programme will need to be developed that offer a consistent approach to education and training underpinned by the HEIW quality framework. We are proposing to handle future investment requirements taking a similar approach to that adopted for the delivery of HCSW and post-qualifying training whereby we prioritise programmes taking them through a robust internal business case approach and delivering via Health Board Academies. In 2023/24, we are proposing to start in a modest way through the creation of a fund that will support the national Unit and Academies in focussing on a small number of priorities and we are suggesting an investment of fund of £0.85 million to support the continuation of the GPN programme and any new national requirements.

## Chapter 7 – Financial Plan

This chapter sets out the financial costs associated with the Education and training plan.

In determining the financial implications of this education and training plan, costs have been calculated aligned to the identification of and review of workforce requirements and recommendations for investment.

The identified funding requirement across multi-professional areas has been calculated utilising consistent costing criteria based on known salary scales and anticipated annual uplifts.

### 7.1 Developments and Investments

Aligned to the contents of this plan, HEIW is actively progressing a range of workforce programmes which will complement the requirements identified in the plan and where additional resource is to be invested. These include;

- Mental Health Workforce Plan
- Primary and Community Care Academies
- Pharmacy Integrated Education and Training Plan.

Furthermore, organisationally HEIW is reviewing and advising on a number of existing funding streams currently in place to facilitate education and training across NHS Wales such as study leave, training grade salaries and advising on the future approach to Service Increment for Teaching.

### 7.2 Risks and Opportunities

The financial plan has been developed with the best available information and within the existing policy environment and investment approaches. The actual costs of investment will vary across the years of the plan as a result of the levels of recruitment and commencement of individuals into the wide variety of training programmes. There remains some uncertainty on the scale, length and impact of the COVID-19 pandemic on educational and training commitments in the early years of the plan.

### 7.3 Finance

The following detail sets out the total funding requirement for Education Commissioning and Training for 2023/24 calculated as **£295.00m** increasing to **£321.77m** by 2025/26.

The total requirement for 2023/24 can be broken down into **£154.99m** for the wider health Professional Education, **£16.31m** for Pharmacy Training, which includes £1.56m in relation to the costs for the Undergraduate Clinical Placement Programme business case, **£67.97m** for Medical Training places, **£36.79m** for GP training, **£10.11m** for Dental training.

The costs of the Mental Health Workforce Plan at **£7.36m** and the Primary Care Plan at **£0.85m** made up of three specific areas of expenditure as broken down below.

	2023-24 £m	2024-25 £m	2025-26 £m
<b>Health Professional Commissioning</b>	<b>154.99</b>	<b>166.45</b>	<b>172.96</b>
Pharmacy (inc. UG Clinical Placement)	16.31	19.19	19.60
Medical Training	67.97	71.80	73.25
GP Training	36.79	37.59	33.87
Dental Training	10.11	10.40	10.61
Mental Health Workforce Plan	7.36	8.44	9.99
Primary Care – GP Nursing	0.28	0.28	0.29
Primary Care Pre-Reg Nursing Placement	0.07	0.07	0.07
Primary Care Plan	0.50	0.50	0.50
<b>Total</b>	<b>295.00</b>	<b>315.36</b>	<b>321.77</b>

### Health Professional Commissioning Split

Health Professional Commissioning is made up of a number of areas and as such can be further split into the following categories:

FINANCIAL YEAR	2023.24 £m	2024.25 £m	2025.26 £m
Nursing	80.75	89.76	94.29
Midwifery	6.58	6.93	7.03
Community Nursing	7.50	7.78	7.89
AHP total	33.18	34.23	35.31
Healthcare Science total	15.62	17.40	18.48
Advanced/extended practice	2.08	2.08	2.08
HCSW	2.50	2.50	2.50
Prescribing	0.50	0.50	0.50
Other Health Professional costs*	6.28	5.27	4.87
<b>TOTAL</b>	<b>154.99</b>	<b>166.45</b>	<b>172.96</b>

\* Other health professional costs includes Disability Allowance, Practice Education Facilitators, Overseas Nursing, Critical Care, Equivalence Training for Science Workforce, Return to Practice & Paramedic Refresher Training as well as some other small areas of commissioning not listed above.

### Increase in Requirement

The increase in the overall requirement for 2023/24 over the 2022/23 planned spend is £32.71m. This is as a result of a range of factors that are described in more detail in the table below.

	Budget 2022/23 £m	E&T Plan 2023/24 £m	Increase £m	Notes
Health Professional Commissioning	146.01	154.99	8.98	Impact of increased commissioning numbers
Pharmacy	12.04	16.31	4.27	Undergraduate Clinical Placement Programme

	<b>Budget 2022/23 £m</b>	<b>E&amp;T Plan 2023/24 £m</b>	<b>Increase £m</b>	<b>Notes</b>
Medical Training	60.50	67.97	7.46	£5.3m additional workforce plus impact of pay award.
GP Training	34.20	36.79	2.60	Increased numbers of extensions and protected pay. Cost modelled at 160 intake per year
Dental Training	9.55	10.11	0.56	Increase in Dental Therapist recruitment
Mental Health Workforce Plan	0.00	7.36	7.36	Costs of New Activity included
Primary Care Plan	0.00	0.85	0.85	Costs of New Activity included
<b>Total</b>	<b>262.30</b>	<b>294.38</b>	<b>32.08</b>	

It should be noted that within the Education & Training plan submitted in 2021/22, the reported full year impact of additional commissions included within that plan would result in a cost for 2023/24 of £277.94m.

The increase in funding request from £277.94m to £295.00m is £17.07m which can be broken down into:

- £1.56m associated with the Undergraduate Clinical Placement Programme business case
- £7.36m which relates to the Mental Health Workforce Plan and
- £0.85m for the Primary Care plan and
- £7.30m for additional commissions in various health professions for 2023/24.

## 1.1 Wales Population Estimates

It was anticipated that the information from the Census 2021 would be published in Spring 2022 and therefore available to inform this plan, however, due to the impact of the pandemic, this has now been delayed until at least July 2022. This means that Census 2021 information has not been able to be included within this plan and will be presented as part of next year's plan.

The population of Wales is estimated to be just over 3 million as at June 2020 and population projections indicate that the population of Wales is continuing to grow and is projected to increase by 2.7% to 3.22 million by 2028<sup>1</sup> and by 3.7% to 3.26 million by 2043. There will continue to be increases in the proportion of the population aged over 65, accounting for a fifth of the population by the middle of this decade and there will be more people aged over 65 than aged under 15 meaning that there will be less economically active people.

In 2020, 2.5% of the UK population was aged 85+ and by mid-2045, this is projected to have nearly doubled to 4.3%. The increase is fuelled by the baby boomers from the 1960s reaching 80+, as well as general increases in life expectancy.

By mid-2030, the number of children aged 0-15 is projected to decrease by 8.8%. Conversely, the number of people of pensionable age is projected to increase by 11.3%<sup>2</sup> and the number of working age people is projected to increase by 4.5%.

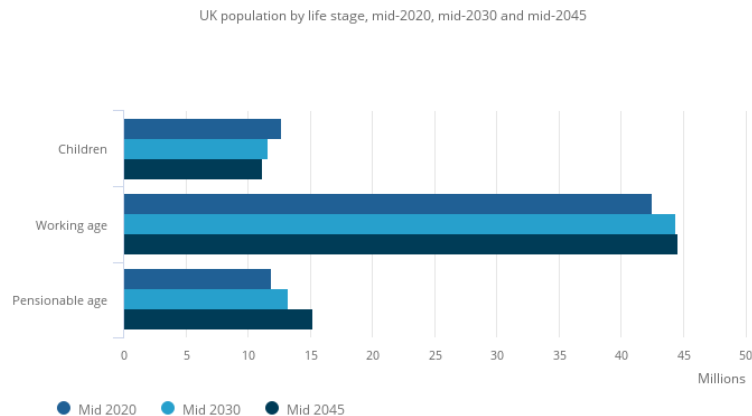

By mid-2045, the number of working age people and children is projected to remain around the mid-2030 levels, however during the same period, the number of people of pensionable age across the UK will grow to 15.2 million, an increase of 28% on the level in 2020. This will impact on both demand for healthcare and the availability of workforce to meet this demand.

## 1.2 Labour Market Intelligence

The May 2021 Labour Market Overview for Wales indicates that the employment rate in Wales was 74.0%. <sup>3</sup>The UK employment rate was 75.2%. The unemployment rate in Wales was 4.4% as compared to the UK unemployment rate of 4.8%. The Institute of Employment Studies (IES) <sup>4</sup> states that unemployment across the UK has fallen to its joint lowest since 1974 and is masking a continued decline in the size of the labour force. It estimates that there are now 590,000 fewer people in work in the UK than before the pandemic and 490,000 more people economically inactive - this growth is driven by fewer older people in work and more people out of work due to long-term ill health. The IES has estimated that, across the UK, there are now 1.17 million fewer people in the labour force than pre-pandemic coupled with a record level of vacancies and job turnover higher than pre-pandemic levels, with firms struggling to fill posts.

As the Wales population continues to grow, the balance between those aged 65+ and those aged 15 is estimated to widen, meaning that there is likely to be a continued decline in the size of the available labour force as people retire from work and if those workers choose not to remain in the workforce.

<sup>3</sup> [Labour market overview: May 2021 | GOV.WALES](#)

<sup>4</sup> [Labour Market Statistics, April 2022 | Institute for Employment Studies \(IES\) \(employment-studies.co.uk\)](#)

The proportion of older workers grew between 2003 and 2018; the numbers of people aged 50–64 in employment increased from 56% to 69%. During this period, the number of people aged 65+ in employment rose from 5% to 10% (StatsWales May 2019). *Age Friendly Wales: Our Strategy for an Ageing Society* recognises that it is economically imperative that employees in Wales are supported to adapt their skills to fit emerging new technologies and the changing jobs market. This can be achieved in part by equipping the workforce with the skills they will need across their working lives, but it will also require employers to provide more flexible working policies and environments.

### 1.3 Changes to working behaviours

Our working behaviours are also changing with a reduction in working hours across the workforce in the Human Health Sector. In the decade before the Covid-19 pandemic average working hours for full-time workers (in their main job) increased from 37 hours per week in 2010 to 37.6 in 2014, then declined overall in the following years to an average 37.3 in 2019.

There were marked reductions in 2020 to 33.8 and 2021 to 35.2 average hours per week due to the impact of the pandemic. There has been a subsequent increase to 36.4 hours in 2022, which is still below the pre-pandemic level of 37.3.

Men in Wales worked an average of 34.8 hours per week and females worked an average of 26.6 hours per week<sup>5</sup>.

For part-time working the picture is different, since 2010 there has been a gradual increase from an average 15.6 hours per week to 16.3 hours per week in 2019. Whilst the part-time working hours show the same decline between 2020 and 2021 during the Covid-19 pandemic. The 2022 figures show an increase on previous years to 16.6 which is higher than the pre-pandemic figure of 16.3 hours.

### Average Hours Worked (In Main Job)

Source: [HOUR01 SA: Actual weekly hours worked Wales Human Health Sector \(seasonally adjusted\) - Office for National Statistics \(ons.gov.uk\)](#)

<sup>5</sup> [Labour Market Overview, April 2022 \(gov.wales\)](#)

The CIPD<sup>6</sup> has identified an increase in homeworking following the Covid-19 pandemic rising from about 5% to 19%, but there has not been a similar rise in other forms of flexible working. CIPD report that the number of workers in a job-share, working flexi-time, compressed hours, part-time hours, term-time working, annualised hours and zero-hour contracts has decreased or remained stagnant.

Pension changes over recent years, including the McCloud judgement (2018) and changes to the ages at which people can retire and draw their full pension entitlement, may lead to changes in retirement behaviours. The average age of retirement currently within NHS Wales is 63 for males and 64 for females, however, future changes to pensions and state pensionable age may change the average age of retirement. This will need to continue to be monitored to explore whether the recent changes to pensions and pension flexibilities have any impacts on retirement behaviours especially given the numbers still due to reach 60+ within our workforce and whether this impacts on the participation rates of older workers.

#### 1.4 Analysis of Integrated Medium-Term Plans and Workforce Planning Questions

This year, organisations were required to submit three-year IMTPs and HEIW requested organisations to respond to 5 high level workforce planning questions that would support organisations' education commissioning requests and provide additional, focussed workforce information in regard to retirement, recruitment, part time working, workforce transformation and development of the multidisciplinary team. The organisations have identified a number of common trends, concerns and challenges and a number of workforce challenges, including:

- Workforce shortages across 5 staff groups, both current and future.
  - High level of retirements over the next 5 years in roles where there are high levels of vacancies, including nursing and smaller specialisms such as podiatry, neurophysiology, medical physics and cardiac physiology.
  - Development of new roles within existing multi-disciplinary teams e.g. first contact roles such as Physiotherapy, Dietetics and Audiology within primary care.
  - Increasing the introduction of new roles including Physician Associates, Anaesthetic Associates and Nurse Therapists.
  - Increasing skills sets of the existing workforce including the development of the skills of Healthcare Support Workers and Assistant Practitioners and providing routes for Assistant Practitioners to develop into roles such as Nursing, Diagnostic Radiographer and Pharmacy Technicians and for Healthcare Support Workers to support the shortage of Dental Nurses.
  - Recruitment challenges and skills shortages across a range of roles.
  - Increased numbers of leavers with organisations citing reasons for leaving include work-life balance.
  - Staff retention is fundamental alongside the need to understand why people leave.
  - Increased requests for part time working.
  - Need to build workforce planning skills for managers.
  - Need to improve data analysis to enable longer term workforce planning.
  - The continued impact of Covid-19 pandemic on the workforce across NHS Wales, including wellbeing of staff.
- Despite the pandemic abating, patient demand and workload increase with organisations reporting widespread pressure on diagnostics, cancer and mental health services as backlogs are tackled.

<sup>6</sup> [Trends in flexible working arrangements | Reports | CIPD](#)

There is consensus across IMTPs of the need to develop a better long-term workforce strategy, enabled by access to better quality and reliable data and improved management skills to identify, plan and prepare the future workforce. The emphasis within the IMTPs is less about the numbers, and more about the shape of the future workforce, coupled with the real need to build skills of managers and leaders to undertake long-term workforce planning as an integral part of their role. HEIW will continue to develop training and supporting resources to enable the development of workforce planning skills and competence for service managers.

Recruitment across organisations continues to be challenging, with significant national shortages and longstanding gaps in specialist professional roles which are impacting on the delivery of key programmes of work including cancer and mental health. Whilst many of the organisations are developing attraction plans for targeted services, building international pipelines and considering innovative recruitment methods, all are recognising the need to develop the existing workforce (including recognising the contribution of the unregistered workforce), the need to reduce turnover and emphasis on “growing your own” via apprenticeship routes and widening access.

All organisations state their ambition to work differently, transforming traditional roles, promoting development, advanced practice and top of license working. The development of new roles features across the IMTPs, including Physician Associates, Anaesthetics Associates and Assistant Practitioners and extended roles, including Mental Health Practitioners and Community Pharmacists.

In terms of key pressures and specialisms requiring the most urgent attention, the IMTPs made repeated references to the same clinical areas:

- Improving diagnostic capabilities to meet referral demands in endoscopy and radiology through rapid diagnostic centre models and by increasing capacity.
- Pathway improvements in cancer services to reduce waiting times and increase cases identified through early diagnosis.
- Improving clinical outcomes in circulatory diseases including stroke and heart disease.
- Reviews of mental health services to ensure services can match increasing levels of demand.
- Improving community/at-home care through increasing SDEC, ambulatory and palliative care to shift resources from acute to community based-care.
- Expansion of dental training to combat increasing pressures on existing services.
- Support to reduce ophthalmology cases, including increasing demand for cataract surgery from an ageing population.
- Extensive delays for orthopaedic referrals & treatment.
- Need to focus on the sustainability of unscheduled and critical care.
- Focus on increasing use of technology (including AI) to reshape professions and the shape of the workforce and to enable working differently and further agile working specially to tackle turnover hotspots (Healthcare Scientists).

Through our Education & Training Plan and IMTP, we will support organisations to address these pressures.

## 1.5 The Impact of Covid and post-Covid workforce

As outlined in the last HEIW Education and Training Plan, the Covid pandemic continues to impact on the workforce and will continue to do so for years to come. Some of the longer-term trends and impact on the workforce, including potential changes in workforce behaviours are yet to emerge and will need to continue to be monitored. There remain a number of concerns of potential key impacts on the workforce:

- Increased turnover including increased or earlier retirements
- Staff wellbeing impacting on fatigue and its impact on retention
- Increased applications for flexible working/reduced hours

The pandemic saw many services experiencing reduced referrals, only to result in the creation of sizeable backlogs of patients now needing diagnoses and treatment plans. During the pandemic services had to innovate, integrate and collaborate at pace and there is no appetite to return to the previous ways of working within the IMTPs. The IMTPs report that the pandemic led to different ways of working, shifting from reactionary and short-term to a position where organisations have taken stock, reflected and have started to develop future-focussed workforce plans which can drive recovery, embrace the increasing use of technology and reduce patient waiting lists.

An increase in requests for flexible and part time working was identified as a key workforce trend following the pandemic and the CIPD identify that the increase in homeworking following the COVID-19 pandemic is continuing (rising from about 5% to 19%), however, there has not been a similar rise in other forms of flexible working. In fact, the number of workers in a job-share, working flexi-time, compressed hours, part-time hours, term-time working, annualised hours and zero-hour contracts has decreased or remained stagnant<sup>7</sup>.

## 1.2 Nursing and Midwifery

### Routes into nursing

There are five well-established routes into nursing within Wales;

- 3-year pre-registration programme.
- A 2-year graduate entry accelerated education programme leading to registration.
- A 2-year Healthcare Support Workers (HCSW) accelerated pre-registration programme.
- Route for HCSW (this includes existing and new HCSW) to complete nurse education on a part time basis (over 4 years) while they continue to be employed by their existing NHS employer.
- A distance-learning programme for existing and new HCSW, which will take on average 4 years to complete. Staff will be employed by the NHS.

Over the past two years we have commissioned more places on the part time employed routes. These routes are an excellent route for HCSWs to progress their careers and provide a much-needed workforce of local people who want to train and stay in Wales to work on completion of the programme. We propose a continuation of the increases the commissioned places for these programmes. This will provide a number of benefits, which include:

- Providing widening access to the local workforce.
- Support career development for HCSWs currently employed in NHS Wales, which will promote recruitment and retention within the NHS Wales workforce.
- Increase supply of nurses from the local population.
- HCSWs are a valuable supply source for the recruitment to pre-registration programmes and therefore this will contribute to a solution to the recruitment challenges currently faced.
- Increase the opportunity to make places available to care home providers.

The additional investment in three of the nursing fields as identified below should be considered against the following:

- The potential impact of Brexit on the available nursing workforce.
- The potential impact of Covid on the number of people seeking to leave the profession or taking the opportunity to retire.
- Health Board need to comply with the requirements of the Nurse Staffing Levels (Wales) Act (2016) which came into full force from 6<sup>th</sup> April 2018.
- Nursing remains a shortage profession.
- Ongoing recruitment difficulties across the UK.
- Changes in work patterns – increasing levels of part time working.
- Agency nursing costs and the need to invest now to prevent an escalation of the agency expenditure in the medium/long term.

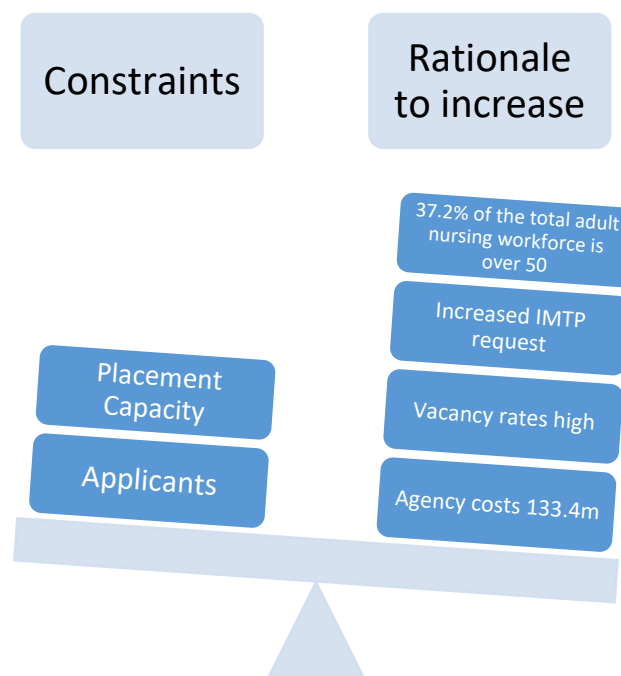

Following a strategic review of Health Professional Education in Wales and the award of new education contracts, we are able to commission more nurse pre-registration education places in Wales. In recent years the HEIs in Wales have struggled to meet the target commissioned pre-registration places in some fields. The number of applicants has not dropped but the number of training places increased. From 2022 we are commissioning two more Adult Nursing programmes in Wales that will help to attract people who previously may

not have been able to access this training. There will be a full-time programme to service HDUHB North and a dispersed training programme in HDUHB and PTHB. The dispersed model will require HEIs to deliver training locally to people based in these Health Boards.

We added to the distance learning commissions with a small pilot of pre-registration adult nurse training for care home HCSW. The progression of this pilot is currently being evaluated. We will look to increase the number of places available through this route once the first cohort of students have completed the first year of study.

## Increases In Nurse & Midwifery Commissions

English Catherine  
27/07/2022 10:07:49

## Adult Nursing: Case study

### 2022

- 1,651 places were commissioned.
- Against an identified Service (IMTP) need of 2,502.
- Therefore, 66% of the total identified need has been commissioned.

Compared to **2021** this was an increase

- We commissioned 1,540 against a need of 2,452. This represents commissioning 57% of the need.
- Commissions have increased from 2021 to 2022 by 7.2% from 1,540 to 1,651.
- Commissions have increased from 2020 to 2021 by 10% from 1,400 to 1,540.

Whilst the numbers commissioned are significantly below the IMTP numbers it must be noted that the trend, since the inception of HEIW has been to,

1. **Commission more each year and**
2. **Commission a higher percentage of the IMTP identified need**

Opportunities to continue increasing include blended and simulated learning opportunities meaning less pressure on the estate and therefore on maximum cohort size. Additionally, the procurement of new pre-registration education contracts has increased the number of training places available enabling recruitment of students from the more rural areas of Wales.

Streamlining for nursing has demonstrated **there is no shortage of posts** and more nurse graduates **will reduce the impact of the agency bill**. Course attrition remains below the UK national average.

The main **issue** relating to increasing commissioning numbers surrounds the **availability of placements** that provide a rounded educational experience and there has been a commitment from Health Boards and Trusts (outlined in the 2022/23 E&T Plan), to work with us and the Universities to develop more placement capacity and innovative solutions for the additional student nurses and their employment upon graduation in 2025.

**Therefore, the growth has been challenging but achievable due to collaborative work across the system. Our increased focus, development and leadership across Practice Education Facilitator roles will assist in increasing numbers further.**

### Other factors to consider when determining 2023 Adult Nurse commissioning numbers:

- In 21/22 Universities struggled (in the January – March cohorts) to fully recruit to the commissioned places. A collaborative deep dive meeting with universities was held in May to understand the reasons for under-recruitment and to produce an action plan to address these issues in time for the 2023 January – March intake.
- Current vacancy rates in adult nursing. There are currently in excess of 2,000 (awaiting confirmation) adult nurse vacancies across Wales.
- Age profile of adult nursing workforce
  - Of the 19,722 adult nurses (headcount) identified in ESR @ dec'21:
    - 1,696 (8.6%) are over the age of 60
    - 2,590 (13.1%) are between the ages of 55-59
    - 3,053 (15.5%) are between the ages of 50-54
    - 37.2% of the total adult nursing workforce (7,339) are over the age of 50
    - 50 is an important age in terms of pensions as all staff over 50 are able to retire, with full pension at the age of 55. Therefore, with 37.2% of staff at or approaching retirement age this presents a significant risk over the next 5 years.
- Participation rates (i.e. part-time % of time staff work)
  - Between the ages of 30 and 54 adult nurse staff have a participation rate of approx. 90% (i.e. 4.5 days in a 5 day working week)
  - The average participation rate for staff between 55 and 59 is 79% i.e. just under 4 days
  - For staff aged 60 and above this falls to 66% i.e. 3.3 days

- Therefore, in addition to the risk of staff retiring, there is an additional risk that
  - the 3,053 staff between 50-54 will reduce their working week from an average of 4.5 days per week to 4 days and
  - the 2,059 staff between 55-59 will reduce their working week from an average of 4 days per week to 3.3 days and
  - This – even with no retirements – could lead to a reduction of 130,588 days work per annum (based on 44 weeks per annum). It would take 594 nurses (based on 220 day 7.5 hour shifts) to replace the lost hours
- Nursing agency costs continue to increase:
  - Nurse Agency costs are increasing year on year. The graph below shows the increasing agency spend from £9m in 2012 to approximately £134m in 2021/22)

## 2023 need analysis

- The IMTP's have identified a need for **2,866** adult nurses to be trained. This is 364 (14.5%) above the 2,502 identified in 2022.
  - The maximum number in the new contracts is 1,651.
  - However, HEIW reserves the right under the contract to go above this figure by 20% without provider agreement (they have signed up to this in the contract).
    - This provides potentially up to 330 more places that could be commissioned
    - The max (+ the allowable 20%) is therefore 1,981
    - Note: we can go above this level but only with provider agreement.
  - The number of adult nurses commissioned in 2022 is 1,651
  - To commission 66% of the IMTP numbers (as in 2022) **we would need to commission 1,892** (66% of 2,866)
    - This is 241 more than 2022 (equivalent to a 14.6% increase in commissions)
  - This is within the contract boundaries but,
    - The cost will be significant (finance to provide figures) however given the nurse agency costs in Wales the costs should be justified
    - Placements will be a significant pressure and consideration will need to be given to ensuring that all students will be able to undertake safe and quality placements where they can acquire all the required learning outcomes and accumulate the necessary hours
- The deep dive into recruitment needs to yield positive outcomes

# Strategic Nursing Workforce Plan for Wales

Lead and develop a sustainable national workforce plan for nursing, to achieve a better match between demand and supply in Wales.

## Approach - we need to understand

- **Current baseline** (pooling current wf intelligence and information)
- **Demand** (forecasting and foresight, scenarios – short, medium, long term)
- **Supply** (to meet gap between the current baseline and demand)
- **Investment**

## Approach - we need to align with

**National Nursing Workforce Group**  
**WODD/EDoNS**  
**Royal Colleges**  
**Demand Modelling Exercise** led by WODs peer group for local organisations, linked with IMTPs, to inform a consolidated national position on what is needed over next 3 – 5 years.

**Baseline Mapping** – data complete  
Identification of Key issues in progress

**Investment appraisal**

**Demand modelling** – Commission Long Term scenario planning  
(Population / service model / technology, multi professional)

## Supply Solutions - Key planks will include

- **Workforce supply and shape** – increasing commissioning, deployment, roles, models, delegation
- **Engaged, Motivated and Healthy** – take up of wellbeing support/ resources/ mentorship /supervision
- **Attraction and Recruitment** including international Career development opportunities
- **Retention** – Supporting preceptorship and early years in the profession, Return to practice / reservists
- **Seamless workforce models** – Unique role of the nurse in the team around the patient. New ways of working.
- **Digitally Ready** – Clinical informaticists, culture and new ways of working supported by digital
- **Education and Learning** through flexible approaches – Enhanced, Advanced and Consultant Practice, CPD Framework
- **Leadership and succession** – Talent pipeline at local levels

Supported with cross cutting actions  
from WFS seven key themes

Supported with research, best practice,  
innovation and engagement

## 1.3 Healthcare Professional Education

### Larger professions commissioning numbers 2017-23

### Dietetics

#### Modelling and Profiling:

- IMTP need: PG Dip – 41 - additional 16 from previous year – a huge increase.
- IMTP need: BSc – 51 - additional 12 from previous year.
- The contract numbers are between the range of 64 and 75 and within that, the range of 17 to 20 for PG Dips.
- 66 were commissioned this year.
- Considering workforce needs the commissions should increase above the 66 towards the top of our contract level.
- Age Profile – 85 are 50 - 54 = 25%; 36 are 54 – 57 = 8%. No glut of retirements.
- Participation Rate: doesn't drop until it gets to 60 plus. Fairly consistent from 40 plus.

There has been a huge demand on a small workforce. There has been a large increase in the remit of dieticians and in the complexity of Service User needs, i.e. the public health agenda is growing quickly in addition to pressures on secondary care, for example, malnutrition, requiring tube feeding, cancer, diabetes, etc.

Access to the workforce information from primary care is still limited but there is a growing need for dieticians and other therapists within primary care.

## Occupational Therapy

Course provision is a mixture between FT, PT and PGDip.

### Modelling & Profiling:

- IMTP need: B.Sc OT F/T – overall additional 10 = 103
- IMTP need: B.Sc OT P/T – additional 5 = 29
- IMTP need: PG Dip – down by 9 = 11
- Age Profile – 25% of the workforce are over 50 years old
- Participation rate – decreasing as the workforce get older
- Minimum numbers in the contract is – 163
- 35% Increase in FT from Sept 2021 - 2028

Commissioning numbers to remain the same. Similar to Physiotherapy we will ascertain more information from organisations through the workforce planning questions, not only on OT department demands but where are they are going to be developed in other areas.

## Physiotherapy

Course provision is a mixture between FT, PT and PGDip.

### Modelling & Profiling:

- Age Profile – younger workforce (103 over 55)
- IMTP need: B.Sc Physiotherapy F/T – 131 (same as last year)
- IMTP need: B.Sc Physiotherapy P/T – 34
- IMTP need: PG Dip – 34
- Over the next 6 years the workforce will increase by 80 a year
- 80%+ of graduates will join the workforce.
- Minimum number in the contract is 168 for all the different routes

More work needs to be undertaken next year through the workforce planning questions that organisations are asked to gain a better understanding of the pull factors on physiotherapy. This will enable organisations to identify where the demand is from other departments, primary care and state what they think demand is so that we can get a picture between what physio is requesting for the traditional services and where we think there is a demand for other physiotherapy services across the Health Board region.

The need to provide CPD to develop non-traditional services needs attention and will form part of Strategic Review Phase 2.

## Podiatry

There is a decrease of 5 this year with IMTP commission numbers of 19 compared to last year's 24. However, this is a reflection of Health Board need only and does not factor in the pressures facing the independent and private sector in Wales. There is an issue with health boards requiring higher skills sets than Band 5 resulting in many graduates having to go into private practice. Podiatry was included in streamlining this year and out of 23 graduates only 10 were employed by the NHS in Wales. Graduates also struggled to find places in the private sector. Students have indicated a preference to come into the NHS, but a gap needs

to be addressed to upskill graduates to meet the demands of changing and complex Service developments requiring more advanced skills. Podiatry plays a big prevention role for keeping people out of hospital particularly with the rise of diabetes.

## **Speech and Language Therapists**

### **Modelling & Profiling:**

- IMTP need: Bsc SLT + Welsh Language combined - 44
- Last year commissioned - 49
- Minimum numbers in the contract is - 48
- Age Profile – relatively young
- Participation rate – predominantly p/t workforce

**Welsh Language** – There is a need to produce Speech and language therapists who can deliver care through the medium of Welsh. There are now two providers going forward, North and South. A number of Welsh speakers are specified in the contract with North Wales, so this needs to be commissioned and delivered.

## **Doctorate in Clinical Psychology**

Demand is increasing across the service due to enhanced pressures on mental health services, this has been exacerbated by the pandemic. The mental health workforce plan identifies a need to grow the workforce. Workforce data also shows that there is an ageing workforce with the risk of a third retiring within the next 5 years. The number of trainees has been rising year on year in Wales but only by very small margins, due to placement capacity. Commissions have increased from 27 in 2019 to 36 in 2022 but Service demand far exceeds this.

Placement availability - where trainees can acquire the HCPC & BPS learning outcomes in a safe and quality environment has traditionally been a barrier to growth - thus the incremental growth. However, the Clinical Supervision expansion - covered in the CAAPs costs will also open up new and innovative placement opportunities for Clinical Psychology Trainees. Therefore, increases of 4, 8 and 18 additional places are recommended to be commissioned in 23/24, 24/25 and 25/26 academic years respectively. This will result in 54 annual commissions in 2025/26 - an increase of 100% from 2019 levels.

## **Paramedics**

The value of paramedics in keeping Service Users out of hospital has significant value – not just in financial terms – but also has a wider impact on the patient, family and NHS.

Commissions will be reflective of need and have been agreed with WAST and the Ambulance Commissioner as it was vital that the Service can sustain the placement pressures necessary for all under-graduate and Advanced Ambulance Paramedic students / trainees. Application rates for Paramedic courses are buoyant. Across Paramedics there is a high participation rate (above 95%) up to the age of 60.

Paramedic commissions are recommended to be:

- BSc Paramedics 80
- EMT Conversions 40
- APP MSc 15

- Bridging Modules 15

Whilst there is a need for more prescribing Paramedics and advanced practitioners, it will have an impact on pre-reg numbers if agreed and the service will need to be maintained.

## Operating Department Practitioners

### Modelling and Profiling:

- IMTP need: Bsc ODP – additional 31 from previous year – 89.
- 62 is the maximum number in the contract although there is flexibility of +20% above that. top end of our contract.
- Age Profile: 33% over the age of 50 years old – retirements may be sooner due to huge service demands.
- There are three regional ODP education providers enabling additional capacity to increase providing safe and quality placements can be identified.
- We will be commissioning aesthetic associates and ODP's would be a typical feeder supply into that role too.
- Increases needed to assist high number of theatre vacancies.

A step to approach to increasing would help with building the capacity.

## 1.4 Pharmacy

Since last years plan, there has been a significant step related to the funding for the Pharmacy Undergraduate Clinical Placements Business Case. For 2023-24 the number of placements in the business case increases to 7,560 as the number of students engaging with clinical placements increases. Welsh Government have accelerated delivery of the pharmacy vision through implementation of new Community Pharmacy Contractual Reforms and publication of, 'A New Prescription: The future of community pharmacy in Wales'. The contract requires a pharmacy workforce with a consistent 'person-centred' skillset to deliver expanding clinical roles through community pharmacies.

A nationally directed prescribing service has been introduced to improve the consistency of service delivery for citizens across Wales. We are planning for the increased demand for Independent Prescribing courses and training supervision by designated supervising Prescribing Practitioners (DPPs). In May 2022, GPhC made the long-anticipated announcement that pharmacists can begin independent prescriber courses whenever they have "the relevant experience and awareness". This removes the previous minimum of 2 years 'in practice' and will increase (the rate of) engagement with IP training.

In the new pharmacy contract, Welsh Government applied new financial incentives for recruitment and training of pharmacy technicians, including those qualified to accuracy check prescriptions. The incentives signal the high value given to the pharmacy technician role and support a more diverse skills mix to deliver community care. Pharmacy technicians are responsible for delivering more services supporting the transition of care from sectors for example hospital Discharge Medicines Reviews. We are planning for increased engagement with the pharmacy technician role in community pharmacy from pre-registration to advanced level.

Pharmacy: Delivering a Healthier Wales (PDaHW) highlighted that pharmacy professionals do not routinely have protected learning time which poses a particular challenge, given the extent

of the essential workforce development required to deliver the new pharmacy contract. Commissioning the required learning programmes is an investment which will need to be met with the resource of 'time to develop'. At the time of writing this plan, conclusions from an evaluation of 3 different models of providing protected development time for community pharmacy teams is eagerly awaited. Future plans must include a practical and sustainable way for the pharmacy workforce to take up much needed HEIW commissioned programmes.

Our commissioning recommendations are designed to continue support for pharmacy services in hospitals and NHS specialist services. This is through academic qualifications and medicines procurement, manufacturing, leadership and digital skills development which are essential to constantly take forward the shape of the everyday services which the pharmacy family lead. As part of the planned COVID recovery, more pharmacy professionals must be pulled through HEIW leadership development programmes so that pharmacy is better equipped to lead, from within clinical teams, to transform medicines services.

### Key commissioning priorities for the pharmacy workforce for 2023-24

Priority	Purpose
Embed the <b>'Access to' Programme</b> for healthcare support staff to gain the necessary entry criteria for the Level 4 Pre-registration Pharmacy Technician course.	Delivers on the 'Made in Wales', route to a registered health care profession. Supports employers to retain and develop existing staff.
Increase the number of <b>Pharmacy Undergraduate Clinical Placements</b> .	Part of the step-wise implementation of the IETS 5-year transformation programme.
Embed the <b>Post-registration Foundation Programme</b> for pharmacists.	With pharmacists on the Home Office Shortage Occupation list, this is an important retention tool for employers in all sectors. This includes a prescribing course to bridge the development gap for new registrants, until the IETS are fully implemented in 2026.
Increase annual numbers of <b>independent prescribing courses</b> to the <b>maximum deliverable</b> .	Support delivery of new Welsh Government contracted services and PDaHW. Upskill the existing workforce in advance of newly qualified pharmacist prescribers registering from 2026.
<b>Sustain current access to advanced and extended practice funding</b> across all sectors.	Prepare the existing multi-sector workforce for more person-centred care closer to home.
Increase the introduction and development of scientist roles into medicines manufacturing units in Wales.	Deliver a prudent workforce with more new opportunities for scientists and a reduced demand for shortage pharmacy professionals.

## 1.5 Dental

At the heart of Welsh Government policy direction is a whole-system change approach in dentistry to facilitate a step-up in needs-led preventive care to improve outcomes for patients as detailed in *'A Healthier Wales: The Oral and Dental Services Response to A Healthier Wales'*. Within this are ambitions to ensure a sustainable supply of the dental workforce and investing in the teams who deliver dental care to the people of Wales.

The dental workforce is complex and composes of multiple roles that provide oral health care to patients: dentist (generalists and specialists); dental hygienist; dental therapist; dental nurse are the principle clinical roles that will be familiar to many and that HEIW is involved in commissioning or training. There are other roles beyond this (dental technician; clinical dental technician and orthodontic therapist) that also play a part in the care provided to patients and HEIW works with those providing training to these professions also.

We commission undergraduate dental hygiene and dental therapy training and have increased the numbers commissioned in recent years, expanding existing training provision in Cardiff university with training in North Wales via Bangor University.

There are several existing routes for Dental nurse training in Wales and we are working with stakeholders to increase the provision of quality training through Welsh Government funded routes for Wales to ensure a sustainable supply of this essential workforce.

Along with improving the supply into the various dental roles, retention is key to ensuring the workforce is sufficiently retained to operate effectively and safely and we are working to develop career pathways and opportunities as well as ensuring the workforce is appropriately supported with wellbeing and peer support and workforce development opportunities aligned to system reform principles.

Dental Contract Reform – the dental contract offer encourages new ways of working including focussing on prevention and increasing access for patients. There are opportunities for primary care dental practices to develop new ways of working to increase the use of skill mix and the wider dental team in providing care to patients. This is aligned with the principles of Prudent health care and ensuring career opportunities and pathways for all members of the team to improve retention.

We have worked with colleagues and stakeholders across the system in Wales to review the dental specialty training provision within the contexts of patient need, training capacity and future planning. The proposals are detailed in the table below. Where no increase is recommended these will be considered in the annual review next year.

## 1.6 Medical Workforce

### Methodology & approach

For 2023/24 the approach to workforce planning for the medical workforce has focused on several key themes:

- Urgent and Emergency Care
- Cancer Care
- Planned Care
- Diagnostic Specialties/Health Promotion & Prevention
- Mental Health

Following a decision on the specialties for review for 2023/4 a series of review meetings took place, with membership comprising the Postgraduate Medical Dean and other leads within HEIW, to review workforce intelligence and data submitted by Training Programme Directors alongside relevant data available from Royal Colleges and any other relevant sources in the following areas:

- Description of the demographics of the current medical workforce in the specialty including data and trends over time.
- Predicted regional and national demand for the future workforce.
- Current supply routes for the workforce.
- Impact on quality of training programme if places were increased/decreased.
- Opportunities for changes to service delivery e.g. upskilling other healthcare professionals.
- Recruitment and retention trends within the specialty.

This systematic approach has enabled a detailed review of a large number of medical specialties (Table 2), further developing our ambition to provide a comprehensive, responsive and consistent modelling approach to medical workforce planning.

**Table 1 2023-24 Recommendations**

Urgent and Emergency Care		
Intensive Care Medicine	Care	Increase of 3 higher Training Programme posts (fifth successive year of increases).
Higher Emergency Medicine	Emergency	To increase by 4 higher posts for 2023, 4 posts for 2024 and 2 posts for 2025. The increases for 2024 and 2025 are required to ensure the pipeline via ACCS EM established in previous workforce plans is aligned to the higher programme.
ACCS Emergency Medicine	Emergency	To increase by 4 posts for 2023 (2 in North Wales and 2 in South Wales) and by 2 posts for 2024 (South Wales).
Geriatric Medicine		To increase by 5 posts each year for 3 years commencing in 2023. These recommendations will be reviewed on an annual basis and increased if high recruitment levels into the programme are sustained.
Internal Medicine		To increase by 12 posts for 2023 to maintain the pipeline created following expansion in 2021 and 2022.
Foundation		To increase the number of Foundation Year 1 posts by 39 and Foundation Year 2 posts by 30 for August 2023 as detailed in the Foundation Expansion Business Case.

<b>Cancer Care</b>	
Clinical Oncology	Increase by 4 additional Higher Training posts implementing year 3 of the proposal to expand by 4 posts per year for 5 years.
Medical Oncology	Increase by 3 additional Higher Training posts implementing year 3 of the proposal to expand by 3 posts per year for 5 years.
Palliative Medicine	To increase Palliative Medicine training by a further 2 posts for August 2023 as recommended in the 22/23 plan.
<b>Planned Care</b>	
General Surgery	Increase by 7 higher posts for 2023.
Trauma & Orthopaedics	To increase by 5 posts in 2023 and then by a further 5 in 2024 and in 2025 (to be reviewed and dependent upon training capacity).
Higher Anaesthetics	Increase of 6 Higher Anaesthetics posts.
Dermatology	To increase by 3 posts in 2023 and by 3 posts in 2024.
Rheumatology	To increase by 2 posts for 2023 as recommended in the 22/23 plan.
Neurology	To increase by 3 posts for 2023.
Diabetes & Endocrinology	To increase by 1 post in 2023 and a further post in 2024.
<b>Diagnostic specialties &amp; Health promotion/prevention</b>	
Medical Microbiology/ Infectious Diseases	Increase of 3 Medical Microbiology/Infectious Diseases posts implementing year 4 of a plan to increase posts every year for 5 years.
Clinical Radiology	To support the recommended expansion as required to appoint 20 trainees for the 2023 intake into the South Wales programme.
Clinical Neurophysiology	To increase by 1 post in 2023 and then by a further post in 2024.
Public Health Medicine	To increase by 3 posts as recommended in the 22/23 plan.
Clinical Pharmacology and Therapeutics (CPT)	To increase by 1 post in 2023.
<b>Mental Health</b>	
Child and Adolescent Psychiatry	No increase to the higher programme for 2023 but to monitor demand and act accordingly. To pilot 2 new innovative ST1 run through posts for 2023.
Old age psychiatry	To increase by 2 posts for 2023 and a further 2 for 2024 as recommended in the 22/23 plan.
General Adult Psychiatry	To increase by 2 posts in North Wales in 2023. Increases will be recommended for South Wales in the 24/25 plan if current vacancies are filled.
Forensic Psychiatry	To increase by 1 post for 2023 to enable the creation of a North Wales programme.
Core psychiatry	To increase by 8 posts in 2023 and a further 8 posts in 2024 to maintain the pipeline created through the initial expansion in the 22/23 plan.

Recommendations to commission training posts as outlined in this paper were agreed following an analysis of the key data as highlighted above alongside consideration of the recruitment and retention rates and historical trends within the specialty to determine appropriate levels of change (see Table 3 for the Workforce planning 2023/24- Criteria with supporting data).

The medical workforce planning process and its recommendations is not undertaken in isolation from the process for other healthcare professionals. It is increasingly important to understand how new roles and new ways of working might support delivery of service in areas which were traditionally considered the remit of the doctor. Cross sectional collaboration within HEIW is undertaken to explore future needs in this context and ensure clear understanding for establishing new roles in other healthcare professionals, which could impact on the recommendations for medical training posts.

## Urgent and Emergency Care

Urgent and emergency care are seeing increased demand as a consequence of long waiting lists. The supply and demand analysis for Emergency Medicine and Intensive Care highlights a need to increase training post numbers just to maintain current levels but also to increase output to futureproof services against projected consultant retirements. Each of these specialties have seen expansion agreed through recent workforce plans however further expansion is required.

### Emergency Medicine

To maintain the current rota requirements in Welsh EDs approximately 12 consultants are required. If Wales were to meet the RCEM standards a further 70 consultants would be required as a minimum. Approximately 7 trainees CCT per year. Continued expansion in EM is required to:

- Address the deficit of consultants across Wales Eds.
- Mitigate the rapid increase in the proportion of trainees (approximately 40%) and consultant workforce choosing to work part time particularly via portfolio positions.
- Maintain the Emergency Medicine trainee pipeline i.e. a need to align the output of the Acute Care Common Stem (ACCS) programme with the higher Emergency Medicine programme.

### Acute Care Common Stem (EM)

The main feeder programme for emergency medicine higher training is the Acute Care Common Stem (ACCS) pathway. Although recruitment directly into higher training in Emergency Medicine is feasible, this has traditionally not been a successful route in Wales. The focus therefore needs to be on ensuring that the ACCS programme can deliver what is needed in terms of a pipeline for future EM consultant numbers.

### Intensive Care Medicine

The UK standards published for critical care multi-disciplinary staffing state that in general the consultant/patient ratio should not exceed a range between 1:8–1:12, and the ICU resident/patient ratio 1:8. Due to a National shortage of ICM consultants, no critical care unit in Wales meets these standards 24/7, seven days a week, although UHW has seen a recent uplift in consultant appointments and is nearly fully compliant. A recent HEIW survey of Welsh Intensive Care hospitals (data obtained from all sites excluding CVUHB) suggest there are currently 14 Consultant rota gaps within Wales with 19 retirements predicted over the next 5 years. Current training numbers will not fill the current shortage of ICM consultants projected and won't meet any increasing demand.

### Geriatric Medicine

A HEIW-led census of consultant geriatricians in 2022 has shown that the number of WTE consultant geriatricians in Wales has increased by 50% over the last 8 years with increases in Stroke consultants and those with an interest in Trauma & orthopaedics. The development of front door frailty services within the MEAU/A&Es across Wales continues with clear signalling that this is a major area for expansion and with an ageing population it is likely that demand for Geriatric medicine services will continue to increase. There has been little change in numbers working in community services, but it is understood that many Health Boards intend to expand these to improve flow through services and strengthen hospital avoidance schemes. There are currently 29 unfilled consultant posts in geriatric medicine and 40 retirements expected over the next 10 years with 21 of these expected in the next 5 years. Current training output will not meet this projected deficit especially given that over

one third of current trainees in Geriatric Medicine are working less than full time with significant numbers planning to maintain this as a consultant. The current expansion level is recommended following last years success at recruitment with our highest fill rate in many years and assumes this level will be maintained going forward.

#### Foundation Expansion

In 2019 a Business Case was shared with Welsh Government outlining a need to expand training posts at Foundation level to address to training pipeline challenges we have now and in the future with expanded Medical School output and increases across Specialty Training Programmes as detailed in this and previous Education and Workforce plans. The paper recommended a phased expansion programme commencing in August 2020 with increases to Foundation Year 1 and Year 2 posts required over a 5-year period as detailed in Table 4.

**Table 4 - Foundation Expansion Programme**

	Number of F1 posts	Number of F2 posts
August 2020	351 (+12)	339

#### Internal Medicine

Within this paper recommendations have been included to increase the number of higher medicine programmes (Clinical and Medical Oncology, Rheumatology, Dermatology, Geriatric and Palliative Medicine and Diabetes and Endocrinology). Recruitment into Internal Medicine has previously been a challenge however following curriculum changes and a move to a three-year programme instead of two years has enabled a redistribution of posts across the three years. This however has reduced the number of trainees progressing through the Internal Medicine Programme which in turn will reduce the output of the programme and trainees eligible to apply for and progress into Higher Medical Training. The ratio is currently 1:1 in terms of numbers completing Internal Medicine training and posts advertised for Higher Training however as expansion continues across the Higher programmes this ratio will reduce in future years.

#### **Cancer Care**

##### Clinical and Medical Oncology

Cancer services remain a priority for Welsh Government as highlighted in the Cancer delivery Plan for Wales (2016 – 2020) with incidences of new cases rising by approximately

1.5% a year and set to rise by at least 2% a year for the next 15 years<sup>8</sup>. Both Clinical and Medical oncology are projected to see a significant workforce shortfall in future years due to increase in demand and projected consultant retirements.

### Palliative Medicine

With a recognised increased lifespan of patients with advanced disease and comorbidities requiring longer periods of specialist palliative care and a need to support the provision of palliative care services in hospital, care home, and community with particular focus on community provision out of hours, the demand for end-of-life care has increased significantly. Projected consultant vacancies in Palliative Medicine over the next 5 years will not be met by the current projected supply of trainees on the training programme.

## **Planned Care**

### General Surgery

As identified in the Welsh Government planned care report<sup>9</sup> General Surgery is amongst those with the greatest number of patients waiting for their first outpatient appointment making this a priority area for further investment. Alongside this, workforce data suggests that there are likely to be significant retirements from within the consultant workforce with highly specialised roles such as gastrointestinal and endocrine surgery being hardest hit as it is difficult to recruit to the roles from outside of Wales. It is, therefore, essential that we look to train our own consultant workforce in these areas.

### Trauma & Orthopaedics

Post-pandemic there are now significantly more people listed for outpatient appointments, diagnostic and treatment services than before. Waiting lists are at their highest levels ever recorded with over 60% of people on the waiting list waiting for their first outpatient appointment. Trauma and orthopaedics has one of the longest waiting lists alongside an increased demand for orthopaedic trauma specialties seen through the establishment of the Trauma Network in Wales. With 49% of the consultant workforce being over 50 it is projected that the current number of trainees will not replace planned retirements and service the recovery/Planned Care agenda.

### Anaesthetics

Royal College of Anaesthetists (RCOA) published its document 'The Anaesthetic Workforce: UK State of the Nation Report' in February 2022, where it reports a current shortage of at least 1,400 Consultant and SAS anaesthetists across the UK with 94 Consultant and 54 SAS grade unfilled posts in Wales alone. Anaesthetists are vital to addressing the NHS waiting list crisis, as most operations cannot take place without an anaesthetist. Anaesthetists are involved in the care of two-thirds of all hospital patients, therefore many areas of the NHS in Wales could not function without anaesthetic services i.e. maternity, emergency unit, trauma, radiology, critical care and pain services, are just a few. Alongside this Less than Full time working is a challenge across Anaesthetics programmes with over 1/3 of trainees training part time with plans to continue this into consultant roles.

### Dermatology

There is a national shortage of dermatologists. Even before the Covid-19 pandemic waiting lists were lengthy. Wales currently fall considerably short of the Royal College of Physician's

<sup>8</sup> Welsh Cancer Intelligence & Surveillance Unit (2015) Cancer in Wales: 2001-2013.

recommendation of consultant dermatologists per head of population with longstanding vacancies in key areas and services supported by intermittent locum consultants and a pooling of waiting lists for urgent cancer referrals. Projected retirements over the next 5-10 years is likely to exacerbate this further particularly in certain areas such as North Wales this retirement level is as high as 75%.

### Rheumatology

Across the UK it is estimated that 40% of Rheumatology posts are unfilled with a high turnover of jobs in some areas, including parts of Wales with longstanding vacancies. The demand for rheumatology services is increasing and consultant expansion is progressing in other parts of the UK to meet this demand alongside initiatives to improve waiting times. Several centres in Wales have explicitly outlined the need to expand their consultant workforce and there are long standing vacancies in other centres in Wales. The service need has been accentuated as trainees have been required to dual train with general medicine for the last few years and more are opting to support general medicine services as consultants thus reducing the proportion of their time to support rheumatology service delivery.

### Neurology

The permanent neurology consultant workforce in South Wales is spread across the three main centres with a hub and spoke model in place to support Cwm Taf and Hywel Dda. Retirement projections suggest at least 12 retirements in the next 5-10 years and the current projected trainee output will not be sufficient to meet this requirement or any expansion plans. Demand for services continues to increase (20% of acute medical admissions are for a neurological problem (including stroke)) along with an increase in age-related neurodegenerative diseases such as Alzheimer's and Parkinsons. The Welsh Government Neurological Conditions Delivery plan (2014) set out a clear expectation that all hospitals would have access to Consultant-led acute neurology services Monday to Friday, and eventually 7-day acute neurology services. No hospitals have a seven-day service, and no district general hospital outside the three centres has a Monday to Friday consultant-led acute neurology service. To achieve the target to deliver services closer to people's homes a significant expansion in new Neurology departments will be required.

### Diabetes & Endocrinology

Consultant recruitment into Diabetes and Endocrinology remains high however over the next 5 years approximately 40% of the current workforce are projected to retire and even with a reduction in training time arising from a change in the curricula training output will not meet this deficit.

The demand for Diabetes and Endocrinology services is increasing with higher rates observed in Wales both in the community and hospitalised populations. The epidemiology of Type 1 diabetes has changed with rises in paediatric and adult diagnoses.

## **Diagnostic specialties & Health promotion/prevention**

### Medical Microbiology & Infectious Diseases

Demand for Medical Microbiology and Infectious Diseases continues to increase, a need further highlighted by the Coronavirus pandemic. There is a recognised national shortage of trained medical microbiology/infectious diseases staff and these shortages are also present for nursing and scientific staff in this specialty area. Across the current establishment of consultants in this area in Wales approximately 30% of posts are currently vacant and projected retirements over the next 5 years will exacerbate this.

### Clinical Radiology

The 5-year Clinical Radiology training programme has seen a significant expansion in recent years resulting from recommendations in previous workforce plans. The expanded numbers of radiology trainees will result in an increased output of CCT holders from 2023 on. The expansion was driven by the stated needs from UHBs in Wales and it is essential UHBs begin to plan for this output and commit to appointing them as consultants. The most recent Royal College of Radiologists census report highlighted continued issues with the radiology workforce in Wales with 25% of the consultant workforce predicted to retire by 2024. To ensure the training programme continues to sustain an intake of 20 per year in South, Mid and West Wales further expansion is required for 2023 in line with the Imaging Academy Workforce recommendations; this will bring the South Wales programme to a total of 100 posts reaching the initial target set.

### Clinical Neurophysiology

Clinical Neurophysiology is a small specialty with a small number of consultants spread across Wales. There are long term consultant vacancies reported across most Health Boards. The training programme currently comprises one training post. Across the UK there is a significant demand for Clinical neurophysiology consultants. With further consultant retirements projected there is a finite window available to invest now in the future of this specialty to ensure sustainability.

### Public Health Medicine

The COVID-19 pandemic response has highlighted long-standing challenges within Public Health Medicine highlighting the work of health protection and epidemiology alongside broader work of the specialty in terms of determinants of health inequalities. The need for public health medicine to address the post-pandemic impact on health, wellbeing and inequalities will keep the demands on the specialty elevated for very many years and will necessitate expansion in the workforce.

### Clinical Pharmacology and Therapeutics

The Clinical Pharmacology Skills Alliance submitted evidence to HM Treasury in September 2021. This document provided evidence to support investment in CPT training. Specifically, it recommended that 57 new StR posts be created within the UK in CPT and 148 new consultant posts<sup>10</sup> and identified Wales as a 'CPT endangered' area. Projected consultant retirements in the next five years will make this specialty unsustainable without additional investment at this point in time.

## **Mental Health**

Mental Health has been a priority area and with increased levels of depression and anxiety compared to pre-pandemic estimates and longer waiting times for services investment in new posts covering Core Psychiatry, Old Age, Forensic, General Adult and Child and Adolescent psychiatry is essential. The supply and demand analysis for Higher Psychiatry training and associated services highlights a need to increase training post numbers to address current shortfalls in consultant numbers, projected consultant retirements and future service demand.

<sup>10</sup> Clinical Pharmacology Skills Alliance. Clinical Pharmacology Skills Alliance representation to the Spending Review 2021. 30<sup>th</sup> September 2021. With increased demands and referrals for children we plan to introduce run through training in Child and Adolescent Psychiatry in Wales. This innovative solution will enable trainees to develop general paediatric and psychiatry skills before progressing to specialised skills in Child and Adolescent Psychiatry to ensure our trainees can best support services and patients in Wales.

Child and Adolescent, Old Age, General Adult Psychiatry all report significant workforce challenges now and in the future. Forensic Psychiatry, however, has a stable NHS consultant workforce with young consultants and with good recruitment and retention in the specialty however the creation of a North Wales training post would be hugely beneficial for the NHS in North Wales and wider. Whilst significant expansion is needed within the Higher General Adult Psychiatry training programme, this is not currently recommended and only expansion in North Wales is recommended for 2023 as recruitment to the current establishment remains challenging with ongoing vacancies. Recruitment into Higher Psychiatry Specialty training remains a challenge following successive years of low fill rates in the Core Psychiatry programme (the feeder stream); a range of incentives have seen an increase in recruitment to core psychiatry over the last few years and we are reviewing the impact of this on recruitment to higher psychiatry training.

Workforce challenges persist across mental health and finding ways of attracting and retaining the right staff is key to delivering sustainable services.

To ensure a sustainable pipeline into these higher psychiatry programmes over the next 5-10 years, expansion across the three-year Core Psychiatry Programme will also need to be maintained. The first increased cohort will commence in programme in August 2022 and expansion will need to continue for 2023 and 2024 to ensure opportunities are maximised.

## **Medical Workforce challenges**

Training Capacity remains an issue across a number of programmes. Anaesthetics novice opportunities are currently limiting our ability to expand the ACCS Emergency Medicine pathway to the rate required to produce sufficient applicants for the Higher Emergency Medicine programme to meet future consultant workforce demands. We continue to monitor this and have developed a plan to convert ACCS Acute Medicine posts to ACCS Emergency Medicine to support this.

Likewise, within Histopathology there is a clear workforce need to expand training numbers within this specialty, however, training capacity, particularly in the South, continues to limit Wales' options to deliver this. It is anticipated that with changes being introduced now we will in a position to expand the programme for August 2024. If required for August 2023 we may use the vacant and frozen Paediatric and Perinatal post to recruit an additional trainee in Histopathology.

**Fragile specialties** – The ability to expand training posts in Paediatric and Perinatal Pathology is currently limited due to insufficient training capacity - the outcome of the UHB's consultant recruitment process will determine when training can be restarted in this small specialty. The Occupational Medicine programme is also on hold due to limited sustainable training options. These small fragile programmes require a detailed review to ascertain the most appropriate action to inform future workforce and delivery plans for Wales.

<sup>12</sup> Estimated number based on current projections of trainees completing in order to maintain an intake of 20 for August 2022 and 2023

<sup>13</sup> This will not increase the posts numbers beyond 23 however it will maximise the use of these posts which is not currently the case.

## General Practice

### **GP Specialty Training Profile**

There are 11 GP Training Schemes in Wales covering all areas, including rural areas such as Powys and socially deprived areas such as the Gwent and Rhondda Valleys. GP trainees that undertake their training in Powys and areas that have traditionally had shortages of GPs attract the Targeted financial incentive of £10k paid to the trainee during training and a second £10k payment made if the doctor remains working in a substantive GP post in a targeted area post CCT.

The GP Specialty Training programme also has high numbers of trainees that are LTFT with 23% at 1<sup>st</sup> April 2022.

The proposed GP Integrated Care Fellowship specifically targets practices that are struggling to attract doctors. The other part of the fellowship includes delivery of a secondary care specialty close to the community, specifically addressing the need for care closer to home.

### **GP Integrated Care Fellowship Proposal**

In terms of post CCT opportunities we have a business case in development for a Wales wide GP Integrated Care Fellowship Scheme for between 6 and 14 GP Integrated Care Fellows. This Scheme aims to bolster general practice in both rural and deprived urban settings where practices are under particular pressure.

In addition to working in General Practice, the Fellows would work part of every week in a secondary care specialty or GP specialty, which lends itself to being delivered close to local populations, in keeping with the aims of “A Healthier Wales”. Secondary care specialties suitable for such an approach, for example, include dermatology, musculoskeletal medicine and diabetes. GP specialties suitable could include prison medicine, urgent primary care, health inclusion services (homeless, asylum seekers, violent patients), sexual health care, academic practice, population health and leadership roles.

# Strategic Review of Health Professional Education Phase 1 & 2

In June 2021 we successfully concluded a review of undergraduate healthcare education in Wales, working in partnership to shape the future of healthcare education in Wales.

## Key benefits

The move from All Wales provision to, when economically viable, more regional, and local delivery is a key theme in the Strategic Reviews. The focus on closer partnership working and collaboration between the Health Boards, Higher Education Institutions (HEI's) and HEIW as commissioners has been welcomed by stakeholders during extensive engagement. Whilst all Health Boards and NHS Trusts will benefit from this approach, there are specific tangible benefits to the three Health Boards of West, Mid and North Wales.

The change to more local and regional provision provides a benefit for graduates to progress into roles in Wales. By recruiting higher numbers of local students who understand the local population and community needs and are able to undertake their academic learning and placements more locally, there will be more opportunities for Health Boards to fill their vacancies from Welsh University graduates. Particular emphasis is given to recruit students from disadvantaged areas of Wales and from hard to reach communities, whereby a financial incentive is incorporated to enable greater support to be given to those students.

There are also increased opportunities, and challenging targets, for more support workers to enter pre-registration education. In addition to two outputs per annum for pre-registration nursing and physiotherapy, the new contracts will deliver two outputs per annum of midwives to ease recruitment into Service.

## Betsi Cadwaladr UHB

More Health Professional education will be delivered in BCUHB. Currently, the four fields of pre-registration nursing, midwifery, diagnostic radiography, occupational therapy, physiotherapy and physician associates' education is delivered in North Wales. From 2022, this will be increased with the addition of speech and language therapy, dental hygiene, paramedics, dietetics and operating department practitioner training. In addition, an academic hub will be created in the St. Asaph area, thus providing BCUHB with health professional education delivery in the west, central and east, close to each district general hospital.

## Hywel Dda UHB

Three specific nursing contracts have been developed for Hywel Dda UHB. This will result in academic delivery in both Carmarthen and, for the first time, Aberystwyth. A dispersed nurse education contract, specifically targeting Hywel Dda residents that enables the flexibility of learning and undertaking placements close to home. A new LD nursing field course has been created for South West and West Wales that should provide opportunities for more local residents to access nurse education, thus alleviating some of the pressures on application rates to this specific nursing field. For AHP's and Healthcare Science "All Wales" and South Wales provision has been diversified to, where appropriate, create contracts for South West and West Wales. These include occupational therapy, physiotherapy, ODP and diagnostic radiography. This will provide education in or closer to the Health Board and provide the opportunity for more local residents to undertake health professional education.

## Powys UHB

Powys UHB will also benefit from a new dedicated dispersed nurse education contract and additionally a proportion of the distance learning places will be commissioned on behalf of Powys – and open to Powys residents only. HEIW is investing in strengthening placement education facilitators in Powys to open up new, safe, quality and multi-disciplinary placement opportunities. In addition, Powys is identified separately in the relevant contract awards (for nursing, AHP's and healthcare sciences) which generates additional accountability and transparency for the Health Board in securing its workforce for the future.

The **Welsh language** is a key theme identified and the new contracts have specific Welsh language requirements for HEIs as well as additional measures that support our student body to learn and utilise the Welsh language.

These principles are now also being extended by working in partnerships with colleagues in the Deanery, and for undergraduates coming under the auspices of the Schools of Medicine, Dentistry and Pharmacy at Cardiff and Swansea Universities. Benefits include,

- Basing the requirement on the current Welsh Language Standards;
- Assessment of Students' Welsh Language Skills Levels
- Simple Online Welsh Awareness Course
- Health based online simple greetings learning for all
- Encouragement of all students to sit the Coleg Cymraeg's Language Skills Certificate

Further All Wales benefits include;

- Increased and strengthened placements opportunities in **Primary, Social and Community care**
- Delivery of a more **Local / regional approach** to commissioning
- Embedding **technologies** to enhance teaching, student support and placement preparation
- Integrating the **digital environment** into learning
- An enhanced approach to **inter-professional education**
- More **flexible and part-time routes** across many professions and more parts of Wales
- Closer **Regional Collaborative Education Consortium** working arrangements
- **Compassionate Leadership** embedded in all pre-registration education

The new **Socio-Economic Duty** came into effect on 31<sup>st</sup> March 2021 and the new Education contracts fully embrace better decision-making, ensuring more equitable outcomes. A full Equality Impact Assessment was produced in relation to this procurement in March 2020 and all elements have been addressed including:

- Supporting students from disadvantaged backgrounds
- Creation of a socio-economic funding stream and set targets to attract and support students from the most deprived areas of Wales
- Focus on contextual admissions recognising
  - Applicants that have been in care
  - Applicants who are young carers
  - Applicants residing in areas of high socio-economic deprivation
  - Applicants whose parents are not educated at Higher Education level
  - Applicants with protected characteristics underrepresented in Higher Education

- Introduced a guaranteed interview scheme
- Increased access to education in rural areas
- Increased opportunities for more support workers to enter pre-registration education
- Enhanced Student Wellbeing Services

In addition, **Quality Management** has been further improved around:

- Student selection
- Embedding a stronger role for HEIW surrounding placements and the management of placement quality
- Opportunity to develop a quality framework within HEIW to cover Health Professionals, Medical trainees, Pharmacy, Dental, Optometry
- Placements
  - Quality issues
  - Opening up new placements
  - Multi-disciplinary approach
  - Opportunities in Primary Care & the community
- Enhanced Contract performance measurements, KPI's and benchmarking
- Emphasis on Return on Investment / Measuring value and impact
- Supporting new graduates assimilate into roles
- Maximise potential for usage of all education facilities within the Health Boards

HEIW believe that these aims are best achieved by working in partnership with Health Boards, NHS Trusts, Social Care Wales, Health Service Providers and with high quality, committed, and sustainable Education providers. This procurement programme is therefore designed to select high quality, appropriate Education Providers who can demonstrate delivery of quality and partnership working with the Service Providers that will allow them to meet the needs of patients.

## Strategic Review Phase 2

Going forwards, we are working on phase two of the strategic review of healthcare education for Wales. This will include developing contracts for healthcare support worker education and a range of postgraduate programmes. The diagram overleaf summarises the roadmap of implementation.

## Summary of Engagement Undertaken

The agreed approach for this year's plan included integration of robust stakeholder engagement. We have engaged extensively with our staff, the NHS and our wider stakeholders, including Welsh Government, in the development of this plan.

Presentations on the Education and Training Plan were made to members of HEIW's Stakeholder Reference Group (SRG), Education Commissioning Quality Committee (ECQC), Board, NHS Director Peer Group Meetings and Welsh Government Policy leads.

A summary of activity is provided below:

Date of Presentation	Forum
23 <sup>rd</sup> Feb	ECQC
25 <sup>th</sup> April	SRG
3 <sup>rd</sup> May	HEIW Board Development Session
17 <sup>th</sup> May	ETP Engagement Session for SRG members
6 <sup>th</sup> June	SRG
10 <sup>th</sup> June	Directors of Therapies
10 <sup>th</sup> June	Directors of Planning
17 <sup>th</sup> June	Medical Directors
17 <sup>th</sup> June	Directors of Finance
17 <sup>th</sup> June	Workforce and Organisational Development
21 <sup>st</sup> June	NHS Chief Executives
24 June	Council of Deans
24 <sup>th</sup> June	Directors of Nursing
27 <sup>th</sup> June	Welsh Government Policy Leads Session
6 <sup>th</sup> July	Welsh Partnership Forum
19 <sup>th</sup> July	NHS Leadership Board

Members of HEIW's SRG and ECQC were invited to provide written feedback on the working draft of the plan between 17-30 June. A total of 21 responses were received from 18 Organisations:

- Academy for Healthcare Science
- Betsi Cadwaladr University Health Board
- British Dietetic Association
- British Medical Association Cymru Wales
- Cardiff and Vale University Health Board
- Chartered Society of Physiotherapy
- Company Chemists' Association
- Community Pharmacy Wales
- Council of Deans of Health Wales
- Institute of Biomedical Science
- National Pharmacy Association
- Royal College of Nursing

- Royal College of Paediatrics and Child Health
- Royal College of Podiatry
- Royal College of Speech and Language Therapists
- Therapies and Health Science/Hywel Dda/DoTHS HEIW Strategic Partnership
- The College of Optometrists
- Social Care Wales

We have captured this feedback to action within the plan as appropriate, to support our ongoing engagement with our partners and to support the development of future plans. Opportunities have also been taken to engage with our staff on the purpose of the plan and the development process, with a presentation at our Staff Forum in May which was well-received.

## Feedback Themes

We received positive feedback on the levels of engagement on the plan, the new structure with associated content and the opportunity to work more closely with our stakeholders on its future development. The engagement displayed positive elements regarding the plan, such as the structure, focus, and the plans overall aims and objectives.

Key themes that arose from the feedback included some concerns regarding maintaining the commissioning numbers for several professions. It was also highlighted that the demand for services is expected to rise due to the effects of the COVID-19 pandemic, and, therefore, this will impact the commissioning numbers required.

The table below shows a summary of the feedback received and the action we have taken in response. Additionally individual feedback will be provided to each stakeholder who has submitted a written response.

## Developing the Strategic Mental Health Workforce Plan

31. Develop and implement an inclusive and targeted talent management pipeline for MH leadership roles.  
32. Develop clinical & professional leadership solutions that align to leadership strategy for health and care in Wales and reflect the MH workforce requirements  
33. Establish a MH leaders' network on Gwella and improve access to compassionate and collective tools and resources for all staff.

23. Redesign psychiatry education & training programmes.  
24. Review quality frameworks for commissioned MH education & training.  
25. Review qualifying training for social workers to include opportunities in MH specialisms.  
26. Commission professional bodies to assess interprofessional education & training opportunities for specialist MH workforce.  
27. Commission evidence-based, multi-professional education and training frameworks in priority and specialist areas.  
28. Establish a national investment fund for post-qualifying education.  
29. Provide targeted national CPD across the MH workforce.  
30. Develop a MH support worker education framework.

21. Assess current digital capability in the MH workforce, against the national digital capability framework to inform training needs.  
22. Create a network of digital champion roles to influence and lead digital workforce transformation.

1. Increased specialist MH Workforce.  
2. Scenario plans to shape specialist MH workforce for the next 10 years.  
3. Ensuring WFS data quality improvement projects address the needs of MH workforce  
4. Developing workforce planning tools and resources under WFS and ensuring they fit for MH purposes.  
5. Ensuring supply of trained professionals to undertake new and existing legal roles.  
6. Commission work to identify and define impactful volunteering roles to inform workforce planning, education and training.  
7. Implement a specialist AHP pathfinder model.

8. Commission a MH workforce survey across health & social care  
9. Establish a national support service for the MH workforce  
10. Establish a network of mentors to be hosted on 'Gwella' to set a standard for MH staff mentoring.  
11. Establish standards for supervisions across the wider MH team  
12. Implement an accredited team manager development programme across MH service.

13. Targeted attraction campaign programmes for MH workforce  
14. Use Careersville to promote MH careers aimed at all ages.  
15. Implement recommendations relating to careers pathways  
16. Develop guides, tools and resources to facilitate improved worklife balance and increase staff retention across health and social care.

17. Develop and roll out MH literacy training  
18. Design an All - Wales resource for implementation of new, expanded and extended roles into MH multi-disciplinary teams including a peer support model for Wales  
19. Initiate a project to capture the experience of people with lived experience to inform development of seamless care.  
20. Increase capacity of community and primary care teams to support MH services.

## BUILDING THE NHS WALES IMAGING STRATEGIC WORKFORCE PLAN

### Focus Area 1: Creating a strong, resilient workforce

A workforce with the capability and capacity to meet current and future demand.  
Attractive and inclusive recruitment, retention, and employment opportunities.  
Staff have effective IT/work station environments and support.  
Appropriate learning and development opportunities, at all levels.

### Focus Area 2: Supporting staff to deliver services well

Flexible and seamless working models, valuing the Welsh Language.  
An engaged, supported and valued workforce.  
A workforce and infrastructure that is digitally ready.  
Efficient career pathways, with staff and technological development embedded.

### Focus Area 3: Delivering a sustainable future for imaging services

Raising the profile of imaging services at all stages of the patient pathway.  
Future knowledge and skills gaps identified through strong leadership and active succession planning.  
A continuous training programme that future-proofs the workforce.  
Education and learning commissioning opportunities for all levels of practice.

**RADIOLOGY FEEDBACK**  
Get the basics right, and build an imaging workforce which is sustainable, resilient, efficient and valued.

Before Covid-19 Radiology was in a challenging position, they were seeing large increases in demand, with unsustainable or temporary capacity to meet current demand. Local IMTP Plans for Radiology were primarily short term and generally unfunded past 1 year. To coproduce a plan for the future of imaging, we developed a roadmap and ran workshops to ask the workforce their views. From these 3 focus areas emerged, with 4 key themes for each.

## **TROSOLWG CYDRADDOLDEB, AMRYWIAETH A CHYNHWYSIANT**

### **1. CYFLWYNIAD**

Mae'r adroddiad hwn yn amlinellu'r gwaith a wnaethpwyd yn ystod y 12 mis diwethaf i gyflawni yn erbyn yr amcanion a nodwyd yn ein Cynllun Cydraddoldeb Strategol (SEP) 2020-2024. Ceir enghreifftiau penodol o'r gwaith a gyflawnwyd ar draws AaGIC yn Atodiad A.

### **2. CEFNDIR**

Ar ddiwedd 2021, rhoddwyd trefniadau newydd yn eu lle i hwyluso cyflawniad amcanion cynllun blynyddol Cydraddoldeb, Amrywiaeth a Chynhwysiant (EDI) AaGIC, SEP AaGIC & SEP Partneriaeth y Sector Cyhoeddus yn ogystal â'r Cynllun Gweithredu Cydraddoldeb Hiliol (REAP) fel yr adwaenwyd ar y pryd. Roedd y trefniadau newydd hynny yn cynnwys adleoli'r portfolio EDI i'r Tîm Arweinyddiaeth ac Olyniaeth a chyflwyno rôl newydd – Pennaeth Datblygu Sefydliadol a Chynhwysiant.

### **3. TROSOLWG O WEITHGARWCH**

#### **Trefniadau Llywodraethu Diwygiedig**

Dros y 6 i 9 mis diwethaf, mae trefniadau llywodraethu EDI diwygiedig AaGIC wedi'u sefydlu a'u hymgorffori. Mae ein Grŵp Llywio EDI sy'n canolbwyntio ar gyflawni'r amcanion EDI yn y Cynllun Blynyddol, y SEP, SEP Partneriaeth y Sector Cyhoeddus a'n cyfraniad i Gynllun Cymru Wrth-hiliol yn cwrdd bob dau fis. Cyd-gadeirir y grŵp hwn gan Gyfarwyddwr Meddygol AaGIC a'r Dirprwy Brif Swyddog Gweithredol/Cyfarwyddwr y Gweithlu, gydag aelodaeth fechan yn cynnwys unigolion a enwebwyd fel cynrychiolwyr y Gyfarwyddiaeth er mwyn cyflawni'r cynlluniau hyn. Yn fwy diweddar, rydym wedi cynnwys gwahoddiad i'n Uwch Swyddog Cyfrifol ar gyfer ein gwaith ar Gyrhaeddiad Gwahaniaethol er mwyn sicrhau cysondeb a throsolwg.

Mae ein rhwydwaith EDI diwygiedig yn cwrdd bob dau fis gyda gwahoddiad agored i holl enwebeion o'r cyfarwyddiaethau i fynychu, gan gynnwys ein Eiriolwr Bwrdd a'n Cadeirydd. Cadeirir y rhwydwaith gan y Pennaeth Datblygu Sefydliadol a Chynhwysiant, ac mae ein ffocws ar rannu'r arfer, syniadau ac arloesedd gorau ar draws AaGIC. Rydym wedi creu Sianel Teams ddynodedig er mwyn rhannu dysgu a chodi ymwybyddiaeth o unrhyw fentrau. Yn ystod ein cyfarfod rhwydwaith ym mis Mehefin fe wahodd Alltudion ar Waith (DIAP) i siarad â'n rhwydwaith yn ystod Wythnos y Ffoaduriaid a rhannu sut maen nhw'n rhoi cymorth i ffoaduriaid a cheiswyr lloches i fyw a ffynnu yng Nghymru. Roedd hyn yn cynnwys y gwaith rydym ni yn AaGIC yn ei ariannu i helpu doctoriaid a deintyddion i ailddilysu eu cymwysterau meddygol a datblygu gyrfaedd o fewn y GIG.

Ym mis Ebrill eleni, fe rannom ein cyrhaeddiadau â'n Grŵp Cyfeirio Rhanddeiliaid a ofynnodd i ni ddarparu trosolwg o'r modd rydym yn ymgorffori EDI o fewn ein gweithrediadau. Mae hyn wedi arwain at sgysiau dilynol gydag ystod o randdeiliaid, gan gynnwys cais i rannu manylion pellach am y gwaith rydym ni'n ei wneud o ran Cyrhaeddiad Gwahaniaethol.

## Cynllun Cydraddoldeb Strategol (SEP)

Ym mis Mawrth eleni fe gyhoeddom ein hail [Adroddiad Cydraddoldeb Blynyddol](#) i ddwyn sylw at ein cyflawniadau o fewn AaGIC yn ystod blwyddyn 2020-2021. Roedd y cyfnod adrodd hwn hefyd yn cynnwys lansio ein SEP. Gyda'n hymroddiad i ennyn gwell dealltwriaeth o'n bylchau cyflog, fe gynhaliom ddadansoddiad o'n cyflogau yn ôl rhyw ac rydym wedi ymrwymo i weithredu i fynd i'r afael â'r bylchau a adwaenwyd, lle bo'n bosibl. Ceir manylion pellach yn ein [Adroddiad Bwlch Cyflog Rhwng y Rhywiau Mawrth 2020](#) (cyhoeddwyd Hydref 2021) a'n [Adroddiad Bwlch Cyflog Rhwng y Rhywiau Mawrth 2021](#) (cyhoeddwyd Mawrth 2022).

Yn unol ag amcan IMTP 5.2, mae'r adrodd ar gynllun cydraddoldeb strategol y gyfarwyddiaeth wedi'i adolygu gyda'r bwriad o wneud ein hadroddiad cydraddoldeb blynyddol (2023) yn gydnaws â'r amcanion SEP. Ni fydd gofyn adrodd ar draws cyfarwyddiaethau mwyach, bydd gofyn i bob tîm o fewn cyfarwyddiaeth adrodd i'r Arweinydd EDI yn erbyn eu gweithredoedd EDI. Caiff y canfyddiadau eu mapio yn erbyn yr amcanion SEP a'u hadrodd i'r grŵp llywio EDI.

Mae cyfarfodydd ar draws pob cyfarwyddiaeth yn cael eu cynnal gyda'r rheini sy'n gyfrifol am weithredu ac ymgorffori'r SEP er mwyn trafod y broses adrodd newydd hon. Byddwn hefyd yn chwilio am sicrwydd o ran ymgorffori'r SEP, cynnydd tuag at weithredoedd blwyddyn 1 a blwyddyn 2 ac yn adnabod unrhyw angenion cymorth.

Bydd adrodd ar draws AaGIC tuag at amcanion/gweithredoedd AaGIC dros y 12 mis diwethaf yn dechrau ym mis Gorffennaf 2022.

Bydd adolygiad o weithredoedd SEP blwyddyn 3 yn cael ei gynnal yn C3 gyda'r bwriad o ymgorffori gweithredoedd o Gynllun Gweithredu Cymru Wrth-hiliol i baratoi at gyhwyn y cylch nesaf o gynllunio cydraddoldeb strategol.

Gweithred benodol sydd wedi'i hymgorffori ym mhob un o bum amcan SEP yw datblygiad a chyflwyniad cyfleoedd dysgu ar draws ein gweithlu. Y bwriad yw codi ymwybyddiaeth o Gydraddoldeb, Amrywiaeth a Chynhwysiant a defnyddio dull croestoriadol a deall y rhwystrau sy'n wynebu'r rheini â nodweddion gwarchodedig, a grwpiau nas clywir ganddynt yn aml ac sydd heb gynrychiolaeth ddigonol. Fel rhan o'r ymroddiad hwn, rydym wedi gofyn i'n Intern a ymunodd â ni'n ddiweddar o fewn y Tîm Cynhwysiant i gwmpasu a mapio cynnig dysgu a datblygu ar Ymwybyddiaeth Ddiwylliannol. Bydd datblygu adnodd Ymwybyddiaeth Ddiwylliannol AaGIC yn sicrhau bod gan holl randdeiliaid AaGIC gyfle cyfartal i fod yn ddiwylliannol gymwys trwy ddysgu am wahanol ddiwylliannau a chymunedau, yr heriau a allai eu hwynebu a phwysigrwydd bod yn ddiwylliannol ymwybodol fel unigolyn ac fel sefydliad.

## Asesiadau Effaith Cydraddoldeb (EIA)

Mae camau wedi'u cymryd i ymgorffori fframweithiau a llywodraethiant Asesiadau Effaith Cydraddoldeb trwy'r sefydliad cyfan. Ar ôl ymgynghori â gweithlu AaGIC, mae Fframwaith Cefnogi ac Arwain EIA wedi'i gynllunio sy'n ymgorffori ymgysylltiad ac

ymgyngoriad a dull croestoriadol o ddeall effeithiau cydraddoldeb, amrywiaeth a chynhwysiant wrth gynllunio'n gwaith a'n gwasanaethau.

Mae'r temped EIA wedi'i adolygu a'i ddiweddarau er mwyn adlewyrchu'r Ddeddfwriaeth EDI newydd (Deddf Iaith Arwyddion Prydain (BSL) 2022 a Chynllun Gweithredu Cymru Wrth-hiliol 2022). Ym mis Mehefin gwelwyd lansiad'r Hwb EIA ar y fewnwyd, sydd wedi'i gyfathrebu trwy amrywiol fforymau staff a rhwydweithiau EDI. Cychwynwyd cynnal cyfarfodydd â chyfarwyddiaethau ynghylch ymgorffori'r EIA fel rhan o'u proses gynllunio gyda mynediad i'r rheini sy'n ymgymryd ag asesiadau.

### **Data Monitro Cydraddoldeb, Amrywiaeth a Chynhwysiant (EDI)**

Rydym wedi datblygu cyfres o gwestiynau EDI arfer orau i'w defnyddio i ganfod data ar ymgysylltiad defnyddwyr gwasanaeth ar draws AaGIC. Gellir defnyddio'r data hwn i hysbysu, llunio a monitro asesiadau effaith cydraddoldeb yn y dyfodol ac i sicrhau bod AaGIC yn cyrraedd y cymunedau hynny sydd heb gynrychiolaeth ddigonol neu yr ystyrir eu bod yn grwpiau nas clywir ganddynt yn aml. Mae cynllun gweithredu i ymgorffori'r monitro data hwn ar draws holl weithrediadau perthnasol AaGIC ar y gweill.

### **Eiriolwyr Cynhwysiant**

Mae'r Eiriolwyr Cynhwysiant yn parhau i ddarparu a chefnogi nifer o weithgareddau ymwybyddiaeth o gynhwysiant gydol y flwyddyn, yn fewnol ac yn allanol. Y bwriad yw codi ymwybyddiaeth o gydraddoldeb, amrywiaeth, cynhwysiant, llesiant a'r iaith Gymraeg yn ein gweithlu. Trwy weithio ar y cyd â grwpiau mewnol megis Eiriolwyr Amser i Newid, y Pwyllgor Cymdeithasol a'r Grŵp Gwyrdd mae'r Eiriolwyr Cynhwysiant wedi cynllunio cyfres o weithgareddau fel rhan o'u hymgyrchu Together 4 Women AaGIC. Mae hyn hefyd wedi golygu gweithio gydag Arweinwyr Cydraddoldeb Bwrdd Iechyd Prifysgol Aneurin Bevan, Felindre a Phartneriaeth Cydwasanaethau GIG Cymru ar ddarparu cyfres o gaffis a digwyddiadau menopos tuag at ddiwedd y flwyddyn hon.

Mae aelodaeth AaGIC gyda Stonewall wedi'i adnewyddu ac mae cyfarfod wedi'i drefnu i drafod cyfleoedd dysgu a mynediad i gefnogaeth ac arweiniad i'r gweithlu. Fel rhan o'r ymgyrch Together 4 Women, daeth AaGIC yn aelod o Rwydwaith Cydraddoldeb Menywod Cymru (WEN) yn ddiweddar ac fe'n rhestrir fel aelod sefydliadol ar eu gwefan. Mae aelodaeth yn darparu cyfleoedd i rwydweithio, cefnogaeth ac arweiniad a mynediad i adroddiadau ac ymchwil. Yn ogystal mae cyfle i AaGIC hysbysebu cyfleoedd swyddi, digwyddiadau a newyddion yn eu cylchgrawn misol i'w 35,000 o gefnogwyr yng Nghymru.

Bydd ein Arweinydd EDI yn mynychu eu cyfarfod cyntaf o Bartneriaeth Cydraddoldeb Cyrff Cyhoeddus Cymru ym mis Medi. Bwriad y cyfarfod ym mis Medi yw adolygu ble rydym ni a thrafod mewn peth Manlyder sut rydym ni am symud gwaith y bartneriaeth yn ei flaen. Mae'r bartneriaeth wedi cydnabod bod symud y gwaith hwn yn ei flaen wedi profi'n heriol yn ystod y pandemig.

Mae'r Arweinydd EDI hefyd yn gweithio gyda ffrydiau gwaith a chyfarwyddiaethau ar draws AaGIC ar weithredoedd cadarnhaol i fynd i'r afael ag amrywiaeth wrth recriwtio gan gyynnwys ei baneli a'i gronfa o gynrychiolwyr lleig. Yn ogystal, darparu cefnogaeth

ac arweiniad ynghylch gyrfaoedd a lledu rhaglenni mynediad i'r unigolion rheini â nodweddion gwarchodedig, o gefndiroedd ethnig lleiafrifol a grwpiau heb gynrychiolaeth ddigonol.

#### 4. MATERION LLYWODRAETHU A RISGIAU

Mae'r prosesau llywodraethu, monitro ac adrodd cadarn a amlinellir yn y papur yn sicrhau Bod modd i ni arddangos yn effeithiol gyflawniad Amcan Strategol 5.2, ein Cynllun Cydraddoldeb Strategol a Chynllun Gweithredu Cymru Wrth-hiliaeth.

#### 5. GOBLYGIADAU ARIANNOL

Nid oes unrhyw olbygiadau ariannol yn codi o gynnwys y papur hwn.

## **Adroddiad y Cyfarwyddwr Cyllid**

### **1. CYFLWYNIAD**

Mae'r adroddiad yn nodi'r sefyllfa ariannol ar ddiwedd mis Mehefin 2022, a adroddwyd yn erbyn cyllidebau wedi'u diweddarau. Mae'r cyllidebau dirprwyedig wedi deillio o Gynllun Adnoddau 2022-23, a dynnwyd o Gynllun Blynnyddol 2022-25 a gymeradwywyd gan Fwrdd AaGIC a'r llythyr Dyrannu Adnoddau a dderbyniwyd gan Lywodraeth Cymru. Y sefyllfa ariannol a gofnodwyd gan AaGIC ym Mis 3 yw danwariant o £260,408, a rhoddwyd gwybod i Lywodraeth Cymru am y sefyllfa hon yn unol â gofynion cyflwyno'r ffurflen fonitro flynyddol

### **2. CEFNDIR**

Mae'r adroddiad hwn yn nodi'r rhesymau dros unrhyw amrywiad ariannol yn erbyn y cyllidebau a bennwyd. Bydd y Cyfarwyddwr Cyllid a'i thîm yn cynnal ymarferion 'Deep Dive' i'r sefyllfa ariannol bob chwarter, gan hysbysu'r Tîm Gweithredol am unrhyw gyfleoedd anghylchol sy'n bresennol.

### **3. CYNNIG**

Gofynnir i'r Bwrdd nodi'r sefyllfa ariannol a adroddwyd gan AaGIC ar gyfer Mis 3 ac ystyried yr esboniadau cryno o'r amrywiadau allweddol a ddisgrifir ar gyfer pob Cyfarwyddiaeth.

### **4. MATERION LLYWODRAETHU A RISG**

Mae gan AaGIC ddyletswydd ariannol statudol i fantoli'r cyfrifon ar ddiwedd y flwyddyn a bydd Llywodraeth Cymru yn monitro'r sefyllfa a adroddwyd o ran y ddyletswydd hon a hefyd yn erbyn cynllun ariannol y flwyddyn gyfredol a gyflwynwyd o fewn Cynllun Tymor Canolig Integredig 2022-23.

### **5. GOBLYGIADAU ARIANNOL**

#### **5.1 Sefyllfa Ariannol Refeniw ar Fis 3**

Mae AaGIC yn adrodd am danwariant o £260,408 yn erbyn cyllidebau wedi'u proffilio ar 30 Mehefin 2022. Mae'r tanwariant wedi'i rannu rhwng costau cyflog, lle mae nifer o swyddi gwag, tangofrestru Cymrodyr Clinigol, costau heb dâl sy'n ymwneud â theithio a hyfforddiant lle mae gweithgarwch yn is na'r hyn a gyllidebwyd ac yn erbyn comisiynu, lle mae'r tanwariant yn cynrychioli llai na 3% o'r gyllideb gronol. Roedd y cynllun ariannol yn cynnwys dyraniadau disgwylledig gan Lywodraeth Cymru, fel y nodir yn y Cynllun Adnoddau.

Ar gyfer mis 3, adroddwyd y sefyllfa ariannol i Lywodraeth Cymru ar ddiwrnod 5, a chyflwynwyd y ffurflen fonitro yn unol ag amserlen adrodd ofynnol WHC. Mae'r Ffurflen Fonitro a gyflwynwyd i LIC wedi'i chynnwys fel Atodiad 2.

Mae'r dadansoddiad sydd ynghlwm fel Atodiad 1, yn rhoi'r rhesymau dros yr amrywiad fesul Cyfarwyddiaeth. Y rhesymau dros y tanwariant yw llai o weithgarwch mewn meysydd fel cynadleddau a hyfforddiant yn ogystal â theithio a chynhaliaeth a lefelau isel o danwariant o fewn cyllidebau comisiynu.

## 5.2 Cyllid Comisiynu

Dylid nodi bod y gyllideb Gomisiynu yn seiliedig ar y garfan bresennol o fyfyrwyr yn y system a'r niferoedd myfyrwyr a gomisiynwyd ar gyfer 22/23.

- Mae'r symudiad asedau anghyfredol yn adlewyrchu:
  - Dibrisiant a godir yn ystod y mis.
  - Trosglwyddo prydles Tŷ Dysgu i'r fantolen o ganlyniad i gyflwyno IFRS16 o 1 Ebrill 2022. Mae hyn yn newid mewn polisi cyfrifyddu sy'n effeithio ar bob corff yn y sector cyhoeddus. Mae'r cynnydd mewn asedau yn cyfateb i gynnydd cyfatebol yn yr atebolrwydd i dalu costau'r brydles, sy'n cael ei adlewyrchu yn 'Masnach a Symiau Taladwy Eraill'.
- Symiau Masnach a Derbyniadau Eraill yw £1.0m ar 30 Mehefin 2022. Mae £0.7m o'r balans hwn yn ymwneud â rhagdaliadau a fydd yn cael eu rhyddhau yn unol â'r gwasanaeth a ddarperir.
- Masnach a Symiau Taladwy Eraill – Cynnydd cyffredinol o £4.0m ers dechrau'r flwyddyn. Mae'r balans o £12.5m yn cynnwys:
  - £0.6m o anfonebau ar y system cyfrifon sy'n daladwy sy'n aros am daliad yn unol â'r polisi talu 30 diwrnod.

English Catherine

- £3.6 miliwn mewn perthynas â sefydliadau eraill GIG Cymru, £2.3m yn groniadau a amcangyfrifir.
- £5.0m yn daladwy i gredydwy'r nad ydynt yn perthyn i'r GIG, £2.8m yn groniadau a amcangyfrifir.
- Mae £0.4m yn ymwneud â chroniadau cyfrifyddu technegol megis y ddarpariaeth gwyliau blynyddol a'r cyfrif cydraddoli rhent.
- £0.7m o CThEM a chredydwy'r pensiwn sy'n ddyledus yn y mis yn dilyn cyfnod y gyflogres.
- £1.8m sy'n ymwneud â'r atebolrwydd prydlesu yn dilyn gweithredu IFRS16o 1 Ebrill 2022.

Y balans arian parod ar ddiwedd mis Mehefin 2022 oedd £1.7m.

### 5.3 Gwariant Cyfalaf

Mae gan AaGIC ddryniad cyfalaf dewisol o £76k ar gyfer 2022/23. Ni chafwyd unrhyw wariant hyd yma.

### Polisi Talu'r Sector Cyhoeddus

Disgwylir i bob corff y GIG fodloni Polisi Taliadau'r Sector Cyhoeddus, sy'n ei gwneud yn ofynnol i sefydliadau dalu 95% o'r holl anfonebau nad ydynt yn perthyn i'r GIG o fewn 30 diwrnod. Ar gyfer y cyfnod Ebrill 2022 i Fehefin 2022 talodd AaGIC 93.45% o anfonebau nad oeddent yn ymwneud â'r GIG a 96.14% o anfonebau'r GIG o fewn 30 diwrnod.

## REPORT OF THE DIRECTOR OF FINANCE

The variances for each of the directorates are explained below:

### 1. Board & Executive

There is an overall underspend of £5k within the Board and Executive directorate as a result of underspends in travel & subsistence where claims are less than budgeted in May and June 2022. A staff member appointment has been made at less than budgeted spine point, and a member of the team has been appointed at a reduced whole time equivalent (wte). There are a further three vacancies offset partially by agency spend.

### 2. Finance & Corporate Services

Within Finance & Corporate Services, there is an underspend of £17k which is due to a vacancy at Band 5 (£9k) for which the recruitment process is underway and lower costs than budgeted for Bank Charges (£1k), underspend on cleaning materials, health and safety costs as well as a number of other minor underspends (£7k).

### 3. Planning & Performance

The small underspend of less than £4k is made up of an overspend of £4k against a band 7 post offset against an underspend of £8k for a band 8b pending an individual being moved from band 7 to 8b to fill a vacancy at band 8b level.

### 4. Digital & IT

There is an £28k underspend as at the end of June which relates to vacancies at band 5, band 7 and 8a, which is partially offset against agency spend for the band 5 vacancy.

### 5. Medical, Dental & Pharmacy

The underspend within this directorate of £153k is made up of an underspend against non-pay of £76k which is broken down into a couple of areas:

- £70k of underspend against Conference, Travel and Catering subjective lines which is likely to continue over the next few months,
- An underspend of £28k as a result of Faculty Leads and Dental Admin posts being vacant.
- £14k underspend against locums which is partially offset against pay lines.
- £10k underspend as a result of a number of vacancies offset mostly by locum costs, some staff acting up, maternity backfill and £25k of agency cost.

As well as an underspend against commissioning areas of £67k made up of:

- Underspend of £47k against GP Induction and Returners due to only one being in post with budget set for 5.
- Training grade salary allocations, an underspend of £45k due to unfilled posts and budget not fully allocated.

- An overspend within Pharmacy of £25k as a result of costs from the prior year not having been invoiced by Health Boards previously, offset by some minor underspends to date.
- £1k overspend in Dental Foundation Training as a result of additional travel expenses being received.

#### 6. Nursing & Health Professional Education

As at the end of May there was an underspend of £29k. This relates to a small underspend in pay & non pay of £7k (less than 1% of the pay and non-pay budget), mostly due to a vat refund on some non-pay costs, offset against an underspend in the commissioning budgets of £22k. It is expected that this underspend in commissioning will increase during the year, and this will be reported to Board each month.

#### 7. Workforce and Organisational Development

There is an underspend within pay costs of £50k because of an under recruitment of Clinical Fellows (£28k) and as a result of a number of vacancies across a number of bands. Some of this underspend is being offset by agency spend of £17k. This is partially offset against a slight overspend in non-pay costs as a result of some VAT adjustments and some leadership membership costs which were not budgeted.

## ADOLYGIAD O'R CYFARWYDDIADAU ARIANNOL SEFYDLOG

### 1. CYFLWYNIAD

Mae'n ofynnol i AaGIC gynnal set o Gyfarwyddiadau Ariannol Sefydlog (SFIs) er mwyn trosi gofynion ariannol statudol a Llywodraeth Cymru yn arfer gweithredu dydd i ddydd. Fel rhan o adolygiad Cymru gyfan ar gais y grŵp Cyfarwyddwyr Cyllid, mae Llywodraeth Cymru wedi cyhoeddi SFIs enghreifftiol i'w mabwysiadu gan holl sefydliadau GIG Cymru. Cyflwynir y ddogfen ddiwygiedig i'r Bwrdd ei hystyried a'i chymeradwyo.

### 2. CEFNDIR

Yn y Pwyllgor Archwilio a Sicrwydd ar 11 Gorffennaf 2021 cyflwynwyd yr aelodau â'r SFIs enghreifftiol diwygiedig a gyhoeddwyd gan Llywodraeth Cymru. Fel rhan o'r broses adolygu, adwaenwyd anghysondeb o fewn y ddogfen a oedd yn effeithio ar drothwyon hysbysu caffael AaGIC, ac o ganlyniad, ni allai'r sefydliad fabwysiadu'r SFIs.

Yn dilyn trafodaethau â chydweithwyr Llywodraeth Cymru mae amserlen ddiwygiedig wedi'i chyhoeddi sy'n egluro'r gofynion adrodd. Mae hon yn nodi, *'Nad yw cytundebau yr ymrwymir iddynt gan AaGIC am wasanaethau sy'n ganlyniad i gomisiynu blynyddol a gymeradwyir gan y Gweinidog, e.e. comisiynu addysg a hyfforddiant blynyddol, yn gofyn am hysbysu na chymeradwyaeth Weinidogol bellach.'*

Mae'r paragraff ychwanegol yn amserlen 1 yn cael gwared ar yr anghysondeb ac yn galluogi AaGIC i weithredu o dan y gofynion caffael ar gyfer cytundebau cynllun addysg a hyfforddiant a fu yn eu lle ers i'r sefydliad gael ei sefydlu.

Ystyriwyd y Cyfarwyddiadau Ariannol Sefydlog yng nghyfarfod y Pwyllgor Archwilio a Sicrwydd a gynhaliwyd ar 12 Gorffennaf 2022. Yn y cyfarfod hwnnw, argymhellodd y Pwyllgor bod y Bwrdd yn cymeradwyo'r Cyfarwyddiadau Ariannol Sefydlog a ddiweddarwyd.

### 3. CYNNIG

Mae Cyfarwyddiadau Ariannol Sefydlog AaGIC wedi eu diwygio a'u diweddarau i adlewyrchu'r ddogfen ddiwygiedig a gyhoeddwyd gan Llywodraeth Cymru. Caiff copi o'r SFIs diwygiedig ei gynnwys o fewn Atodiad 1, sy'n cynnwys y ddogfen 'Amserlen 1' ddiwygiedig a gyhoeddwyd ar 31 Mawrth 2022.

Caiff y rhestr o ddiwygiadau i'r SFIs ei chynnwys yn Atodiad 2 er gwybodaeth.

Model Standing Orders, Reservation and Delegation of Powers for HEIW  
Schedule 2.1: Standing Financial Instructions

Status:  
Update - March 2021 (v2)

Page 1 of 81

## Foreword

These Model Standing Financial Instructions are issued by Welsh Ministers to Health Education and Improvement Wales “HEIW” using powers of direction provided in section 23 (1) of the National Health Service (Wales) Act 2006. HEIW must agree Standing Financial Instructions (SFIs) for the regulation of their financial proceedings and business. Designed to achieve probity, accuracy, economy, efficiency, effectiveness and sustainability in the conduct of business, they translate statutory and Welsh Government financial requirements for the NHS in Wales into day to day operating practice. Together with the adoption of Standing Orders (SOs), a Scheme of decisions reserved to the Board and a scheme of delegations to officers and others, they provide the regulatory framework for the business conduct of HEIW.

These documents form the basis upon which HEIW's governance and accountability framework is developed and, together with the adoption of HEIW's Values and Standards of Behaviour framework, is designed to ensure the achievement of the standards of good governance set for the NHS in Wales.

All HEIW Board members and officers must be made aware of these Standing Financial Instructions and, where appropriate, should be familiar with their detailed content. The Director of Finance will be able to provide further advice and guidance on any aspect of the Standing Financial Instructions. The Board Secretary will be able to provide further advice and guidance on the wider governance arrangements within HEIW. Further information on governance in the NHS in Wales may be accessed at <https://nwssp.nhs.wales/all-wales-programmes/governance-e-manual/>

# Health Education and Improvement Wales

## 1. INTRODUCTION

### 1.1 General

- 1.1.1 These Model Standing Financial Instructions are issued by Welsh Ministers to Health Education and Improvement Wales “HEIW” using powers of direction provided in section 23(1) of the National Health Service (Wales) Act 2006 “NHS (Wales) Act 2006”. HEIW must agree Standing Financial Instructions (SFIs) for the regulation of their financial proceedings and business. They shall have effect as if incorporated in the Standing Orders (SOs) (incorporated as Schedule 2.1 of SOs).
- 1.1.2 These SFIs detail the financial responsibilities, policies and procedures adopted by HEIW. They are designed to ensure that HEIW's financial transactions are carried out in accordance with the law and with Welsh Government policy in order to achieve probity, accuracy, economy, efficiency, effectiveness and sustainability. They should be used in conjunction with the Schedule of decisions reserved to the Board and the Scheme of delegation adopted by HEIW.
- 1.1.3 These SFIs identify the financial responsibilities which apply to everyone working for HEIW. They do not provide detailed procedural advice and should be read in conjunction with the detailed financial control procedure notes. All financial procedures must be approved by the Director of Finance and Audit and Assurance Committee.
- 1.1.4 Should any difficulties arise regarding the interpretation or application of any of the SFIs then the advice of the Board Secretary or Director of Finance must be sought before acting. The user of these SFIs should also be familiar with and comply with the provisions of HEIW's Standing Orders “SOs”.

### 1.2 Overriding Standing Financial Instructions

- 1.2.1 Full details of any non compliance with these SFIs, including an explanation of the reasons and circumstances must be reported in the first instance to the Director of Finance and the Board Secretary, who will ask the Audit and Assurance Committee “Audit Committee” to formally consider the matter and make proposals to the Board on any action to be taken. All Board members and HEIW officers have a duty to report any non compliance to the Director of Finance and Board

Secretary as soon as they are aware of any circumstances that has not previously been reported.

- 1.2.2 **Ultimately, the failure to comply with SFIs and SOs is a disciplinary matter that could result in an individual's dismissal from employment or removal from the Board.**

### **1.3 Financial provisions and obligations of HEIW**

- 1.3.1 The financial provisions and obligations for Special Health Authorities, which relate to HEIW are set out under Sections 171, 172 and 173 of the NHS (Wales) Act 2006. The Board as a whole and the Chief Executive in particular, in their role as the Accountable Officer for the organisation, must ensure HEIW meets its statutory obligation to perform its functions within the available financial resources.

## **2. RESPONSIBILITIES AND DELEGATION**

### **2.1 The Board**

2.1.1 The Board exercises financial supervision and control by:

- a) Formulating and approving the Medium Term Financial Plan (MTFP) as part of the developing and approving medium term plan, reflecting longer-term planning and delivery objectives;
- b) Requiring the submission and approval of balanced annual budgets within approved allocations/resource limits
- c) Defining and approving essential features in respect of important financial policies, systems and financial controls (including the need to obtain value for money and sustainability); and
- d) Defining specific responsibilities placed on Board members and HEIW officers, and HEIW committees and Advisory Groups as indicated in the 'Scheme of delegation' document.

2.1.2 The Board has resolved that certain powers and decisions may only be exercised by the Board in formal session. These are set out in the 'Schedule of matters reserved to the Board' document. The Board, subject to any directions that may be made by Welsh Ministers, shall make appropriate arrangements for certain functions to be carried out on its behalf so that the day to day business of HEIW may be carried out effectively, and in a manner that secures the achievement of the organisations aims and objectives. This will be via powers and authority delegated to committees, sub-committees, joint committees or joint sub-committees that HEIW has established or to an officer of HEIW in accordance with the 'Scheme of delegation' document adopted by HEIW.

### **2.2 The Chief Executive and Director of Finance**

2.2.1 The Chief Executive and Director of Finance will, as far as possible, delegate their detailed responsibilities, but they remain accountable for financial control.

2.2.2 Within the SFIs, it is acknowledged that the Chief Executive is ultimately accountable to the Board, and as Accountable Officer, to the Welsh Government, for ensuring that the Board meets its obligation to perform its functions within the available financial resources. The Chief Executive has overall executive responsibility for HEIW's activities; is

responsible to the Chair and the Board for ensuring that financial provisions, obligations and targets are met; and has overall responsibility for HEIW's system of internal control.

- 2.2.3 It is a duty of the Chief Executive to ensure that Board members and HEIW officers, and all new appointees are notified of, and put in a position to understand their responsibilities within these SFIs.

## **2.3 The Director of Finance**

2.3.1 The Director of Finance is responsible for:

- a) Implementing HEIW's financial policies and for co-coordinating any corrective action necessary to further these policies;
- b) Maintaining an effective system of internal financial control including ensuring that detailed financial control procedures and systems incorporating the principles of separation of duties and internal checks are prepared, documented and maintained to supplement these instructions;
- c) Ensuring that sufficient records are maintained to show and explain HEIW's transactions, in order to disclose, with reasonable accuracy, the financial position of HEIW at any time; and
- d) Without prejudice to any other functions of HEIW, and Board members and HEIW officers, the duties of the Director of Finance include:
  - (i) the provision of financial advice to other Board members and HEIW officers, and HEIW Committees and Advisory Groups,
  - (ii) the design, implementation and supervision of systems of internal financial control, and
  - (iii) the preparation and maintenance of such accounts, certificates, estimates, records and reports as HEIW may require for the purpose of carrying out its statutory duties.

2.3.2 The Director of Finance is responsible for ensuring an ongoing training and communication programme is in place to effect these SFIs.

## **2.4 Board members and HEIW officers, and HEIW Committees and Advisory Groups**

2.4.1 All Board members and HEIW officers, and HEIW Committees and

Advisory Groups, severally and collectively, are responsible for:

- a) The security of the property of HEIW;
- b) Avoiding loss;
- c) Exercising economy, efficiency and sustainability in the use of resources; and
- d) Conforming to the requirements of SOs, SFIs, Financial Control Procedures and the Scheme of delegation.

2.4.2 For all Board members and HEIW officers, and HEIW Committees and Advisory Groups who carry out a financial function, the form in which financial records are kept and the manner in which members of the Board, Committees, Advisory Groups and employees discharge their duties must be to the satisfaction of the Director of Finance.

## **2.5 Contractors and their employees**

2.5.1 Any contractor or employee of a contractor who is empowered by HEIW to commit HEIW to expenditure or who is authorised to obtain income shall be covered by these instructions. It is the responsibility of the Chief Executive to ensure that such persons are made aware of this.

### 3. AUDIT, FRAUD AND CORRUPTION, AND SECURITY MANAGEMENT

#### 3.1 Audit Committee

- 3.1.1 An independent Audit Committee is a central means by which a Board ensures effective internal control arrangements are in place. In addition, the Audit Committee provides a form of independent check upon the executive arm of the Board. In accordance with SOs the Board shall formally establish an Audit Committee with clearly defined terms of reference. Detailed terms of reference and operating arrangements for the Audit Committee are set out in Schedule 3 to the SOs. This committee will follow the guidance set out in the NHS Wales Audit Committee Handbook.

#### 3.2 Chief Executive

- 3.2.1 The Chief Executive is responsible for:

- a) Ensuring there are arrangements in place to review, evaluate and report on the effectiveness of internal control including the establishment of an effective Internal Audit function;
- b) Ensuring that the Internal Audit function meets the Public Sector Internal Audit Standards and provides sufficient independent and objective assurance to the Audit Committee and the Accountable Officer;

[https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment\\_data/file/641252/PSAIS\\_1\\_April\\_2017.pdf](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/641252/PSAIS_1_April_2017.pdf)

- c) Deciding at what stage to involve the police in cases of misappropriation and other irregularities not involving fraud or corruption;
- d) Ensuring that an annual Internal Audit report is prepared for the consideration of the Audit Committee and the Board. The report must cover:
  - a clear opinion on the effectiveness of internal control in accordance with the requirements of the Public Sector Internal Audit Standards.

- major internal control weaknesses discovered,
- progress on the implementation of Internal Audit recommendations,
- progress against plan over the previous year, and
- a detailed plan for the coming year.

3.2.2 The designated internal and external audit representatives are entitled (subject to provisions in the Data Protection Act 2018 and the UK General Data Protection Legislation) without necessarily giving prior notice to require and receive:

- a) Access to all records, documents and correspondence relating to any financial or other relevant transactions, including documents of a confidential nature;
- b) Access at all reasonable times to any land or property owned or leased by the HEIW;
- c) Access at all reasonable times to Board members and HEIW officers;
- d) The production of any cash, stores or other property of the HEIW under a Board member or a HEIW official's control; and
- e) Explanations concerning any matter under investigation.

### 3.3 Internal Audit

3.3.1 The Accountable Officer Memorandum requires the Chief Executive to have an internal audit function that operates in accordance with the standards and framework set for the provision of Internal Audit in the NHS in Wales. This framework is defined within an Internal Audit Charter that incorporates a definition of internal audit, a code of ethics and Public Sector Internal Audit Standards. Standing Order 8.1 details the relationship between the Head of Internal Audit and the Board. The role of the Audit Committee in relation to Internal Audit is set out within its Terms of Reference, incorporated in Schedule 3 of the SOs, and the NHS Wales Audit Committee Handbook.

### 3.4 External Audit

- 3.4.1 Pursuant to the Public Audit (Wales) Act 2004 (c. 23), the Auditor General for Wales (Auditor General) is the external auditor of HEIW. The Auditor General may nominate his representative to represent him and to undertake the required audit work. The cost of the audit is paid for by HEIW. HEIW's Audit Committee should assure itself that a cost-efficient external audit service is delivered. If there are any problems relating to the service provided, this should be raised with the Auditor General's representative and referred on to the Auditor General if the issue cannot be resolved.
- 3.4.2 The objectives of the external audit fall under three broad headings, to review and report on:
- a) Whether the expenditure to which the financial statements relate has been incurred lawfully and in accordance with the authority that governs it;
  - b) The audited body's financial statements, and on its Annual Governance Statement and remuneration report;
  - c) Whether the audited body has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources.
- 3.4.3 The Auditor General's representatives will prepare a risk-based annual audit plan, designed to deliver the Auditor General's objectives, for consideration by the Audit Committee. The Audit Committee should formally consider and review the plan. The plan will set out details of the work to be carried out, providing sufficient detail for the Audit Committee and other recipients to understand the purpose and scope of the defined work and their level of priority. The Audit Committee should review the plan and the associated fees, although in so doing it needs to recognise the statutory duties of the Auditor General. The Audit Committee should consider material changes to the plan.
- 3.4.4 The Auditor General's representative should be invited to attend every Audit Committee meeting. The cycle of approving and monitoring the progress of external audit plans and reports, culminating in the opinion on the annual report and accounts, is central to the core work of the Audit Committee.
- 3.4.5 The Auditor General's representatives will liaise with Internal Audit when developing the external audit plan. The Auditor General's representative will ensure that planned external audit work takes into

account the work of Internal Audit to avoid duplication wherever possible and considers where Internal Audit work can be relied upon for opinion purposes.

- 3.4.6 The Auditor General and his representatives shall have a right of access to the Chair of the Audit Committee at any time.
- 3.4.7 The Government of Wales Act 2006 provides that the Auditor General has statutory rights of access to all documents and information, as set out in paragraph 3.2.2a of these SFIs, that relate to the exercise of many of his core functions, including his statutory audits of accounts, value for money examinations and improvement studies. The rights of access include access to confidential information; personal information as defined by the Data Protection Act 2018 and the UK General Data Protection Legislation; information subject to legal privilege; personal information and sensitive personal information that may otherwise be subject to protection under the European Convention of Human Rights; information held by third parties; and electronic files and IT systems. Paragraph 17 of Schedule 8 to GOWA operates to provide the Auditor General with a right of access to every document relating to the Trust that appears to him to be necessary for the discharge of any of these functions. Paragraph 17(3) of Schedule 8 also requires any person that the Auditor General thinks has information related to the discharge of his functions to give any assistance, information and explanation that he thinks necessary. It also requires such persons to attend before the Auditor General and to provide any facility that he and his representatives may reasonably require, such as audit accommodation and access to IT facilities. The rights apply not just to HEIW and its officers and staff, but also to, among others, suppliers to HEIW.
- 3.4.8 The Auditor General's independence in the exercise of his audit functions is protected by statute (section 8 of the Public Audit (Wales) Act 2013), and audit independence is required by professional and ethical standards. Accordingly, HEIW (including its Audit Committee) must be careful not to seek to fetter the Auditor General's discretion in the exercise of his functions. While HEIW may offer comments on the plans and outputs of the Auditor General, it must not seek to direct the Auditor General.
- 3.4.9 The Auditor General will issue a number of reports over the year, some of which are specified in the Auditor General's Code of Audit and Inspection Practice and International Standards on Auditing. Other reports will depend on the contents of the audit plan.

The main mandatory reports are:

- Report to those charged with governance (incorporating the report required under ISA 260) that sets out the main issues arising from the audit of the financial statements and use of resources work
- Statutory report and opinion on the financial statements
- Annual audit report.

In addition to these reports, the Auditor General may prepare a report on a matter the Auditor General considers would be in the public interest to bring to the public's attention; or make a referral to the Welsh Ministers if significant breaches occur.

3.4.10 The Auditor General also has statutory powers to undertake Value for Money Examinations and Improvement Studies within HEIW and other public sector bodies. At HEIW he also undertakes a Structured Assessment to help him assess whether there are proper arrangements for securing economy, efficiency and effectiveness in the use of resources. The Auditor General will take account of audit work when planning and undertaking such examinations and studies. The Auditor General and his representatives have the same access rights in relation to these examinations and studies as they do in relation to annual audit work.

### **3.5 Fraud and Corruption**

3.5.1 In line with their responsibilities, HEIW Chief Executive and Director of Finance shall monitor and ensure compliance with Directions issued by the Welsh Ministers on fraud and corruption.

3.5.2 HEIW shall nominate a suitable person to carry out the duties of the Local Counter Fraud Specialist (LCFS) as specified by Directions to NHS bodies on Counter Fraud Measures 2005.

<http://www.wales.nhs.uk/sitesplus/documents/1064/WHC%282005%2995%20%28Revised%29%20Directions%20to%20National%20Health%20Service%20bodies%20on%20Counter%20Fraud%20Measures%202005.pdf>

3.5.3 The LCFS shall report to the HEIW Director of Finance and the LCFS must work with NHS Counter Fraud Authority (NHSCFA) and the NHS Counter Fraud Service Wales (CFSW) Team in accordance with the Directions to NHS bodies on Counter Fraud Measures 2005.

3.5.4 The LCFS will provide a written report to the Director of Finance and Audit Committee, at least annually, on proactive and reactive counter

fraud work within HEIW.

- 3.5.5 HEIW must participate in the annual National Fraud Initiative (NFI), which in Wales is led by Audit Wales and HEIW and must provide the necessary data for the mandatory element of the initiative by the due dates. The HEIW should participate in appropriate risk measurement or additional dataset matching exercise in order to support the detection of fraud across the whole public sector.

### **3.6 Security Management**

- 3.6.1 In line with their responsibilities, HEIW Chief Executive will monitor and ensure compliance with Directions issued by the Welsh Ministers on NHS security management.
- 3.6.2 The Chief Executive has overall responsibility for controlling and coordinating security.

## 4. ALLOCATIONS AND FINANCIAL DUTY

- 4.1 Revenue and Capital allocations are determined by the Welsh Ministers in accordance with its allotted health budget and distribution policy.
- 4.2 The Director of Finance of HEIW will:
- a) Prior to the start of each financial year submit to the Board for approval a report showing the total allocations received, assumed in-year allocations and other adjustments and their proposed distribution to delegated budgets, including any sums to be held in reserve;
  - b) Ensure that any ring-fenced or non-discretionary allocations are disbursed in accordance with Welsh Ministers' requirements;
  - c) Periodically review any assumed in-year allocations to ensure that these are reasonable and realistic; and
  - d) Regularly update the Board on significant changes to the initial allocation and the application of such funds.
- 4.3 HEIW is required by statutory provision not to breach its financial duty to secure that its expenditure does not exceed the aggregate of its resource allocations and income received. This duty applies separately to capital and revenue resource allocations. The Chief Executive has overall executive responsibility for HEIW's activities and is responsible to the Board for ensuring that it meets its financial duties as set out in section 172 of the National Health Service (Wales) Act 2006.

## 5. INTEGRATED PLANNING

- 5.1 HEIW will prepare appropriate plans as required by legislation and the Welsh Government.
- 5.2 An annual business plan will be submitted to the Welsh Government setting out how the organisation will meet the requirements of the Minister's Remit Letter.
- 5.3 In addition, HEIW will prepare a medium term plan based over a period of three years. This plan must reflect longer-term planning and delivery objectives and should be continually reviewed based on latest Welsh Government policy and local priority requirements.
- 5.4 The Chief Executive will compile and submit to the Board, on an annual basis, the rolling 3 year plan. The Board approved plan will be submitted to Welsh Government in line with the requirements it has set out.
- 5.5 The remit letter, approved business plan and three year plan will form the basis of the accountability arrangements between HEIW and Welsh Government.
- 5.6 The Board will:
- a) Approve the annual business plan and medium term plan prior to the beginning of the financial year of implementation and in accordance with the guidance issued annually by Welsh Government. Following Board approval the Plan will be submitted to Welsh Government.
  - b) Approve a balanced annual budget as part of the annual business plan, which meets all statutory financial duties, probity and value for money requirements; and
  - c) Prepare and agree with the Welsh Government a robust and sustainable recovery plan in accordance with Welsh Ministers' guidance where HEIW plan is not in place or in balance.
- 5.7 The first full annual business plan and three year plan will be required from the start of 2019/20 financial year.

## **6. FINANCIAL MANAGEMENT AND BUDGETARY CONTROL**

### **6.1 Budget Setting**

6.1.1 Prior to the start of the financial year the Director of Finance will, on behalf of the Chief Executive, prepare and submit budgets for approval and delegation by the Board. Such budgets will:

- a) Include an annual budget for achieving compliance with HEIWs statutory financial balance to operate within its allocated resources
- b) Be in accordance with the aims and objectives set out in the Board approved annual business plan, medium term plan and Medium Term Financial Plan,
- c) Accord with Commissioning, Activity, Quality, Performance, Capital and Workforce plans contained within the Board approved plan;
- d) Take account of approved business cases and associated revenue costs and funding
- e) Be produced following discussion with appropriate Directors and budget holders;
- f) Be prepared within the limits of available funds;
- g) Take account of ring-fenced, specified and non recurring allocations and funding;
- h) Include both financial budgets (£) and workforce establishment budgets (budgeted whole time equivalents)
- i) Be within the scope of activities and authority defined by the National Health Service (Wales) Act 2006, including pooled budget arrangements;
- j) Take account of the principles of Well-being of Future Generations (Wales) Act 2015 including the seven Well-being Goals and the five ways of working; and
- k) Identify potential risks and opportunities.

### **6.2 Budgetary Delegation**

6.2.1 The Chief Executive may delegate, via the Director of Finance, the management of a budget to permit the performance of a defined range of activities, including pooled budget arrangements under Regulations made in accordance with section 33 of the National Health Service (Wales) Act 2006 (c. 42). This delegation must be in writing, in the form of a letter of accountability, and be accompanied by a clear definition of:

- a) The amount of the budget;
- b) The purpose(s) of each budget heading;
- c) Individual or committee responsibilities;
- d) Arrangements during periods of absence;
- e) Authority to exercise virement;
- f) Achievement of planned levels of service; and
- g) The provision of regular reports.

The budget holder must sign the accountability letter formally delegating the budget.

6.2.2 The Chief Executive, Director of Finance and delegated budget holders must not exceed the budgetary total or virement limits set by the Board.

6.2.3 Budgets must only be used for the purposes designated, and any budgeted funds not required for their designated purpose(s) revert to the immediate control of the Chief Executive, subject to any authorised use of virement.

6.2.4 Non-recurring budgets should not be used to finance recurring expenditure without the authority in writing of the Chief Executive, as advised by the Director of Finance.

6.2.5 All budget holders must provide information as required by the Director of Finance to enable budgets to be compiled and managed appropriately.

6.2.6 All budget holders will sign up to their allocated budgets at the commencement of the financial year.

6.2.7 The Director of Finance has a responsibility to ensure that appropriate and timely financial information is provided to budget holders and that adequate training is delivered on an on-going basis to assist budget holders managing their budgets successfully.

6.3.1 The Director of Finance shall monitor financial performance against budget and plans and report the current and forecast position on a monthly basis and at every Board meeting. Any significant variances should be reported to HEIW Board as soon as they come to light and the Board shall be advised on any action to be taken in respect of such variances.

6.3.2 The Director of Finance will devise and maintain systems of financial management performance reporting and budgetary control. These will include:

a) Regular financial reports, for revenue and capital, to the Board in a form approved by the Board containing sufficient information for the Board to:

- Understand the current and forecast financial position;
- Evaluate risks and opportunities;
- Use insight to make informed decisions;
- Be consistent with other Board reports, which as a minimum will cover:
  - i. Current and forecast year end position on statutory financial duties;
  - ii. Actual income and expenditure to date compared to budget and showing trends and run rates;
  - iii. Forecast year end positions;
  - iv. A statement of assets and liabilities, including analysis of cash flow and movements in working capital;
  - v. Explanations of material variances from plan;
  - vi. Capital expenditure and projected outturn against plan;
  - vii. Investigations and reporting of variances from financial, activity and workforce budgets;
  - viii. Details of corrective actions being taken, as advised by the relevant budget holder and the Chief Executive's and/or Director of Finance's view of whether such actions are sufficient to correct the situation;
  - ix. Statement of performance against savings targets
  - x. Key workforce and other cost drivers;
  - xi. Income and expenditure run rates, historic trends, extrapolation and explanations; and
  - xii. Clear assessment of risks and opportunities; and
- Provide a rounded and holistic view of financial and wider organisational performance.

- b) The issue of regular, timely, accurate and comprehensible advice and financial reports to each delegated budget holder, covering the areas for which they are responsible;
- c) An accountability and escalation framework to be established for the organisation to formally address material budget variances
- d) Investigation and reporting of variances from financial, activity and workforce budgets;
- e) Monitoring of management action to correct variances;
- f) Arrangements for the authorisation of budget transfers and virements.

6.3.3 Each Budget Holder will:

- be held to account for managing services within the delegated budget
- investigate causes of expenditure and budget variances using information from activity, workforce and other relevant sources
- develop plans to address adverse budget variances.

6.3.4 Each Budget Holder is responsible for ensuring that:

- a) Any likely overspending or reduction of income that cannot be met by virement is not incurred without the prior consent of the Chief Executive and Director of Finance subject to the Board's scheme of delegation;
- b) The amount provided in the approved budget is not used in whole or in part for any purpose other than that specifically authorised, subject to the rules of virement;
- c) No permanent employees are appointed without the approval of the Chief Executive other than those provided for within the available resources and workforce establishment as approved by the Board.

6.3.5 The Chief Executive is responsible for identifying and implementing cost and efficiency improvements and income generation initiatives in accordance with the requirements of the Annual and Medium Term Financial Plans and SFI 10.1.

## 6.4 Capital Financial Management, Reporting and Budgetary Control

## **7. ANNUAL ACCOUNTS AND REPORTS**

- 7.1 The Board must approve HEIW's annual accounts prior to submission to the Welsh Ministers and the Auditor General for Wales in accordance with the annual timetable.
- 7.2 The Chair and the Chief Executive (as Accountable Officer for HEIW) have responsibility for signing the accounts on behalf of HEIW. The Chief Executive has responsibility for signing the Annual Governance Statement and the Annual Quality Statement.
- 7.3 The Director of Finance, on behalf of HEIW is responsible for ensuring that financial reports and returns are prepared in accordance with the accounting policies, guidance and timetable determined by the Welsh Ministers, as per Welsh Government's Manual for Accounts, and consistent with Financial Reporting Manual (FReM) and International Financial Reporting Standards.
- 7.4 HEIW's audited annual accounts must be adopted by the Board at a public meeting and made available to the public.
- 7.5 HEIW must publish an Annual Report, and present it at its Annual General Meeting. The Board Secretary will ensure that the Annual Report is prepared in line with the Welsh Government's NHS Manual for Accounts. The Annual Report will include
- The Accountability Report containing:
    - Corporate Governance Report
    - Remuneration Report and Staff Report
    - Accountability and Audit Report
  - The Performance Report, which must include:
    - An overview
    - A performance Analysis

## **8. BANKING ARRANGEMENTS**

### **8.1 General**

8.1.1 The Director of Finance is responsible for managing HEIW's banking arrangements and for advising the Board on the provision of banking services and operation of accounts. This advice will take into account guidance/ Directions issued from time to time by the Welsh Ministers. HEIW is expected to use the Government Banking Service (GBS) for its banking services unless there is sound reasoning and value for money considerations to justify the use of commercial accounts.

8.1.2 The Board shall approve the banking arrangements.

### **8.2 Bank Accounts**

8.2.1 The Director of Finance is responsible for:

- a) Establishing bank accounts and ensuring that the Government Banking Service is utilised for main Health Board business transactions;
- b) Establishing additional commercial accounts only exceptionally and where there is a clear rationale for not utilising the Government Banking Service;
- c) Establishing separate bank accounts for HEIW's non-exchequer funds;
- d) Ensuring payments made from bank accounts do not exceed the amount credited to the account except where arrangements have been made;
- e) Ensuring accounts are not overdrawn except in exceptional and planned situations.
- f) Reporting to the Board all arrangements made with HEIW's bankers for accounts to be overdrawn;
- g) Monitoring compliance with Welsh Ministers' guidance on the level of cleared funds.

8.2.2 With the exception of Project Bank Accounts, all bank accounts should be held in the name of HEIW. No officer other than the Director of Finance shall open any account in the name of HEIW or for the purposes of furthering HEIW activities.

8.2.3 Any Project Bank Account that is required may be held jointly in the name of HEIW and the relevant third party contractor.

### **8.3 Banking Procedures**

8.3.1 The Director of Finance will prepare detailed instructions on the operation of bank accounts, that ensure there are sound controls over the day-to-day operation of bank accounts, which must include:

- a) The conditions under which each bank account is to be operated;
- b) Those authorised to sign payable orders or other orders drawn on HEIW's accounts.
- c) Effective divisions of duty for employees working within the banking and treasury management function to minimise the risk of fraud and error.
- d) Authorised signatories are identified with sufficient seniority, and in the case of e banking approvers, together with an appropriate payment approval hierarchy.
- e) Procedures are in place for prompt banking of money received.
- f) Ensure there are physical security arrangements in place for cheque stationery, e banking access devices and payment cards.
- g) Cheques and payable orders are treated as controlled stationery with management responsibility given to a duly designated employee.
- h) Frequent reconciliations are undertaken between cash books, bank statements and the general ledger so that all differences are fully understood and accounted appropriately.
- i) Commercial bank accounts should only be used exceptionally where there is a sound rationale and demonstrates value for money. Commercial accounts should be procured through a tendering exercise and the outcome reported to the Audit Committee on behalf of the Board.

8.3.2 The Director of Finance must advise HEIW's bankers in writing of the conditions under which each account will be operated.

8.3.3 The Director of Finance shall approve security procedures for any

- a) Approving the form of all receipt books, agreement forms, or other means of officially acknowledging or recording monies received or receivable;
- b) Ordering and securely controlling any such stationery; ensuring all cash related stationery treated as controlled stationery with management responsibility given to a duly designated employee;
- c) The provision of adequate facilities and systems for officers whose duties include collecting and holding cash, including the provision of safes or lockable cash boxes, the procedures for keys, and for coin operated machines; and
- d) Establishing systems and procedures for handling cash and negotiable securities on behalf of HEIW.
- e) Ensuring effective control systems are in place for the use of payment cards,
- f) Ensuring that there are adequate control systems in place to minimise the risk of cash/card misappropriation.

9.1.2 Official money shall not under any circumstances be used for the encashment of private cheques or IOUs (informal documents acknowledging debt).

9.1.3 All cheques, postal orders, cash etc., shall be banked intact. Disbursements shall not be made from cash received, except under arrangements approved by the Director of Finance.

9.1.4 The holders of safe/cash box combinations/keys shall not accept unofficial funds for depositing in their safe/cash box unless such deposits are in special sealed envelopes or locked containers. It shall be made clear to the depositors that HEIW is not to be held liable for any loss, and written indemnities must be obtained from the organisation or individuals absolving HEIW from responsibility for any loss.

- 9.1.5 The opening of coin operated machines (including telephone, if applicable) and the counting and recording of takings shall be undertaken by two officers together, except as may be authorised in writing by the Director of Finance and the coin box keys shall be held by a nominated officer.
- 9.1.6 During the absence (for example, on holiday) of the holder of a safe/cash box combination/key, the officer who acts in their place shall be subject to the same controls as the normal holder of the combination/key. There shall be written discharge for the safe and/or cash box contents on the transfer of responsibilities and the discharge document must be retained for inspection.
- 9.2 Petty Cash**
- 9.2.1 The Director of Finance will issue instructions restricting the use and value of petty cash purchases.
- 9.2.2 Petty cash use should be minimised and be subject to regular cash balance reviews in order to minimise cash levels held.
- 9.2.3 Petty cash should be operated under an imprest system and be subject to regular checks to ensure physical and book cash levels are consistent.

## **10. INCOME, FEES AND CHARGES**

### **10.1 Income Generation and Participation in/Formation of Companies**

10.1.1 HEIW shall only generate income for those goods and services that are approved by the Welsh Ministers. Any income generating activities must be complementary to the provision of NHS services and must be in accordance with the Welsh Ministers' policy and powers to raise money as set out in section 169 of the National Health Service (Wales) Act 2006 (c. 42).

10.1.2 HEIW can only form or participate in a company for income generation, improving health, healthcare care and health services, purposes with the consent and/or direction of Welsh Ministers. HEIW should obtain advice from Welsh Government officials prior to undertaking substantive work on formation or participation in any company.

### **10.2 Income Systems**

10.2.1 The Director of Finance is responsible for designing and maintaining procedures to ensure compliance with systems for the proper recording, invoicing, and collection and coding of all monies due.

10.2.2 The Director of Finance is also responsible for ensuring that systems are in place for the prompt banking of all monies received.

### **10.3 Fees and Charges**

10.3.1 The Director of Finance is responsible for approving and regularly reviewing the level of all fees and charges other than those determined by the Welsh Ministers or by Statute. Independent professional advice on matters of valuation shall be taken as necessary.

10.3.2 All officers must inform the Director of Finance promptly of money due arising from transactions which they initiate/deal with, including all contracts, leases, tenancy agreements and other transactions.

### **10.4 Income Due and Debt Recovery**

10.4.1 Delegated budget holders and managers are responsible for informing the Director of Finance of any income due that arises from any contracts, service levels agreements, leases, activities such as private patients or other transactions.

10.4.2 Delegated budget holders and managers must inform the Director of

Finance when overpayment of salary or expenses have been made, in order that recovery can be made.

10.4.3 The Director of Finance is responsible for recovering income due and for ensuring debt recovery procedures are in place to secure early payment and minimise bad debt risk on all outstanding debts.

10.4.4 Income not received should be dealt with in accordance with losses procedures.

10.4.5 Overpayments should be detected (or preferably prevented) and recovery initiated.

10.4.6 The Chief Executive and the Director of Finance are responsible for ensuring the Welsh Ministers' guidance on disputed debt arbitration is strictly adhered to.

## **11. NON PAY EXPENDITURE**

### **11.1 Scheme of Delegation, Non Pay Expenditure Limits and Accountability**

11.1.1. The Board must agree a Scheme of Delegation in line with that set out in its Standing Orders Scheme of Reservation and Delegation of Powers.

11.1.2. The Chief Executive will approve the level of non-pay expenditure and the operational scheme of delegation and authorisation to budget holders and managers within the parameters set out in the HEIW scheme of delegation.

11.1.3. The Chief Executive will set out in the operational scheme of delegation and authorisation:

- The list of managers who are authorised to place requisitions for the supply of goods, services and works and for the awarding of contracts; and
- The maximum level of each requisition and the system for authorisation above that level.

### **11.2 The Director of Finance's responsibilities**

11.2.1 The Director of Finance will:

- a) Advise the Board regarding the NHS Wales national procurement and payment systems thresholds above which quotations (competitive or otherwise) or formal tenders must be obtained; and, once approved, the thresholds should be incorporated in SOs and SFIs;
- b) Prepare procedural instructions or guidance within the Scheme of Delegation on the obtaining of goods, works and services;
- c) Ensure systems are in place for the authorisation of all accounts and claims;
- d) Ensure Directors and officers strictly follow NHS Wales system and procedures of verification, recording and payment of all amounts payable.
- e) Maintain a list of Executive Directors and officers (including specimens of their signatures) authorised to certify invoices.

- f) Be responsible for ensuring compliance with the Public Sector Payment policy ensuring that a minimum of 95 percent of creditors are paid within 30 days of receipt of goods or a valid invoice (whichever is later) unless other payment terms have been agreed.
- g) Ensure that where consultancy advice is being obtained, the procurement of such advice must be in accordance with applicable procurement legislation, guidance issued by the Welsh Ministers and SFIs;
- h) Be responsible for Petty Cash system, procedures, authorisation and record keeping, and ensure purchases from petty cash are restricted in value and by type of purchase in accordance with procedures

### **11.3 Duties of Budget Holders and Managers**

11.3.1 Budget holders and managers must ensure that they comply fully with the guidance and limits specified by the Director of Finance and that:

- a) All contracts (except as otherwise provided for in the Scheme of Delegation), leases, tenancy agreements and other commitments which may result in a liability are notified to the Director of Finance in advance of both any commitment being made and NWSSP Procurement Services being engaged;
- b) Contracts above specified thresholds are advertised and awarded, through NWSSP Procurement Services, in accordance with EU and HM Treasury rules on public procurement;
- c) Contracts above specified thresholds are approved by the Welsh Ministers prior to any commitment being made;
- d) goods have been duly received, examined and are in accordance with specification and order,
- e) work done or services rendered have been satisfactorily carried out in accordance with the order, and, where applicable, the materials used are of the requisite standard and the charges are correct,
- f) No requisition/order shall be issued for any item or items to any firm which has made an offer of gifts, reward or benefit to Board members or HEIW officers, other than:

- (i) Isolated gifts of a trivial character or inexpensive seasonal gifts, such as calendars,
- (ii) Conventional hospitality, such as lunches in the course of working visits;

**This provision needs to be read in conjunction with Standing Order 6.5. and 6.6.**

- g) No requisition/order is placed for any item or items for which there is no budget provision unless authorised by the Director of Finance on behalf of the Chief Executive;
- h) All goods, services, or works are ordered on official orders
- i) Requisitions are not split or otherwise placed in a manner devised so as to avoid the financial thresholds;
- j) Goods are not taken on trial or loan in circumstances that could commit the HEIW to a future uncompetitive purchase;

11.3.2 The Chief Executive and Director of Finance shall ensure that the arrangements for financial control and financial audit of building and engineering contracts and property transactions comply with the guidance issued by the Welsh Ministers. The technical audit of these contracts shall be the responsibility of the relevant Director as set out in the HEIW's scheme of delegation.

#### **11.4 Departures from SFI's**

11.4.1 Departing from the application of Chapters 11 and 12 of these SFI's is only possible in very exceptional circumstances. HEIW must consult with NWSSP Procurement Services, Director of Finance and Board Secretary prior to any such action undertaken. Any expenditure committed under these departures must receive prior approval in accordance with the HEIW Scheme of Delegation.

#### **11.5 Accounts Payable**

11.5.1 NWSSP Finance, shall on behalf of the HEIW, maintain and deliver detailed policies, procedures systems and processes for all aspects of accounts payable

#### **11.6 Prepayments**

11.6.1 Prepayment should be exceptional, and should only be considered if a good value for money case can be made for them (i.e. that “need” can be demonstrated). Prepayments are only permitted where either:

- The financial advantages outweigh the disadvantages (i.e. cash flows must be discounted to Net Present Value (NPV) using the National Loans Fund (NLF) rate plus 2%);
- It is the industry norm e.g. courses and conferences;
- In line with requirements of [Managing Welsh Public Money](#)
- There is specific Welsh Ministers’ approval to do so e.g. voluntary services compact.

11.6.2 In **exceptional** circumstances prepayments can be made subject to:

- a) The appropriate Executive Director providing, in the form of a written report, a case setting out all relevant circumstances of the purchase. The report must set out the effects on the HEIW if the supplier is at some time during the course of the prepayment agreement unable to meet their commitments;
- b) The Director of Finance will need to be satisfied with the proposed arrangements before contractual arrangements proceed (taking into account the Public Contracts Regulations 2015 where the contract is above a stipulated financial threshold); and
- c) The budget holder is responsible for ensuring that all items due under a prepayment contract are received and they must immediately inform the appropriate Director or Chief Executive if problems are encountered.

## 12. PROCUREMENT AND CONTRACTING FOR GOODS AND SERVICES

### General Information

#### 12.1 Procurement Services

12.1.1 While the Chief Executive is ultimately responsible for procurement the service is delivered by NWSSP Procurement Services.

12.1.2 Procurement staff are employed by NHS Wales Shared Services Partnership (NWSSP) and provide a procurement support function to all health organisations in NHS Wales. Although NWSSP is responsible for the provision of a Procure to Pay service and provision of appropriate professional procurement and commercial advice, ultimate responsibility for compliance with legislation and policy guidelines remains with HEIW. Where the term Procurement staff or department is used in this chapter it should be read as equally applying to those departments where the procurement function is undertaken locally and outside of NWSSP Procurement Department, for example pharmacy and works who undertake procurement on a devolved basis.

#### 12.2 Policies and Procedures

12.2.1 NWSSP Procurement Services shall, on behalf of HEIW, maintain detailed policies and procedures for all aspects of procurement including tendering and contracting processes. The policies and procedures shall comply with these SFIs, Procurement Manual, and Revised General Consent to enter Individual Contracts, included as **Schedule 1** of these SFIs.

12.2.2 The Chief Executive is ultimately responsible for ensuring that HEIW's Executive Directors, Independent Members and officers within the organisation strictly follow procurement, tendering and contracting procedures.

12.2.3 NWSSP Director of Procurement Services is responsible for ensuring that procurement, tendering and contracting policies and procedures:

- Are kept up to date;
- Conform to statutory requirements and regulations;
- Adhere to guidance issued by the Welsh Ministers;
- Are consistent with the principles of sustainable development;

12.2.4 All procurement guidance issued by the Welsh Ministers should have the effect as if incorporated in these SFIs.

## 12.3 Procurement Principles

12.3.1 The term "procurement" embraces the complete process from planning, sourcing to taking delivery of all works, goods and services required by HEIW to perform its functions, and furthermore embrace all building, equipment, consumables and services including health services. Procurement further embraces contract and/or supplier management, including market engagement and industry monitoring.

12.3.2 The main legal and governing principles guiding public procurement and which are incorporated into these SFIs are:

- Transparency: public bodies should ensure that there is openness and clarity on procurement processes and how they are implemented;
- Non-discrimination: public bodies may not discriminate between suppliers or products on grounds of their origin;
- Equal treatment: suppliers should be treated fairly and without discrimination, including in particular equality of opportunity and access to information;
- Proportionality: requirements and conditions in the procurement should be reasonable in proportion to the object of procurement and measures taken should not go beyond what is necessary;
- Legality: public bodies must conform to European Community and other legal requirements;
- Integrity: there should be no corruption or collusion with suppliers or others;
- Effectiveness and efficiency: public bodies should meet the commercial, regulatory and socio-economic goals of government in a balanced manner appropriate to the procurement requirement;
- Efficiency: procurement processes should be carried out as cost effectively as possible and secure value for money.

## 12.4 Legislation Governing Public Procurement

12.4.1 There are a range of EU Directives which set out the EU legal framework for public procurement. These EU Directives have been implemented into UK law by statutory regulations which govern public sector procurement, the primary statutory regulations in Wales being 'The Public Contracts Regulations 2015 No. 102.' From 1 January 2021, all aspects of EU law in respect of the EU Directives relating to public procurement, except where expressly stated otherwise by domestic legislation, will continue to govern public sector procurement,

although further amendments or developments of EU related procurement law following this will not be incorporated into domestic law. The Welsh Government policy framework and the Wales Procurement Policy Statement (WPPS) also govern this area. One of the key objectives of governing legislation is to ensure public procurement markets are open and that there is free movement of supplies, services and works. Legislation, policy and guidance setting out procedures for awarding all forms of regulated contracts shall have effect as if incorporated in HEIW's SFIs.

12.4.2 The main Regulations (the Public Contracts Regulations 2015 No. 102) cover the whole field of procurement, including thresholds above which special and demanding procurement protocols and legal requirements apply. All Directors and their staff are responsible for seeing that those Regulations are understood and fully implemented. The protocols set out in the Regulations, and any Procurement Policy Notices, are the model upon which all formal procurement shall be based.

12.4.3 Procurement advice should be sought in the first instance from Procurement Services. The commissioning of further specialist advice shall be jointly agreed between HEIW and Procurement Services e.g. Engagement of NWSSP Legal and Risk Services prior to 3rd party Legal Service providers.

12.4.4 Other relevant legislation and policy include:

- The Well-being of Future Generations (Wales) Act 2015
- Welsh Language (Wales) Measure 2011
- Modern Slavery Act 2015
- Bribery Act 2010
- Equality Act 2010
- Welsh Government's Code of Practice for Ethical Employment in Supply Chains.
- The Producer Responsibility Obligations (Packaging Waste) Regulations 2007
- Welsh Government 'Towards zero waste: our waste strategy'
- The Welsh Government Policy Framework
- The Wales Procurement Policy Statement (WPPS)

## 12.5 Procurement Procedures

12.5.1 To ensure that HEIW is fully compliant with UK Procurement Regulations, EU Procurement Directives, UK and Welsh Ministers' guidance and policy, HEIW shall, through NWSSP Procurement Services, ensure that it shall have procedures that set out:

---

- a) Requirements and exceptions to formal competitive tendering requirements;
- b) Tendering processes including post tender discussions;
- c) Requirements and exceptions to obtaining quotations;
- d) Evaluation and scoring methodologies
- e) Approval of firms for providing goods and services.

12.5.2 All procedures shall reflect the Welsh Ministers' guidance and HEIW's delegation arrangements and approval processes.

## 12.6 Procurement Consent/Notification

12.6.1 As a Special Health Authority, HEIW may:

- Acquire and dispose of property;
- Enter into contracts; and
- Accept gifts of property (including property to be held on trust, either for the general or any specific purposes of the Special Health Authority or for any purposes relating to the health service).

12.6.2 Contracts exceeding the value of £1 million in each case, with the exception of those contracts specified in SFI 12.6.4, all acquisitions and disposals of land of any limit, and the acceptance of gifts of property, must be notified to the Welsh Ministers before being entered into.

12.6.3 The guidance process for HEIW to notify their intent to enter into contracts exceeding £1 million is at **Schedule 1**. This requirement also applies to contracts that are to be let through a mini-competition under a public sector contract framework, such as National Procurement Service, NHS Supply Chain or Crown Commercial Services. The use of suitable Welsh frameworks where access is permissible shall take precedence over frameworks led by Public Sector Bodies outside of Wales. Further detailed guidance is incorporated within the Procurement Procedures.

12.6.4 The requirement for notification does not apply to any contracts entered into pursuant to a specific statutory power, and therefore does not apply to:

- i) Contracts of employment between HEIW and their staff;
- ii) Transfers of land or contracts effected by Statutory Instrument following the creation of HEIW;
- iii) All NHS contracts, that is where one health service body contracts with another health service body.

12.6.5 The process of notification of contracts to the Welsh Ministers does not

remove the requirement for HEIW to comply with SOs, SFIs or to obtain any other consents or approvals required by law for the transactions concerned.

12.6.6 Further detail in relation to fair and adequate competition is set out in the Procurement Manual.

## **Planning**

### **12.7 Sustainable Procurement**

12.7.1 To further nurture the Welsh economy, in support of social, environmental and economic regeneration, HEIW must also be mindful to structure requirements ensuring Welsh companies have the opportunity to transparently and fairly compete to deliver services regionally or across Wales where possible. The principles of the Well-being of Future Generations Act 2015 should be adopted at the earliest stage of planning. Procurement solutions must be developed embracing the five ways of working described within the Act and capture how they will deliver against the seven goals set out in the Act.

12.7.2 The Well-being of Future Generations Act 2015 requires that bodies listed under the Act must operate in a manner that embraces sustainability. The Act requires public bodies in Wales to think about the long-term impact of their decisions, to work better with people, communities and each other, and to prevent persistent problems such as poverty, health inequalities and climate change.

12.7.3 The 7 Wellbeing goals are:

- a prosperous Wales;
- a resilient Wales;
- a healthier Wales;
- a more equal Wales;
- a Wales of cohesive communities;
- a Wales of vibrant culture and thriving Welsh language; and
- a globally responsible Wales.

These goals have been put in place to improve the social, economic, environmental, and cultural well-being of Wales.

12.7.4 Public sector organisations in Wales not listed in the act are expected to operate to those principles. HEIW is not specifically listed in the Act.

12.7.5 Public bodies need to make sure that when making their decisions they

take into account the impact they could have on people living their lives in Wales in the future. The Act expects them to:

- work together better
- involve people reflecting the diversity of our communities
- look to the long term as well as focusing on now
- take action to try and stop problems getting worse - or even stop them happening in the first place.

12.7.6 HEIW is required to consider the Welsh Government Guidance on Ethical Procurement and the new Code of Practice on ethical employment in supply chains which commits public, private and third sector organisations to a set of actions that tackle illegal and unfair employment practices including blacklisting, modern slavery and living wage.

12.7.7 HEIW shall make use of the tools developed by Value Wales in implementing the principles of the WBFGA 2015. HEIW shall benchmark its performance. For all contracts over £25,000, HEIW shall take account of social, economic and environmental issues when making procurement decisions using the Sustainable Risk Assessment Template (SRA).

## **12.8 Small and Medium Sized Enterprises (SMEs), Third Sector Organisations (TSOs) and Supported Factories and Businesses (SFBs)**

12.8.1 In accordance with Welsh Government commitments policy set out in the current Wales Procurement Policy Statement (WPPS) and subsequent versions of this statement HEIW shall ensure that it provides opportunities for these organisations to quote or tender for its business.

## **12.9 Planning Procurements**

12.9.1 HEIW must ensure that all staff with delegated budgetary responsibility or who are part of the procurement process for goods, services and works are aware of the legislative and policy frameworks governing public procurement and the requirement of open competition.

12.9.2 Depending on the value of the procurement, a process of planning the procurement must be undertaken with the Procurement Services and appropriate representative from the service and other appropriate stakeholders. The purpose of a planning phase is to determine:

- the likely financial value of the procurement, including whole life cost

- the likely 'route to market' which will consider the legislative and policy framework set out above.
- The availability of funding to be able to award a contract following a successful procurement process.
- That the procurement follows current legislative and policy frameworks including Value Based Procurement.

#### 12.9.3 The procurement specification should factor in the 4 principles of prudent healthcare

- Equal partners through co-production
- Care for those with the greatest health need first
- Do only what is needed
- Reduce inappropriate variation

Value based outcome/experience/delivery principles must also be included where appropriate ensuring best value for money, sustainability of services and the future financial position. Value for money is defined as the optimum combination of whole-life cost and quality to meet the requirement.

#### 12.9.4 Where free of charge services are made available to HEIW, NWSSP Procurement Services must be consulted to ensure that any competition requirements are not breached, particularly in the case of pilot activity to ensure that HEIW does not unintentionally commit itself to a single provider or longer term commitment. Regular reports on free of charge services provided to HEIW should be submitted by Board Secretary to Audit Committee.

#### 12.9.5 HEIW is required to participate in all-Wales collaborative planning activity where the potential to do so is identified by the procurement professional involved in the planning process. Cross sector collaboration may also be required.

### **Joint or Collaborative Initiatives**

#### 12.9.6 Specialist advice should be obtained from Welsh Government and the opinions of NWSSP Procurement Services and NWSSP Legal and Risk prior to external opinion being sought where there is an undertaking to commence joint or collaborative initiatives which may be deemed as novel or contentious.

### **12.10 Procurement Process**

#### 12.10.1 Where there is a requirement for goods or services, the manager

must source those goods or services from HEIW's approved catalogue. Where a required item is not included within the catalogue, advice must be sought from the Procurement Services on opportunities to source those goods or services through public sector contract framework, such as National Procurement Service, NHS Supply Chain or Crown Commercial Services. The use of suitable Welsh frameworks where access is permissible shall take precedence over frameworks led by Public Sector Bodies outside of Wales.

12.10.2 In the absence of an existing suitable procurement framework to source the required item, a competition must be run in accordance with the table below. HEIW must ensure the value of their requirement considers cumulative spend across HEIW for like requirements and opportunity for collaboration with other Health Boards and Trusts:

12.10.3 Agreements awarded are required to deliver best value for money over the whole life of the agreement. Value for money is defined as the optimum combination of whole-life cost and quality to meet the requirement.

### **Competition Requirements**

#### **12.11 Procurement Thresholds**

12.11.1 The following table summarises the minimum thresholds for quotes and competitive tendering arrangements. The total value of the contract, whole life cost, over its entire period is the qualifying sum that should be applied (except in specific circumstances relating to aggregation and contracts of an indeterminate duration) as set out below, and in UK Procurement Regulations and EU Procurement Directives and UK Regulations.

<b>Goods/Services/Works</b> <b>Whole Life Cost</b> <b>Contract value</b> <b>(excl. VAT)</b>	<b>Minimum competition<sup>1</sup></b>	<b>Form of Contract</b>
<£5,000	Evidence of value for money has been achieved	Purchase Order

Goods/Services/Works Whole Life Cost Contract value (excl. VAT)	Minimum competition <sup>1</sup>	Form of Contract
	tenders received if available or appropriate to the procurement route.	
Contracts above £1 million	Welsh Government approval required <sup>2</sup>	Formal contract and Purchase Order

<sup>1</sup> subject to the existence of suitable suppliers

<sup>2</sup> in accordance with the requirements set out in SFI 12.6.3.

12.11.2 Advice from the Procurement Services must be sought for all requirements in excess of £5,000.

12.11.3 The deliberate sub-dividing of contracts to fall below a specific threshold is strictly prohibited. Any attempt to avoid these limits may expose the Board to risk of legal challenge and could result in disciplinary action against an individual[s].

12.11.4 Deliberate re-engagement of a supplier, where the value of the individual engagement is less than £5,000, must not be undertaken where the total value of engagements taken as a whole would exceed £5,000 and require competition.

12.11.5 The approval of award of contracts must follow the Board's Scheme of Delegation.

## 12.12 Designing Competitions

12.12.1 The budget holder or manager responsible for the procurement is required to engage with the Procurement team to ensure:

- Required timescales are achievable
- Specifications are drafted which:
  - are fit for inclusion in competition documents;
  - are drafted in a manner encouraging innovation by the market;
  - are capable of being responded to and do not narrow competition;
  - deliver in line with legislative and policy frameworks;
  - include robust performance measures to effectively measure

- and manage supplier performance; and
- consider the ability of the market to deliver.

12.12.2 Appropriate performance measures are included in agreements awarded, thus ensuring best value for money decisions taken that return maximum benefit for the organisation and ultimately the improvement of patient outcomes and wider health and social care communities.

12.12.3 Criteria for selecting suppliers and achieving an award recommendation must:

- be appropriately weighted in consideration of quality/price;
- consider cost of change where relevant;
- be transparent and proportionate;
- deliver value for money outcomes;
- fully explore complexity/risk; and
- consider whole life cost.

### **12.13 Single Quotation Application or Single Tender Application**

12.13.1 In exceptional circumstances, there may be a need to secure goods/services/works from a single supplier. This may concern securing requirements from a single supplier, due to a special character of the firm, or a proprietary item or service of a special character. Such circumstances may include:

- Follow-up work where a provider has already undertaken initial work in the same area (and where the initial work was awarded from open competition);
- A technical compatibility issue which needs to be met e.g. specific equipment required, or compliance with a warranty cover clause;
- a need to retain a particular contractor for genuine business continuity issues (not just preferences); or
- When joining collaborative agreements where there is no formal agreement in place. Request for such a departure must be supported by written evidence from the Procurement Service confirming local agreements will be replaced by an all Wales competition/National strategy

12.13.2 Procurement Services must be consulted prior to any such application being submitted for approval. The Director of Finance must approve such applications up to £25,000, the Chief Executive or designated deputy, and Director of Finance, are required to approve applications exceeding £25,000. A register must be kept for

monitoring purposes and all single tender actions must be reported to the Audit Committee.

12.13.3 In all applications, through Single Quotation Application or Single Tender Application (SQA or STA) forms, the applicant must demonstrate adequate consideration to the Chief Executive and Director of Finance, as advised by the Head of Procurement, that securing best value for money is a priority. The Head of Procurement will scrutinise and endorse each request to ensure:

- Robust justification is provided;
- A value for money test has been undertaken;
- No bias towards a particular supplier;
- Future competitive processes are not adversely affected;
- No distortion of the market is intended;
- An acceptable level of assurance is available before presentation for approval in line with HEIW Scheme of Delegation; and
- An “or equivalent” test has been considered proving the request is justified.

12.13.4 Under no circumstances will Procurement Services endorse a retrospective SQA/STA, where the HEIW has already entered into an arrangement directly.

12.13.5 As SQA/STAs are only used in exceptional circumstances HEIW, through the Chief Executive, must report each, including the specifics of the exceptional circumstances and the total financial commitment, in sufficient detail to its Audit Committee. The report will include any corrective action/advice provided by the Chief Executive, Director of Finance or NWSSP Director of Procurement Services to prevent recurrence by HEIW.

12.13.6 The Audit Committee may consider further steps to be appropriate, such as:

- Instruct a representative of HEIW to attend Audit Committee;
- Escalate to the Board;
- Request an internal Audit Review;
- Request further training; or
- Take internal disciplinary action.

12.13.7 No SQA/STA is required where the seeking of competition is not possible, nor would the application of the SQA/STA procedure add value to the process/aid the delivery of a value for money outcome. Procurement Manual details schedule of departures from SQA/STA

where competition not possible.

- 12.13.8 For performance monitoring purposes, the NWSSP Procurement Service will retain a central register of all such activity including SQA/STA's not endorsed by Procurement or any exceptional matters.

## **12.14 Disposals**

- 12.14.1 Disposal of surplus, obsolete equipment/consumables is also subject to the competition rules.
- 12.14.2 Obsolete or condemned articles and stores, which may be disposed of in accordance with applicable regulations and law at the prevailing time (e.g. Waste Electrical and Electronic Equipment (WEEE)) and the procedures of HEIW making use of any agreements covering the disposal of such items.
- 12.14.3 HEIW must obtain the best possible market price.

## **Approval & Award**

### **12.15 Evaluation, Approval and Award**

- 12.15.1 The evaluation of competitions via quotation or tender, must be undertaken by a minimum of 2 evaluators from within the operational service of HEIW. Evaluation Teams for competitions of greater complexity and value must be multi-disciplinary and reach a consensus recommendation for internal approval.
- 12.15.2 The internal approval of any recommendation to award a competition must follow the Board's Scheme of Delegation.
- 12.15.3 The communication of the external notification to the market to award the contract must be managed by the Procurement Service.
- 12.15.4 Information throughout the process must be handled and retained as 'commercial in confidence' and not shared outside of staff directly involved in the competition process.
- 12.15.5 All associated communication throughout the competition process must also be managed by the Procurement Service.

## **12.16 Contract Management**

12.16.1 Contract Management is the process which ensures that both parties to a contract fully meet their respective obligations as effectively and efficiently as possible, in order to deliver the business and operational objectives required by the contract and in particular, to achieve value for money. The relevant budget holder shall oversee and manage each contract on behalf of HEIW so as to ensure that these implicit obligations are met. This contract management will include:

- Retaining accurate records
- Monitoring contract performance measures
- Engaging suppliers to ensure performance delivery
- Implementing contractual sanctions in the event of poor performance in conjunction with advice from Procurement Services; and
- Permitting stage payments as part of a formally agreed implementation/delivery plan which must be supported by written evidence issued by the budget holder.

12.16.2 Contract management on All Wales contracts will be provided by NWSSP Procurement Services

11.19 Advice on best practice on Contract Management is available from NWSSP Procurement Services.

## **12.17 Extending and Varying Contracts**

12.17.1 Extending, modifying or varying the scope of an existing contract is possible, if the provision to do so was included as an option in the original awarded contract, e.g. scope of requirement, further expenditure due to unforeseen circumstances, change in regulatory requirements, etc.

12.17.2 If there is no such provision, the Public Contracts Regulations 2015 defines such limitations.

12.17.3 The Public Contracts Regulations 2015 provide further constraints on this matter, under which modifications/variations/extensions are capped at 50% of the original award value.

12.17.4 Further approval is not required to extend an agreement beyond the original term/scope where prior approval was granted as part of the procurement process.

12.17.5 If there was no provision to extend, further approvals are required

from the HEIW budget holder and the local Head of Procurement. Budget holders must also be mindful of the threshold under which the original contract was awarded. Any increase in the contract value may require a more senior level of approval in line with the Scheme of Delegation.

12.17.6 This ensures an appropriate identification and assessment of potential risks to the HEIW compliance of approvals being granted within the Scheme of Delegation and assurance that value for money continues to be delivered from public funds.

12.17.7 The budget holder must seek advice from NWSSP Procurement Services in advance of committing further expenditure to ensure the contract is reflective of requirements. The budget holder must assess whether there is sufficient evidence to support the justification and whether the budget is available to support the additional requirements.

### ***Transactional Processes***

#### **12.18 Requisitioning**

12.18.1 The budget manager in choosing the item to be supplied (or the service to be performed) shall always obtain the best value for money for the HEIW. The budget holder will source those goods or services from the approved catalogue. Where a required item is not included within the catalogue, advice must be sought from the Procurement Services on opportunities to source those goods or services through public sector contract framework, such as National Procurement Service, NHS Supply Chain or Crown Commercial Services.

12.18.2 Where a required item is not on catalogue or on framework contract the budget manager shall request the NWSSP Procurement Services to undertake quotation / tendering exercises on their behalf in line with SFI 11.10 thresholds.

12.18.3 All orders for goods and services must be accompanied by an official order number, available from the Procurement Department. In no circumstances must a requisition number be used as an order number.

#### **12.19 No Purchase Order, No Pay**

12.19.1 HEIW will ensure compliance with 'No Purchase Order, No Pay' policy, the All Wales policy introduced to ensure that Procure to Pay continues to provide world-class services on a 'Once for Wales' basis.

12.19.2 The policy ensures that a purchase order is raised at the beginning of a purchase in circumstances where a purchase order is required under the policy. This follows industry standard best practice as it provides a commitment as to what is likely to be spent. The supplier must obtain a purchase order number for their invoice in order for it to be processed for payment.

## **12.20 Official orders**

12.20.1 Official Orders, issued following approved requisition and sourcing, must:

- a) Be consecutively numbered;
- b) State the HEIW's terms and conditions of trade.

12.20.2 Official Orders will be issued on behalf of HEIW by NWSSP Procurement Services.

## **13 AGREEMENTS AND CONTRACTS FOR EDUCATION AND TRAINING**

### **13.1 Education and Training Agreements**

13.1.1 The Chief Executive is responsible for ensuring HEIW enters into suitable Education and Training Agreements for its provision of healthcare professionals education and training.

13.1.2 All Education and Training Agreements should aim to implement the agreed priorities contained within the agreed plans. In discharging this responsibility, the Chief Executive should take into account:

- The standards of service quality expected;
- The standards required to be achieved by health professionals' regulatory bodies;
- The provision of education and training for students and / or trainees based within Health Boards and NHS Trusts in a high quality, safe environment;
- The provision of reliable information on quality, volume and cost of service.

13.1.3 All agreements must be in accordance with the functions conferred on HEIW by the Welsh Ministers.

13.1.4 For all agreements entered into in the form of a contract, the process for notifying the Welsh Ministers of NHS contracts set out in section 12 and Schedule 2 of these SFIs must be followed.

13.1.5 For all agreements entered into they must be approved in accordance with delegations set out in Standing Orders:

- Schedule 1 Scheme of Reservation and Delegation of Powers – Schedule of Matters Reserved for Board.
- Schedule 1 Scheme of Reservation and Delegation of Powers – Scheme of Delegation to Executive Directors, Other Directors and Officers
- Schedule 1 Scheme of Reservation and Delegation of Powers – Delegated Financial Limits

### **13.2 Education and Training Agreements – Annual Commissioning and Variations**

13.2.1 The Chief Executive is responsible for ensuring HEIW enters into suitable annual commissioning and contract variations for Education and Training Agreements for its provision of healthcare professionals

education and training.

13.2.2 All annual commissioning and contract variations within Education and Training Agreements should aim to implement the agreed priorities contained within the agreed plans. In discharging this responsibility, the Chief Executive should take into account:

- The standards of service quality expected;
- Current contract performance of suppliers regarding
  - Delivery against benchmarking standards
  - Course attrition rates
  - Quality indicators including student satisfaction surveys
  - Financial indicators performance
- Consultation with key stakeholders regarding requirements e.g. NHS Bodies, regulators and professional leads.

13.2.3 The Chief Executive is responsible for preparing a report to the Board recommending the annual commissioning and contract variations.

13.2.4 The Board is responsible for agreeing the proposed commissioning and contract variations, and for submission of recommendations to Welsh Government for Ministerial approval.

13.2.5 For all commissioning and contract variations entered into they must be approved in accordance with delegations set out in Standing Orders:

- Schedule 1 Scheme of Reservation and Delegation of Powers – Schedule of Matters Reserved for Board.
- Schedule 1 Scheme of Reservation and Delegation of Powers – Scheme of Delegation to Executive Directors, Other Directors and Officers
- Schedule 1 Scheme of Reservation and Delegation of Powers – Delegated Financial Limits

### **13.3 Statutory provisions**

13.3.1 The Health Education and Improvement Wales (Establishment and Constitution) Order 2017 sets out the functions of HEIW.

13.3.2 Article 3 of the order requires HEIW to exercise such functions in relation to the planning, commissioning and delivery of education and training for persons who are employed, or who are considering becoming employed, in any activity which involves or is connected with the provision of health services, and such other functions as the Welsh Ministers may direct.

#### **13.4 Reports to Board on Agreements and Contracts for Education and Training**

13.4.1 The Chief Executive will need to ensure that regular reports are provided to the Board detailing performance, quality and associated financial implications of all education and training agreements.

## 14 GRANT FUNDING

It is a matter for HEIW to determine whether individual activities should be procured, or be eligible to receive grant funding, seeking legal advice as necessary. (Grants are defined as all non-procured payments to external bodies or individuals for activities which are linked to delivering policy objectives and statutory obligations. Payments are made to fund or reimburse expenditure on agreed items or functions in accordance with legally binding conditions.)

### 14.1 Legal Advice

14.1.1 Before the award of funding is made, legal advice where necessary must be sought to ensure that:

- The award does not breach HEIW's functions or its regularity of expenditure duty (that is, the activities for which the grant is made are within the scope of activities that the HEIW has a legal remit to undertake);
- The activities would not be deemed to be normally subject to procurement legislation and policy; and
- A legally binding agreement is made with all delivery organisations.

*See attached toolkit for grants v procurement:*

Grant v  
Procurement.doc

### 14.2 Policies and procedures

14.2.1 HEIW shall maintain detailed policies and procedures for all aspects of grant funding. The policies and procedures shall comply with these SFIs, and where appropriate the Welsh Minister's Code of Practice to funding the third sector:

<https://gov.wales/sites/default/files/publications/2019-01/third-sector-scheme-2014.pdf>

14.2.2 The Chief Executive is ultimately responsible for ensuring that HEIW's grant procedures:

- Are kept up to date;
- Conform to statutory requirements;
- Adhere to guidance issued by the Welsh Ministers;
- Are consistent with the principles of sustainable development; and

- Are strictly followed by all Executive Directors, Independent Members and staff within the organisation.

14.2.3 The award of grant funding must comply with the policy and principles set out in the Procurement section of these SFIs and ensure that the award meets the requirements of regularity, propriety and value for money.

14.2.4 All grant guidance issued by the Welsh Ministers should have the effect as if incorporated in these SFIs.

### 14.3 Corporate Principles underpinning Grants Management

14.3.1 While there is a need to make the financial arrangements for awarding funding as simple and streamlined as possible, HEIW should also ensure that taxpayers' money is spent appropriately and that it provides good value for money.

14.3.2 The overarching principles for managing public resources in Wales are set out in [Managing Welsh Public Money](#). The document states that the award of funding should be made in accordance with the law and the requirements of propriety, regularity and value for money.

14.3.3 Regularity requires compliance with appropriate authorities, regulations and legislation. Propriety requires both public authorities and funded bodies to deliver appropriate standards of conduct, behaviour and corporate governance. In addition, the public expects official decisions to be made fairly and impartially with public money spent wisely and appropriately, delivering value for money and ensuring that best use is made of resources.

14.3.4 The **corporate principles** of grants management are:

- The development of grant management processes and procedures that are transparent, accountable, proportionate and consistent;
- The delivery of a high quality regulatory framework that responds to demands but does not place unnecessary administrative burdens on HEIW or funded bodies;
- A regulatory framework that will take into consideration the need for proportionality, balancing the need for governance with the burden of administration, thus striking an appropriate balance between accountability and simplicity;
- An effective grant management process to ensure funded bodies spend the funding efficiently, transparently and for the purpose intended, with a view to maximising the impact and outcome from budgets;

- An appropriate evidence-based approach to underpin the design and development of all new funding programmes to ensure efficient and effective use of public funds, ensuring that the funding programme is the optimal solution and that funding is targeted where it is most needed and where it can have most impact;
- A consistent framework that will reinforce respect and effectiveness of the rules for both administrators and funded bodies; and
- Compliance of the grant funding with State aid requirements in accordance with the State aid rules.

#### 14.4 Grant Procedures

14.4.1 It is vital that money is put to use in a way that delivers the maximum benefit to the people of Wales. Grants funding programmes need to be managed as efficiently and cost effectively as possible to make sure that every penny is spent appropriately and in an accountable manner. When establishing grant funding programmes, HEIW should ensure principles of good practice available from a number of external sources are considered and reflected in grant programmes. Information on grants management is available on the Audit Wales website at:

<https://www.audit.wales/good-practice/grants-management-miniguides>

14.4.2 HEIW must agree a clear purpose for each grant and how it will measure the delivery organisation's success in delivering those purposes. It should also agree appropriate targets with the delivery organisation.

14.4.3 For grant programmes that span a number of financial years, HEIW is responsible for evaluating the programmes to ensure they are fit for purpose, are achieving required outcomes and continue to provide value for money.

14.4.4 HEIW is responsible for ensuring that appropriate procedures exist in relation to all the grants and funding for which they are accountable. **They are also responsible for ensuring that any grant provided to an entity that engages in economic activity complies with the State aid rules.**

14.4.5 HEIW is required to undertake due diligence checks on all potential delivery organisations to determine the economic and financial viability of any organisation(s) to administer public funds, and the reliability of the organisation(s). These checks are important in order to identify any risks or issues that could expose HEIW to potential financial loss, fraud

or reputational damage. A proportionate level of due diligence should be carried out, both prior to the award of any grant funding and throughout the life of the award.

14.4.6 HEIW must enter into legally binding funding agreements with all delivery organisations. When developing funding agreements, HEIW should ensure principles of good practice available from a number of external sources are considered and reflected.

14.4.7 HEIW is responsible for ensuring that all third party delivery organisations comply with and adhere to the terms and conditions of the Funding Agreement.

## **15. PAY EXPENDITURE**

### **15.1 Remuneration and Terms of Service Committee**

- 15.1.1 In accordance with SOs the Board shall establish a Remuneration and Terms of Service Committee, with clearly defined terms of reference and operating arrangements that specify which posts fall within its area of responsibility. This Standing Financial Instruction should be read in conjunction with Standing Order 3.3.
- 15.1.2 The Committee shall report in writing to the Board the basis for its recommendations. The Board shall use the report as the basis for their decisions, but remain accountable for taking decisions on the remuneration and terms of service of Directors and other senior employees, in accordance with the framework set by the Welsh Ministers. Minutes of the Board's meetings should record such decisions.
- 15.1.3 The Board will, after due consideration and amendment if appropriate approve proposals presented by the Chief Executive for the setting of remuneration and terms of service for those employees and officers not covered by the Committee.
- 15.1.4 HEIW will remunerate the Chair, Chief Executive, Executive Directors and Independent Members of the Board in accordance with instructions issued by the Welsh Ministers. Welsh Ministers approval will be required in the exceptional event that remuneration needs to be above the maximum of the salary band range, administratively this approval will be exercised by the Director General HSSG.
- 15.1.5 The Remuneration and Terms of Service Committee will consider cases of redundancy and Voluntary Early Release applications. The Remuneration and Terms of Service Committee will consider any novel employment and pay cases, such as compromise agreements and non-disclosure agreements, ensuring Welsh Government advice has been sought and considered.

### **15.2 Funded Establishment**

- 15.2.1 The workforce plans incorporated within agreed plans will form the funded establishment, i.e. the budget for all approved posts. (The financial budgets (£) and workforce establishment budgets (budgeted whole time equivalents) as per SFI 6.1.1 h)

15.2.2 The funded establishment of any department may not be varied without the approval of the Chief Executive as set out in the Scheme of Delegation contained within SO's.

### **15.3 Staff Appointments**

15.3.1 Staff must only be engaged by authorised managers, in accordance with the Board's Scheme of Delegation. The engagement must be within the approved budget and funded establishment.

15.3.2 No Board member or HEIW official may engage, re-engage, or re-grade employees, either on a permanent or temporary nature, or hire agency staff, or agree to changes in any aspect of remuneration outside the limit of their approved budget and funded establishment unless authorised to do so by the Chief Executive.

### **15.4 Pay Rates and Terms and Conditions**

15.4.1 The Board will approve procedures presented by the Chief Executive for the determination of commencing pay rates, condition of service, etc, for employees in accordance with pay, terms and conditions set out in contractual arrangements in Ministerial directions on Agenda for Change and Medical and Dental pay, and any staff with pre-existing terms and conditions of service, following a TUPE transfer into employment or ad hoc salaried staff.

15.4.2 The Remuneration Committee will determine pay rates and conditions of services for board members, and other senior employees, in accordance with ministerial instructions.

### **15.5 Payroll**

15.5.1 The Director of Workforce and Organisational Development, has responsibility for securing an efficient, well-controlled payroll service from NHS Wales Shared Services Partnership that:

- pays the correct staff with the correct amount
- all payments are supported by properly authorised documentation

15.5.2 The Director of Workforce and Organisational Development is responsible for:

- a) The control framework and detailed procedures which are in place to:
  - To ensure all payments comply with HMRC, Pensions Agency and other regulation in relation to the deduction and payment of

- tax, national insurance, pension or other payments.
  - reduce the risk of fraud and error within the payroll function
- b) Specifying timetables for submission of properly authorised time records and other notifications;
- c) The final determination of pay and allowances including verification that the rate of pay and relevant conditions of service are in accordance with current agreements;
- d) Agreeing the timing and method of payment with the payroll service;
- e) Authorising the release of payroll data where in accordance with the provisions of the applicable Data Protection Legislation (the Data Protection Act 2018 and the UK General Data Protection Legislation);
- f) Verification and documentation of data;
- g) The timetable for receipt and preparation of payroll data and the payment of employees and allowances;
- h) Maintenance of subsidiary records for superannuation, income tax, social security and other authorised deductions from pay;
- i) Security and confidentiality of payroll information;
- j) Checks to be applied to completed payroll before and after payment; and
- k) A system to ensure the recovery from those leaving the employment of HEIW of sums of money and property due by them to HEIW.

#### 15.5.3 The Chief Executive is responsible for:

- a) Ensuring that arrangements for a payroll service from NHS Wales Shared Services Partnership (NWSSP) is supported by appropriate Service Level Agreements, terms and conditions, adequate internal controls and internal audit review procedures;
- b) Ensuring a sound system of internal control and audit review of any internally provided payroll service; and
- c) Maintenance and/or the authorisation of regular and independent

reconciliation of pay control accounts.

15.5.4 Appropriately nominated managers have delegated responsibility for:

- a) Submitting time records, and other notifications in accordance with agreed timetables;
- b) Completing time records and other notifications in accordance with the Service Level Agreements; and
- c) Submitting termination forms in the prescribed form immediately upon knowing the effective date of an employee's or officer's resignation, termination or retirement. Where an employee fails to report for duty or to fulfil obligations in circumstances that suggest they have left without notice, the Director of Workforce and Organisational Development and/or Chief Executive must be informed immediately. In circumstances where fraud is suspected, this must be reported to the Director of Finance.

## **15.6 Contracts of Employment**

15.6.1 The Director of Workforce and Organisational Development must:

- a) Ensure that all employees are issued with a Contract of Employment in a form approved by the Board and which complies with employment legislation; and
- b) Deal with variations to, or termination of, contracts of employment.

## **16. CAPITAL PLAN, CAPITAL INVESTMENT, FIXED ASSET REGISTERS AND SECURITY OF ASSETS**

### **16.1 Capital Plan**

- 16.1.1 Capital plans, and annual capital programmes, must be approved by the Board before the commencement of a financial year and should be in line with the objectives set out in the approved Plan for the organisation. The capital plan and programmes must be delivered within Welsh Government capital finance resource limits.
- 16.1.2 The Director of Planning (or nominated responsible director) will develop a capital plan, and detailed capital programme, for the organisation that sets out a detailed capital investment plan to support the objectives set out in the Plan. The capital programme must be affordable and within the capital allocations, as set out in the Welsh Government (WG) Capital Resource Limit for the year, and the HEIW must not exceed the allocation resource limit. There must be an approved revenue funding plan in place to support any revenue costs associated with the capital plan. Regular updates must be provided to the Board, and relevant Board Committees, during the financial year.
- 16.1.3 The Board must approve a three year Capital Plan, and an annual Capital Programme.

### **16.2 Capital Investment Decisions**

- 16.2.1 Robust business case and capital investment appraisal must be undertaken prior to formal submission to Welsh Government, the level of detail within the appraisal commensurate with the value and risk of the investment. Capital investment decisions should be undertaken in line with Welsh Government requirements and guidance for the development of business cases as set out in
- NHS Wales Infrastructure Investment Guidance (Welsh Health Circular WHC (2018) 043)  
<https://gov.wales/nhs-wales-infrastructure-investment-guidance>
  - Better business cases: investment decision-making framework  
<https://gov.wales/better-business-cases-investment-decision-making-framework>
- 16.2.2 The Director of Finance must provide a professional opinion on the financial elements of the business case. Capital investment decisions will be taken by the organisation in line with the financial thresholds specified by Welsh Government and in the Health Board's Scheme of

Delegation.

### **16.3 Capital Projects**

16.3.1 The Chief Executive shall ensure that any capital investment above the Welsh Ministers' delegated limit is not undertaken without approval of the Welsh Ministers and that confirmation of capital resources has been received.

16.3.2 When capital investment decisions are taken and a Capital Programme approved the Project cannot be initiated until the authority to commit expenditure is formally delegated to a manager, in line with the organisation's Scheme of Delegation. The capital project must then be procured in line with normal procurement procedures or the Designed for Life or other approved procurement framework and in line with Welsh Government requirements and guidance and the applicable procurement legislation. Management control and financial reporting systems must be established to ensure that the project is:

- delivered on time
- on budget
- within contractual obligations.

16.3.3 Project management controls and financial reporting systems must be established to ensure these objectives are met. Reporting requirements to Welsh Government will be set out in the approval letter provided post Ministerial approval.

16.3.4 Regular updates must be provided to the Board, and relevant Board Committees, during the financial year

### **16.4 Capital Procedures and Responsibilities**

16.4.1 The Chief Executive:

- a) Shall ensure that there is an adequate appraisal and approval process in place for determining capital expenditure priorities and the effect of each proposal upon plans;
- b) Is responsible for the management of all stages of capital schemes and for ensuring that schemes are delivered on time and to cost;
- c) Shall ensure that any capital investment above the Welsh Ministers' delegated limit (i.e. other than discretionary capital) is not undertaken without approval of the Welsh Ministers and that confirmation of capital resources has been received;

- d) Shall ensure that the three year Capital Plan, and detailed annual capital programme is approved by the Board, as part of the Plan, prior to the commencement of the financial year;
- e) Shall ensure the availability of resources to finance all revenue consequences of the investment, including capital charges; and
- f) Shall ensure that any 3<sup>rd</sup> party use of NHS estate is properly controlled, reimbursed and reported. This will include ensuring that appropriate security, insurance and indemnity arrangements are in place and that there is a written agreement as to each party's responsibilities and liabilities.

16.4.2 For every capital expenditure proposal the Chief Executive shall ensure:

- a) That a business case is produced in line with Welsh Ministers' guidance and where appropriate the 5-case Model;
- b) That the Director of Finance has sought appropriate professional advice from HEIW and external agencies in the preparation of capital expenditure costs, and on that basis professionally certifies the capital costs and revenue consequences detailed in the business case.

16.4.3 For capital schemes where the contracts stipulate stage payments, the Chief Executive will issue procedures for their management in accordance with the Welsh Ministers' guidance.

16.4.4 The approval of a capital programme by HEIW Board shall not constitute approval for the initiation of expenditure on any scheme.

16.4.5 The Chief Executive shall issue to the manager responsible for any scheme:

- a) Specific authority to commit expenditure;
- b) Authority to proceed to tender; and
- c) Approval to accept a successful tender.

16.4.6 The Chief Executive will issue a scheme of delegation for capital investment management in accordance with the Welsh Ministers' guidance and HEIW's SOs.

16.4.7 The Director of Planning and Director of Finance shall issue detailed

procedures governing the project, financial and contractual management, including variations to contract, of capital investment projects and valuation for accounting purposes. These procedures shall fully take into account the requirements and delegated limits for capital schemes set out in Welsh Ministers' guidance and approval letters. The Director of Finance shall issue procedures for the regular reporting of expenditure and commitment against authorised expenditure – and where applicable, provide returns to the Welsh Government.

16.4.8 The Director of Finance shall ensure, for each capital project over £2m, that the Welsh Government Project Bank Accounts policy is applied unless there are compelling reasons not to do so. The Director of Finance should apply to Welsh Government officials for exemption from use of Project Bank Accounts, setting out the compelling reasons.

## **16.5 Capital Financing with the Private Sector**

16.5.1 HEIW must not enter into any new capital financing arrangements with the private sector, including Private Financing Initiatives, Mutual Investment Model and 3<sup>rd</sup> Party Developments, without the consent of the Welsh Ministers.

## **16.6 Asset Registers**

16.6.1 The Chief Executive is responsible for the maintenance of registers of assets, taking account of the advice of the Director of Planning and Director of Finance concerning the form of any register and the method of updating, and arranging for a physical check of assets against the asset register to be conducted periodically.

16.6.2 HEIW shall maintain an asset register recording fixed assets. The minimum data set to be held within these registers shall be in accordance with the Welsh Ministers' guidance and to satisfy the financial disclosure requirements for the Annual Accounts.

16.6.3 Additions to the fixed asset register must be clearly identified to the operational or departmental manager or delegated budget holder and be validated by reference to appropriate documentation to provide evidence of the financial value recorded, including:

- a) Properly authorised and approved agreements, architect's certificates, supplier's invoices and other documentary evidence in respect of purchases from third parties;
- b) Stores, requisitions and wages records for own materials and labour including appropriate overheads; and

- c) Lease agreements in respect of assets held under a finance lease and included on HEIW's balance sheet.

16.6.4 Where capital assets are sold, scrapped, lost or otherwise disposed of, their value must be removed from the accounting records and each disposal must be validated by reference to authorisation documents and invoices (where appropriate). Disposal receipts are to be treated in accordance with the Welsh Ministers' guidance.

16.6.5 The Director of Finance shall apply accounting policies for fixed assets in line with Welsh Government guidance and accounting standards and values recorded in the asset register, including depreciation and revaluations. The Director of Finance shall approve procedures for reconciling balances on fixed assets accounts in ledgers against balances on fixed asset registers.

16.6.6 The value, and depreciation, of each asset shall be considered annually in accordance with valuation guidance and methods specified by the Welsh Ministers. Assets should be considered for early revaluation where there is the likelihood of impairment as a result in a change of valuation or asset life.

## **16.7 Security of Assets**

16.7.1 The overall control of fixed assets is the responsibility of the Chief Executive.

16.7.2 Asset control procedures (including fixed assets, cash, cheques and negotiable instruments, and also including donated assets) must be approved by the Director of Finance. This procedure shall make provision for:

- a) Recording managerial responsibility for each asset;
- b) Identification of additions and disposals;
- c) Identification of all repairs and maintenance expenses;
- d) Physical security of assets;
- e) Regular verification of the existence of, condition of, and title to, assets recorded;
- f) Identification and reporting of all costs associated with the retention

of an asset; and

- g) Reporting, recording and safekeeping of cash, cheques, and negotiable instruments.

16.7.3 All discrepancies revealed by verification of physical assets to fixed asset register shall be notified to the Director of Planning and Director of Finance.

16.7.4 Whilst individual officers have a responsibility for the security of property of HEIW, it is the responsibility of Board members and senior HEIW officers in all disciplines to apply such appropriate routine security practices in relation to NHS property as may be determined by the Board. Any breach of agreed security practices must be reported in accordance with agreed procedures.

16.7.5 Any damage to HEIW's premises, vehicles and equipment, or any loss of equipment, stores or supplies must be reported by Board members and HEIW officers in accordance with the procedure for reporting losses.

16.7.6 Where practical, assets should be marked as HEIW property.

## **17 STORES AND RECEIPT OF GOODS**

### **17.1 General position**

17.1.1 Stores, defined in terms of controlled stores and departmental stores (for immediate use) should be:

- a) Kept to a minimum;
- b) Subjected to annual stock take; and
- c) Valued at the lower of cost and net realisable value.

### **17.2 Control of Stores, Stocktaking, condemnations and disposal**

17.2.1 Subject to the responsibility of the Director of Finance for the systems of financial control, overall responsibility for the control of stores shall be delegated to a senior officer by the Chief Executive. The day-to-day responsibility may be delegated by them to departmental officers/managers and stores managers/keepers, subject to such delegation being entered in a record available to the Director of Finance. The control of any fuel oil and coal of a designated estates manager.

17.2.2 The responsibility for security arrangements and the custody of keys for any stores and locations shall be clearly defined in writing by the designated manager. Wherever practicable, stocks should be marked as health service property.

17.2.3 The Director of Finance is responsible for developing financial control systems and procedures for the regulation and operation of the stores, to include the accounting arrangements for receipt, issues, and returns of goods to stores and losses.

17.2.4 Stocktaking arrangements shall be agreed with the Director of Finance and there shall be a physical check covering all items in store at least once a year.

17.2.5 Where a complete system of controlled stores is not justified, alternative stores arrangements shall require the approval of the Director of Finance.

17.2.6 The designated officer/manager shall be responsible for a system approved by the Director of Finance for a review of slow moving and obsolete items and for condemnation, disposal, and replacement of all unserviceable articles. The designated officer/manager shall report to the Director of Finance any evidence of significant overstocking and of

## **18. DISPOSALS AND CONDEMNATIONS, LOSSES AND SPECIAL PAYMENTS**

### **18.1 Disposals and Condemnations**

18.1.1 The Director of Finance must prepare detailed procedures for the disposal of assets and goods, including condemnations, and ensure that these are notified to managers.

18.1.2 When it is decided to dispose of a HEIW asset and goods, the head of department or authorised deputy will determine and advise the Director of Finance of the estimated market value of the item, taking account of professional advice where appropriate.

18.1.3 All unserviceable assets and goods shall be:

- a) Condemned or otherwise disposed of by an officer, the Condemning Officer, authorised for that purpose by the Director of Finance;
- b) Recorded by the Condemning Officer in a form approved by the Director of Finance which will indicate whether the asset and goods are to be converted, destroyed or otherwise disposed of. All entries shall be confirmed by the countersignature of a second officer authorised for the purpose by the Director of Finance.

18.1.4 The Condemning Officer shall satisfy themselves as to whether or not there is evidence of negligence in use and shall report any such evidence to the Director of Finance who will take the appropriate action.

### **18.2 Losses and Special Payments**

18.2.1 Losses and special payments are items that the Welsh Government would not have contemplated when it agreed funds for NHS Wales or passed legislation. By their nature they are items that ideally should not arise. They are therefore subject to special control procedures compared with the generality of payments, and special notation in the accounts to draw them to the attention of the Welsh Government.

18.2.2 The Director of Finance is responsible for ensuring procedural instructions on the recording of and accounting for losses and special payments are in place; and that all losses or special payments cases are properly managed in accordance with the guidance set out in the Welsh Government's Manual for Accounts.

- 18.2.3 Any officer discovering or suspecting a loss of any kind must either immediately inform their head of department, who must immediately inform the Chief Executive and/or the Director of Finance or inform an officer charged with responsibility for responding to concerns involving loss. This officer will then appropriately inform the Director of Finance and/or the Chief Executive.
- 18.2.4 Where a criminal offence is suspected, the Director of Finance must immediately inform the police if theft or arson is involved. In cases of fraud and corruption or of anomalies which may indicate fraud or corruption, the Director of Finance must inform the Local Counter Fraud Specialist (LCFS) and the CFS Wales Team accordance with Directions issued by the Welsh Ministers on fraud and corruption.
- 18.2.5 The Director of Finance or the LCFS must notify the Audit & Assurance Committee, the Auditor General's representative and the fraud liaison officer within the Welsh Government's Health and Social Services Group Finance Directorate of all frauds.
- 18.2.6 For losses apparently caused by theft, arson, neglect of duty or gross carelessness, except if trivial, the Director of Finance must notify:
- a) The Audit & Assurance Committee on behalf of the Board, and
  - b) An Auditor General's representative.
- 18.2.7 The Director of Finance shall be authorised to take any necessary steps to safeguard HEIW's interests in bankruptcies and company liquidations.
- 18.2.8 The Director of Finance shall ensure all financial aspects of losses and special payments cases are properly registered and maintained on the centralised Losses and Special Payments Register and that 'case write-off' action is recorded on the system (i.e. case closure date, case status, etc.).
- 18.2.9 The Audit Committee shall approve the writing-off of losses or the making of special payments within delegated limits determined by the Welsh Ministers and as set out by Welsh Government in its Losses and Special Payments guidance as detailed in Schedule 3 of the SOs.
- 18.2.10 For any loss or special payments, the Director of Finance should consider whether any reimbursement claim could be made from the Welsh Risk Pool or from other commercial insurance arrangements.

- 18.2.11 No losses or special payments exceeding delegated limits shall be authorised or made without the prior approval of the Health and Social Services Group Director of Finance.
- 18.2.12 All novel, contentious and repercussive cases must be referred to the Welsh Government's Health and Social Services Group – Finance Directorate, irrespective of the delegated limit.
- 18.2.13 The Director of Finance shall ensure all losses and special payments are reported to the Audit & Assurance Committee at every meeting.
- 18.2.14 HEIW must obtain the Health and Social Services Group Director General's approval for special severance payments.

## **19. DIGITAL, DATA and TECHNOLOGY**

### **19.1 Digital Data and Technology Strategy**

19.1.1 The Board shall approve a Digital Data and Technology Strategy which sets out the development needs of HEIW for the medium term based on an appropriate assessment of risk. The agreed plans shall include costed implementation plans of the strategy. The Board shall also ensure that a Director has responsibility for Digital Data and Technology.

19.1.2 HEIW shall publish and maintain a Freedom of Information (FOI) Publication Scheme, or adopt a model Publication Scheme approved by the Information Commissioner. A Publication Scheme is a complete guide to the information routinely published by a public authority. It describes the classes or types of information about HEIW that are made publicly available.

### **19.2 Responsibilities and duties of the responsible Director**

19.2.1 The responsible Director for Digital Data and Technology has responsibility for the accuracy, availability and security of HEIW digital systems and data and shall:

- a) Devise and implement any necessary procedures to ensure adequate (reasonable) protection and availability of HEIW's digital systems and data for which they are responsible from accidental or intentional disclosure to unauthorised persons, deletion or modification, theft or damage, having due regard for the Network and Information Systems Regulations 2018, the UK General Data Protection Legislation and any relevant domestic law considerations via the Data Protection Act 2018;
- b) Ensure that, following risk assessment of threats, adequate (reasonable) controls exist over access to systems, data entry, processing, storage, transmission and output to ensure security, privacy, accuracy, completeness, and timeliness of the data, as well as the efficient and effective operation of the system;
- c) Ensure that an adequate management (audit) trail is maintained of access to digital systems and data and that such audit reviews as the Director may consider necessary to meet the organisational requirements under the Network and Information Systems Regulations 2018 are being carried out.
- d) Shall ensure that policies, procedures and training arrangements

are in place to ensure compliance with information governance law and Network and Information Systems Regulations 2018; and

e) Shall ensure comprehensive incident reporting.

### **19.3 Responsibilities and duties of the Director of Finance**

19.3.1 The Director of Finance shall need to ensure that new financial data and systems and amendments to current financial data and systems are developed in a controlled manner and thoroughly tested prior to implementation and business as usual phases. Where this is undertaken by another organisation, assurances of adequacy must be obtained from them prior to implementation and business as usual phases.

### **19.4 Contracts for data and digital services with other health bodies or outside agencies**

19.4.1 The responsible Director for Digital Data and Technology shall ensure that contracts for data and digital services for clinical, management and financial applications with another health organisation or any other agency shall clearly define the responsibility of all parties for

- the security, privacy, accuracy, completeness, and timeliness of data during processing, transmission and storage, and
- the availability of the service including the resilience required to maintain continuity of the service.

The contract should also ensure rights of access for audit purposes.

19.4.2 Where another health organisation or any other agency provides a data or digital service for clinical, management and financial applications, the responsible Director for Digital Data and Technology shall, to maintain the confidentiality, integrity and availability of the service provided, periodically seek assurances that adequate controls, based on risk assessment, are in operation.

### **19.5 Risk assurance**

19.5.1 The responsible Director for Digital Data and Technology shall ensure that the risks to HEIW arising from the use of data, information and IT are effectively identified and considered and that appropriate action is taken to mitigate or control risk. This shall include the preparation and testing of appropriate resilience plans, including both a business continuity and disaster recovery plan.

## **20. FUNDS HELD ON TRUST (CHARITABLE FUNDS)**

### **20.1 Corporate Trustee**

20.1.1 Paragraph (iii) of Section A to the SOs refers to HEIW having specified powers to act as corporate trustee for the management of funds it holds on trust (charitable funds). SFI 20.2 defines the need for compliance with Charities Commission latest guidance and best practice.

20.1.2 The discharge of HEIW's corporate trustee responsibilities for funds held on trust are distinct from its responsibilities for exchequer funds and may not necessarily be discharged in the same manner, but there must still be adherence to the overriding general principles of financial regularity, prudence and propriety. Trustee responsibilities cover both charitable and non-charitable purposes.

20.1.3 HEIW shall establish a Charitable Funds Committee as set out in Standing Order 3.4 to ensure that each fund held on trust which HEIW is responsible for managing is managed appropriately with regard to its purpose and to its requirements.

### **20.2 Accountability to Charity Commission and the Welsh Ministers**

20.2.1 The trustee responsibilities must be discharged separately and full recognition given to HEIW's dual accountabilities to the Charity Commission for charitable funds and to the Welsh Ministers for exchequer funds.

20.2.2 The Schedule of Matters Reserved to the Board and the Scheme of Delegation make clear where decisions regarding the exercise of discretion regarding the disposal and use of the funds are to be taken and by whom. All Board members and HEIW officers must take account of that guidance before taking action.

20.2.3 HEIW shall make appropriate arrangements for the Annual Accounts and audit of Funds held on Trust in accordance with Charity Commission requirements.

### **20.3 Applicability of Standing Financial Instructions to funds held on Trust**

20.3.1 In so far as it is possible to do so, most of the sections of these SFIs will apply to the management of funds held on trust.

20.3.2 The over-riding principle is that the integrity of each Trust must be maintained and statutory and Trust obligations met. Materiality must be assessed separately from Exchequer activities and funds.

## **21. RETENTION OF RECORDS**

### **21.1 Responsibilities of the Chief Executive**

21.1.1 The Chief Executive shall be responsible for maintaining archives for all records required to be retained in accordance with the Welsh Ministers' guidance, the UK General Data Protection Legislation and any relevant domestic law considerations via the Data Protection Act 2018 and the Freedom of Information Act 2000 (c. 36).

21.1.2 The records held in archives shall be capable of retrieval by authorised persons.

21.1.3 Records held shall only be destroyed in accordance with the applicable data protection laws and at the express instigation of the Chief Executive. Details shall be maintained of records so destroyed.

Dear All,

This letter supercedes the consent guidance issued in our joint letter on 30 November 2020.

### **RE: PROCESSES FOR LOCAL HEALTH BOARDS AND NHS TRUSTS CONTRACTS, AND INTERESTS IN PROPERTY EXCEEDING £0.5M**

Paragraph 13(3) of Schedule 2 to the National Health Service (Wales) Act 2006 places a requirement on Local Health Boards (LHBs) to obtain the consent of Welsh Ministers before:

- Acquiring and disposing of property;
- Entering into contracts; and
- Accepting gifts of property (including property to be held on trust).

### **Acquiring and disposing of property**

WHC (2018) 043 NHS Wales Infrastructure Investment Guidance issued 22 October 2018 sets out at section 10.1:

## **LHBs and HEIW**

*Contract approvals over £1m for individual schemes will be sought as part of the normal business case submission process where funding from the NHS Capital Programme is required. For schemes funded via discretionary allocations, a request for approval will need to be submitted to Chief Executive NHS Wales, copying in the Deputy Director of Capital, Estates & Facilities Division.*

*Detailed arrangements in respect of approval process linked to the acquisition and disposal of leases, where consent does not form part of the business case process will be included in a Welsh Health Circular WHC(2015)031. Organisations should ensure that the monitoring arrangements and the requisite forms and returns are included as part of their own assurance arrangements.*

## **NHS Trusts**

*Whilst formal Ministerial consent is not required for Trusts as detailed above, general consent arrangements are still applicable in terms of relevant transactions. Detailed requirements in terms of appropriate notifications were sent in the Welsh Health Circular referenced above.*

Guidance on disposals is contained in Section 11

WHC (2015) 031 issued 22 June 2015 clarified the approval process linked to the acquisition or disposal of a lease, where approval does not form part of a business case process. A lease being a property right requires the consent of the Welsh Ministers in accordance with paragraph 13(2) (a). The WHC set out for NHS Trusts and LHBs a notification and consent process mirroring the contract processes noted below.

## **Entering into contracts**

Guidance was issued to NHS Wales bodies on 27<sup>th</sup> January 2017 in a letter to Directors of Finance issued jointly by the Deputy Directors of Finance and Capital Estates and Facilities. This letter now updates that guidance to reconfirm to all NHS Wales bodies that the authorisation and consideration of notified contracts and applications for the acquisitions or disposals of a lease or any interest in property are delegated to the Director General, Health and Social Services Group.

The Director General may, as with any other matter relating to the operation of the NHS in Wales, brief the Minister for Health and Social Services on any arrangement of particular policy note, or with a novel, contentious or innovative nature.

Accordingly any issues relevant to the exercise of the Minister for Health and Social Service's consent will, as a matter of course, be drawn to his attention.

The process which NHS Wales bodies entering into contracts must follow is:

- All NHS contracts (unless exempt) >£1m in total to be notified to the Director General HSSG prior to tendering for the contract;

English Catherine  
27/07/2022 10:07:49

- All eligible LHB and HEIW contracts >£1m in total to be submitted to the Director General HSSG for consent prior to award;
- All eligible NHS Trust contracts >£1m in total to be submitted to the Director General HSSG for notification prior to award; and
- All eligible NHS contracts >£0.5m in total to be submitted to the Director General HSSG for notification prior to award.

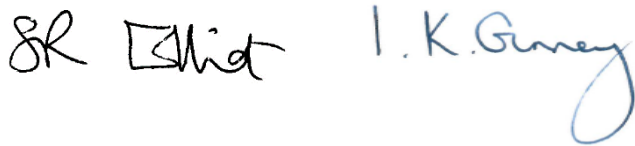

The requirement for consent does not apply to any contracts entered into pursuant to a specific statutory power, and therefore does not apply to:

- (i) Contracts of employment between LHBs and their staff;
- (ii) Transfers of land or contracts effected by Statutory Instrument following the creation of LHBs;
- (iii) Out of Hours contracts; and
- (iv) All NHS contracts; that is where one health services body contracts with another health service body.

Contracts entered into by HEIW for services which are the consequences of annual commissioning approved by the Minister e.g. annual education and training commissioning do not require further Ministerial notification or consent.

For non- capital contracts requiring DG approval, the request for approval or notification should be sent to Rob Eveleigh in the Financial Control and Governance team : [Robert.Eveleigh@gov.wales](mailto:Robert.Eveleigh@gov.wales)

Adolygiad Blynyddol o'r Rheolau Sefydlog

## 1. CYFLWYNIAD

Mae gofyniad i adolygu'r Rheolau Sefydlog yn flynyddol i sicrhau eu bod yn parhau i fod yn gywir ac yn gyfredol.

Yn unol â hyn, mae Rheolau Sefydlog AaGIC wedi cael eu hadolygu a'u diweddaru i adlewyrchu'r newidiadau a wnaed i swyddogaethau AaGIC a'r Tîm Gweithredol.

## **2. CEFNDIR**

Mae'n angenrheidiol sicrhau bod Rheolau Sefydlog sefydliadau GIG Cymru yn cael eu diweddaru a'u cynnal. Yn hyn o beth, mae'n ofynnol i AaGIC adolygu ei Rheolau Sefydlog yn flynyddol.

## **3. CYNNIG**

Mae Rheolau Sefydlog AaGIC wedi cael eu hadolygu a'u diweddaru'n unol â'r ffaith bod swyddogaethau'r sefydliad wedi'u diwygio ar 21 Gorffennaf 2021 gan Gyfarwyddiadau Addysg a Gwella Iechyd Cymru (Rhif 2) (Diwygiedig) 2021 i gynnwys lletya Swyddfa'r Prif Swyddog Digidol. Dan law y Cyfarwyddiadau, bydd AaGIC yn sefydlu ac yn gweithredu Swyddfa'r Prif Swyddog Digidol ar gyfer Iechyd a Gofal Cymdeithasol, a fydd yn cynorthwyo trawsnewidiad ar draws llwyfannau, systemau a gwasanaethau digidol.

Yn dilyn newidiadau diweddar yn achos y Tîm Gweithredol, cytunwyd y byddai Cyflawni a Chynllunio yn cael ei gynnwys yng nghylch gwaith y Dirprwy Brif Weithredwr/Cyfarwyddwr y Gweithlu a DS, ac y byddai gweithgarwch y Gwasanaethau Corfforaethol yn cael ei gynnwys dan awdurdod y Cyfarwyddwr Cyllid. Mae'r cynllun dirprwyo o fewn y Rheolau Sefydlog wedi'i ddiweddaru i adlewyrchu'r newidiadau hyn. Rhagwelir y bydd newidiadau pellach yn dod i rym yn yr Hydref. Bydd y Rheolau Sefydlog yn cael eu hadolygu eto bryd hynny.

Ceir copi o'r Rheolau Sefydlog diweddaedig gyda'r diwygiadau wedi'u holrhain yn Atodiad 1.

## **4. MATERION LLYWODRAETHU A RISG**

Rhaid i AaGIC gytuno ar y Rheolau Sefydlog i reoleiddio ei drafodion a'i fusnes. Mae'r Rheolau Sefydlog wedi'u cynllunio i drosi gofynion statudol yn arferion gweithredu o ddydd i ddydd ac i ddarparu fframwaith rheoleiddiol ar gyfer cynnal busnes AaGIC. Mae system rheolaeth fewnol gadarn yn sicrhau bod unrhyw risgiau o ran cyflawni amcanion AaGIC yn cael eu nodi, eu hasesu a'u rheoli.

## **5. GOBLYGIADAU ARIANNOL**

Nid oes unrhyw oblygiadau ariannol i'r Bwrdd eu hystyried/cymeradwyo.

## **6. ARGYMHELLIAD**

Model Standing Orders

Status: Version ~~54~~ – January-July 2022 21

## Foreword

The Health Education and Improvement Wales 'HEIW' Regulations 2017 provides that HEIW must make standing orders for the regulation of its proceedings and business.

The HEIW Board must consider and agree to adopt the Standing Orders (SOs) for the regulation of their proceedings and business. They are designed to translate the statutory requirements set out in legislation into day to day operating practice, and, together with the adoption of a Scheme of Decisions reserved to the Board; a Scheme of Delegations to officers and others; and Standing Financial Instructions (SFIs), they provide the regulatory framework for the business conduct of HEIW.

These documents form the basis upon which HEIW's governance and accountability framework is developed and, together with the adoption of the HEIW's Values and Standards of Behaviour framework, is designed to ensure the achievement of the standards of good governance set for health organisations in Wales.

All HEIW Board members and officers must be made aware of these Standing Orders and, where appropriate, should be familiar with their detailed content. The Board Secretary will be able to provide further advice and guidance on any aspect of the Standing Orders or the wider governance arrangements within HEIW.

Further information on governance in the NHS in Wales may be accessed at [www.wales.nhs.uk/governance-emanual/](http://www.wales.nhs.uk/governance-emanual/)

## Section A – Introduction

### Statutory framework

- i) Health Education and Improvement Wales (HEIW) is a Special Health Authority (SHA) that was established on 05 October 2017 and became operational on the 01 October 2018, following a six month period in shadow form under The Health Education and Improvement Wales (Establishment and Constitution) Order 2017 (SI No. 913 (W. 224)) “the Establishment Order”.
- ii) Under Health Education and Improvement Wales (No. 2) (Amendment) Directions 2021 HEIW’s functions include the hosting of the Office of Chief Digital Officer.
  - ii)iii) The principal place of business of HEIW is – Ty Dysgu, Cefn Coed Parc, Nantgarw, Cardiff. CF15 7QQ.
  - iii)iv) All business shall be conducted in the name of HEIW, and all funds received in trust shall be held in the name of HEIW as a corporate Trustee.
  - iv)v) HEIW is a corporate body and its functions must be carried out in accordance with its statutory powers and duties. HEIW’s functions are set out in the Establishment Order and in Directions issued by Welsh Ministers.
  - v)vi) In addition to Directions the Welsh Ministers will issue an annual remit letter and may from time to time issue guidance which HEIW must take into account when exercising any function.
  - vi)vii) Under powers set out in in section 25(1)(b), 25(2) and 203(9) and (10) of, and paragraphs 3(3) and (4), 5 and 13 of Schedule 5 to the the NHS (Wales) Act 2006, the Welsh Ministers has made **the Health Education and Improvement (Wales) Regulations 2017 (S.I. 2017/909 (W.221))** (“the Constitution Regulations”) which make provision concerning the membership and procedures of HEIW.
  - vii)viii) In carrying out its duties it will co-operate with others.
  - viii)ix) Section 72 of the NHS Act 2006 places a duty on NHS bodies, including an SHA to co-operate with each other in exercising their functions.
  - ix)x) Section 82 of the NHS Act 2006 places a duty on NHS bodies, including an SHA, and local authorities to co-operate with one another in order to secure and advance the health and welfare of the people of England and Wales.

Health Education and Improvement Wales  
Model Standing Orders

Status: Version 54— January-July 2022~~21~~

~~x~~)~~xi~~) The Welsh Language (Wales) Measure 2011 makes provision with regards to the development of standards relating to the Welsh language. The Welsh Language Standards (No 7) Regulations 2018 for the health sector do not currently apply to HEIW. They will apply at a future date but in the interim HEIW will develop a Welsh Language policy/scheme to deliver commitments relating to Welsh language.

~~xi~~)~~xii~~) As a SHA, HEIW is also bound by any other statutes and legal provisions which govern the way that NHS bodies do business. The powers of NHS bodies established under statute shall be exercised by NHS bodies meeting in public session, except as otherwise provided by these SOs.

## NHS framework

~~xii~~)~~xiii~~) In addition to the statutory requirements set out above, NHS bodies including SHAs must carry out all business in a manner that enables them to contribute fully to the achievement of the Welsh Government's vision for the NHS in Wales and its standards for public service delivery. The governance standards set for the NHS in Wales are based upon the Welsh Government's Citizen Centred Governance principles. These principles provide the framework for good governance and embody the values and standards of behaviour that is expected at all levels of the service, locally and nationally.

~~xiii~~)~~xiv~~) Adoption of the principles will better equip NHS bodies to take a balanced, holistic view of their organisations and their capacity to deliver high quality, safe healthcare services for all its citizens within the NHS framework set nationally.

~~xiv~~)~~xv~~) The overarching NHS governance and accountability framework incorporates these SOs; the Schedules of Reservation and Delegation of Powers; SFIs together with a range of other frameworks designed to cover specific aspects. These include the NHS Values and Standards of Behaviour Framework; the '*Doing Well, Doing Better: Standards for Health Services in Wales*' (formally the Healthcare Standards) Framework, the NHS Risk and Assurance Framework, and the NHS planning and performance management systems.

~~xv~~)~~xvi~~) The Welsh Ministers, reflecting their constitutional obligations and legal duties under the Well-being of Future Generations (Wales) Act 2015, has stated that sustainable development should be the central organising principle for the public sector and a core objective for the NHS in all it does. The Well-being of Future Generations (Wales) Act 2015 explains what is meant by sustainable development and requires bodies that are designated as 'public bodies' under section 6 of the 2015 Act to set well-being objectives and contribute to the achievement of well-being goals.

~~xvi)~~xvii) \_\_\_\_\_ HEIW is not considered a public body under the Act but is committed to achieving the Well-being Goals and the Sustainable Development Principle.

~~xvii)~~xviii) \_\_\_\_\_ Full, up to date details of the other requirements that fall within the NHS framework – as well as further information on the Welsh Government's Citizen Centred Governance principles - are provided on the NHS Wales Governance e-manual which can be accessed at <https://nwssp.nhs.wales/all-wales-programmes/governance-e-manual/>. . Directions or guidance on specific aspects of business are also issued in hard copy, usually under cover of a Ministerial letter.

~~xviii)~~xix) \_\_\_\_\_ HEIW will from time to time agree and approve policy statements which apply to the Board members and/all or specific groups of staff employed by HEIW. The decisions to approve these policies will be recorded in the appropriate Board minute and, where appropriate will be considered to be an integral part of HEIW's SOs and SFIs. Details of the key policy statements will be included in Schedule 2.

~~xix)~~xx) HEIW shall ensure that an official is designated to undertake the role of the Board Secretary (the role of which is set out in paragraph xxv below).

## Applying Standing Orders

~~xx)~~xxi) The SOs of HEIW (together with SFIs and the Values and Standards of Behaviour Framework), will, as far as they are applicable, also apply to meetings of any formal Committees established by HEIW including any Advisory Groups and sub-Committees.. These SOs may be amended or adapted for the Committees as appropriate, with the approval of the Board. Further detail on the Committees may be found in Schedule 3 of these SOs.

~~xxi)~~xxii) \_\_\_\_\_ Full details of any non-compliance with these SOs, including an explanation of the reasons and circumstances must be reported in the first instance to the Board Secretary, who will ask the Audit and Assurance Committee to formally consider the matter and make proposals to the Board on any action to be taken. All Board members and HEIW officers have a duty to report any non-compliance to the Board Secretary as soon as they are aware of any circumstance that has not previously been reported.

~~xxii)~~xxiii) \_\_\_\_\_ **Ultimately, failure to comply with SOs is a disciplinary matter that could result in an individual's dismissal from employment or removal from the Board.**

## Variation and amendment of Standing Orders

~~xxiii)~~xxiv) \_\_\_\_\_ Although these SOs are subject to regular, annual review by HEIW, there may, exceptionally, be an occasion where it is necessary to vary or

Status: Version 54— January-July 2022<sup>21</sup>

amend the SOs during the year. In these circumstances, the Board Secretary shall advise the Board of the implications of any decision to vary or amend SOs, and such a decision may only be made by the Board if:

- The variation or amendment is in accordance with regulation 15 of the Constitution Regulations and does not contravene a statutory provision or direction made by the Welsh Ministers;
- The proposed variation or amendment has been considered and approved by the Audit and Assurance Committee and is the subject of a formal report to the Board; and
- A formal notice of motion under Standing Order 5.5.14 has been given.

## Interpretation

~~xxiv)~~xxv) During any Board meeting where there is doubt as to the applicability or interpretation of the SOs, the Chair of HEIW shall have the final say, provided that his or her decision does not conflict with rights, liabilities or duties as prescribed by law. In doing so, the Chair shall take appropriate advice from the Board Secretary and, where appropriate the Chief Executive or the Director responsible for finance (in the case of SFIs).

~~xxv)~~xxvi) The terms and provisions contained within these SOs aim to reflect those covered within all applicable legislation. The legislation takes precedence over these SOs when interpreting any term or provision covered by legislation.

## The role of the Board Secretary

~~xxvi)~~xxvii) The role of the Board Secretary is crucial to the ongoing development and maintenance of a strong governance framework within HEIW and is a key source of advice and support to the HEIW Chair and other Board members. Independent of the Board, the Board Secretary acts as the guardian of good governance within HEIW:

- Providing advice to the Board as a whole and to individual Board members on all aspects of governance;
- Facilitating the effective conduct of HEIW business through meetings of the Board, its Advisory Groups and Committees;
- Ensuring that Board members have the right information to enable them to make informed decisions and fulfil their responsibilities in accordance with the provisions of these SOs;
- Ensuring that in all its dealings, the Board acts fairly, with integrity, and without prejudice or discrimination;
- Contributing to the development of an organisational culture that embodies public services values and standards of behaviour; and
- Monitoring HEIW's compliance with the law, SOs and the governance and accountability framework set by the Welsh Ministers.

~~xxvii~~)~~xxviii~~) As advisor to the Board, the *Board Secretary*'s role does not affect the specific responsibilities of Board members for governing the organisation. The Board Secretary is directly accountable for the conduct of their role to the Chair in respect of matters relating to responsibilities of the Board and its Committees, and reports on a day to day basis to the Chief Executive with regard to the wider governance of the organisation and their personal responsibilities.

#### 1.0.1 HEIW's principal role is to take a strategic approach to developing the Welsh health workforce for now and for the future. Its functions include:

**Workforce intelligence** – HEIW will be the central, recognised source for information and intelligence about the Welsh health workforce;

**Workforce planning** – HEIW will provide strategic leadership for workforce planning, working with health boards/trusts and the Welsh Government to produce a forward strategy to transform the workforce to deliver new health and social models of service delivery;

**Education commissioning, planning and delivery** – HEIW will utilise its funding to ensure value for money and the provision of a workforce which reflects future healthcare needs;

**Quality management** – HEIW will quality manage education and training provision ensuring it meets required standards, and improvements are made where required;

**Supporting regulation** – HEIW will play a key role representing Wales in liaison with regulators, working within the policy framework established by the Welsh Government. HEIW will also undertake, independently of the Welsh Government, specific regulatory support roles;

**Leadership development** – HEIW will establish the strategic direction and delivery of leadership development for staff within NHS Wales at all levels;

**Careers and widening access** – HEIW will provide the strategic direction for health careers and the widening access agenda, delivering an ongoing agenda to promote health careers;

**Workforce improvement** – HEIW will provide a strategic leadership role for workforce transformation and improvement, and deliver within its functions a ongoing programme to meet that role;

**Professional support for workforce and organisational development (OD) in NHS Wales** – HEIW will support the professional workforce and OD profession within Wales.

**Hosting of the Office of Chief Digital Officer** – HEIW will establish and operate an Office for the Chief Digital Officer for Health and Social Care to be comprised of a Chief Digital Officer and staff who will support transformation across digital platforms, systems and services.

1.0.2 HEIW was established by the Health Education and Improvement Wales (Establishment and Constitution) Order 2017 (SI No. 913 (W. 224)). HEIW must ensure that all its activities are in exercise of those functions or other statutory functions that are conferred on it through directions issued by the Welsh Ministers.

1.0.3 To fulfil this role, HEIW will work with all its partners and stakeholders in the best interests of the population of Wales.

~~1.0.3~~ 1.0.4 HEIW's functions were amended by Health Education and Improvement Wales (No. 2) (Amendment) Directions 2021 to include the hosting of the Office of Chief Digital Officer.

## 1.1 Membership of Health Education and Improvement Wales Board

1.1.1 The membership of the HEIW Board shall be no more than 12 members comprising the Chair (appointed by the Minister for Health and Social Services), the Chief Executive and officer and non-officer members. A Vice Chair may also be appointed by the Board from the existing Independent Board Members.

1.1.2 For the purposes of these SOs, the members of the HEIW Board shall collectively be known as “the Board” or “Board members”; the officer and non-officer members (which will include the Chair) shall be referred to as Executive Directors and Independent Members respectively; and the Chief Officer and the Chief Finance Officer shall respectively be known as the Chief Executive and the Director of Finance and Corporate Services. All such members shall have full voting rights. There may also be Associate Members who do not have voting rights.

### Officer Members [to be known as Executive Directors]

1.1.3 A total of 5 (including the Chief Executive), appointed by the Chair and non-officer members.

### Non-Officer Members [to be known as Independent Members]

1.1.4 A total of 7 (including the Chair), appointed by the Minister for Health and Social Services.

1.1.5 In addition to the ~~eligability~~eligibility, disqualification, suspension and removal provisions contained with Regulations 5, 6, 8 and 9 the HEIW Regulations, an individual shall not normally serve concurrently as a non-officer member on the Board of more than one NHS body in Wales.

### Associate Members

Status: Version 54— January-July 2022~~21~~

- 1.1.6 A total of up to 3 Associate Members may be appointed by the Board to assist in carrying out its functions subject to the agreement of the Minister for Health and Social Services. They will attend Board meetings on an ex-officio basis but will not form part of the Board or have any voting rights.

Use of the term 'Independent Members'

- 1.1.7 For the purposes of these SOs, use of the term 'Independent Members' refers to the following voting members of the Board:

- Chair
- Vice Chair (if appointed)
- Non-Officer Members

unless otherwise stated.

## 1.2 Joint Post Holders

- 1.2.1. Where a Board position is shared between more than one person because of their being appointed jointly to a post:

- i) Either or both persons may attend and take part in Board meetings;
- ii) If both are present at a meeting they shall cast one vote if they agree;
- iii) In the case of disagreement no vote shall be cast; and
- iv) The presence of both or one person will count as one person in relation to the quorum.

## 1.3 Tenure of Board members

- 1.3.1. Independent Members appointed by the *Minister for Health and Social Services* shall be appointed for a period specified by the Welsh Ministers, but for no longer than 4 years in any one term. These members can be reappointed but may not hold office as a member or associate member for the same Board for a total period of more than 8 years, *with the exception of those appointed or re-appointed in accordance with Regulation 7 of the **National Health Service (Temporary Disapplication of Tenure of Office) (Wales) (Coronavirus) Regulations 2020**. These members will hold office in accordance with the terms of their appointment or re-appointment.* Time served need not be consecutive and will still be counted towards the total period even where there is a break in the term.

- 1.3.2. Any Associate Member appointed to the Board under 1.1.5 will be for a period of up to one year, with a maximum term of four years if re-appointed.

- 1.3.3. Executive Directors' tenure of office as Board members will be

determined by their contract of appointment.

1.3.4. All Independent Board members' tenure of appointment will cease in the event that they no longer meet any of the eligibility requirements, so far as they are applicable, as specified in Schedule 1 of the HEIW Regulations. Any member must inform the Chair as soon as is reasonably practicable to do so in respect of any issue which may impact on their eligibility to hold office. The Chair will advise the Minister in writing of any such cases immediately.

1.3.5. HEIW will require Independent Board members to confirm in writing their continued eligibility on an annual basis.

## **1.4. The Role of the HEIW Board and responsibilities of individual members**

### Role

1.4.1 The principal role of HEIW is set out in SO 1.0.1. The Board's main role is to add value to the organisation through the exercise of strong leadership and control, including:

- Setting the organisation's strategic direction
- Establishing and upholding the organisation's governance and accountability framework, including its values and standards of behaviour; and
- Ensuring delivery of the organisation's aims and objectives through effective challenge and scrutiny of HEIW performance across all areas of activity.

### Responsibilities

1.4.2 The Board will function as a corporate decision-making body, Executive Directors and Independent Members being full and equal members and sharing corporate responsibility for all the decisions of the Board.

1.4.3 Independent Members who are appointed to bring a particular perspective, skill or area of expertise to the Board must do so in a balanced manner, ensuring that any opinion expressed is objective and based upon the best interests of delivering education and improvement in the health service. Similarly, Board members must not place an over reliance on those individual members with specialist expertise to cover specific aspects of Board business, and must be prepared to scrutinise and ask questions about any contribution that may be made by that member.

1.4.4 HEIW shall issue an indemnity to any Chair and Independent Member in the following terms: "A Board [or Committee] member, who has acted honestly and in good faith, will not have to meet out of their personal resources any

personal liability which is incurred in the execution of their Board function. Such cover excludes the reckless or those who have acted in bad faith”.

- 1.4.5 Associate Members, whilst not sharing corporate responsibility for the decisions of the Board, are nevertheless required to act in a corporate manner at all times, as Board members who have voting rights.
- 1.4.6 All Board members must comply with their terms of appointment. They must equip themselves to fulfil the breadth of their responsibilities by participating in appropriate personal and organisational development programmes, engaging fully in Board activities and promoting HEIW within the communities it serves.
- 1.4.7 **The Chair** – The Chair is responsible for the effective operation of the Board, chairing Board meetings when present and ensuring that all Board business is conducted in accordance with these SOs. The Chair may have certain specific powers delegated by the Board and set out in the Scheme of Delegation.
- 1.4.8 The Chair shall work in close harmony with the Chief Executive and, supported by the Board Secretary, shall ensure that key and appropriate issues are discussed by the Board in a timely manner with all the necessary information and advice being made available to the Board to inform the debate and ultimate resolutions.
- 1.4.9 **The Vice-Chair** – The Vice-Chair shall deputise for the Chair in their absence for any reason and will do so until either the existing chair resumes their duties, or a new chair is appointed.
- 1.4.10 **Chief Executive** – The Chief Executive is responsible for the overall performance of the executive functions of HEIW. They are the appointed Accountable Officer for HEIW and shall be responsible for meeting all the responsibilities of that role, as set out in their Accountable Officer Memorandum.
- 1.4.11 **Lead roles for Board members** – The Chair will ensure that individual Board members are designated as lead roles or “champions” as required by the Welsh Ministers or as set out in any statutory or other guidance. Any such role must be clearly defined and must operate in accordance with the requirements set by HEIW, the Welsh Ministers or others. In particular, no operational responsibilities will be placed upon any Independent Member fulfilling such a role. The identification of a Board member in this way shall not make them more vulnerable to individual criticism, nor does it remove the corporate responsibility of the other Board members for that particular aspect of Board business.

## **2. RESERVATION AND DELEGATION OF HEIW FUNCTIONS**

- 2.0.1 Subject to any directions that may be given by the Welsh Ministers, the Board shall make arrangements for certain functions to be carried out on its behalf so that the day to day business of HEIW may be carried out effectively and in a manner that secures the achievement of its aims and objectives. In doing so, the Board must set out clearly the terms and conditions upon which any delegation is being made.
- 2.0.2 The Board's determination of those matters that it will retain, and those that will be delegated to others shall be set out in a:
- i Schedule of matters reserved to the Board;
  - ii Scheme of delegation to committees and others; and
  - iii Scheme of delegation to officers.

all of which must be formally adopted by the Board in full session and form part of these SOs.

- 2.0.3 HEIW retains full responsibility for any functions delegated to others to carry out on its behalf. Where HEIW has a joint duty, it remains fully responsible for its part, and shall agree through the determination of a written Partnership Agreement the governance and assurance arrangements for the partnership, setting out respective responsibilities, ways of working, accountabilities and sources of assurance of the partner organisations.

### **2.1 Chair's action on urgent matters**

- 2.1.1 There may, occasionally, be circumstances where decisions which would normally be made by the Board need to be taken between scheduled meetings, and it is not practicable to call a meeting of the Board. In these circumstances, the Chair and the Chief Executive, supported by the Board Secretary as appropriate, may deal with the matter on behalf of the Board - after first consulting with at least two other Independent Members. The Board Secretary must ensure that any such action is formally recorded and reported to the next meeting of the Board for consideration and ratification.
- 2.1.2 Chair's action may not be taken where either the Chair or the Chief Executive has a personal or business interest in an urgent matter requiring decision. In this circumstance, the Vice-Chair or the Executive Director acting on behalf of the Chief Executive will take a decision on the urgent matter, as appropriate.

### **2.2 Delegation of Board functions**

- 2.2.1 The Board shall agree the delegation of any of their functions except for those set out within the 'Schedule of Matters reserved to the Board' to Committees

and others, setting any conditions and restrictions it considers necessary and following any directions or regulations given by the Welsh Ministers. These functions may be carried out:

- i By a Committee, sub-Committee or officer of HEIW

2.2.2 The Board shall agree and formally approve the delegation of specific executive powers to be exercised by Committees and sub-Committees, which it has formally constituted.

## **2.3 Delegation to officers**

2.3.1 The Board may delegate certain functions to the Chief Executive. For these aspects, the Chief Executive, when compiling the Scheme of Delegation to Officers, shall set out proposals for those functions they will perform personally and shall nominate other officers to undertake the remaining functions. The Chief Executive will still be accountable to the Board for all functions delegated to them irrespective of any further delegation to other officers.

2.3.2 This must be considered and approved by the Board (subject to any amendment agreed during the discussion). The Chief Executive may periodically propose amendment to the Scheme of Delegation to Officers and any such amendments must also be considered and approved by the Board.

2.3.3 Individual Executive Directors are in turn responsible for delegation within their own directorates/departments/localities in accordance with the framework established by the Chief Executive and agreed by the Board.

## **3. COMMITTEES**

### **3.1 HEIW Committees**

3.1.1 The Board may, and where directed by the Welsh Ministers must, appoint Committees of HEIW either to undertake specific functions on the Board's behalf or to provide advice and assurance to the Board in the exercise of its functions. The Board's commitment to openness and transparency in the conduct of all its business extends equally to the work carried out on its behalf by Committees. The Board shall, wherever possible, require its Committees to hold meetings in public unless there are specific, valid reasons for not doing so.

#### *Use of the term 'Committee'*

3.1.2 For the purposes of these SOs, use of the term 'Committee' incorporates the following:

- Board Committee
- Sub-Committee

## 3.2 Sub-Committees/ Advisory Groups

3.2.1 A Committee appointed by the Board may establish a sub-Committee and/or advisory groups to assist it in the conduct of its business provided that the Board approves such action. Where the Board has authorised a Committee to establish sub-Committees, they cannot delegate any executive powers to the sub-Committee unless authorised to do so by the Board.

## 3.3 Committees established by HEIW

3.3.1 The Board shall establish a Committee structure that it determines best meets its own needs, taking account of any regulatory or Welsh Government requirements. As a minimum, it must establish Committees which covers the following aspect of Board business:

- Audit and Assurance;
- Remuneration and Terms of Service, and
- Education, Commissioning and Quality Committee.

3.3.2 In designing its Committee structure and operating arrangements, the Board shall take full account of the need to:

- Embed corporate standards, priorities and requirements, e.g., equality and human rights across all areas of activity; and
- Maximise cohesion and integration across all aspects of governance and assurance.

3.3.3 Each Committee established by or on behalf of the Board must have its own SOs or detailed terms of reference and operating arrangements, which must be formally approved by the Board. These must establish its governance and ways of working, setting out, as a minimum:

- The scope of its work (including its purpose and any delegated powers and authority);
- Membership and quorum;
- Meeting arrangements;
- Relationships and accountabilities with others (including the Board its Committees and Advisory Groups)
- Any budget and financial responsibility, where appropriate;
- Secretariat and other support;
- Training, development and performance; and
- Reporting and assurance arrangements.

3.3.4 In doing so, the Board shall specify which aspects of these SOs are not

applicable to the operation of the Committee, keeping any such aspects to the minimum necessary. Detailed terms of reference and operating arrangements for the Committees established by the Board are set out in Schedule 3.

- 3.3.5 The membership of any such Committees - including the designation of Chair; definition of member roles and powers and terms and conditions of appointment (including remuneration and reimbursement) - will usually be determined by the Board, based on the recommendation of HEIW Chair, and subject to any specific requirements, directions or regulations made by the Welsh Ministers. Depending on the Committee's defined role and remit, membership may be drawn from the HEIW Board, its staff (subject to the conditions set in Standing Order 3.3.6) or others not employed by HEIW.
- 3.3.6 Executive Directors or other HEIW officers shall not normally be appointed as Committee Chairs, nor should they be appointed to serve as members on any Committee set up to review the exercise of functions delegated to officers. Designated HEIW officers shall, however, be in attendance at such Committees, as appropriate.

### **3.4 Other Committees**

- 3.4.1 The Board may also establish other Committees to help HEIW conduct its business.

### **3.5 Confidentiality**

- 3.5.1 Committee members and attendees must not disclose any matter dealt with by or brought before a Committee in confidence without the permission of the Committee's Chair.

### **3.6 Reporting activity to the Board**

- 3.6.1 The Board must ensure that the Chairs of all Committees operating on its behalf report formally, regularly and on a timely basis to the Board on their activities. Committee Chairs' shall bring to the Boards specific attention any significant matters under consideration and report on the totality of its activities through the production of minutes or other written reports.

## **4. NHS WALES SHARED SERVICES PARTNERSHIP**

- 4.0.1. From 1 June 2012 the function of managing and providing Shared Services to the health service in Wales was given to Velindre NHS Trust. The Trust's Establishment Order has been amended to reflect the fact that the Shared Services function has been conferred on it.

- 4.0.2. The **Velindre National Health Service Trust Shared Services Committee (Wales) Regulations 2012** (S.I. 2012/1261 (W.156)) ("the

Health Education and Improvement Wales  
Model Standing Orders

Status: Version 54— January-July 2022<sup>21</sup>

Shared Services Regulations”) require the Trust to establish a Shared Services Committee (known for operational purposes as the Shared Services Partnership Committee) which will be responsible for exercising the Trust’s Shared Services functions. The Shared Services Regulations (as amended) prescribe the membership of the Shared Services Committee in order to ensure that all Local Health Boards, Trusts and SHAs in Wales have a member on the Shared Services Committee and that the views of all the NHS organisations in Wales are taken into account when making decisions in respect of Shared Services activities.

4.0.3 The Director of Shared Services will be designated as Accountable Officer for Shared Services.

4.0.4 These arrangements necessitate putting in place a Memorandum of Co-operation and a Hosting Agreement between all OHBs, Trusts and SHAs setting out the obligations of NHS bodies to participate in the Shared Services Committee and to take collective responsibility for setting the policy and delivery of the Shared Services to the health service in Wales. Responsibility for the exercise of the Shared Services functions will not rest with the Board of Velindre NHS Trust but will be a shared responsibility of all NHS bodies in Wales.

4.0.5 The Shared Services Committee is to be known as the Shared Services Partnership Committee for operational purposes.

## **5. WORKING IN PARTNERSHIP**

5.0.1 HEIW shall work constructively in partnership with others to plan and secure the provision and delivery of health education and improvement, in accordance with its statutory duties and any specific requirements or directions made by the Welsh Ministers.

5.0.2 The Chair shall ensure that the Board has identified all its key partners and other stakeholders and established clear mechanisms for engaging with and involving them in the work of HEIW.

5.0.3 The Board shall keep under review its partnership arrangements to ensure continued clarity around purpose, desired outcomes and partner responsibilities. It must ensure timely action to change, adapt or end partnerships where they no longer serve a useful purpose, in accordance with its statutory duties; any specific requirements or directions made by the Welsh Ministers; and the agreed terms and conditions for the partnership.

## 6. MEETINGS

### 6.1 Putting Citizens first

6.1.1 HEIW's business will be carried out openly and transparently in a manner that encourages the active engagement of its citizens, community partners and other stakeholders. HEIW, through the planning and conduct of meetings held in public, shall facilitate this in a number of ways, including:

- Active communication of forthcoming business and activities;
- The selection of accessible, suitable venues for meetings when these are not held by electronic means;
- The availability of papers in English and Welsh languages and in accessible formats, such as Braille, large print, easy read (where requested and required) and in electronic formats in accordance with its Welsh language and equality requirements and commitments;
- Requesting that attendees notify HEIW of any access needs sufficiently in advance of a proposed meeting, and responding appropriately, e.g., arranging British Sign Language (BSL) interpretation at meetings; and
- Where appropriate, ensuring suitable translation arrangements are in place to enable the conduct of meetings in either English or Welsh, and
- In accordance with legislative requirements, e.g., Disability Discrimination Act, as well as its Communication Strategy and Welsh language requirements.

6.1.2 The Chair will ensure that, in determining the matters to be considered by the Board, full account is taken of the views of partners and stakeholder and interests of the communities served by HEIW.

### 6.2 Annual Plan of Board Business

6.2.1 The Board Secretary, on behalf of the Chair, shall produce an Annual Plan of Board business. This plan will include proposals on meeting dates, venues and coverage of business activity during the year, taking account that ordinary meetings of the Board will be held at regular intervals and as a minimum six times a year. The Plan shall also set out any standing items that will appear on every Board agenda.

6.2.2 The plan shall set out the arrangements in place to enable HEIW to meet its obligations whilst also allowing Board members to contribute in either English or Welsh languages, where appropriate.

6.2.3 The plan shall also incorporate formal Board meetings, regular Board Development sessions and, where appropriate, the planned activities of the Board's Committees.

Model Standing Orders

Status: Version 54— January-July 202224

6.2.4 The Board shall agree the plan for the forthcoming year by the end of March, and this plan will be published on the organisation's website.

#### Annual General Meeting (AGM)

6.2.5 HEIW must hold an AGM in public no later than 30 July of each year. At least 10 calendar days prior to the meeting a public notice of the intention to hold the meeting, the time and place of the meeting, and the agenda shall be displayed bilingually (in English and Welsh) on the SHA's website.

6.2.6 The notice shall state:

- Electronic and paper copies of the Annual Report and Accounts of the SHA are available, on request, prior to the meeting; and
- State how copies can be obtained, in what language and in what format, e.g. Braille, large print, easy read etc.

6.2.7 The AGM must include presentation of the Annual Report and audited accounts, together with (where applicable), an audited abridged version of the annual accounts and, if applicable funds held on trust accounts, and may also include presentation of other reports of interest to citizens and others,

6.2.8 A record of the meeting shall be submitted to the next ordinary meeting of the Board for agreement.

### **6.3 Calling Meetings**

6.3.1 In addition to the planned meetings agreed by the Board, the Chair may call a meeting of the Board at any time. Individual Board members may also request that the Chair call a meeting provided that at least one third of the whole number of Board members, support such a request.

6.3.2 If the Chair does not call a meeting within seven days after receiving such a request from Board members, then those Board members may themselves call a meeting.

### **6.4 Preparing for Meetings**

#### Setting the agenda

6.4.1 The Chair, in consultation with the Chief Executive and Board Secretary, will set the Agenda. In doing so, they will take account of the planned activity set in the annual cycle of Board business; any standing items agreed by the Board; any applicable items received from the Board's Committees; and the priorities facing HEIW. The Chair must ensure that all relevant matters are brought before the Board on a timely basis.

English Catherine  
27/07/2022 10:07:49

Health Education and Improvement Wales  
Model Standing Orders

Status: Version 54— January-July 2022<sup>21</sup>

- 6.4.2 Any Board member may request that a matter is placed on the Agenda by writing to the Chair, copied to the Board Secretary, at least 12 calendar days before the meeting. The request must set out whether the item of business is proposed to be transacted in public and shall include appropriate supporting information. The Chair may, at their discretion, include items on the agenda that have been requested after the 12-day notice period if this would be beneficial to the conduct of board business.

*Notifying and equipping Board members*

- 6.4.3 Board members shall be sent an Agenda and a complete set of supporting papers at least 7 calendar days before a formal Board meeting. This information may be provided to Board members electronically or in paper form, in an accessible format, to the address provided, and in accordance with their stated preference. Supporting papers may, exceptionally, be provided, after this time provided that the Chair is satisfied that the Board's ability to consider the issues contained within the paper would not be impaired.
- 6.4.4 No papers will be included for consideration and decision by the Board unless the Chair is satisfied (subject to advice from the Board Secretary, as appropriate) that the information contained within it is sufficient to enable the Board to take a reasonable decision. It will include evidence that appropriate impact assessments have been undertaken and taken in to consideration. Impact assessments shall be undertaken on all new or revised policies, strategies, guidance and or practice to be considered by the Board, and the outcome of the assessment shall accompany the report to the Board to enable the Board to make an informed decision.
- 6.4.5 In the event that at least half of the Board members do not receive the Agenda and papers for the meeting as set out above, the Chair must consider whether or not the Board would still be capable of fulfilling its role and meeting its responsibilities through the conduct of the meeting. Where the Chair determines that the meeting should go ahead, their decision, and the reason for it, shall be recorded in the minutes.
- 6.4.6 In the case of a meeting called by Board members, notice of that meeting must be signed by those members and the business conducted will be limited to that set out in the notice.

*Notifying the public and others*

- 6.4.7 Except for meetings called in accordance with Standing Order 5.3, at least 7 days before each meeting of the Board a public notice of the time and place of the meeting, and the public part of the agenda, shall be displayed bilingually (in English and Welsh):

- On the HEIW website, together with the papers supporting the public part of the Agenda; as well as
- Through other methods of communication as set out in HEIW's communication strategy.

6.4.8 When providing notification of the forthcoming meeting, HEIW shall set out when and how the Agenda and the papers supporting the public part of the Agenda may be accessed, in what language and in what format, e.g., as Braille, large print, easy read, etc.

## 6.5 Conducting Board Meetings

### Admission of the public, the press and other observers

6.5.1 HEIW shall encourage attendance at its formal Board meetings by the public and members of the press as well as officers or representatives from organisations who have an interest in HEIW business. The venue for such meetings shall be appropriate to facilitate easy access for attendees and translation services; and appropriate facilities wherever practicable to maximise accessibility.

6.5.2 The Board and its Committees shall conduct as much of its formal business in public as possible. There may be circumstances where it would not be in the public interest to discuss a matter in public, e.g., business that relates to a confidential matter. In such cases the Chair (advised by the Board Secretary where appropriate) shall schedule these issues accordingly and require that any observers withdraw from the meeting. In doing so, the Board shall resolve:

That representatives of the press and other members of the public be excluded from the remainder of this meeting having regard to the confidential nature of the business to be transacted, publicity on which would be prejudicial to the public interest in accordance with Section 1(2) F (c.67).

6.5.3 In the circumstances, when the Board is not meeting in public session it shall operate in private session, formally reporting any decisions taken to the next meeting of the Board in public session. Wherever possible, that reporting shall take place at the end of a private session, by reconvening a Board meeting held in public session.

6.5.4 The Board Secretary, on behalf of the Chair, shall keep under review the nature and volume of business conducted in private session to ensure such arrangements are adopted only when absolutely necessary.

6.5.5 In encouraging entry to formal Board Meetings from members of the public and others, the Board shall make clear that attendees are welcomed as

observers. The Chair shall take all necessary steps to ensure that the Board's business is conducted without interruption and disruption. In exceptional circumstances, this may include a requirement that observers leave the meeting.

#### Addressing the Board, its Committees and Advisory Groups

- 6.5.6 The Board will decide what arrangements and terms and conditions it feels are appropriate in extending an invitation to observers to attend and address any meetings of the Board, its Committees and Advisory Groups, and may change, alter or vary these terms and conditions as it considers appropriate. In doing so, the Board will take account of its responsibility to actively encourage the engagement and, where appropriate, involvement of citizens and stakeholders in its work and to demonstrate openness and transparency in the conduct of business.

#### Chairing Board Meetings

- 6.5.7 The Chair of HEIW will preside at any meeting of the Board unless they are absent for any reason (including any temporary absence or disqualification from participation on the grounds of a conflict of interest). In these circumstances the Vice Chair shall preside. If both the Chair and vice-chair are absent or disqualified, the Independent Members present shall elect one of the Independent Members to preside.
- 6.5.8 The Chair must ensure that the meeting is handled in a manner that enables the Board to reach effective decisions on the matters before it. This includes ensuring that Board members' contributions are timely and relevant and move business along at an appropriate pace. In doing so, the Board must have access to appropriate advice on the conduct of the meeting through the attendance of the nominated Board Secretary. The Chair has the final say on any matter relating to the conduct of Board business.

#### Quorum

- 6.5.9 At least six Board members, at least two of whom are Executive Directors and four are Independent Members (including the Chair), must be present to allow any formal business to take place at a Board meeting.
- 6.5.10 If the Chief Executive or an Executive Director is unable to attend a Board meeting, then a nominated deputy may attend in their absence and may participate in the meeting, provided that the Chair has agreed the nomination before the meeting. However, Board members' voting rights cannot be delegated so the nominated deputy may not vote or be counted towards the quorum. If a deputy is already a Board member in their own right, e.g., a person deputising for the Chief Executive will usually be an Executive Director, they will be able to exercise their own vote in the usual way, but they

will not have any additional voting rights.

- 6.5.11 The quorum must be maintained during a meeting to allow formal business to be conducted, i.e., any decisions to be made. Any Board member disqualified through conflict of interest from participating in the discussion on any matter and/or from voting on any resolution will no longer count towards the quorum. If this results in the quorum not being met that particular matter or resolution cannot be considered further at that meeting and must be noted in the minutes.

#### Dealing with motions

- 6.5.12 In the normal course of Board business items included on the agenda are subject to discussion and decisions based on consensus. Considering a motion is therefore not a routine matter and may be regarded as exceptional, e.g. where an aspect of delivery is a cause for particular concern, a Board member may put forward a motion proposing that a formal review of that service area is undertaken by a Committee of the Board. The Board Secretary will advise the Chair on the formal process for dealing with motions. No motion or amendment to a motion will be considered by the Board unless moved by a Board member and seconded by another Board member (including the Chair).

- 6.5.13 **Proposing a formal notice of motion** – Any Board member wishing to propose a motion must notify the Chair in writing of the proposed motion at least 12 calendar days before a planned meeting. Exceptionally, an emergency motion may be proposed up to one hour before the fixed start of the meeting, provided that the reasons for the urgency are clearly set out. Where sufficient notice has been provided, and the Chair has determined that the proposed motion is relevant to the Board's business, the matter shall be included on the Agenda, or, where an emergency motion has been proposed, the Chair shall declare the motion at the start of the meeting as an additional item to be included on the agenda.

- 6.5.14 The Chair also has the discretion to accept a motion proposed during a meeting provided that the matter is considered of sufficient importance and its inclusion would not adversely affect the conduct of Board business.

- 6.5.15 **Amendments** - Any Board member may propose an amendment to the motion at any time before or during a meeting and this proposal must be considered by the Board alongside the motion.

- 6.5.16 If there are a number of proposed amendments to the motion, each amendment will be considered in turn, and if passed, the amended motion becomes the basis on which the further amendments are considered, i.e., the substantive motion.

6.5.17 **Motions under discussion** – When a motion is under discussion, any Board member may propose that:

- The motion be amended;
- The meeting should be adjourned;
- The discussion should be adjourned, and the meeting proceed to the next item of business;
- A Board member may not be heard further;
- The Board decides upon the motion before them;
- An ad hoc Committee should be appointed to deal with a specific item of business; or
- The public, including the press, should be excluded.

6.5.18 **Rights of reply to motions** – The mover of a motion (including an amendment) shall have a right of reply at the close of any debate on the motion or the amendment immediately prior to a vote on the proposal.

6.5.19 **Withdrawal of motion or amendments** – A motion or an amendment to a motion, once moved and seconded, may be withdrawn by the proposer with the agreement of the seconder and the Chair.

6.5.20 **Motion to rescind a resolution** – The Board may not consider a motion to amend or rescind any resolution (or the general substance of any resolution) which has been passed within the preceding six months unless the motion is supported by the (simple) majority of Board members.

6.5.21 A motion that has been decided upon by the Board cannot be proposed again within six months except by the Chair, unless the motion relates to the receipt of a report or the recommendations of a Committee/Chief Executive to which a matter has been referred.

### Voting

6.5.22 The Chair will determine whether Board members' decisions should be expressed orally, through a show of hands, by secret ballot or by recorded vote. The Chair must require a secret ballot or recorded vote if the majority of voting Board members request it. Where voting on any question is conducted, a record of the vote shall be maintained. In the case of a secret ballot the decision shall record the number voting for, against or abstaining. Where a recorded vote has been used the Minutes shall record the name of the individual and the way in which they voted. Associate Members may not vote in any meetings or proceedings of the Board.

6.5.23 In determining every question at a meeting, the Board members must take account, where relevant, of the views expressed and representations made by individuals and organisations who represent the interests of stakeholders.

English Catherine  
27/07/2022 10:07:49

6.5.24 The Board will make decisions based on a simple majority view held by the Board members present. In the event of a split decision, i.e., no majority view being expressed, the Chair shall have a second and casting vote.

6.5.25 In no circumstances may an absent Board member or nominated deputy vote by proxy. Absence is defined as being absent at the time of the vote.

## **6.6 Record of Proceedings**

6.6.1 A record of the proceedings of formal Board meetings (and any other meetings of the board where the Board members determine) shall be drawn up as 'minutes'. These minutes shall include a record of Board member attendance (including the Chair) together with apologies for absence and shall be submitted for agreement at the next meeting of the Board, where any discussion shall be limited to matters of accuracy. Any agreed amendment to the minutes must be formally recorded.

6.6.2 Agreed minutes shall be circulated in accordance with Board members' wishes, and, where providing a record of a formal Board meeting shall be made available to the public both on HEIW's website and in hard copy or other accessible format on request, in accordance with any legislative requirements, e.g., Data Protection Act 2018, General Data Protection Regulations and HEIW's Communication Strategy and Welsh language requirements.

## **6.7 Confidentiality**

6.7.1 All Board members (including Associate Members), together with members of any Committee or Advisory Group established by or on behalf of the Board and HEIW officials must respect the confidentiality of all matters considered by the Board in private session or set out in documents which are not publicly available. Disclosure of any such matters may only be made with the express permission of the Chair of the Board or relevant Committee, as appropriate, and in accordance with any other requirements set out elsewhere, e.g., in contracts of employment, within the Values and Standards of Behaviour framework or legislation such as the Freedom of Information Act 2000, etc.

## **7. VALUES AND STANDARDS OF BEHAVIOUR**

7.0.1 The Board must adopt a set of values and standards of behaviour for HEIW that meets the requirements of the NHS Wales Values and Standards of Behaviour framework. These values and standards of behaviour will apply to all those conducting business by or on behalf of HEIW, including Board members, HEIW officers and others, as appropriate. The framework adopted by the Board will form part of these SOs.

## 7.1 Declaring and recording Board members' interests

- 7.1.1 **Declaration of interests** – It is a requirement that all Board members must declare any personal or business interests they may have which may affect or be perceived to affect the conduct of their role as a Board member. This includes any interests that may influence or be perceived to influence their judgement in the course of conducting the Board's business. Board members must be familiar with the Values and Standards of Behaviour Framework and their statutory duties under the Constitution Regulations. Board members must notify the Board of any such interests at the time of their appointment, and any further interests as they arise throughout their tenure as Board members.
- 7.1.2 Board members must also declare any interests held by family members or persons or bodies with which they are connected. The Board Secretary will provide advice to the Chair and the Board on what should be considered as an 'interest', taking account of the regulatory requirements and any further guidance, e.g., the Values and Standards of Behaviour framework. If individual Board members are in any doubt about what may be considered as an interest, they should seek advice from the Board Secretary. However, the onus regarding declaration will reside with the individual Board member.
- 7.1.3 **Register of interests** – The Chief Executive, through the Board Secretary will ensure that a Register of Interests is established and maintained as a formal record of interests declared by all Board members. The register will include details of all Directorships and other relevant and material interests which have been declared by Board members.
- 7.1.4 The register will be held by the Board Secretary, and will be updated during the year, as appropriate, to record any new interests, or changes to the interests declared by Board members. The Board Secretary will also arrange an annual review of the Register, through which Board members will be required to confirm the accuracy and completeness of the register relating to their own interests.
- 7.1.5 In line with the Board's commitment to openness and transparency, the Board Secretary must take reasonable steps to ensure that the citizens served by HEIW are made aware of and have access to view the HEIW's Register of Interests. This may include publication on the HEIW website.
- 7.1.6 **Publication of declared interests in Annual Report** – Board members' declared directorships of companies or positions in other organisations likely or possibly seeking to do business with the NHS shall be published in HEIW's Annual Report.

## 7.2 Dealing with Members' interests during Board meetings

- 7.2.1 The Chair, advised by the Board Secretary, must ensure that the Board's decisions on all matters brought before it are taken in an open, balanced, objective and unbiased manner. In turn, individual Board members must demonstrate, through their actions, that their contribution to the Board's decision making is based upon the best interests of HEIW and the NHS in Wales.
- 7.2.2 Where individual Board members identify an interest in relation to any aspect of Board business set out in the Board's meeting agenda, that member must declare an interest at the start of the Board meeting. Board members should seek advice from the Chair, through the Board Secretary before the start of the Board meeting if they are in any doubt as to whether they should declare an interest at the meeting. All declarations of interest made at a meeting must be recorded in the Board minutes.
- 7.2.3 It is the responsibility of the Chair, on behalf of the Board, to determine the action to be taken in response to a declaration of interest, taking account of any regulatory requirements or directions made by the Welsh Ministers. The range of possible actions may include determination that:
- i The declaration is formally noted and recorded, but that the Board member should participate fully in the Board's discussion and decision, including voting. This may be appropriate, for example where the Board is considering matters of strategy relating to a particular aspect of healthcare and an Independent Member is a healthcare professional whose profession may be affected by that strategy determined by the Board;
  - ii The declaration is formally noted and recorded, and the Board member participates fully in the Board's discussion, but takes no part in the Board's decision;
  - iii The declaration is formally noted and recorded, and the Board member takes no part in the Board discussion or decision;
  - iv The declaration is formally noted and recorded, and the Board member is excluded for that part of the meeting when the matter is being discussed. A Board member must be excluded, where that member has a direct or indirect financial interest in a matter being considered by the Board.
- 7.2.4 In extreme cases, it may be necessary for the member to reflect on whether their position as a Board member is compatible with an identified conflict of interest.
- 7.2.5 Where the Chair is the individual declaring an interest, any decision on the action to be taken shall be made by the Vice Chair, on behalf of the Board.

7.2.6 In all cases the decision of the Chair (or the Vice Chair in the case of an interest declared by the Chair) is binding on all Board members. The Chair should take advice from the Board Secretary when determining the action to take in response to declared interests; taking care to ensure their exercise of judgement is consistently applied.

7.2.7 **Members with pecuniary (financial) interests** – Where a Board member, or any person they are connected with<sup>1</sup> has any direct or indirect pecuniary interest in any matter being considered by the Board, including a contract or proposed contract, that member must at the meeting and as soon as practicable after its commencement, disclose the interest and must not take part in the consideration or discussion of that matter or vote on any question related to it. The Board may determine that the Board member concerned shall be excluded from that part of the meeting.

7.2.8 The Digital Health Care Wales Regulations define ‘direct’ and ‘indirect’ pecuniary interests and these definitions always apply when determining whether a member has an interest. These SOs must be interpreted in accordance with these definitions.

7.2.9 **Members with Professional Interests** - During the conduct of a Board meeting, an individual Board member may establish a clear conflict of interest between their role as a HEIW Board member and that of their professional role outside of the Board. In any such circumstance, the Board shall take action that is proportionate to the nature of the conflict, taking account of the advice provided by the Board Secretary.

### 7.3 Dealing with officers’ interests

7.3.1 The Board must ensure that the Board Secretary, on behalf of the Chief Executive, establishes and maintains a system for the declaration, recording and handling of HEIW officers’ interests in accordance with the Values and Standards of Behaviour Framework.

### 7.4 Reviewing how Interests are handled

7.4.1 The Audit and Assurance Committee will review and report to the Board upon the adequacy of the arrangements for declaring, registering and handling interests at least annually.

---

<sup>1</sup> In the case of persons who are married to each other or in a civil partnership with each other or who are living together as if married or civil partners, the interest of one person shall, if known to the other, be deemed for the purpose of this Standing Order to be also an interest of the other.

## 7.5 Dealing with offers of gifts<sup>2</sup> hospitality and sponsorship

- 7.5.1 The Values and Standards of Behaviour Framework adopted by the Board prohibits Board members and HEIW officers from receiving gifts, hospitality or benefits in kind from a third party which may reasonably give rise to suspicion of conflict between their official duty and their private interest, or may reasonably be seen to compromise their personal integrity in any way.
- 7.5.2 Gifts, benefits or hospitality must never be solicited. Any Board member or HEIW officer who is offered a gift, benefit or hospitality which may or may be seen to compromise their position must refuse to accept it. This may in certain circumstances also include a gift, benefit or hospitality offered to a family member of a Board member or HEIW officer. Failure to observe this requirement may result in disciplinary and/or legal action.
- 7.5.3 In determining whether any offer of a gift or hospitality should be accepted, an individual must make an active assessment of the circumstances within which the offer is being made, seeking advice from the Board Secretary as appropriate. In assessing whether an offer should be accepted, individuals must take into account:
- **Relationship:** Contacts which are made for the purpose of information gathering are generally less likely to cause problems than those which could result in a contractual relationship, in which case accepting a gift or hospitality could cause embarrassment or be seen as giving rise to an obligation;
  - **Legitimate Interest:** Regard should be paid to the reason for the contact on both sides and whether it is a contact that is likely to benefit HEIW;
  - **Value:** Gifts and benefits of a trivial or inexpensive (below £25), e.g., diaries/calendars, are more likely to be acceptable and can be distinguished from more substantial offers. Similarly, hospitality in the form of a working lunch would not be treated in the same way as more expensive social functions, travel or accommodation (although in some circumstances these may also be accepted);
  - **Frequency:** Acceptance of frequent or regular invitations particularly from the same source would breach the required standards of conduct. Isolated acceptance of, for example, meals, tickets to public, and sport, cultural or social events would only be acceptable if attendance is justifiable in that it benefits HEIW ; and

---

<sup>2</sup> The term gift refers also to any reward or benefit.

- **Reputation:** If the body concerned is known to be under investigation by or has been publicly criticised by a public body, regulators or inspectors, acceptance of a gift or hospitality might be seen as supporting the body or affecting in some way the investigation or negotiations and it should always be declined.

7.5.4 A distinction may be drawn between items offered as hospitality and items offered in substitution for fees for broadcasts, speeches, lectures or other work done. There may be circumstances where the latter may be accepted if they can be used for official purposes.

## 7.6 Sponsorship

7.6.1. In addition to gifts and hospitality individuals and the organisation may also receive sponsorship. Sponsorship is an offer of funding to an individual, department or the organisation as whole from an external source whether in cash, goods, services or benefits. It could include an offer to sponsor a research or operational post, training, attendance at a conference, costs associated with meetings, conferences or working visit. The sponsorship may cover some or all of the costs.

7.6.2. All sponsorship must be approved prior to acceptance in accordance with the Values and Behaviour Framework and Standards of Behaviour policy and relevant procedures. A record of all sponsorship accepted or declined will also be maintained.

## 7.7 Register of Gifts,Hospitality and Sponsorship

7.7.1 The Board Secretary, on behalf of the Chair, will maintain a register of Gifts,Hospitality and Sponsorship to record offers of gifts,hospitality and sponsorship made to Board members. Executive Directors will adopt a similar mechanism in relation to HEIW officers working within their Directorates.

7.7.2 Every Board member and HEIW officer has a personal responsibility to volunteer information in relation to offers of gifts and hospitality, including those offers that have been refused. The Board Secretary, on behalf of the Chair and Chief Executive, will ensure the incidence and patterns of offers and receipt of gifts and hospitality are kept under active review, taking appropriate action where necessary.

7.7.3 When determining what should be included in the Register, individuals shall apply the following principles, subject to the considerations in Standing Order 6.5.3:

- **Gifts:** Generally, only gifts of material value should be recorded.

English Catherine  
27/07/2022 10:07:49

Health Education and Improvement Wales  
Model Standing Orders

Status: Version 54— January-July 2022<sup>21</sup>

Those with a nominal value, e.g., seasonal items such as diaries/calendars would not usually need to be recorded.

- **Hospitality:** Only significant hospitality offered or received should be recorded. Occasional offers of 'modest and proportionate'<sup>3</sup> hospitality need not be included in the Register. Further detail is provided in the framework policy on standards of behaviour.

7.7.4 Board members and HEIW officers may accept the occasional offer of modest and proportionate hospitality but in doing so must consider whether the following conditions are met:

- Acceptance would further the aims of HEIW;
- The level of hospitality is reasonable in the circumstances;
- It has been openly offered; and,
- It could not be construed as any form of inducement and will not put the individual under any obligation to those offering it.

7.7.5 The Board Secretary will arrange for a full report of all offers of Gifts, Hospitality and Sponsorship recorded by HEIW to be submitted to the Audit and Assurance Committee (or equivalent) at least annually. The Audit and Assurance Committee will then review and report to the Board upon the adequacy of the HEIW's arrangements for dealing with offers of gifts, hospitality and sponsorship.

## 8. SIGNING AND SEALING DOCUMENTS

8.0.1 The common seal of the HEIW is primarily used to seal legal documents such as transfers of land, lease agreements and other important/key contracts. The seal may only be fixed to a document if the Board has determined it shall be sealed, or if a transaction to which the document relates has been approved by the Board..

8.0.2 Where it is decided that a document shall be sealed it shall be fixed in the presence of the Chair or Vice Chair (or other authorised independent Member) and the Chief Executive or Deputy Chief Executive (or another authorised individual) both of whom must witness the seal.

### 8.1 Register of Sealing

8.1.1 The Board Secretary shall keep a register that records the sealing of every document. Each entry must be signed by the persons who approved and

---

<sup>3</sup> Examples of 'modest and proportionate' hospitality that need not be included in a Hospitality register include a working sandwich lunch or a buffet lunch incidental to a conference or seminar attended by a variety of participants.

authorised the document and who witnessed the seal. A report of all sealings shall be presented to the Board at least bi-annually.

## **8.2 Signature of Documents**

8.2.1 Where a signature is required for any document connected with legal proceedings involving HEIW, it shall normally be signed by the Chief Executive, except where the Board has authorised another person or has been otherwise directed to allow or require another person to provide a signature.

8.2.2 The Chief Executive or Deputy Chief Executive nominated officers may be authorised by the Board to sign on behalf of HEIW any agreement or other document (not required to be executed as a deed) where the subject matter has been approved either by the Board or a Committee to which the Board has delegated appropriate authority.

## **8.3 Custody of Seal**

8.3.1 The Common Seal of HEIW shall be kept securely by the Board Secretary.

## **9. GAINING ASSURANCE ON THE CONDUCT OF HEIW BUSINESS**

9.0.1 The Board shall set out explicitly, within a Risk and Assurance Framework, how it will be assured on the conduct of HEIW business, its governance and the effective management of the organisation's risks in pursuance of its aims and objectives. It shall set out clearly the various sources of assurance, and where and when that assurance will be provided, in accordance with any requirements determined by the Welsh Ministers.

9.0.2 The Board shall ensure that its assurance arrangements are operating effectively, advised by its Audit and Assurance Committee.

9.0.3 Assurances in respect of the services provided by the NHS Wales Shared Services Partnership shall primarily be achieved by the reports of the Director of Shared Services to the Shared Services Partnership Committee and reported back by the Chief Executive (or their nominated representative). . Where appropriate, and by exception, the Board may seek assurances direct from the Director of Shared Services. The Director of Shared Services and the Shared Services Partnership Committee shall be under an obligation to comply with any internal or external audit functions being undertaken by or on behalf of HEIW.

### **9.1 The role of Internal Audit in providing independent internal assurance**

9.1.1 The Board shall ensure the effective provision of an independent internal audit function as a key source of its internal assurance arrangements, in

accordance with NHS Wales Internal Audit Standards and any other requirements determined by the Welsh Ministers.

9.1.2 The Board shall set out the relationship between the Head of Internal Audit (HIA), the Audit and Assurance Committee (or equivalent) and the Board. It shall:

- Approve the Internal Audit Charter (incorporating the definition of internal audit) and adopt the Internal Auditing Standards (incorporating the code of ethics);
- Ensure the HIA communicates and interacts directly with the Board, facilitating direct and unrestricted access;
- Require Internal Audit to confirm its independence annually; and
- Ensure that the Head of Internal Audit reports periodically to the Board on its activities, including its purpose, authority, responsibility and performance. Such reporting will include governance issues and significant risk exposures.

## **9.2 Reviewing the performance of the Board, its Committees and Advisory Groups**

9.2.1 The Board shall introduce a process of regular and rigorous self-assessment and evaluation of its own operations and performance and that of its Committees and if established, Advisory Groups. Where appropriate, the Board may determine that such evaluation may be independently facilitated.

9.2.2 Each Committee and, where appropriate, Advisory Group must also submit an annual report to the Board through the Chair within 6 weeks of the end of the reporting year setting out its activities during the year and including the review of its performance and that of any sub-Committees it has established.

9.2.3 The Board shall use the information from this evaluation activity to inform:

- The ongoing development of its governance arrangements, including its structures and processes;
- Its Board Development Programme, as part of an overall Organisation Development framework; and
- The Board's report of its alignment with the Welsh Government's Citizen Centred Governance Principles.

## **9.3 External Assurance**

9.3.1 The Board shall ensure it develops effective working arrangements and relationships with those bodies that have a role in providing independent, external assurance to the public and others on HEIW's operations, e.g., the Auditor General for Wales.

English Catherine

Model Standing Orders

Status: Version 54— January-July 2022<sup>21</sup>

9.3.2 The Board may be assured, from the work carried out by external audit and others, on the adequacy of its own assurance framework, but that external assurance activity shall not form part of, or replace its own internal assurance arrangements, except in relation to any additional work that the Board itself may commission specifically for that purpose.

9.3.3 The Board shall keep under review and ensure that, where appropriate, HEIW implements any recommendations relevant to its business made by the Welsh Government's Audit Committee, the Senedd Cymru/Welsh Parliament's Public Accounts Committee and other appropriate bodies.

9.3.4 HEIW shall provide the Auditor General for Wales with any assistance, information and explanation which the Auditor General thinks necessary for the discharge of their statutory powers and responsibilities.

## 10. DEMONSTRATING ACCOUNTABILITY

10.0.1 Taking account of the arrangements set out within these SOs, the Board shall demonstrate to the communities it serves and to the Welsh Ministers a clear framework of accountability within which it:

- Conducts its business internally;
- Works collaboratively with NHS colleagues, Higher Education and Further Education establishments, regulators, partners, service providers and others; and
- Responds to the views and representations made by those who represent the interests of the communities it serves and other stakeholders, including its officers and healthcare professionals.

10.0.2 The Board shall, in publishing its strategic and operational level plans, set out how those plans have been developed taking account of the views of others, and how they will be delivered by working with their community and other partners.

10.0.3 The Board shall also facilitate effective scrutiny of the HEIW's operations through the publication of regular reports on activity and performance, including publication of an Annual Report.

10.0.4 The Board shall ensure that within HEIW, individuals at all levels are supported in their roles, and held to account for their personal performance through effective performance management arrangements.

## 11. REVIEW OF STANDING ORDERS

11.0.1 The Board Secretary shall arrange for an appropriate impact assessment to be carried out on a draft of these SOs prior to their formal adoption by the Board, the results of which shall be presented to the Board for consideration

and action, as appropriate. The fact that an assessment has been carried out shall be noted in the SOs.

11.0.2 These SOs shall be reviewed annually by the Audit and Assurance Committee [or equivalent], which shall report any proposed amendments to the Board for consideration. The requirement for review extends to all documents having the effect as if incorporated in SOs, including the appropriate impact assessments.

## SCHEME OF RESERVATION AND DELEGATION OF POWERS

**This Scheme of Reservation and Delegation of Powers forms part of, and shall have effect as if incorporated in the Standing Orders**

### Introduction

As set out in Standing Order 2, the Board - subject to any directions that may be given by Welsh Ministers - should make appropriate arrangements for certain functions to be carried out on its behalf so that the day to day business of HEIW may be carried out effectively, and in a manner that secures the achievement of the organisation's aims and objectives. The Board may delegate functions to:

- i) a committee, e.g. Remuneration and Terms of Service Committee;
- ii) a sub-committee. Any such delegation would, subject to the Board's authority, usually be via a main committee of the Board; and
- iii) Officers of HEIW (who may, subject to the Board's authority, delegate further to other officers and, where appropriate, other third parties, e.g. shared/support services, through a formal scheme of delegation)

and in doing so, must set out clearly the terms and conditions upon which any delegation is being made. These terms and conditions must include a requirement that the Board is notified of any matters that may affect the operation and/or reputation of HEIW.

The Board's determination of those matters that it will retain, and those that will be delegated to others are set out in the following:

- Schedule of matters reserved to the Board;
- Scheme of delegation to Committees and others; and
- Scheme of delegation to Officers.

all of which form part of HEIW's Standing Orders.

## DECIDING WHAT TO RETAIN AND WHAT TO DELEGATE: GUIDING PRINCIPLES

The Board will take full account of the following principles when determining those matters that it reserves, and those which it will delegate to others to carry out on its behalf:

- Everything is retained by the Board unless it is specifically delegated in accordance with the requirements set out in Standing Orders or Standing Financial Instructions
- The Board must retain that which it is required to retain (whether by statute or as determined by Welsh Government) as well as that which it considers is essential to enable it to fulfil its role in setting the organisation's direction, equipping the organisation to deliver and ensuring achievement of its aims and objectives through effective performance management
- Any decision made by the Board to delegate functions must be based upon an assessment of the capacity and capability of those to whom it is delegating responsibility
- The Board must ensure that those to whom it has delegated powers (whether a committee, partnership or individuals) remain equipped to deliver on those responsibilities through an ongoing programme of personal, professional and organisational development
- The Board must take appropriate action to assure itself that all matters delegated are effectively carried out
- The framework of delegation will be kept under active review and, where appropriate, will be revised to take account of organisational developments, review findings or other changes
- Except where explicitly set out, the Board retains the right to decide upon any matter for which it has statutory responsibility, even if that matter has been delegated to others
- The Board may delegate authority to act, but retains overall responsibility and accountability
- When delegating powers, the Board will determine whether (and the extent to which) those to whom it is delegating will, in turn, have powers to further delegate those functions to others.

## HANDLING ARRANGEMENTS FOR THE RESERVATION AND DELEGATION OF POWERS: WHO DOES WHAT?

### The Board

The Board will formally agree, review and, where appropriate revise schedules of reservation and delegation of powers in accordance with the guiding principles set out earlier.

### The Chief Executive

The Chief Executive will propose a Scheme of Delegation to Officers, setting out the functions they will perform personally, and which functions will be delegated to other officers. The Board must formally agree this scheme.

In preparing the scheme of delegation to officers, the Chief Executive will take account of:

- the guiding principles set out earlier (including any specific statutory responsibilities designated to individual roles)
- their personal responsibility and accountability to the Chief Executive, NHS Wales in relation to their role as designated Accountable Officer
- associated arrangements for the delegation of financial authority to equip officers to deliver on their delegated responsibilities (and set out in Standing Financial Instructions).

The Chief Executive may re-assume any of the powers they have delegated to others at any time.

### The Board Secretary

The Board Secretary will support the Board in its handling of reservations and delegations by ensuring that:

- a proposed schedule of matters reserved for decision by the Board is presented to the Board for its formal agreement;
- effective arrangements are in place for the delegation of HEIW functions within the organisation and to others, as appropriate; and
- arrangements for reservation and delegation are kept under review and presented to the Board for revision, as appropriate.

### The Audit & Assurance Committee

The Audit & Assurance Committee will provide assurance to the Board of the effectiveness of its arrangements for handling reservations and delegations.

**Individuals to who powers have been delegated**

- through the conduct of appropriate training and development activity; and
- exercising any powers delegated to them in a manner that accords with HEIW's values and standards of behavior.

Where an individual does not feel that they are equipped to deliver on a matter delegated to them, they must notify the Chief Executive of their concern as soon as possible in so that an appropriate and timely decision may be made on the matter.

In the absence of an officer to whom powers have been delegated, those powers will normally be exercised by the individual to whom that officer reports, unless the Board has set out alternative arrangements.

If the Chief Executive is absent their nominated Deputy may exercise those powers delegated to the Chief Executive on their behalf. However, the guiding principles governing delegations will still apply, and so the Board may determine that it will reassume certain powers delegated to the Chief Executive or reallocate powers, e.g., to a Committee or another officer.

## DELEGATION OF POWERS TO COMMITTEES AND OTHERS<sup>3</sup>

Standing Order 2 provides that the Board may delegate powers to Committees and others. In doing so, the Board has formally determined:

- the composition, terms of reference and reporting requirements in respect of any such Committees; and
- the governance arrangements, terms and conditions and reporting requirements in respect of any delegation to others

in accordance with any regulatory requirements and any directions set by the Welsh Ministers.

Any delegated powers to Board Committees are set out in the Terms of reference of the relevant committee, which are appended to these SOs for the following Committees:

- Audit and Assurance Committee
- Remuneration and Terms of Service Committee
- Education, Commissioning and Quality Committee

The scope of the powers delegated, together with the requirements set by the Board in relation to the exercise of those powers are as set out in i) Committee Terms of Reference, and ii) formal arrangements for the delegation of powers to others. Collectively, these documents form the Board's Scheme of Delegation to Committees.

#### NHS Wales framework

Full, up to date details of the guidance, instructions and other documents that together make up the framework of governance, accountability and assurance for the NHS in Wales are published on the NHS Wales Governance e-Manual which can be accessed at [www.wales.nhs.uk/governance-emanual/](http://www.wales.nhs.uk/governance-emanual/). Directions or guidance on specific aspects of HEIW business are also issued in hard copy, usually under cover of a Ministerial Letter.

## Schedule 3

### BOARD COMMITTEE ARRANGEMENTS

**This Schedule forms part of, and shall have effect as if incorporated in the HEIW Standing Orders**

The HEIW Shadow Board has agreed initially to set up two committees:

Audit and Assurance Committee; and  
Remuneration and Terms of Service Committee

The Terms of Reference and Operating arrangement for each Committee is detailed below:

#### **Audit and Assurance Committee**

The **Audit and Assurance Committee** is responsible for reviewing the system of governance and assurance established within HEIW and the arrangements for internal control, including risk management, for the organisation and, in particular, advises on the Annual Governance Statement signed by the Chief Executive.

The Committee also keeps under review the risk approach of the organisation and utilises information gathered from the work of the Board, its own work, the work of other Committees and also other activity in the organisation in order to advise the Board regarding its conclusions in relation to the effectiveness of the system of governance and control

The Committee also has the role of providing *assurance* to the Board in relation to the arrangements for creating, collecting, storing, safeguarding, disseminating, sharing, using and disposing of information in accordance with its stated objectives, legislative responsibilities, e.g., the Data Protection Act, General Data Protection Regulations and Freedom of Information Act; and any relevant requirements and standards determined for the NHS in Wales.

#### **Remuneration and Terms of Service Committee**

The **Remuneration and Terms of Service Committee** has the purpose of providing advice to the Board on remuneration and terms of service for the Chief Executive, Executive Directors and other senior staff within the framework set by the Welsh Government and provide *assurance* to the Board in relation to HEIW arrangements for the remuneration and terms of service, including contractual arrangements, for all staff, in accordance with the requirements and standards determined for the NHS in Wales.

## Education, Commissioning and Quality Committee

The **Education, Commissioning and Quality Committee** has the purpose to:

- **Advise** and **assure** the Board and the Chief Executive (who is the Accountable Officer) on whether effective arrangements are in place to plan, commission, deliver and quality manage education systems and provide assurance on behalf of the organisation.
- Where appropriate, **advise** the Board and the Chief Executive on where, and how, its education systems and assurance framework may be strengthened and developed further.
- Recommend to the Board education training plans including investment in new programmes and disinvestment in others. .
- Recommend to the Board on strategic matters relating to Education Commissioning and Education Quality.
- **Recommend** the specification of tender documents in respect of Education to the Board

## Standard Terms of Reference and Operating Arrangements for all Committees of the Board

**Date:** ~~1 October 2018~~ 28 July 2022

**Version:** ~~Draft 1.02~~

**Review Date:** Annually

### 1. Introduction:

Section 3.1 of the HEIW standing orders provide that “The Board may and, where directed by the Welsh Government must, appoint Committees either to undertake specific functions on the Board’s behalf or to provide advice and assurance to the Board in the exercise of its functions. The Board’s commitment to openness and transparency in the conduct of all its business extends equally to the work carried out on its behalf by committees”.

In line with Section 3.3 of the standing orders, the Board shall as a minimum nominate annually committees which cover the following aspects of Board business:

- Audit and Assurance;
- Remuneration and Terms of Service; and
- Education, Commissioning and Quality Committee

This document includes content common to all committees and should be read alongside the specific terms of reference and operating arrangements for each committee.

The provisions of Section 5 of the Standing Orders have also been taken into account when developing the committee Terms of Reference. This relates to transparency of meetings, planning board/committee business, setting agenda’s etc.

### 2. Authority:

Each Committee is authorised by the Board to investigate or have investigated any activity within its terms of reference. In doing so, the Committee shall have the right to inspect any books, records or documents of the Authority relevant to the Committee’s remit, ensuring staff confidentiality, as appropriate. It may seek relevant information from any:

- employee (and all employees are directed to co-operate with any reasonable request made by the Committee); and
- any other Committee, sub-committee or group set up by the Board to assist it in the delivery of its functions.

Each Committee is authorised by the Board to obtain outside legal or other

independent professional advice and to secure the attendance of outsiders with relevant experience and expertise if it considers it necessary, in accordance with the Board's procurement, budgetary and other requirements.

### **3. Sub-Committees and Groups**

Each Committee may, subject to the approval of the Board, establish sub-committees or groups to carry out on its behalf specific aspects of Committee business.

### **4. Membership and Attendees:**

#### **4.1 Secretariat**

As determined by the Board Secretary.

#### **4.2 Member Appointments**

- The second and third paragraph of this section 4.2 shall not be applicable to the Remuneration and Terms of Service Committee as section 4.1 of the same Committee's Terms of Reference shall take precedence.
- The membership of each Committee shall be determined by the Board, based on the recommendation of the Chair - taking account of the balance of skills and expertise necessary to deliver each Committee's remit and subject to any specific requirements or directions made by the Welsh Government. The Board shall ensure succession planning arrangements are in place.
- Members shall be appointed to hold office for a period of one year at a time, up to a maximum of their term of office. During this time a member may resign or be removed by the Board. The Board should, as a matter of good practice, review the membership of each Committee every two years in order to ensure each Committee is refreshed on a regular basis whilst maintaining continuity.
- Committee members' terms and conditions of appointment, (including any remuneration and reimbursement) will be in accordance with their terms of appointment to HEIW. Where a member has been co-opted to fulfil a specific function and where they are not Independent Members or employees of HEIW this will be determined by the Board, based upon the recommendation of the Chair and on the basis of advice from the Remuneration and Terms of Service Committee.

#### **4.3 Support to Committee Members**

The Board Secretary, on behalf of each Committee Chair, shall:

- Arrange the provision of advice and support to committee members on any aspect relating to the conduct of their role; and

- Ensure the provision of a programme of organisational development for Committee members as part of the overall Organisational Development programme developed by the Deputy Chief Executive.

#### **4.4 Withdrawal of individuals in attendance**

Each Committee may ask any or all of those who normally attend but who are not members to withdraw to facilitate open and frank discussion of particular matters.

Members and attendees will also withdraw from the meeting, as appropriate, where there is a conflict of interest or a potential conflict of interest.

### **5. Relationships and accountabilities with the Board and its Committees/Groups<sup>4</sup>**

Although the Board has delegated authority to the Committees for the exercise of certain functions, as set out within each Committee's terms of reference, it retains overall responsibility and accountability for ensuring a strategic approach to developing the Welsh health workforce for now and for the future through the effective governance of the organisation.

Each Committee is directly accountable to the Board for its performance in exercising the functions set out in each Committee's terms of reference.

Each Committee, through its Chair and members, shall work closely with the Board's other Committees, including joint (sub) committees and groups to provide advice and assurance to the Board through the:

- joint planning and co-ordination of Board and Committee business; and
- sharing of information.

Through acting in accordance with the preceding paragraph, each Committee shall contribute to the integration of good governance across the organisation, ensuring that all sources of assurance are incorporated into the Board's overall risk and assurance framework.

- Each Committee shall embed HEIW values, corporate standards, priorities and requirements through the conduct of its business.

---

<sup>4</sup> Reference to the Board's Committees/Groups incorporates its sub committees, joint committees and joint sub committees as well as other groups, such as Task and Finish Groups, where this is appropriate to the remit of the Committee.

## **6. Reporting and Assurance Arrangements:**

Each Committee Chair shall:

- bring to the Board's specific attention any significant matters under consideration by their Committee
- ensure appropriate escalation arrangements are in place to alert the Chair, Chief Executive (and Accountable Officer) or Chairs of other relevant committees of any urgent or critical matters that may affect the operation and/or reputation of HEIW.
- report formally, regularly and on a timely basis to the Board on the Committee's activities. This includes verbal updates on activity, the submission of Committee minutes and written reports when appropriate, as well as the presentation of an annual report;

The Board may also require the Committee Chair to report upon the Committee's activities at public meetings, or to community partners and other stakeholders, where this is considered appropriate. This could be where the Committee's assurance role relates to a joint or shared responsibility.

The Board Secretary, on behalf of the Board, shall oversee a process of regular and rigorous self-assessment and evaluation of each Committee's performance and operation including that of any sub committees established and groups.

## Terms of Reference and Operating Arrangements Audit and Assurance Committee

**Date:** ~~October 2020~~ July 2022

**Review Date:** Annually

### 1. Introduction

In line with Section 3 of the Standing Orders, the Board shall nominate annually a committee which covers Audit. This remit of this Committee will be extended to include Assurance and Corporate Governance and will be known as the **Audit and Assurance Committee**.

The detailed terms of reference and operating arrangements set by the Board in respect of this Committee are detailed below.

These terms of reference and operating arrangements are to be read alongside the standard terms of reference and operating arrangements applicable to all committees.

### 2. Purpose

The purpose of the Audit and Assurance Committee ("the Committee") is to:

- **Advise** and **assure** the Board and the Chief Executive (who is the Accountable Officer) on whether effective arrangements are in place, through the design and operation of HEIW's assurance framework, to support them in their decision taking and in discharging their accountabilities for securing the achievement of its objectives, in accordance with the standards of good governance determined for the NHS in Wales
- Where appropriate, the Committee will **advise** the Board and the Chief Executive on where, and how, its systems and assurance framework may be strengthened and developed further
- **Approve** on behalf of the Board policies, procedures and other written control documents in accordance with the Scheme of Delegation.

### 3. Delegated Powers

With regard to its role in providing advice to the Board, the Committee will comment specifically on the:

- adequacy of HEIW's strategic governance and assurance framework, systems and processes for the maintenance of an effective system of governance, internal control, and risk management across the whole organisation's activities, designed to support the public disclosure statements that flow from the assurance processes, including the Annual Governance Statement, providing reasonable assurance on:

- the organisations ability to achieve its objectives
- compliance with relevant regulatory requirements and other directions and requirements set by the Welsh Government and others
- reliability, integrity, safety and security of the information collected and used by the organisation
- the efficiency, effectiveness and economic use of resources
- the extent to which the organisation safeguards and protects all its assets, including its people.

In undertaking its work and responsibility the Committee will comment specifically on:

- Board's Standing Orders, and Standing Financial Instructions (including associated framework documents, as appropriate)
- accounting policies, the accounts, and the annual report of the organisation, including the process for review of the accounts prior to submission for audit, levels of error identified, the ISA 260 Report 'Communication with those charged with Governance' and managements' letter of representation to the external auditors
- Schedule of Losses and Special Payments
- planned activity and results of internal audit, external audit and the Local Counter Fraud Specialist (including strategies, annual work plans and annual reports)
- adequacy of executive and management's response to issues identified by audit, inspection and other assurance activity
- anti-fraud policies, whistle-blowing (raising concerns) processes and arrangements for special investigations
- issues upon which the Board, its Committees or the Chief Executive may seek advice
- contracting and tendering process
- provide assurance and undertake scrutiny of ensuring value for money

The Committee will support the Board with regard to its responsibilities for governance (including risk and control) by **reviewing** and **approving** as appropriate:

• all risk and control related disclosure statements, in particular the Annual

Governance Statement together with any accompanying Head of Internal Audit statement, external audit opinion or other appropriate independent assurances, prior to endorsement by the Board

- the underlying assurance processes that indicate the degree of the achievement of corporate objectives, the effectiveness of the management of principal risks and the appropriateness of the above disclosure statements
- the policies for ensuring compliance with relevant regulatory, legal and code of conduct and accountability requirements
- the policies and procedures for all work related to fraud and corruption as set out in National Assembly for Wales Directions and as required by the Counter Fraud and Security Management Service

In carrying out this work the Committee will primarily utilise the work of Internal Audit, External Audit and other assurance functions, but will not be limited to these audit functions. It will also seek reports and assurances from directors and managers as appropriate, concentrating on the overarching systems of good governance, risk management and internal control, together with indicators of their effectiveness.

This will be evidenced through the Committee's use of effective governance and assurance arrangements to guide its work and that of the audit and assurance functions that report to it, and enable the Committee to review and form an opinion on the:

- comprehensiveness of assurances in meeting the Board and the Chief Executives assurance needs across the whole of HEIW activities;
- the reliability and integrity of these assurances

To achieve this, the Committee's programme of work will be designed to provide assurance that:

- there is an effective internal audit function that meets the standards set for the provision of internal audit in the NHS in Wales and provides appropriate independent assurance to the Board and the Chief Executive through the Committee
- there is an effective counter fraud service that meets the standards set for the provision of counter fraud in the NHS in Wales and provides appropriate assurance to the Board and the Chief Executive through the Committee
- there is an effective improvement function that provides appropriate assurance to the Board and the Chief Executive

- there are effective arrangements in place to secure active, ongoing assurance from management with regard to their responsibilities and accountabilities, whether directly to the Board and the Chief Executive or through the work of the Board's committees
- the work carried out by key sources of external assurance, in particular, but not limited to HEIW's external auditors, is appropriately planned and co-ordinated and that the results of external assurance activity complements and informs (but does not replace) internal assurance activity
- the work carried out by the whole range of external review bodies is brought to the attention of the Board, and that the organisation is aware of the need to comply with related standards and recommendations of these review bodies, and the risks of failing to comply
- systems for financial reporting to the Board, including those of budgetary control, are effective
- results of audit and assurance work specific to HEIW, and the implications of the findings of wider audit and assurance activity relevant to the HEIW's operations are appropriately considered and acted upon to secure the ongoing development and improvement of the organisations governance arrangements

The Committee will review and agree the programme of work on an annual basis and will recommend it to the Board for approval.

#### **4. Access**

The Head of Internal Audit and the Auditor General and his representatives shall have unrestricted and confidential access to the Chair of the Audit and Assurance Committee at any time, and vice versa.

The Committee will meet with Internal and External Auditors and the nominated Local Counter Fraud Specialist without the presence of officials on at least one occasion each year.

The Chair of the Audit and Assurance Committee shall have reasonable access to Executive Directors and other relevant senior staff.

#### **5. Membership, Attendees and Quorum**

##### **5.1 Members**

A minimum of three members, comprising:

Chair	Independent Member
Vice Chair	Independent Member
Members	Independent Members

The Chair of the organisation shall not be a member of the Audit and

Assurance Committee but may be invited to attend by the Chair of the Committee as appropriate.

## 5.2 Attendees

In attendance:

Director of Finance and Corporate Services  
Board Secretary  
Head of Internal Audit (or representative)  
Local Counter Fraud Specialist  
Representative of the Auditor General for Wales  
Head of Financial Accounting

In addition to this others from within or outside the organisation who the Committee considers should attend, will be invited taking account of the matters under consideration at each meeting.

The Chief Executive shall be invited to attend, at least annually, to discuss with the Committee the process for assurance that supports the Annual Governance Statement.

## 5.3 Quorum

At least **two** members must be present to ensure the quorum of the Committee, one of whom should be the Committee Chair (or Vice Chair where appointed).

## 6. Frequency of Meetings

## 7. Relationships and accountabilities with the board and its Committees/Groups:<sup>5</sup>

The Audit and Assurance Committee must have an effective relationship with other committees or sub-committees of the Board so that it can understand the system of assurance for the Board as a whole. It is very important that the Audit and Assurance Committee remains aware of its distinct role and does not seek to perform the role of other committees.

The Committee will consider the assurance provided through the work of the Board's other committees and sub groups to meet its responsibilities for advising

<sup>5</sup> Reference to the Board's Committees/Groups incorporates its sub committees, joint committees and joint sub committees as well as other groups, such as Task and Finish Groups, where this is appropriate to the remit of this Audit and Assurance Committee

the Board on the adequacy of HEIW's overall framework of assurance.

## **8. Reporting and Assurance Arrangements**

The Committee shall provide a written, annual report to the Board and the Chief Executive on its work in support of the Annual Governance Statement, specifically commenting on the adequacy of the assurance framework, the extent to which risk management is comprehensively embedded throughout the organisation, the integration of governance arrangements and the appropriateness of self-assessment activity against relevant standards. The report will also record the results of the committee's self-assessment and evaluation.

## Policy Statement

Health Education Improvement Wales (HEIW) recognises that no organisation can operate in a risk free environment. Risk however is not something to be feared, rather if it is understood and managed properly it can benefit the organisation, its staff and key stakeholders. The purpose of this **pPolicy** is to lay the foundations for an effective risk management system.

HEIW will manage risks at all levels. Strategic risks will be identified by the Board and managed by the Executive Team, whereas operational risks will be identified and managed at the most appropriate level. The organisation will maintain a risk management system which will enable and empower staff to identify, assess, manage and where appropriate exploit risks to the benefit of HEIW.

## Policy Commitment

HEIW is committed to the effective management of risk throughout the organisation, and will develop and maintain the appropriate systems to allow such management. The organisation will lay out clearly the roles and responsibilities of all staff when it comes to the management of risk. All staff are required to understand their role and responsibilities and to comply with the requirements of both this policy and all relevant processes.

All staff will be expected to use the appropriate corporate systems for risk management. At the time of developing this policy HEIW's risks are managed through the use of risk registers (for operational risk) and the Board Assurance Framework for strategic risks. Health and safety risks are however, managed through Datix.

All Senior staff and managers are required to attend ~~mandatory training~~ in Corporate Risk Management.

## Introduction

This policy introduces the HEIW position and expectations in relation to risk management. The document outlines the roles and responsibilities of staff and how they will be trained, and describes the way HEIW categorises risk and the risk architecture of the organisation.

## Section 1 – General

### 1.1 Scope

This is a Policy which is intended to cover the identification, assessment and management of risk in all forms. The policy and associated procedures relating to risk and will apply to all staff, contractors and visitors.<sup>1</sup>

---

<sup>1</sup> In the interests of brevity, the term 'staff' is used throughout this document to refer to staff, contractors, agency staff, trainees, volunteers, and secondees and visitors.

## 1.2 Aim

The aim of this document is to outline the high level arrangements within which HEIW will achieve a holistic and effective approach to risk management.

## 1.3 Objectives

This policy will:

- Detail the specific roles and responsibilities for those staff who are charged with the management of risk;
- List the specific policies which HEIW will publish to ensure that all staff understand what is required of them;
- Outline the training requirements for staff;
- Explain the arrangements for complying with all relevant legislation.

## 1.4 Strategic Context

HEIW is required annually to produce an Integrated Medium Term Plan (IMTP), which details what the organisation plans to do over the coming years. The plan sets out the organisational priorities and sets strategic aims and objectives. In order to deliver these strategic aims and objectives, it is necessary to understand the environment in which we operate, and to have clear visibility on what might get in the way of our delivering them. This is why an effective Risk Management System is necessary.

Risk Management starts at the top of the organisation, with the Board setting our direction and our risk appetite, and then permeates down through every level.

To support the delivery of our strategic aims and objectives HEIW's template risk register (annex 2) includes a column on strategic aims. This is to ensure that there is a clear link between our strategic aims and our risks.

## 1.5 Roles and Responsibilities

### 1.5.1 HEIW Board

The role of the Board is to govern HEIW effectively. For the Board to discharge its responsibilities, it needs to receive assurances that the organisation is effectively managing its risks to ensure delivery of its mission and objectives. One of the principle assurance tools for the Board is the Board Assurance Framework (BAF).

The Board will receive the BAF once per year for the purpose of scrutiny and challenge. Through the scheme of delegation, the Audit and Assurance Committee meetings will also receive the BAF once per year.

The Corporate Risk Register is focussed on HEIW's key objectives and identifies the principal risk and key controls. Given this the Corporate Risk Register shall be the vehicle for providing regular assurance for the BAF. The Corporate Risk Register shall be reviewed by the Board twice a year and by the Audit and Assurance Committee on a quarterly basis.

### **1.5.2 Chief Executive**

The Chief Executive is the responsible officer for HEIW and is accountable for ensuring that HEIW can discharge its legal duty for all aspects of risk. As the accountable officer, the Chief Executive has overall responsibility for maintaining a sound system of internal control, as described in the annual governance statement. Operationally, the Chief Executive has designated responsibility for implementation of this policy to the Board Secretary.

### **1.5.3 Board Secretary**

Is responsible for:

- operational implementation of the risk management policy;
- as the Senior Information Risk Owner (SIRO), ultimate responsibility lies here for information risk management;
- development of policies and procedures relating to the above;
- development and ongoing review of the Board Assurance Framework;
- ensuring that the Board and its Committees receive the appropriate reports and assurance for consideration.

### **1.5.4 Executive Directors**

Are responsible for:

- the management of risk both collectively as the Executive Team and at a Directorate level for the risks specifically relating to their directorate;
- assuming ownership of risks assigned to them in either the Board Assurance Framework or the Corporate Risk Register and reporting as required to the Executive Team and the Board and its committees on the management of that risk;
- appointing of enough resource for their Directorate to enable effective management of their risks;
- the individual Directorate Risk Register.

### **1.5.5 Deputy Chief Executive / Director of Workforce and Organisational Development**

In addition to the Executive Director responsibility is also responsible for:

- Executive Team level management of risk in relation to both Health and Safety and Business Continuity.

### **1.5.6 Directorate Managers**

Directorate Managers are responsible for:

- assuming ownership of risks which are assigned to them in the Directorate Risk Registers and reporting as required to their Executive Director on the management of that risk;
- supporting their Directorate risk owners in the management of risk;

- ensuring that new risks are assigned an owner, correctly articulated and assessed by their owner.

### **1.5.7 All staff**

All HEIW staff are responsible for identifying and reporting anything which they believe could present a risk to our business functions or people.

## **1.6 Allocation of Responsibility for a Risk**

Executive Directors shall take responsibility for managing risks within their Directorates. Where a risk arises from a project, programme or matter undertaken on a cross-Directorate basis the risk will be allocated to the Executive Lead as detailed within the IMTP.

### **1.7 Training**

#### **Level 1 – Staff Required to Report Risks**

Whilst there are many different training requirements for specific aspects of risk management (e.g. Health and Safety, Fire, Information Governance), there is no mandatory training requirement for Risk Management in the broader context. ~~All staff who need to report a risk are signposted to a short self-directed study package which will cover the basics of identifying, articulating and reporting risks.~~ Staff are introduced to risk management as a part of the induction process. Staff who are required to populate a risk register are required to attend a face to face training session.

#### **Level 2 – Risk Owners**

Face to face training will be delivered to Risk Owners and is aimed at Executive Directors, other members of the senior leadership team and managers who need to understand the implications of risk ownership, risk appetite, risk decision making and the escalation of risk.

#### **Level 3 – SIRO and other specialist roles**

This will be bespoke training required for those charged with managing the Risk Management System.

## **Section 2 – Categories of Risk**

### **2.1 Strategic Risk**

These are the highest level risks that could threaten the organisation's ability to deliver on the strategic priorities, as laid out in the Integrated Medium Term Plan (IMTP). Strategic Risks are identified at Board level during the annual development of the IMTP. All strategic objectives are assigned an Executive Lead within the IMTP. This person will review their strategic risks and associated action plans on a regular basis and provide updates to both the Executive Team and the Board.

## **2.2 Corporate Risk**

Corporate Risk in all its forms is subject of this policy.

The term Corporate Risk is used in HEIW to encompass all of the operational risks that pose a direct risk to the day to day business of the organisation, or could lead to Directorates failing to meet their objectives. This can include:

- Operational Risk
- Project / Programme Risk
- Educational Risk
- Financial Risk
- Public Relations Risk

All these risks will be captured and managed through risk registers and a system of policies and procedures.

## **2.3 Health and Safety Risk**

Health and Safety Risk is subject to a specific policy.

Health and Safety is a complex area of legislation one requirement of which is for the organisation to have a Health and Safety Policy. Senior management of Health and Safety Risk is the responsibility of the Director of Workforce and Organisational Development.

## **2.4 Information Risk**

Information Risk is subject to a specific policy.

Information Risk Management is an integral element of good Information Governance. It encompasses numerous disciplines, including use of IT systems, management of paper records, cyber security and physical security of our facilities. Information Risk Management is the responsibility of the SIRO.

## **2.5 Service or Business Continuity Risk**

Business Continuity Risk is subject to a specific policy.

Business Continuity risks are those derived from those possible events which threaten the organisation's ability to deliver its key products and services.

Most Business Continuity risks will tend to be high impact / low likelihood events.

Business Continuity Risk Management is the responsibility of the Director of Workforce and Organisational Development.

## **2.6 Fraud Risk**

The Local Counter Fraud Service (LCFS) must be notified of any identified fraud risks promptly.

## **Section 3 – Management of Risk**

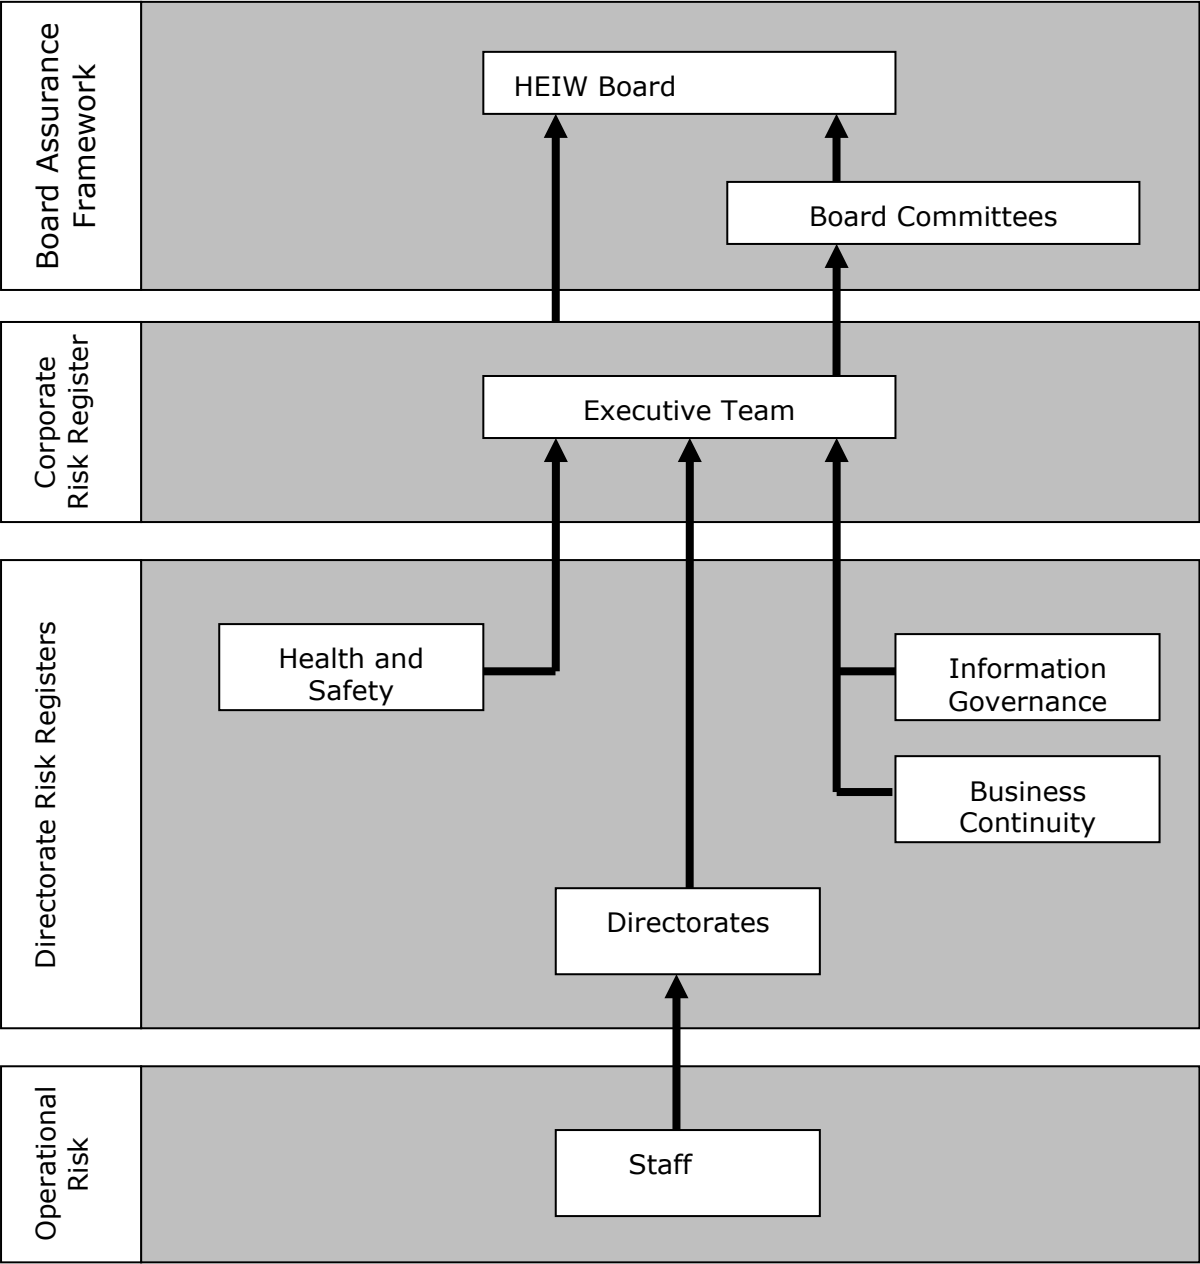

### ***Introduction***

This section gives an overview of how risk is managed throughout HEIW.

#### **3.1 Risk Architecture**

The risk architecture is the structure within which an organisation manages risk. The risk architecture within HEIW is shown below.

### **3.2 Risk Appetite**

HEIW's risk appetite is set on an annual basis by the Board, when the decisions are being made around the organisation's strategic priorities for the following year. The purpose of setting the risk appetite is to ensure that all staff throughout HEIW are aware of it and understand the amount of risk to which the organisation is prepared to be exposed whilst going about their day to day business. HEIW's Risk Appetite levels are detailed in Annex 1.

### **3.3 Identification and Capturing of Risks**

All staff should be aware of the potential for risks to emerge which may affect the business and all staff should be prepared to identify and report risks as appropriate. When a possible risk is identified, staff should normally discuss it first with their line manager. This is to avoid duplication of effort, as sometimes risks are identified which are already being managed but have perhaps been articulated differently.

Once it is confirmed that a new risk has been identified, the details should be correctly identified and assessed.

The risk will then be transferred to one of a series of risk registers, depending on the seriousness of the risk. Generally, risk should be managed at the lowest level possible, proportionate to the level of exposure to which the risk.

### **3.4 Risk Registers**

A Risk Register is simply a visual representation of the identified risks, together with an assessment of their severity, the risk management measures in place, the control environment and any further actions which are planned or required. The register is a snapshot of the risk information at the moment it is taken.

HEIW's risk registers will utilise the risk assessment, risk appetite and scoring method outlined in Annex 1. HEIW's template risk register is attached at Annex 2. All HEIW Directorate Risk Registers shall use the template attached at Annex 2. All HEIW programme and project risk register will use this template as the basis for their risk register.

### **3.5 Ongoing Risk Management**

Once a risk has been properly identified, articulated and assessed it can then be managed.

### **3.6 Escalation**

As previously stated, to be effective, risk needs to be managed at the lowest appropriate level. A risk that is deemed sufficiently material by its lead Director may be escalated onto the Directorate Risk Register. A risk will be escalated from the Directorate Register to the Corporate Risk Register when the Directorate either have concerns about their capacity or authority to manage the risk, or they do not have the resources (e.g. budget, staff etc) to manage it, risk requires co-operation across directorates, or it is deemed to represent a significant public relations risk.

Not having capacity or authority to manage a risk should not be viewed as a lack of capability, but rather a recognition that a risk is either so severe that it needs to be managed at a higher level, or possibly that it transcends more than one area of business or Directorate. It is anticipated, although this is not a binding requirement, that such a risk when being escalated onto the Corporate Risk Register will have a minimum risk score of 14.

In the event of a requirement to escalate a risk, from the Directorate Risk Register to the Corporate Risk Register, the matter will require the approval of the Executive Team.

### **3.7 Removal**

The removal of a risk from the Corporate Risk Register shall require the approval of the Audit and Assurance Committee.

Risk should not be removed from the system until such time as the risk has been eliminated. Risks may reduce in their importance over time, and so may be de-escalated down to an appropriate level of management.

Annex 1

Risk Assessment and Scoring

In order to effectively assess a risk, it is necessary to consider two factors: Likelihood and Impact.

HEIW utilises a common form of risk scoring referred to as a 5x5 risk matrix. Likelihood and Impact are assessed on a scale of 1 to 5, and then the two scores are multiplied together to arrive at the final risk score.

As scoring is a subjective process guidance is provided through the tables below.

Risk Scoring Matrix

Level	Colour	Score Range
Low	G	1-6
Moderate	A	7-14
High	R	15-25

LIKELIHOOD	Probable	5	10	15	20	25
	Likely	4	8	12	16	20
	Possible	3	6	9	12	15
	Unlikely	2	4	6	8	10
	Rare	1	2	3	4	5
		Negligible	Minor	Moderate	Major	Critical

### ***Risk Appetite Levels***

Appetite Level	Described as:	What this means
None	Avoidance of risk and uncertainty is a key organisational objective.	Avoidance of loss is key objective, play safe, avoidance of developments. Priority for tight controls and oversight.
Low	Minimal, or as little as reasonably possible, is preferred for ultra-safe delivery options that have a low degree of inherent risk and only for limited reward potential.	Prepared to accept the possibility of very limited financial loss if essential. Win any challenges re compliance. Innovations avoided unless essential.
Moderate	Cautious is preferred for safe delivery options that have low degree of inherent risk and may only have limited potential for reward.	Prepare to accept some possibility of some financial loss. Limited tolerance for sticking neck out. Tendency to stick with status quo, innovation in practice avoided unless really necessary
High	Open and willing to consider all potential delivery options and choose while also providing an acceptable level of reward (and Value for Money).	Prepared to invest for return & minimise the possibility of financial loss. Value and benefits considered. Gains outweigh adverse consequences. Innovation supported.
Very High	Seek and be eager to be innovative and too chose options offering potentially higher business rewards (despite greater inherent risk). Or also described as mature and confident in setting high levels of risk appetite because controls, forwards scanning and responsiveness systems are robust.	Investing for best possible return & acceptance of possibility of financial loss. Chances of losing any challenge are real and consequences would be significant. Desire to break the mould. High levels of devolved authority – management by trust not control.

Derbyniodd y Pwyllgor **Adroddiad Archwilio Mewnol Cyfarwyddwyr y Rhaglenni Hyfforddiant** gan nodi bod y lefel sicrwydd gyffredinol yn gymedrol. Roedd tri argymhelliad blaenoriaeth ganolig yn deillio o'r adroddiad.

Derbyniodd y Pwyllgor **Adroddiad Archwilio Mewnol y Trefniadau Rheoli a Llywodraethu Cyflawniad** gan nodi bod y lefel sicrwydd gyffredinol yn sylweddol. Roedd un argymhelliad blaenoriaeth ganolig a dau blaenoriaeth isel yn deillio o'r adroddiad.

Derbyniodd a nododd y Pwyllgor **Adroddiad Blynyddol Cydymffurfiaeth Caffael 2021/22**.

Derbyniodd a nododd y Pwyllgor yr **Adroddiad Cydymffurfiaeth Caffael** gogyfer y cyfnod 1 Ebrill 2022 – 27 Mai 2022. Cadarnhawyd bod nifer o'r camau gweithredu a gynhwyswyd yn y Cynllun Gweithredu Gwella Caffael wedi'u hailafael ynddynt. Nodwyd y byddai'r cynllun diwygiedig yn cael ei gyflwyno i'r Pwyllgor fis Gorffennaf i'w ystyried ymhellach. Nodwyd hefyd bod gwaith ar y gweill i fynd i'r afael â'r nifer uchel o STA ym maes Fferylliaeth ac ym maes y Gweithlu a Datblygu Sefydliadol. Mynegwyd bod cyfarfodydd wedi'u trefnu gyda chyfarwyddiaethau i drafod hyn ymhellach.

<p>Derbyniodd a <b>nododd</b> y Pwyllgor y <b>Diweddariad Digidol Cyffredinol</b>. Tynnwyd sylw at y ffaith fod y gyfarwyddiaeth ddigidol yn parhau i wneud cynnydd da ar draws agenda strategol gymhleth a bod systemau llywodraethu cadarn yn eu lle er mwyn arwain y rhaglen waith. Roedd y Pwyllgor yn falch o nodi'r gwaith sy'n mynd rhagddo gyda Chyllid i sicrhau bod adnoddau digonol ar gael i gyflwyno'r strategaeth ddigidol. Cytunwyd y byddai'r Pwyllgor yn ystyried y trefniadau adrodd digidol yn ei gyfarfod ym mis Hydref. Nododd y Pwyllgor gynnydd y gyfarwyddiaeth ddigidol a'r meysydd gwaith strategol allweddol mae'r adran yn eu cymryd ymlaen. Nododd y Pwyllgor hefyd y systemau llywodraethu cadarn sydd yn eu lle i arwain y rhaglen waith a'r gwaith cychwynnol sydd wedi dechrau i fapio'r gofynnion ariannol hirdymor er mwyn cyflawni'r strategaeth ddigidol.</p> <p>Derbyniodd y Pwyllgor yr <b>Adroddiad Materion Allweddol Llywodraethu Gwybodaeth a Rheoli Gwybodaeth</b>. Roedd y Pwyllgor yn falch o <b>nod</b> bod sgôr cydymffurfio Pecyn Cymorth Llywodraethiant Gwybodaeth Lefel 2 wedi'i gadarnhau gan lechyd a Gofal Digidol Cymru ac y byddai gwaith yn parhau i gynnal yr arfer dda a sefydlwyd. Nododd y Pwyllgor yr adroddiad er sicrwydd a gofynnwyd bod cyddestun ychwanegol yn cael ei ddarparu mewn adroddiadau IGIMG yn y dyfodol ynghylch nodau ac amcanion y grŵp.</p> <p>Derbyniodd a nododd y pwyllgor yr <b>Adroddiad Cynnydd Archwilio Mewnol ac Adroddiad Cynnydd Archwilio Cymru</b>.</p> <p>Derbyniodd a <b>nododd</b> y Pwyllgor yr <b>Adroddiad Cydymffurfio Caffael</b> ar gyfer y cyfnod 28 Mai hyd 15 Mehefin 2022. Nodwyd bod un hysbysiad rheoli newid wedi'i ddyrodi yn ystod y cyfnod a phwysleisiodd y Pwyllgor bwysigrwydd cadw golwg ar y nifer o Weithredoedd Tendrau Sengl (STAs).</p> <p>Derbyniodd y Pwyllgor yr <b>Adroddiad Cynnydd Gwrth-dwyll</b> a nodwyd bod yr adran Wrth-dwyll, yn ystod y cyfnod adrodd, wedi cwblhau tri diwrnod ar hugain o waith gwrth-dwyll yn erbyn hanner cant a ddynodwyd i AaGIC yn ystod blwyddyn ariannol 2022/23. Esboniwyd bod wyth o'r dyddiau hynny wedi'u treulio ar waith ymchwilio i dwyll. Ystyriodd y Pwyllgor a oedd gan AaGIC ddigon o ddyddiau dan gontract i weithredu'r agenda gwrth-dwyll a'r mesurau rheoli ansawdd yn eu lle i fonitro'r amser a ddynodwyd i waith ymchwilio i dwyll a'r canlyniadau. Bydd y Pwyllgor yn</p>			

derbyn diweddariad ar y mesurau rheoli ansawdd sydd yn eu lle mewn cyfarfod yn y dyfodol.

Derbyniodd a **nododd** y Pwyllgor yr **Adroddiad Blynyddol Gwrth-dwyll 2021/22**.

Arolygodd y Pwyllgor **Reolau Sefydlog AaGIC** a ddiweddarwyd er mwyn adlewyrchu newidiadau i swyddogaethau AaGIC ac addasiadau lleol. **Argymhellodd** y Pwyllgor bod y Bwrdd yn cymeradwyo'r Rheolau Sefydlog diwygiedig yn ei gyfarfod ar 28 Gorffennaf 2022.

Arolygodd y Pwyllgor y **Cyfarwyddiadau Ariannol Sefydlog (SFI) a'r Cynllun Dirprwy**. Nodwyd bod Llywodraeth Cymru, yn ystod 2021, wedi cynhyrchu casgliad o SFIs enghreifftiol i'w mabwysiadu gan holl gyrff GIG Cymru. Fel rhan o'r broses adolygu, adwaenwyd anghysondeb o fewn y ddogfen a oedd yn effeithio ar drothwyon hysbysu caffael AaGIC, ac o ganlyniad, ni allai'r sefydliad fabwysiadu'r SFIs. O ganlyniad, cyhoeddodd Llywodraeth Cymru amserlen ddiwygiedig ar gyfer SFIs, a gynigodd ddatrysiad i'r mater. Argymhellodd y Pwyllgor bod y Cyfarwyddiadau Ariannol Sefydlog yn cael eu cymeradwyo gan y Bwrdd yn ei bwyllgor ar 28 Gorffennaf 2022.

Ymgymrodd y Pwyllgor ag adolygiad blynyddol y **Polisi Rheoli Risg** gan nodi bod y newidiadau arfaethedig yn adlewyrchu dau argymhelliad a godwyd gan yr Adroddiad Archwilio Mewnol Rheoli Risg. Ystyriodd a chefnogodd y Pwyllgor y newidiadau a gynigwyd i Bolisi Rheoli Risg AaGIC gan argymhell bod y polisi diwygiedig yn cael ei gymeradwyo gan y Bwrdd ym mis Gorffennaf.

Adolygodd a chymeradwyodd y Pwyllgor ei **Gylch Gorchwyl**, a ddiweddarwyd er mwyn adlewyrchu newid yn nheitl swydd y Cyfarwyddwr Cyllid, yn amodol i eglurhad a oedd y cyfeiriad at Gyfarwyddiadau Cynulliad Cenedlaethol Cymru yn gywir ai peidio.

Adolygodd a nododd y Pwyllgor y **Gofrestr Risgiau Corfforaethol**.

Ystyriodd y Pwyllgor y **Traciwr Argymhellion Archwilio** a chymeradwywyd cael gwared ar 14 o argymhellion a aseswyd yn wyrdd.

## Terms of Reference and Operating Arrangements Audit and Assurance Committee

**Date:** ~~October 2020~~ July 2022

**Review Date:** Annually

### 1. Introduction

In line with Section 3 of the Standing Orders, the Board shall nominate annually a Committee which covers Audit. This remit of this Committee will be extended to include Assurance and Corporate Governance and will be known as the **Audit and Assurance Committee**.

The detailed terms of reference and operating arrangements set by the Board in respect of this Committee are detailed below.

These terms of reference and operating arrangements are to be read alongside the standard terms of reference and operating arrangements applicable to all committees.

### 2. Purpose

The purpose of the Audit and Assurance Committee ("the Committee") is to:

- **Advise** and **assure** the Board and the Chief Executive (who is the Accountable Officer) on whether effective arrangements are in place, through the design and operation of HEIW's assurance framework, to support them in their decision taking and in discharging their accountabilities for securing the achievement of its objectives, in accordance with the standards of good governance determined for the NHS in Wales
- Where appropriate, the Committee will **advise** the Board and the Chief Executive on where, and how, its systems and assurance framework may be strengthened and developed further
- **Approve** on behalf of the Board policies, procedures and other written control documents in accordance with the Scheme of Delegation.

### 3. Delegated Powers

With regard to its role in providing advice to the Board, the Committee will comment specifically on the:

- adequacy of HEIW's strategic governance and assurance framework, systems and processes for the maintenance of an effective system of governance, internal control, and risk management across the whole organisation's activities, designed to support the public disclosure statements that flow from the assurance processes, including the Annual Governance Statement, providing reasonable assurance on:
  - the organisations ability to achieve its objectives

English Catherine  
27/07/2022 10:07:49

- compliance with relevant regulatory requirements and other directions and requirements set by the Welsh Government and others
- reliability, integrity, safety and security of the information collected and used by the organisation
- the efficiency, effectiveness and economic use of resources
- the extent to which the organisation safeguards and protects all its assets, including its people.

In undertaking its work and responsibility the Committee will comment specifically on:

- Board's Standing Orders, and Standing Financial Instructions (including associated framework documents, as appropriate)
- accounting policies, the accounts, and the annual report of the organisation, including the process for review of the accounts prior to submission for audit, levels of error identified, the ISA 260 Report 'Communication with those charged with Governance' and managements' letter of representation to the external auditors
- Schedule of Losses and Special Payments
- planned activity and results of internal audit, external audit and the Local Counter Fraud Specialist (including strategies, annual work plans and annual reports)
- adequacy of executive and management's response to issues identified by audit, inspection and other assurance activity
- anti-fraud policies, whistleblowing (raising concerns) processes and arrangements for special investigations
- issues upon which the Board, its Committees or the Chief Executive may seek advice
- contracting and tendering process
- provide assurance and undertake scrutiny of ensuring value for money

The Committee will support the Board with regard to its responsibilities for governance (including risk and control) by **reviewing** and **approving** as appropriate:

- all risk and control related disclosure statements, in particular the Annual Governance Statement together with any accompanying Head of Internal Audit statement, external audit opinion or other appropriate independent assurances,

English-Catherine  
27/07/2022 10:02:49

prior to endorsement by the Board

- the underlying assurance processes that indicate the degree of the achievement of corporate objectives, the effectiveness of the management of principal risks and the appropriateness of the above disclosure statements
- the policies for ensuring compliance with relevant regulatory, legal and code of conduct and accountability requirements
- the policies and procedures for all work related to fraud and corruption as set out in National Assembly for Wales Directions and as required by the Counter Fraud and Security Management Service

In carrying out this work the Committee will primarily utilise the work of Internal Audit, External Audit and other assurance functions, but will not be limited to these audit functions. It will also seek reports and assurances from directors and managers as appropriate, concentrating on the overarching systems of good governance, risk management and internal control, together with indicators of their effectiveness.

This will be evidenced through the Committee's use of effective governance and assurance arrangements to guide its work and that of the audit and assurance functions that report to it, and enable the Committee to review and form an opinion on the:

- comprehensiveness of assurances in meeting the Board and the Chief Executives assurance needs across the whole of HEIW activities;
- the reliability and integrity of these assurances

To achieve this, the Committee's programme of work will be designed to provide assurance that:

- there is an effective internal audit function that meets the standards set for the provision of internal audit in the NHS in Wales and provides appropriate independent assurance to the Board and the Chief Executive through the Committee
- there is an effective counter fraud service that meets the standards set for the provision of counter fraud in the NHS in Wales and provides appropriate assurance to the Board and the Chief Executive through the Committee
- there is an effective improvement function that provides appropriate assurance to the Board and the Chief Executive
- there are effective arrangements in place to secure active, ongoing assurance from management with regard to their responsibilities and accountabilities, whether directly to the Board and the Chief Executive or through the work of the Board's committees

English Catherine  
27/07/2022 10:07:49

- the work carried out by key sources of external assurance, in particular, but not limited to HEIW's external auditors, is appropriately planned and co-ordinated and that the results of external assurance activity complements and informs (but does not replace) internal assurance activity
- the work carried out by the whole range of external review bodies is brought to the attention of the Board, and that the organisation is aware of the need to comply with related standards and recommendations of these review bodies, and the risks of failing to comply
- systems for financial reporting to the Board, including those of budgetary control, are effective
- results of audit and assurance work specific to HEIW, and the implications of the findings of wider audit and assurance activity relevant to the HEIW's operations are appropriately considered and acted upon to secure the ongoing development and improvement of the organisations governance arrangements

The Committee will review and agree the programme of work on an annual basis and will recommend it to the Board for approval.

#### **4. Access**

The Head of Internal Audit and the Auditor General and his representatives shall have unrestricted and confidential access to the Chair of the Audit and Assurance Committee at any time, and vice versa.

The Committee will meet with Internal and External Auditors and the nominated Local Counter Fraud Specialist without the presence of officials on at least one occasion each year.

The Chair of the Audit and Assurance Committee shall have reasonable access to Executive Directors and other relevant senior staff.

#### **5. Membership, Attendees and Quorum**

##### **5.1 Members**

A minimum of three members, comprising:

Chair	Independent Member
Vice Chair	Independent Member
Members	Independent Members

The Chair of the organisation shall not be a member of the Audit and Assurance Committee but may be invited to attend by the Chair of the Committee as appropriate.

##### **5.2 Attendees**

In attendance:

English Catherine  
27/07/2025 10:07 AM

Director of Finance and Corporate Services  
Board Secretary  
Head of Internal Audit (or representative)  
Local Counter Fraud Specialist  
Representative of the Auditor General for Wales  
Head of Financial Accounting

In addition to this others from within or outside the organisation who the Committee considers should attend, will be invited taking account of the matters under consideration at each meeting.

The Chief Executive shall be invited to attend, at least annually, to discuss with the Committee the process for assurance that supports the Annual Governance Statement.

### **5.3 Quorum**

At least **two** members must be present to ensure the quorum of the Committee, one of whom should be the Committee Chair (or Vice Chair where appointed).

## **6. Frequency of Meetings**

Meetings shall be held no less than quarterly and otherwise as the Chair of the Committee deems necessary – consistent with HEIW's annual plan of Board Business. The External Auditor or Head of Internal Audit may request that the Chair convene a meeting if they consider this necessary.

## **7. Relationships and accountabilities with the board and its Committees/Groups:<sup>1</sup>**

The Audit and Assurance Committee must have an effective relationship with other committees or sub-committees of the Board so that it can understand the system of assurance for the Board as a whole. It is very important that the Audit and Assurance Committee remains aware of its distinct role and does not seek to perform the role of other committees.

The Committee will consider the assurance provided through the work of the Board's other committees and sub-groups to meet its responsibilities for advising the Board on the adequacy of HEIW's overall framework of assurance.

## **8. Reporting and Assurance Arrangements**

The Committee shall provide a written, annual report to the Board and the Chief Executive on its work in support of the Annual Governance Statement, specifically commenting on the adequacy of the assurance framework, the extent to which risk management is comprehensively embedded throughout the organisation, the integration of governance arrangements and the appropriateness of self-assessment activity against relevant standards. The report will also record the results of the committee's self-assessment and evaluation.

<sup>1</sup> Reference to the Board's Committees/Groups incorporates its sub committees, joint committees and joint sub committees as well as other groups, such as Task and Finish Groups, where this is appropriate to the remit of this Audit and Assurance Committee

### **Committee Chairs Reflection**

During the year the Education Commissioning and Quality Committee (ECQC) continued its key advisory role within HEIW's governance framework. Responsibilities have included overseeing ongoing work on the Strategic Review of Health Professional Education on behalf of the Board. Phase 1 of the Review progressed successfully through procurement to implementation; arrangements for Phase 2 covering a wide range of healthcare disciplines were initiated, and commissioning processes are proceeding.

The Committee has also actively promoted work in relation to quality of education and training through review of regular monitoring and management reports and through the development of new approaches that reflect HEIW's commitment to a multi-professional healthcare workforce. An outline for HEIW's new Quality Framework, alongside Welsh Government's National Quality and Safety Framework, was welcomed.

ECQC's programme for the year is detailed in the report below. Issues discussed have ranged widely, including for example, improving students' experiences and feedback, maintaining training standards during the pandemic, inequity of training opportunity within Wales, support for refugees and asylum seekers, and differential attainment.

Many partner organisations are involved in the development and delivery of high-quality healthcare education and training. The establishment of HEIW's new Stakeholder Reference Group (SRG), building on ECQC's previous Education Advisory Group, has been a key milestone. As ECQC chair, I have acted as the SRG's vice chair, reporting relevant stakeholder contributions directly to the Committee; these new arrangements are already proving a valuable addition to ECQC's resources.

The covid pandemic has impacted directly on the work of the ECQC in many ways. The Committee has continued to meet in virtual sessions, and has remained well-attended, with public access arrangements as previously. The fullest expression of appreciation is due to Directors and the many staff who have kept the Committee's business on track throughout this prolonged, challenging time. Their efforts have been extraordinary - thank you to all who have contributed.

Ending on a personal note, it has been a great privilege to chair the ECQC and to be part of its development from the beginning. I should especially like to thank my non-executive colleague Tina Donnelly for her steadfast support throughout and wish her well as she takes over the chair and its associated responsibilities. At the same time, I look forward to continuing to contribute as a member of the ECQC whilst taking on other HEIW duties.

## 1. Introduction and Background

The purpose of the Education, Commissioning and Quality Committee (the 'Committee') is to advise and assure the Board and Chief Executive (who is the Accountable Officer) on whether effective arrangements are in place to plan, commission, deliver, and quality manage education systems and provides assurance on behalf of the organisation.

Membership of the Education, Commissioning and Quality Committee:

The membership of the Committee during 2021/22 was as follows:

<b>Chair:</b>	Dr Ruth Hall, Independent Member*
<b>Vice-Chair:</b>	Tina Donnelly, Independent Member**
<b>Deputy Member:</b>	Gill Lewis, Independent Member***

\* Ruth Hall stepped down as Chair of the Committee on 31 March 2022

\*\* Tina Donnelly was appointed Chair of the Committee on 31 March 2022

\*\*\* Gill Lewis was appointed a full member of the Committee on 31 March 2022

HEIW officers also attend to support key matters.

The Committee met on four occasions between April 2021 and March 2022 and was well attended, with good engagement from all attendees. The Committee continues to report regularly to the HEIW Board and to ensure appropriate interaction with the Audit and Assurance Committee.

## 2. Planning and Review

In line with good practice, the Education, Commissioning, and Quality Committee reviewed its Terms of Reference in September 2021, endorsing a revision to reflect the updated job title of the Director of Nurse and Health Professional Education.

In November 2021, the Education Advisory Group was disbanded and replaced by the Stakeholder Reference Group. The establishment of the Stakeholder Reference Group aimed to improve the effectiveness and continuity of stakeholder engagement and, as a result, the quality of HEIW planning. The establishment of the Stakeholder Reference Group removed the requirement for a separate Education Advisory Group as a sub-committee to the Education Quality and Commissioning Committee.

As a result of the changes to the Education Advisory Group, a review of the effectiveness of the Multi-Professional Quality Education Group commenced in March 2022 and is expected to conclude in 2022/23.

During the year a review of the effectiveness of the Committee was carried out, and the Committee considered the Evaluation of Committee Effectiveness at its meeting in September 2021. The overall self-assessment feedback was positive, and the report highlighted a number of areas of focus during 2021/2022. This included a review of how the Committee and its sub-groups worked together.

The Committee approved its Annual Report for 2020/21, which was noted and approved for publication by the Board in July 2021.

### **3. Key Achievements in 2021/22**

In January 2022, the Committee received the first round of standardised Quality Management Reports for Medical, Pharmacy, Dental and Nurse and Health Professional Education. The reports were revised to reflect the quality framework adopted by the Medical Deanery and aimed to provide a consistent approach to reporting on quality management across the directorates.

Throughout the year, the Committee received and considered regular updates on Phase 2 of the Strategic Review of Health Professional Education. While Phase 1 of the review sought to secure pre-registration health professional education in Wales, Phase 2 will encompass a range of education programmes including established Wales-based postgraduate education programmes, programmes delivered from English universities, and potential new education programmes to support workforce development and the delivery of healthcare services.

In January 2022, the Committee reviewed the governance arrangements introduced to oversee Phase 2, and in March 2022 considered and supported the proposed approvals process for commissioning new education as part of Phase 2. The Committee also received an update on the development of the Healthcare Support Worker Programme and recommended the Board approve the Proposed Commissioning of Procurement of Level 4 HCSW (Nursing) Education.

In March 2022, the Committee considered a report proposing the introduction of Clinical Associates in Applied Psychology (CAAPs) roles in Wales and supported the proposed commissioning of the Doctorate in Clinical Psychology and CAAPs education programmes for 2023/24.

In June 2021, the Committee considered the Initial Education and Training of Pharmacists Programme Strategic Outline Case, which aimed to guide the implementation of new initial training for pharmacists. The Committee recommended that the Board approve the Strategic Outline Case as implementing the new initial education and training standards for pharmacists would help produce pharmacists with enhanced clinical skills and independent prescribing status. The Board approved the Strategic Outline Case in July 2021.

In June 2021, the Committee considered the draft Annual Education and Training Plan 2022/23 and considered the limits on growth, particularly placement capacity. The Committee noted the deficit in paediatric nursing recruitment against the Integrated Medium-Term Plan but was satisfied HEIW continued to make inroads into aligning the IMTP requests with commissioning numbers. The final Plan was supported by the HEIW Board on 29 July 2021 and submitted to Welsh Government for approval.

#### 4. Scrutiny and Monitoring

During 2021/22 the Committee received:

- Regular Quality Management Reports which provided an overview of the quality management monitoring arrangements within the Medical Deanery. This included updates on the areas within the Medical Deanery which were in enhanced monitoring status.
- Quality Management Reports which provided an overview of the quality management monitoring arrangements within the Pharmacy Deanery. The Committee was encouraged by the 100% fill rates for the Multi-Sector and Foundation Training Programmes and noted that a new provider for the Pharmacy Technician Programme had been secured.
- Quality Management Reports which provided an overview of the quality management monitoring arrangements within the Dental Deanery. The Committee was encouraged by the General Dental Council's final report on dental speciality training, which found that HEIW had met eighteen of the twenty standards.
- Quality Management Reports which provided an overview of the quality management monitoring arrangements within the Nurse and Health Professional Education directorate. The Committee were pleased to see a move towards standardised reporting and encouraged by the efforts to improve student experience during 2022/23.
- The outline approach to developing the HEIW Quality Framework alongside the National Quality and Safety Framework published by Welsh Government.
- The General Dental Council (GMC) Education Quality Assurance Report. The Committee was pleased with the positive outcome.
- A progress report on Memorandums of Understanding between HEIW, Regulators, and Professional Bodies
- The Memorandum of Understanding and Data Sharing Agreement between HEIW and the General Pharmaceutical Council.
- Regular updates on the North Wales Dental Academy, noting that the contract had been awarded in September and the project was progressing within agreed timescales.
- An update on the General Practice Nurse Framework.
- Regular updates on Equality and Diversity issues, including Differential Attainment and the Refugee Programme.

- Regular updates on the Bursary Appeals Process and Pharmacy Technicians Contract.
- The GMC National Trainee Survey 2021 and were pleased to note that overall, trainees in Wales continued to report high levels of training satisfaction.
- A report on the Improvements to the University of South Wales Midwifery Education Programme. The Committee were pleased to note that contract monitoring of the programme would continue with regular updates being provided to the Health Professional Senior Leadership Team.

## **5. Recommendations**

During 2021/22 the Education, Commissioning and Quality Committee made the following recommendations to the Board:

- That the Initial Education and Training of Pharmacists Programme Strategic Outline Case be approved.
- That the draft National Annual Education and Training Plan 2022/23 be approved.
- That the revised Education Commissioning and Quality Committees Terms of Reference be approved.
- That the Approvals Process for Commissioning Education as Part of the Strategic Review of Education Phase 2 be approved.
- That the Proposed Commissioning of Procurement of Level 4 HCSW (Nursing) Education be approved.
- The Board was also asked to note the Education Commissioning and Quality Committees Annual Report 2020/21.

## **6. Key Areas of Focus for 2022/23**

To keep pace with the many developments in education and training currently taking place, the Committee will review its forward work programme regularly.

However, the following are key areas that will be addressed during 2022/23:

- Phase 2 of the Strategic Review of Health Professional Education.
- Emerging approaches from workforce planning and the impact on training programmes.
- Impacts and opportunities of digitalisation on health education.
- Widening access to education through differential attainment and alternative education routes.

- 
- The development and implementation of an induction process for Committee members.
  - A review of the Multi-Professional Quality Education Group.

These terms of reference and operating arrangements are to be read alongside the standard terms of reference and operating arrangements applicable to all HEIW committees.

### 2. Purpose

The purpose of the Education, Commissioning and Quality Committee ("the Committee") is to:

- **Advise** and **assure** the Board and the Chief Executive (who is the Accountable Officer) on whether effective arrangements are in place to plan, commission, deliver and quality manage education systems and provide assurance on behalf of the organisation.
- Where appropriate, **advise** the Board and the Chief Executive on where, and how, its education systems and assurance framework may be strengthened and developed further.
- Recommend to the Board education training plans including investment in new programmes and disinvestment in others. .
- Recommend to the Board on strategic matters relating to Education Commissioning and Education Quality.
- **Recommend** the specification of tender documents in respect of Education to the Board

### 3. Delegated Powers

With regard to its role in providing advice to the Board, the Committee will:

Provide assurance to the Board as to the effective management

and improvement of the quality of HEIW's education and related research activities.

- ii. Recommend to the Board areas for investment/disinvestment in education and training plans taking into account value-based commissioning.
- iii. Recommend to the Board the national annual education and training plan.
- iv. Alert the Audit and Assurance Committee and the Board to any matters requiring governance action and oversee such action on behalf of the Board.
- v. Oversee the development, implementation and updating of strategies, policies, structures and processes for the governance of education and training which shall including taking a forward looking and strategic view.
- vi. Seek assurance of the effective performance, monitoring, management and value of education and training programmes and contracts, including the identification and management of related risk.
- vii. Monitor compliance of education and training activities with:
  - a. statutory and regulatory requirements, including equity, equality legislation and Welsh language requirements and;
  - b. with NHS Wales policy and other relevant policies and HEIW's priorities in relation to equity, equality and diversity, person-centred care and participation, and educational quality.
- viii. Monitor HEIW's compliance with delegated responsibilities given to it by health regulators i.e. GMC, GDC and GPhC as delegated to HEIW.
- ix. Promote collaboration within HEIW and with external agencies in relation to educational and training governance which shall include wellbeing.
- x. To work collaboratively with other HEIW Board standing committees.
- xi. Scrutinise the specification of education tender documents.
- xii. Recommend the specification of tender documents to the

Board for Education.

- xiii. Recommend undertaking research on Education, Quality and Commissioning to the Board.
- xiv. Engage with Board Development Sessions with regards to making recommendations on strategic matters relating to Education Commissioning and Education Quality.
- xv. Seek assurance in respect of risk areas within its area of responsibility and highlight material areas of concern to the Audit and Assurance Committee.
- xvi. Highlight any issues out of the ordinary to the Board.

The Committee will review and agree its forward work programme on an annual basis and will recommend it to the Board for approval.

#### **4. Membership, Attendees Quorum and Term**

##### **4.1.1 Members**

A minimum of two members, comprising of at least:

- Chair: Independent Member
- Vice Chair: Independent Member

The Chair of the organisation shall not be a member of the Committee but may be invited to attend by the Chair of the Committee as appropriate.

##### **4.1.2 Deputy Independent Member**

The Board may appoint a Deputy Independent Member for the Committee. Where a member of the Committee is unable to attend a Committee meeting, then the nominated Deputy may attend in his or her absence as a member of the Committee. If a Deputy attends a Committee as a member of the Committee then the Deputy shall be included for the calculation of a quorum and may exercise voting rights.

##### **4.2 Attendees**

In attendance:

- Director of Nurse and Health Professional Education
- Medical Director
- Director of Finance and Corporate Services

English Catherine  
27/07/2022 10:07:49

- Board Secretary
- Deputy Director —of Education, Commissioning and Quality
- Postgraduate Dental Dean
- Postgraduate Pharmacy Dean
- Postgraduate Medical Dean

In addition to this, others from within or outside the organisation who the Committee considers should attend, will be invited taking account of the matters under consideration at each meeting.

The Chief Executive shall be invited to attend, at least annually, to discuss with the Committee the process for assurance that supports the Annual Governance Statement.

#### 4.3 Quorum

At least two members must be present to ensure the quorum of the Committee, one of whom should be the Committee Chair (or Vice Chair where appointed).

#### 4.4 Terms

Immediately following the establishment of HEIW the Members shall be appointed for an initial period of two years. Thereafter Members shall be appointed for a term of one year.

### 5. Frequency of Meetings

Meetings shall be held no less than quarterly and otherwise as the Chair of the Committee deems necessary – consistent with HEIW's annual plan of Board Business.

### 6. Relationships and accountabilities with the Board and its Committees/ Groups

The Committee must have an effective relationship with other committees or sub-committees of the Board so that it can understand the system of assurance for the Board as a whole. It is very important that the Committee remains aware of its distinct role and does not seek to perform the role of other committees.

The Committee will maintain effective working relationships with HEIW'S Audit and Assurance Committee (AAC), and with HEIW's other Board committees and subcommittees. To strengthen liaison with the AAC, one Independent Member will serve on both committees.

**Risg 8** – Os na fydd AaGIC yn sicrhau bod pob cam rhesymol yn cael ei gymryd mewn perthynas â seiberddiogelwch, gallai fod yn fregus i doriad data, dirwyon posibl gan Swyddfa'r Comisiynydd Gwybodaeth a chyhoeddusrwydd gwael cysylltiedig.

**Lliniaru:** Mae hyn yn gofyn am weithredu'r argymhellion a amlygwyd yn Adroddiad Asesu Seiberddiogelwch AaGIC. Cynllun Gweithredu Seiberddiogelwch i'w ddrafftio a'i roi ar waith.

**Cynnydd:** Mae'r argymhellion yn Adroddiad Asesu Seiberddiogelwch AaGIC wedi'u gweithredu neu wrthi'n cael eu gweithredu. Mae gweithgareddau i gefnogi'r gwaith o gyflawni'r Cynllun Seiberddiogelwch ar y gweill.

**Datblygiadau diweddar:** Mae gweithgareddau i gefnogi'r gwaith o gyflawni'r cynllun seiberddiogelwch ar y gweill ac mae datblygiadau diweddar yn cynnwys:

- Mae swydd Dadansoddwr Seiberddiogelwch Band 6 a ffurflen gais post newydd wedi'u cyflwyno i'r Tîm Pobl i'w prosesu a'u cymeradwyo.
- Bydd angen ail-hysbysebu Prif swydd Tîm Seiberddiogelwch Band 7 a chyflwynwyd cais i'r Tîm Recriwtio..

**Risg 24** – Os na all Partneriaeth Cydwasanaethau GIG Cymru (NWSSP) ymestyn eu cylch gorchwyl noddi fisa i'w galluogi i weithredu fel noddwyr ar gyfer meddygon teulu dan hyfforddiant newydd gymhwyso nad ydynt yn gymwys i wneud cais am Ganiatâd Amhenodol i Aros (ILR) bydd yn rhaid i feddygon teulu lluosog sydd newydd gymhwyso naill ai geisio gweithio mewn ysbytai neu swyddi meddygon teulu yn Lloegr er mwyn aros yn y DU

**Lliniaru:** Casglu gwybodaeth am nifer yr hyfforddeion sy'n debygol o gael eu heffeithio. Ar 11<sup>eg</sup> Mawrth 2021, ni fydd 18 o hyfforddeion o'r 3 chynllun yn gymwys ar gyfer ILR ar bwynt tystysgrif cwblhau hyfforddiant (CCT). Bydd AaGIC yn gweithio gyda NWSSP i roi gwybodaeth iddynt ar gyfer eu hachos i ymestyn nawdd i'r Swyddfa Gartref. Bydd AaGIC yn tynnu sylw'r Prif Weithredwr a Llywodraeth Cymru at y broblem ac yn archwilio'r hyn y mae gwledydd cartref eraill yn ei wneud mewn perthynas â'r mater hwn.

**Cynnydd:** Mae AaGIC yn rhan o weithgor a ffurfiwyd gan Bartneriaeth Cydwasanaethau GIG Cymru (NWSSP) i archwilio opsiynau ar gyfer atebion i'r broblem hon. Yr ateb a ffeifir yw i Bartneriaeth Cydwasanaethau GIG Cymru ddarparu cymorth gweinyddol, ac o bosibl cymorth ariannol, i feddygfeydd sy'n dymuno noddi meddyg teulu sydd newydd gymhwyso. Mae hon yn broblem ar draws y DU. O ganlyniad, ochr yn ochr â'r gwaith sy'n mynd rhagddo yng Nghymru, mae cynrychiolwyr o'r 4 gwlad wedi cysylltu â'r Swyddfa Gartref i geisio datblygu datrysiad.

**Datblygiadau diweddar:** Nid oes unrhyw gynnydd wedi'i wneud eto o ran datblygu datrysiad i'r problemau a nodwyd ac ni adroddwyd ar unrhyw newidiadau yn y sefyllfa hon yn ystod mis Mehefin.

## 2.2. Risgiau â Sgôr Uwch

Ni fu unrhyw risgiau gyda sgôr uwch ers yr adroddiad diwethaf.

## 2.3. Risgiau â Sgôr Is

Ni fu unrhyw risgiau gyda sgôr is ers yr adroddiad diwethaf.

## 2.4. Dileu Risg

Nid oes unrhyw risgiau wedi'u tynnu o'r CRC ers yr adroddiad diwethaf.

## 2.5. Risgiau Newydd

Mae tri risg wedi eu gweld gyda sgôr is ers yr adroddiad diwethaf.

**Risg 23** – Os bydd oedi sylweddol cyn caffael a gweithredu system rheoli dysgu AaGIC (Y Tŷ Dysgu) y tu hwnt i flwyddyn ariannol 22/23, yna byddai hyn o bosibl yn cael effaith andwyol ar yr IMTP ac effaith enw da ar gyfer AaGIC.

**Lliniaru:** Dechreuwyd ailddechrau caffael ym mis Ionawr 2022. Sefydlwyd ymgysylltu parhaus rhwng NWSSP a AaGIC i sicrhau bod proses gadarn yn cael ei dilyn. Roedd grŵp llywio Y Tŷ Dysgu yn sefyll i lawr a sefydlwyd Bwrdd Rhaglen Y Ty Dysgu.

**Cynnydd/Datblygiadau Diweddar:** Mae'r contract wedi'i ddyfarnu ac mae'r cynllun gweithredu yn cael ei ddatblygu ar gyfer ei gyflawni yn y flwyddyn ariannol hon. Ar sail hyn, mae'r risg yn lleihau'n sylweddol a gellir ei gau. Bydd unrhyw amserlenni gweithredu yn cael eu rheoli drwy fwrdd y prosiect a llywodraethiant priodol.

**Asesiad:** Cafodd y risg yma ei asesu yn 12 a statws 'Ambr'. Fodd bynnag, mae'r risg wedi cael ei ailasesu ac wedi arwain at y sgôr yn gostwng i 6. Y statws risg yw 'Gwyrdd' erbyn hyn.

**Risg 25** – Os na ellir datrys problemau gyda'r Rhestr Perfformwyr Meddygol (MPL), ni fydd graddedigion meddygol rhyngwladol na all ddarparu cyfeiriadau

gan glinigwyr yn y DU yn gallu mynd ar yr MPL ar ddechrau hyfforddiant meddyg teulu a bydd hyn yn ansefydlogi cynlluniau i gynyddu'r rhifau gan ddefnyddio'r model 1+2.

**Lliniaru:** Casglu gwybodaeth gan gydweithwyr mewn rhannau eraill o'r DU ynglŷn â threfniadau MPL yno. Codi yng nghyfarfodydd Cyfarwyddwyr Meddygol Cyswllt Cymru Gyfan mewn Gofal Sylfaenol. Gweithio gyda Chyfarwyddwyr Meddygol i ddatblygu dull a datrysiad cyffredin ledled Cymru.

**Cynnydd:** Mae adolygiad o'r MPL yn Lloegr wedi'i gynnal. Mewn ymateb i hyn, mae Llywodraeth Cymru wedi ffurfio grŵp i edrych ar ddiwygio MPL Cymru gyfan. Mae gan AaGIC gynrychiolaeth ar y grŵp hwn a bydd yn cymryd rhan lawn mewn cynhyrchu ateb tymor hir i'r broblem hon

**Datblygiadau Diweddar:** Cysylltiad â Llywodraeth Cymru sy'n disgwyl "slot" ym musnes y llywodraeth i ddiwygio Rheoliadau Cymru. Ers hynny maen nhw wedi egluro bod y gwaith presennol yn sefyllfa foddhaol tra'n aros am unrhyw newid rheoleiddio. Gyda'r wybodaeth hon gallwn leihau'r risg.

**Asesiad:** Cafodd y risg yma ei asesu 25 a statws 'Coch'. Fodd bynnag, mae'r risg wedi cael ei ailasesu ac wedi arwain at y sgôr yn gostwng i 6. Y statws risg yw 'Gwyrdd' erbyn hyn.

**Risg 26 –** Os yw costau'r cynnydd mewn recriwtio meddygon teulu yn parhau i fod yn fwy na'r hyn a ragwelir oherwydd eu bod yn cymryd mwy o amser i gyrraedd cymhwyster a diogelwch cyflog, gallai fod risg ariannol ac i enw da AaGIC os na allwn gyflwyno'r rhaglen a chytuno ar ffrwd ariannu newydd gyda Llywodraeth Cymru.

**Lliniaru:** Mae'r Ddeoniaeth Feddygol a chydweithwyr Cyllid wedi ymgymryd â phlymiad dwfn i nodi achosion y gorwario. Mae dadansoddiad o'r data hwn wedi rhoi rhesymau clir dros y gorwario ac mae hyn wedi'i lliniaru gan danwariant sylweddol mewn cyllidebau eraill. Bydd y gor-recriwtio uwchben 160 o leoliadau yn cael eu rheoli'n ofalus yn y dyfodol er mwyn lleihau'r risg gyffredinol o gyllid gyda mwy o niferoedd wrth aros ar y targed i recriwtio o leiaf 160 o feddygon teulu dan hyfforddiant bob blwyddyn.

**Cynnydd:** Cyn 2018, recriwtiodd AaGIC 135 o hyfforddeion meddyg teulu y flwyddyn. Rydym nawr yn recriwtio 160 gyda'r opsiwn i gynyddu hyd at 200 os bydd digon o ymgeiswyr o'r safon ofynnol yn cael eu cyfweld. Mae hyn wedi bod yn llwyddiannus hyd yn oed cyn COVID a thynnu prawf y farchnad lafur yn ôl i feddygon tramor. Eleni bydd AaGIC yn recriwtio hyd at 160 o feddygon teulu dan hyfforddiant fel y cynlluniwyd, ac unrhyw niferoedd yn uwch na hynny yn gyfyngedig o'i gymharu â'r blynyddoedd blaenorol. Cafodd adroddiad ei ystyried gan y Bwrdd caeedig ar 31 Mawrth 2022.

**Datblygiadau diweddar:** Cyfarfu AaGIC â Llywodraeth Cymru i egluro bod hyfforddiant yn cymryd mwy o amser am yr holl resymau a nodwyd gan arwain at gostau uwch. Cafodd yr ystyriaethau ariannol eu deall a'u derbyn gan Lywodraeth Cymru. Roedden nhw'n deall y bydd recriwtio meddygon teulu yn parhau i fod yn seiliedig ar ystyriaethau capasiti ac ansawdd. Gyda'r wybodaeth hon, gallwn leihau'r risg.

**Asesiad:** Cafodd y risg yma ei asesu yn 15 a statws 'Coch'. Fodd bynnag, mae'r risg wedi cael ei ailasesu ac wedi arwain at y sgôr yn gostwng i 9. Y statws risg bellach yw 'Ambr'

## 2.4. Tynnu risg

Nid oes unrhyw risgiau wedi'u tynnu o'r CRR ers yr adroddiad diwethaf.

## 2.5. Risgiau Newydd

Mae un risg newydd wedi ei ychwanegu at y CRR ers yr adroddiad diwethaf.

**Risg 27** – Bydwreigiaeth ym Mhrifysgol De Cymru (PDC): Os na fydd carfan bydwreigiaeth myfyrwyr (PDC) ym mis Medi 2021 yn symud ymlaen i flwyddyn 2 y rhaglen fydwaig yn y dyfodol ni fyddant yn cofrestru â hyfedredd a sgiliau bydwreigiaeth yn y dyfodol, yn unol â'r holl raglenni bydwreigiaeth Eraill Sefydliadau Addysg Uwch (AAU) yng Nghymru.

**Lliniaru:** Mae Cyfarwyddwr Nyrsio ac Addysg Broffesiynol Iechyd wedi ysgrifennu at PDC. Mae'r PDC wedi cyhoeddi cynllun gweithredu ac mae myfyrwyr yn hapus i drosglwyddo i'r fframwaith newydd. Mae'r PDC yn bwrw ymlaen â'r cynllun gweithredu i fodloni gofynion y Cyngor Nyrsio a Bydwreigiaeth (NMC) am addasiad mawr i'w rhaglen er mwyn gallu pontio. Mae Pwyllgor Addysg, Comisiynu ac Ansawdd AaGIC yn rhan o amserlen o gyfarfodydd i fonitro'r cynnydd ar y cynllun gweithredu.

**Cynnydd:** Mae AaGIC yn monitro'r datblygiadau hyn yn agos ac mae wedi derbyn cynllun gwella manwl gan PDC yn unol â chais. Mae'r cynllun hwn wedi cael ei adolygu, ac os bydd yn cael ei weithredu'n llawn, bydd yn rhoi'r sicrwydd angenrheidiol. Bydd AaGIC yn asesu'r cynnydd yn rhagweithiol yn erbyn nodau cyflawni a bydd yn adrodd diweddariadau i'r Pwyllgor Addysg, Comisiynu ac Ansawdd.

**Asesiad:** Caiff y risg yma ei asesu fel 12 ac mae'n statws 'Ambr'.

## 3. LLYWODRAETHU A MATERION RISG

Mae rheoli risg drwy'r CRC yn arf craidd ar gyfer llywodraethu risg o fewn AaGIC.

## 4. GOBLYGIADAU ARIANNOL

Mae rheoli risg drwy'r CRC yn un o swyddogaethau craidd AaGIC fel Awdurdod Iechyd Arbennig. Nid oes unrhyw oblygiadau cost ychwanegol wedi'u rhagweld.

## Risk Appetite Levels

Appetite Level	Described as:	What this means
None	Avoidance of risk and uncertainty is a key organisational objective.	Avoidance of loss is key objective, play safe, avoidance of developments. Priority for tight controls and oversight.
Low	Minimal, or as little as reasonably possible, is preferred for ultra-safe delivery options that have a low degree of inherent risk and only for limited reward potential.	Prepared to accept the possibility of very limited financial loss if essential. Win any challenges re compliance. Innovations avoided unless essential.
Moderate	Cautious is preferred for safe delivery options that have low degree of inherent risk and may only have limited potential for reward.	Prepare to accept some possibility of some financial loss. Limited tolerance for sticking neck out. Tendency to stick with status quo, innovation in practice avoided unless really necessary
High	Open and willing to consider all potential delivery options and choose while also providing an acceptable level of reward (and Value for Money).	Prepared to invest for return & minimise the possibility of financial loss. Value and benefits considered. Gains outweigh adverse consequences. Innovation supported.
Very High	Seek and be eager to be innovative and too chose options offering potentially higher business rewards (despite greater inherent risk). Or also described as mature and confident in setting high levels of risk appetite because controls, forwards scanning, and responsiveness systems are robust.	Investing for best possible return & acceptance of possibility of financial loss. Chances of losing any challenge are real and consequences would be significant. Desire to break the mould. High levels of devolved authority – management by trust, not control.

## ASSURANCE REPORT

### NHS WALES SHARED SERVICES PARTNERSHIP COMMITTEE

Reporting Committee	Shared Service Partnership Committee
<b>Chaired by</b>	Tracy Myhill, NWSSP Chair
<b>Lead Executive</b>	Neil Frow, Managing Director, NWSSP
<b>Author and contact details.</b>	Peter Stephenson, Head of Finance and Business Development
<b>Date of meeting</b>	19 May 2022
<b>Summary of key matters including achievements and progress considered by the Committee and any related decisions made.</b>	
<b><u>Matters Arising – Recruitment Update</u></b>	
<p>Gareth Hardacre, Director of People &amp; OD gave an update on the progress being made on the Recruitment Modernisation Action Plan following the deep dive on this topic in the March Committee.</p> <p>All organisations are now live on the latest version (3) of NHS Jobs. Progress has been made in letting the IT contract for the Pre-Employment Checks, but this has been slightly delayed as clarification is needed by the Home Office surrounding the cyber security requirements in the product specification. However, the deadline of September 2022, where either face-to-face checks are re-introduced or the IT solution is in place, should still be met.</p> <p>The Action Plan for revising specific recruitment processes is due to go to Workforce Directors on May 20<sup>th</sup> and includes the proposal to establish a senior Programme Board to oversee delivery of the Plan. Performance against Recruitment Key Performance Indicators is improving, despite there being no drop in the level of activity across NHS Wales.</p> <p>It has been agreed that a deep dive on Recruitment will be undertaken with the BCUHB Executive Board and the offer was made to do something similar with other NHS Wales organisations.</p> <p>The Committee <b>NOTED</b> the update.</p>	
<b><u>Medical Examiner Service</u></b>	
<p>Andrew Evans, Director of Primary Care Services and Ruth Alcolado, Medical Director jointly presented to the Committee on progress with the development of the Medical Examiner Service. The service is currently examining around 1000 deaths a month, with a target of 2500 by the time the service is launched on a statutory footing, which is now likely to be April 2023 at the earliest. To date, the</p>	

service has been able to identify potential learning for Health Boards and Trusts in approximately 25% of cases reviewed, and it is considered that 10% of cases would benefit from a Stage 2 Mortality Review – these figures are consistent with what is being reported in England. There are however differences in the way that the service is operated in the two countries, and the nature of the set-up in Wales allows greater identification of local, regional, and national issues.

One of the key benefits of the service thus far is to give each family the opportunity to speak with a Medical Examiner Officer. This has been very well received and in many cases the families have expressed their gratitude for the care received by their family member from Health Boards and Trusts at the end of their life.

To further successfully develop the service Health Boards and Trusts need to ensure timely notification of death, availability of clinical notes, and access to the relevant doctor to discuss the cause of death. The commitment from the service to Health Boards includes that all deaths will be scrutinised by the autumn of this year; that there is effective communication on themes and trends; and that there should be effective monitoring of performance.

In summary it was noted that the service is already making a positive contribution to patient safety, and that consultation is underway and/or planned with clinical colleagues to address any issues and to maximise the benefits.

The Committee **NOTED** the presentation.

### **Chair's Report**

The Chair updated the Committee on the activities that she had been involved with since the March meeting. These have included:

- Meeting with the Minister as part of the all-Wales Chairs' Group. It was helpful that the Minister had recently visited IP5 and consequently gained a good understanding of what NWSSP does and had been left with a positive impression of the organisation;
- Attending her first NWSSP Audit Committee which again had been very positive;
- Continuing to meet with senior NWSSP management, and in particular recently from Specialist Estates and the Temporary Medicines Unit, to gain a better understanding of what they do;
- Attending the DHCW Board Development session in April where NWSSP received positive feedback;
- Chairing the Welsh Risk Pool Committee; and
- Arranging to attend the Velindre Trust Board at the end of June as part of their Board Development session.

Looking further forward the Chair is keen to hold a development session with the Committee, ideally in person for a half-day in the autumn and including other members of the NWSSP Senior Leadership Group. This could include a stock-take

session on what works well and what doesn't work so well for the Committee; allow the Committee to better understand what NWSSP does, ensuring that it is aligned to NHS Wales's organisation priorities and also those of the Welsh Government; looking to the future in terms of which services it should provide; and assessing the current structure of the Committee and whether it needs wider (e.g. clinical) representation. A plan for how the session might work will be brought back to the July Committee.

### **Managing Director Update**

The Managing Director presented his report, which included the following updates on key issues:

- Senior NWSSP management participated in the meeting with Welsh Government in early May to review the IMTP. The meeting was very positive, and the IMTP has been well-received with the Outcome Letter expected in June;
- Work has been undertaken with colleagues from Welsh Government and Public Health Wales regarding the future plans for the recently vacated Lighthouse Laboratory at the IP5 facility. Within IP5, the Surgical Materials Testing Laboratory have had a new laboratory completed which will enable them to perform additional tests and to develop new testing regimes for medical devices, which they were unable to do at the existing Bridgend site;
- Progress continues to be made in terms of the overarching Transforming Access to Medicine Outline Business Case, with a number of workshops held to consider site selection. There is on-going discussion with workforce colleagues and Chief Pharmacists regarding the Organisational Change Programme; and
- The recent cyber security assessment, conducted as part of the NHS Wales Cyber Resilience Unit's work to implement the Network Information Security (NIS) Regulation in all health organisations in Wales, demonstrated that generally NWSSP is well protected from cyber-attacks. A formal project has been launched to address the key areas for improvement identified in the report's recommendations. One of the key tasks in the initial phase, a desktop exercise based around a cyber incident, was carried out at the May Informal Senior Leadership Group.

### **Items Requiring SSPC Approval/Endorsement**

#### **Decarbonisation Action Plan**

Chris Lewis, Environmental Management Advisor presented the Plan which had been formally submitted to Welsh Government on 31<sup>st</sup> March. The Committee had previously had the opportunity to review the plan in detail at its November 2021 meeting. Clarity was provided in terms of explaining that this was the inward-facing NWSSP plan and that NWSSP were substantially involved in the production of the national plan which embraces the role that NWSSP plays in supporting NHS Wales organisations to achieve their own decarbonisation targets. Key actions in the internal facing plan include reducing the impact of our buildings, fleet, and

new laundry service, as well as working with staff to help raise the profile of decarbonisation across the organisation.

The Committee **ENDORSED** the Action Plan.

### **Laundry Detergent Contract**

Anthony Hayward, Assistant Director of Laundry Services, attended the Committee to present a paper for endorsement and approval by the Committee. Following the transfer of laundry services to NWSSP from April 2021, there is now the opportunity to tender for laundry detergent on an all-Wales basis. This should provide opportunities for economies of scale compared to the current fragmented arrangements. However, the Laundry Service are also keen to include the provision of dosing pumps and a management information system into the contract which is anticipated to total £2m over a five-year period.

The Committee **ENDORSED** the paper.

### **Draft Annual Governance Statement 2021/22**

The Committee reviewed the draft Annual Governance Statement which will be taken to the NWSSP Audit Committee in July for formal approval. The statement is substantially complete, but the formal Head of Internal Audit Opinion is still to be received and the final energy consumption figures for the year are still being calculated. The Statement is a positive reflection on the past year and there are no significant matters of control weaknesses that need to be included. The final version of the Statement will be brought back to the July Partnership Committee for information.

The Committee **ENDORSED** the Statement **IN PRINCIPLE** recognising that it was still draft, and that formal approval would be sought at the Audit Committee.

### **Service Level Agreements 2022/23**

The Committee received the Service Level Agreements for the core service provided by NWSSP to NHS Wales for formal annual approval. The papers included the overarching Service Level Agreement and a cover paper detailing any amendments to the supporting schedules, none of which were significant. (The schedules were provided separately to Committee members for information). It was however noted that the Procurement SLA element would need to be brought back to the July Committee as it is to be further amended to reflect changes resulting from the implementation of the new Operating Model.

The Committee **APPROVED** the SLAs for 2022/23 noting that the Procurement SLA is due to be further amended and resubmitted for approval.

### **Salary Sacrifice – Staff Benefits**

The Committee was presented with a paper setting out the arrangements for the Home Electronics and Cycle to Work Staff Benefit Schemes. There are currently different arrangements in place across NHS Wales, with some schemes being operated by NWSSP on behalf of NHS Wales organisations and other schemes

being operated and managed within health organisations. As well as potentially not providing optimal value-for-money, there is a risk that staff could fall below minimum wage rates due to being members of schemes administered by different organisations. The paper asked the Committee to approve a tender for a scheme to be administered by NWSSP that would cover home electronics and cycle to work schemes.

The Committee **ENDORSED** the approach being taken by NWSSP in awarding a contract(s) for Home Electronics and Cycle to Work with an aim of having an All-Wales arrangement in place, centrally administered by NWSSP, which will be made available to all Health Board, Trusts and Special Health Authorities.

### **Finance, Performance, People, Programme and Governance Updates**

**Finance** – The Director of Finance & Corporate Services reported the outturn position, which is currently subject to external audit, and highlighted that a small surplus of £11k had been generated against total income of £870m. The DEL expenditure for the Welsh Risk Pool was £129.615m and the risk share agreement was invoked at the IMTP value of £16.495m. Additional Welsh Government risk pool funding of £4.861m was agreed above the core allocation and risk share funding to account for the additional cases settled in 2021/22. £17.018m capital funding was received in 2021/22 and fully utilised. £12.348m was spent in March 2022, including the purchase of Matrix House which completed on 30<sup>th</sup> March. The Committee were complimentary of the new style finance report.

**Performance** – Most KPIs are on track except for those relating to Recruitment Services, where the situation is improving due to the implementation of the Modernisation Plan, which was covered earlier on the agenda, but where there is still further progress to be made.

**Project Management Office Update** – Of the 24 schemes being managed by the PMO, there is only one that is currently rated as red. This is the project for the replacement of the Student Awards System which is approaching end-of-life and with no option to extend the support contract arrangements beyond March 2023. The deadline to issue a tender for the procurement of a replacement system is 31<sup>st</sup> May, but currently there is no guarantee of funding for this from Welsh Government.

**People & OD Update** – Sickness absence rates remain at very low levels with an absence rate of 2.61% for March. Performance and Development Reviews and Statutory and Mandatory training results continue to improve although there is still room for further improvement. Part of the issue is in areas such as the Medical Examiner Service where staff may be on multiple contracts, but a solution is being sought for this. Headcount is increasing due mainly to the additional staff recruited as part of the Single Lead Employer Scheme.

**Corporate Risk Register** – there remain two red risks relating to the pressures currently being noted within the Employment Services Directorate, and particularly in Recruitment and Payroll Services, and the energy price increase. A new risk has been added relating to the Student Awards system, which was

highlighted earlier in the Project Management Office Progress Report.

------------------------	---------------

<p><i>Precision Medicine</i></p> <p>MDi informed the group that that the momentum had lessened and there appeared to be no imminent plan to transfer the diagnostic programmes in the Collaborative into a new programme led by Cardiff and Vale. A formal announcement of the NHS Executive is believed to be imminent and MDi felt that work should progress under the heading of the NHS Executive before returning to any consideration of aligning things more generally under a precision medicine programme.</p> <p>AL confirmed that at the Chairs' meeting with the Minister they were advised that the Minister would share a paper about the NHS Executive with the Chairs before Christmas and the CEs are actively discussing this as a group.</p> <p>DM thanked MDi on the update. There had been concern that there could have been two lots of TUPE transfers and this would have been unfair on staff. DM would rather wait until there was further clarity on the NHS Executive and then a decision can be made.</p> <p>To be noted that no progress had been made, but for perfectly valid reasons, and we will await the Minister's decision on the NHS Executive function before any further steps are taken on this piece of work.</p>

NHS Wales Health Collaborative Leadership Forum	Minutes 06/12/2021

It was noted that paediatric services remain a key a risk. As part of the initial model it was agreed that there would be two paediatric hubs in South Wales and the services would go up to 16 years of age. The second hub in Swansea had not been developed, mainly due to staffing issues. JWi had prepared a paper that went to the ARCH governance board and it was agreed that the South West Wales sub group would sit under ARCH for decision making and it would work between Hywel Dda and Swansea Bay to resolve the issues. An interim model would be going to the governance structure within ARCH.

A further risk is the ISO accreditation in North Wales. The assessment on how to make the building, which is police owned, ISO compliant was only undertaken the previous week, with a paper on what needs to be done is not expected until the end of February. This makes it tight for any work that needs to be completed. JWi explained that she was working with North Wales stakeholders and WG to identify funding for this work. If the building cannot be made ISO compliant then another building would need to be sourced which would delay timelines.

The final key risk was around the NHS lead forensic medical service. These are currently contracted by the police through a locum agency. One of the initial aims of the programme was that there would be an integrated provision of health and forensic assessment. JWi was working with WG for them to consider how we could potentially do this without going through legislative change and, if that is not possible, to start the legislation that is required.

JWi believed that the non-devolved police service could not be held accountable to the devolved service of the NHS Wales Health Collaborative. There are a number of lines of reporting to this group and the police and crime commissioners, which is part of the complexity of the programme. JWi will make the accountability issues clearer in the paper.

JW said that it was great to see this developing. She advised that there is an all Wales project underway called the 'single unified safeguarding review project' which was looking at streamlining and bringing together the current processes in Wales. A number of these areas would have sexual assault/abuse connotations and there was a specific task and finish group looking at learning and development. JW suggested that JWi touched based with Jasmin Khan who chairs this group.

AL thanked JWi for her paper and progress was noted. The situation in respect of children's services was of concern and a major risk and she urged, on the behalf of the Collaborative, that the partners involved in this service acted swiftly. She asked JWi to not make the governance over complex and to keep it as slim as possible and disband groups when necessary. The Forum would

like to be updated about the children's services and whether progress can be made swiftly.	
<b>Collaborative Update Report - March 2021 (LF-2112-03)</b>	
<p><i>National Clinical Framework (NCF)</i> This paper was published before the election but remained a current document. Both the clinical framework and the quality and safety framework are predicated on the existence of the NHS Executive function which currently does not exist. It was clear that the networks and programmes in the Collaborative will have a key role with the work. To note in the absence of any formal governance arrangements,</p> <p><i>Quality and Safety Framework (QSF)</i> This was a companion document to the NCF which was published in October. It confirmed the establishment of a quality and safety framework programme to drive forward national actions set out within the framework. The Collaborative have been asked to host an initial programme team to support the establishment, and it was agreed in Collaborative Executive Group to recruit to two posts. To be noted that the reporting line will go back to WG and that this programme will not have a reporting line to Collaborative Executive Group or Collaborative Leadership Forum.</p> <p>AL wanted it noted that this, together with the previous item, are one of the things that WG have asked the Collaborative to undertake which is not covered by the Collaborative ToR or governance processes. The Forum must bear in mind the risk to the Collaborative with them taking on this pieces of work which is outside their scope. AL was grateful to the Collaborative Executive Group for supporting the Collaborative to enable them to undertake these roles and responsibilities.</p> <p><i>National focus for recovery</i> In agreement with SM and colleagues within WG the Collaborative are stepping in to allocate leads from within the Collaborative on all of the areas and are supporting some work on some baseline mapping and recommendations.</p> <p>AL thanked the Collaborative for the work they were undertaking on our collective behalf and acknowledged that it has not been a very easy time to be taking on this work.</p>	<b>Action</b>
<b>Informatics Programmes Update (LF-2112-04)</b>	
MDi stated that there are four programmes under the heading of informatics where the Collaborative had the leading role or has a leading role in partnership with DHCW, HBs and trusts. All of these have had significant progress since the Leadership Forum last met.	<b>Action</b>

<p><i>LINC</i> This had now been through all decision making processes to allow a contract to be awarded. DHCW had signed the contract on behalf of the NHS Wales and the supplier Citadel Health.</p> <p><i>RISP</i> The outline business case has been approved by individual HBs and WG. This is now proceeding to the procurement phase.</p> <p><i>Digital Cellular Pathology</i> A phase 1 and phase 2 pilot had been undertaken. A business justification case was taken to CEG where a useful discussion had taken place and it was felt that the costs and benefits elements required further work. Further work is being done before being taken back to CEG.</p> <p><i>Welsh Intensive Care Information System (WICIS)</i> This programme was well into the development and implementation phase. MDi had written to CEs in the last week with minor revisions to the programme,.</p> <p>Al thanked MDi and acknowledged that these are critically important schemes and the Collaborative had done extremely well to get the HBs to agree everything. The cases had been very well made and discussed.</p>	
<b>Collaborative Annual Report 2020/21 (LF-2112-05 and 05a)</b>	<b>Action</b>
<p>These two versions, in Welsh and English are being brought to the Forum for information. The documents highlighted the achievements across all the networks, programmes and implementation groups.</p> <p>AL acknowledged that the contents had been discussed throughout the year. It was agreed that the documents were a credit to the work that had been done by the Collaborative.</p>	
<b>Collaborative Work Plan 2021/22 – Quarter 2 update (LF-2112-06)</b>	
<p>This report was against the work plan for the first six months of the current year. More than half of the actions were signalled as green with the rest as amber due to issues with delivery but there was an aim to hit major milestones. A minority were red and these had been previously reported to Collaborative Executive Group.</p> <p>MDi stated that the current primary concern was around stability and focus going forward, clarity of the NHS Executive function and</p>

NHS Wales Health Collaborative Leadership Forum	Minutes 06/12/2021

the future direction of travel. The Collaborative was experiencing some issues regarding recruitment and retention of staff.

LR raised the issue with the development of a cancer research strategy being flagged red and wanted clarity on this. MDi explained that TC had taken a close interest in the research strategy work and felt that the nature of the strategy was lacking in clarity and ambition, so work had been done with some new partners to improve this and frame it in a positive and detailed way.

DR was pleased to note the new work and expressed concern that the original strategy was very heavily orientated to novel therapies and treatments and had passing references to population health and to patient experience MDi confirmed he would feed that back to colleagues involved.
